P. Kelly, M. Hutchinson, R. Baldwin, P. Finn and the Chairman (Mr Byrne) be appointed a Committee to Consider the best means of supplying a good pump for William Street. Passed.

Ordered — That the pump Committee be summoned to meet at 9 o'clock P.M. Monday 12th January 1885

The Sanitary Sub Officers Report — Shane to state that there is no work done in the way of making the sewers in the yards in Bewley street to Carry the water to the main sewer from the yards & the water stopping in the yards and going through the ground may interfere with the water Tank.

I served Dr Meehan with notice Calling his attention to the yard of Peter Gorman in Bridge street as there is no sewer — no outlet from the yard to Carry the slops and Surface water to the main sewer in the street.

That Mr John Hamlett has got no work done in the way of privy accommodation and making the sewer to the main sewer on High Hill to Carry the slops and Surface water from the houses in the rookery belonging to him.

Shane to state that Mr John Doyle Called on me to know what time it would be Convenient for the Commissioners men to open the main sewer in Cook's Lane for him to put down the stench trap at the down pipe at the back of his house, and to give him a few days

Copyright Wexford County Archive

notice before the sewer is opened for him.

That he had visited the slaughter house of John Murray, Brennan's Lane and found the house Clean, and Channels after being flushed down to the Grate.

That paving has to be done at the Bunnicen Lough and Carty's wall. The Commissioners have only one man that Can Pave Channels and the limemasking of the Commissioners houses is waiting on him to do the work. Lwish to know if I will employ Michael Curran to have the paving done by him. The Lough in Many Street requires to be opened outside the Wall to See if any bad matter is going through the wall into the Lough.

Shane to state that there is no paving done round the pump in Priory Lane, or no protection made to Save it from horse or Car or anything that may happen to run against it. I would recommend a small Wall above and below the pump with a way for the water to pass under the Wall in the Channel.

Proposed by M^r Kelly—
Seconded by M^r Howlett—

That M^r. Doyle be allowed to fix the Stench-Trap to the Sewer in Graces Lane, as he Considers best, but to the Satisfaction of the Commissioners. Passed.

Some Conversation ensued as to whether the

On the Minutes being read the Executive Sanitary Officer stated that in Consequence of the Resolutions at previous meeting being proposed Verbally, and from the warmth of the debates, and the speed with which the business had been transacted, he had not been able to ascertain whether the Resolution respecting Mrs Doyles pipe had been Carried or not and asked instructions in Reference thereto.-

It was agreed that as the Resolution proposed by Mr Kelly and passed had been afterwards declared irregular that Mr Baldwins Resolution Referring to Mrs Doyle's pipe and stench trap had been Carried and should be entered as "passed".

Sanitary Sub Officer's Report states- That he had Called to the houses in South Street and ascertained that they were getting a fair supply of water except Bryan Hennessy Mrs Ryan. Mrs Cuddehy and patrick Doyle who get a small supply as yet.

That he thought there was something wrong with the main water pipe in John Street as Mr Thorpe had been getting water for the last week and Mr W. Hamlett and Mr Cusack had not been getting water.

That he would recommend that the pipe be examined.

That he had visited the Common Lodging

houses in Mary Street Bewley Street and High Hill and found the houses Clean and limewashed and Yards properly Cleaned up.

That he had visited the Slaughter house of John Murray Brennan's Lane and found it Clean and no bad smell — the Lane Cleaned up.

That Mr E. B. Cullen had got the Sewer in Cooper's Lane opened to admit a Soil pipe and found it half full of dry Clay where opened as no water passed through for a long time. Mr Cullen requested the Comrs would get the Sewer opened and Cleaned as far as Mr Kierney's Store — about ten Yards from where opened. It is only a few Years since it was opened from the Quay to Mr Kierney's store. Mr Cullen got a Stench trap put down and he would like to have a paved Channel from the Corner of his store to the Stench trap.

That no work had been done in the yards of the houses above the Bank in Bewley Street to Convey the Sewage to the main Sewer.

That the outside of the Bank opposite Mr Hickeys in Mary Street requires to be examined outside to ascertain if there is any leakage in the wall of it.

Ordered — That the Water Committee be summoned to meet at 8 Oclock P. M. Friday 16th January 1885 — to Consider and direct as to the steps to be taken to secure the Abyssinian pumps in Priory Lane, Charles Street and Rochercen.

Ordered – that the Consideration of the examina-tion of the main pipe at John St. and both Streets, and also the Circumstances of Martin's pipe in Bridge Street, as to whether the water to that pipe checks the supply in John Street, be referred to the Water Committee for directions as to how the examinations are to be made.

Ordered – that the Sewer in Coopers Lane be opened and Cleaned as far as it is found to be required above and below the Grating, that the paving from the upper part of the lane to the Stench trap be done, if not done by the Contractor

Proposed by Mr Kelly
Seconded by Mr Murphy –

That the Executive Sanitary Officer write to Mr Boyd referring him to the Communication respecting the Sewerage of the Houses above the Gauk in Bewley street – Letter to Col. Tattenham dated Sept 11th 1884 Letter from Col Tattenham, dated 18th Sept. stating that he had written to Mr Boyd, begging him to look to the matter – Letter to Mr Boyd, dated 25th October 1884 on same subject and request his attention to the subject again as it is of great importance to the Inhabitants of the Town to have the water supply pure and free from pollution.

No 426 1885

New Ross (Town) Local Government Board
Dublin 14th January 1885

Sir

I am directed by the Local Government Board for Ireland to acknowledge the receipt of a Resolution of the New Ross Urban Sanitary Authority, requesting the Board to advise them as to the steps proper to be taken with Respect to some houses which have been reported by the Medical Officer of Health to be without sufficient drains and to have no privy accommodation, but the Owner of which is stated to be too poor to Carry out the necessary improvements; and in reply I am to refer the Sanitary Authority to the 25th and 57th Sections of

the Public Health Act, which provide the steps which should be taken by the Sanitary Authority in the Cases of houses which are without sufficient drainage or privy accommodation and the Local Government Board do not think the fact of the Owner of the property being poor would be sufficient to justify the Sanitary Authority in permitting the Continuance of the nuisance described by the Medical Officer of Health.

If the nuisance in these houses be such as to render them unfit for human habitations, the Sanitary Authority should take steps under the 113th Section of the Public Health Act, with a view to prohibit the using thereof until they shall have been rendered fit for habitation.

The Board observe that some Cases of Fever have already occurred at these premises and they have to point out that the Sanitary Authority will incur serious responsibility if owing to their neglect to enforce the provisions of the Public Health Act an outbreak of epidemic disease should take place in the district.

By Order of the Board

W. D. Woodsworth.

Secretary.

Ordered – That the Sanitary Sub Officer inform Stephen Kenny that he will be obliged to Comply with the Sanitary Notice served on him on the 27th September last, requiring

Fair Gate New Rop. January 8th 1885.

Gentlemen

I was astonished to hear that Mary Russel stated in her letter to you that I refused her the Key. Such is not the Case.

She always had the Key to get but on December 26th She took the liberty of taking the Key away to get a second one made without an Order from the Commissioners and left my shop with my share in it open to the Public.

After a long search I found it in Mr Poole's shop where she left. Since that accumed the door is opened for her ~~whenever~~ Whenever She requires it. As for the second Key I would never agree to it.

Where is the Gentleman amongst You that would like to have a Second Key to his Estabtishment for a Stranger to pass in and Out whatever time they would like.

And as for noticing me I am paying the Rent and willing to pay the arrears if You only deal fair with me. As for the abuse and impudence I got from her on December 26th when she found I got the Key at Mr Poole's it was unberable.

She even took up a stone to strike My wife in the presence of two witnesses

The Executive Sanitary Officer stated that on receipt of report disinfection was directed to be Carried out.

The Sanitary Sub Officers Report stated that he Got men to work at opening the Outside of the Tank Wall in MaryStreet. That Mr Patrick Hickey Came there and said he would not allow the men to open the palace, as nothing Could through the Wall of the Tank from the main Sewer. He also said it might do harm to his Store in the way of the Foundation.

That no work had been done in the back Yards of the houses in Bewley street in making the Sewer to take the surface water that is so very filthy with nuisance and bad matter and must be soaking ~~before~~ through the ground at the Tank in Bewley street. I would recommend ~~to~~ have the overplus of water Coming from Bewley street tank to Mary street Tank stopped to prevent any bad matter Coming to Mary street Tank.

That he thought the main sewer at Patrick Fitzgeralds Corner Quay street got broken down sometime ago and is stopped. I would recommend to have it opened and Cleaned up to allow a free passage in the Sewer.

Sewer from one yard down to another.

That the Tank in Mary Street has been examined and it appeared that bad matter was Conveyed through the Hole to the Tank which is supposed to lead from the public Sewer.

That he had the men working at the Tank on this morning (29th Inst) at 7 oclock. At half past Eight Oclock Mr Hickey Came out and threw W. Scanlan down in the hole and took the shovel from M. Curran and threw the Clay down in the hole. He (Mr Hickey) brought his men from the yard and filled up the place the Comrs men had opened at the Tank. He (S.S. Offr) had to go for the Head Constable and men to the barrack and brought them up to the Tank. The men stopped in the place until Mr Hickey went away on his Car to the Country. He got the place opened at the upper end of the Tank and found a Sewer Coming down in the middle of the street, going into the Tank. Also found water Coming in at the side of the Tank. Found one of the main water pipes leaking.

Ordered — That the Executive Sanitary Officer Call again on Mr Boyd, and draw his attention to the different Communications, sent respecting the Sewerage of the yards of the houses above the Tank in Bewley Street.

A Communication was read from Mr Byrne Chairman saying — I am at this moment after testing the water taken from my water pipe, and find that it still Continues to be very bad — in flavour. Without any desire for intruding my opinion on the Committee as to what should be done regarding the matter. It will not interfere with their future mode of action if they would have this water turned off from the Tank — I mean the water that they are now ~~debating~~ dealing with. That would be a good test as regards that water.

The Executive Sanitary Officer produced the following statements which he had taken separately from the two men who had entered and examined the Tank, ~~taken separately~~

— William Scanlan states — on Wednesday and Thursday Last went into the water Tank with M Curran — Found the water Coming in good supply through the pipes. Found water Coming in through the hole at the north East end of the Tank — Midling flow of water which left black matter on the wall of

the Tank where the water flowed down. Found the water Coming in at the Top of the Tank about two feet from the North East Corner. The water left a black scum on the rock where the water flowed down.

About four or five feet down west from the North East Corner and about a foot from bottom of the Tank water came in. It was blackish and left a black mark on the wall of the Tank. The black scum could be scraped off. The smell of the black scum smelt as if it was sewage. The water was Coming stronger on Thursday, but not shewing more matter.

Michael Leman — stated that he went with M. Scanlan on Wednesday and Thursday into the Tank near M. Rickey's in Mary street — saw water Coming into the Tank through the hole at the North East Corner of the Tank saw no black matter on the wall where the water was flowing down. About a foot from the North East Corner, at the top of the rock saw water flowing in through a hole. Saw no black matter in the water. About three or four yards down from the N. E. corner at the North side of the Tank and at about four or six inches from the floor, saw water Come in in different parts of the wall. The Cement was soft

and was easily removed from the wall. The more the Cement was removed, the the more the water flowed into the Tank.

The Executive Sanitary Officer produced a Sketch of the Tank which is 49 feet long and described the opening at the upperend of the Tank where the men had some of the Ground opened. A sewer near the Water Channel at the Corner of Mr Hickeys store, Conveyed water to the Tank where the masonry Commenced on the rock inside the Tank. The sewer was about 5 feet from the surface. The floor of the sewer where a part was uncovered appeared to be rock. From about thirteen feet five inches from the Corner of Mr Hickey's store, but lower down in the street, at a depth of seven feet Eight inches below the surface of the street water passed very freely. It appeared to be water from the main sewer, passing down through very loose shingles, and entering the pole at the ~~North~~ East Corner of the Tank and the other part of the North side wall of the Tank. The water passing at this place is near four feet below the floor of the main sewer outside the Tank.

Ordered — That the sewer leading to the head of the Tank as described be Continued to be opened until the Source of the water passing through it is ascertained, as ordered at the Weekly Meeting — That when the sewer is opened further up, a dam be

Kingstown Commissioners Office

Lawn Hall Kingstown 15th November 1884.

Sir,

The fact that the law with respect to Landlord and tenant in towns requires amendment has for sometime past been forcing itself upon the attention of all Classes of people in this Country. Deeply impressed with the necessity of some Reform in the existing relations between the Lords of the Soil and the Owners of house property, the Commissioners of this Township have named a Committee of Gentlemen, representing all shades of political opinion, to Collect Reliable information Regarding the terms, tenure and Conditions of leasehold property in towns;

February 12th

and I am directed by that Committee to ~~transact~~ transmit to you a list of queries to be laid before Your Board, in the hope of obtaining their Co-operation in this important matter.

This is a subject which cannot be without interest for all Classes of the Community — the labourer, the artizan, the trader, the farmer, have all, more or less their interests injuriously affected by the present unsatisfactory state of the law. When leases have only a short time to run, and house owners know that, if they build new dwellings or improve the existing ones, their property will be liable in a few years to be Commiscated, they naturally feel disinclined to make any outlay. Many artisans and labourers are thus left without employment, and the trader as a matter of Course, feels the effects of the Consequent stagnation of Capital. Nor is this all. Local Authorities often find it difficult to put in force the provisions of those Acts which are intended by the Legislature to enable them to provide better dwellings for the working men; and the industrial Classes, the real producers of the wealth of the Country, are not unfrequently left to live in habitations little better than pigsties. The farmer again can hardly view with unconcern the rapid decay of towns, which must be the inevitable result of the law as it now stands when property is going out of lease; for it is in the neighbouring town that

that he finds the quickest and readiest sale for ~~the~~ his produce, and avoids the risks of foreign transport, as well as the uncertainties of foreign markets. Nor are the landed proprietors benefitted by the present defective Condition of the law. It surely cannot be Considered an advantage to have a sort of legal right to appropriate the expenditure of tenants, when the tenants are not so foolish as to lay out money in making improvements, so long as they believe that there is even a possibility that these improvements may be taken from them, and made the property of others. Would it not be more favourable to the Landlord's interest that such a Modification of the law should be made as would place him in a position, upon the expiry of Current leases, to demand, not such a Rent as would enable him to Confiscate any portion of the tenants improvement, but such an increase as, having regard to the greater value of the land from an increased Competition, a Court of justice might deem equitable? Capitalists would then be deterred from investing money in the erection or improvement; people would be induced to stop in the Country, and the value of land would increase.

It is therefore earnestly to be hoped that the information sought for in the enclosed queries will be forthcoming, and as it is intended that it shall be submitted to parliament, it is essential that it should be as accurate as possible.

I am, Sir, Your Obedient Servant John Donnelly
Town Clerk

The Clerk submitted the following Report in accordance with order passed at Meeting held on the 5th Instant.—

Awaited on Mr Boyd in reference to order passed at Meeting held on the 5th Instant respecting the Goat Hill question.

I asked Mr Boyd if he had received any additional evidence in reference to Goat Hill.

He said there was time to before the Assizes to look to it; that he was then perusing the Charters &c

I said the matter was to be discussed at the weekly Meeting of the Commissioners to be held on Thursday 19th February 1885, and that the Committee were to Consider the matter before that Meeting.

He stated that he would prefer to throw up the matter if his opinions were to be discussed at a public Meeting of the Town Commissioners. That no Client would show his hand to his adversary in any litigation he would be engaged in.

Sanitary Sub Officers Report — I have to state that I served Dr Meehan with a Notice Calling his attention to the Yard of Honor Mc Nally of Robert street where a standing pool of bad water and other nuisance existed, Caused by not having proper sewerage or outlet to the main Sewer from the Yard. Miss Julia Shea of Robert street is the Landlady.

That the main Sewer had been opened in Mary Street for one hundred and seventy feet and the side walls made good. From the Sewer at Mrs Doyle's at the Corner of ~~Mary~~ Bewley street down below the water Tank for about four Yards the pipes had been

laid down for one hundred and seventy feet, set in Cement and bedded in fine clay all round. That it was now sure no bad matter can find its way to the water tanks in Mary street. It will be necessary to get six or seven more such pipes for the sewer coming from Mr Doyles shop door. McGranes has got the pipes that will answer in the yard at present.

Ordered - That the present pipeing be fixed in the sewer from Doyles Corner to the main sewer

A communication was read from Messrs Le Grand and Sutcliff, Magdala Works 100 Bunhill Row London saying - We thank You for order for payment on National Bank for ~~payment~~ £45.7.7 for which please find receipt herewith.

It will interest You to learn that we last week struck a magnificent supply of water for the Roscrea Union at a depth of 54 feet from surface after passing many layers of excessively hard rock. The water comes from a fissure in what we believe to be the old red sandstone, and it immediately rose to within 13 feet of the surface. Pumping at the rate of 12 gallons per minute cannot lower the head of water one foot, so we compute the yield at least 30 gallons per minute

The Meeting was adjourned to Thursday 26th February 1885.

Sanitary Report —

No 549 — I hereby report to you that my attention has been drawn, on the 25th instant by Mr Redmond to a stagnant Cesspool in Yard of House occupied by Mrs McSally, Robert street, and I recommend that a proper outlet for the sewage be formed by a sewer leading from the yard of this and adjoining houses and Connected with the main sewer of street.

26th February 1885. N. J. Meehan

Medical Officer of Health

Ordered — That notice be served on Julia Shea, Robert street, the Immediate Landlord of the house occupied Mrs McSally in Robert street, requiring her to Construct a proper branch drain from the yard of said house to the nearest Main Sewer as required by the recommendation of the Medical Officer of Health.

The Sanitary Sub Officers Report stated that Mr Thomas Byrne had men employed at making the sewers in the yards of the houses above the Tank in Bewley street. The sewers are Covered and a Grate is to be fixed in each Yard. The sewage passes from Yard to Yard through the Sewer & below the yard the water Tank is in and & Come out to the Channel in

the street. John Scott, the man making the sewers told me a grate will be fixed in each yard.

That the sewer pipeing had been put down in the sewer coming from the stench trap at the Corner of Mrs Doyle's house, lower end of Bewley street. The piping was set with Cement and bedded in fine Clay. The Tanks are sure to be safe from any bad matter entering from the main sewer to the Tanks in Mary street, as the piping has been laid down from the Corner of Bewley street down to below the Tanks in Mary street

That He would recommend that the large grate at John Rourke's (lower end of) Bewley street be removed and ~~a small grate set instead~~. the grate at the Corner Coming down from Bunnicen, both the replaced by a small stench trap to receive the two waters entering the main sewer at that Corner. There is a large run of water Coming some times from the Malt house and the Hospital through the Main sewer and a large run of water down Bewley street from the Three Bullet gate. All this water going through the Main Sewer might be too much for the pipes to Carry. By putting down a stench trap at the Corner of Bewley street at time of heavy floods some of the water could Come down the Channels in Mary street at the South side to save the pipes from being Choked by the heavy floods.

That the sewer from the Commissioners Houses

No 5,046 – 1885. Local Government Board

New Rop (Town). Dublin, 21st February 1885.

Sir,

The Local Government Board for Ireland acknowledge the receipt on the 12th Instant of the Minutes of Proceedings of the new Rop Urban Sanitary Authority for the four weeks ending the 29th ultimo; and the Board have again to draw your attention to the letters which have from time to time addressed to you as to the irregular manner in which the Minutes are forwarded to this office.

The Board transmit to you the accompanying Copy of their Circular Letter of the 31st March 1880, and its enclosure, and they request that you will bring it under the notice of the Sanitary Authority with the view to obtaining a supply of the Forms of Minutes therein referred to, which should be transmitted punctually to this office after each meeting of the Sanitary Authority.

By order of the Board

L. Tobin Esqr

Executive Sanitary Officer,

James Brennan

Assistant Secretary.

A Copy of the Circular and Form for transmission of the Minutes were annexed to the Communication

Ordered – That the Executive Sanitary Officer transmit the Minutes promptly as required by the Local Government Board, That the printed forms recommended by the Local Government Board be procured for transmitting Copies of the Minutes of the Sanitary Authority.

The following was read.

To the Chairman and Gentlemen of the new Rd Town Commissioners.

Gentlemen —

I was speaking to Mrs Walsh about the difference between herself and Mary Russel She told Me Mary Russel had no occasion to Complain. When She went into Her room she lit the fire at half past ten o'clock and the smoke was smothering her Children in bed. She told her if she would light

it at that hour any more she would put it out but she had no notion of doing so but trying to prevent it being done again. Then Mary Russel Complains, of a Cross door being bolted against her. That door has a bolt but it was never shut against her no more than any other. It is necessary to have it shut while they are eating their food not to have every one in the shop walking in on them. This is all the information that I Can find. I enclose a Bill I paid Edward Fowler

The following was read from Thomas O'Reilly Kilkenny Carriage Works, Kilkenny —

Dear Sir

I just got a notice you sent my sister in reference to the sewerage in the house in Charles street. The sewerage was new. I had it made before I left Ros and all perfect so it must have been very badly abused and neglected by the tenant. This is usual and particularly last year not sufficient water to flush the sewer. The sewer is connected with the main in the street. However I will be in Ros early next month. I will see what is the matter and see that it is right. In the meantime I think that Mr Kennedy should see and have it attended to. It may be his fault in not flushing.

That we recommend Ellen O'Neill widow to the Governors of Trinity Hospital for nomination as a fit and proper to fill a vacancy at present in that Institution.

Passed.

The following Communication was read from Mr Redmond Collector —

Gentlemen — with regard to Mrs Stephenson — She desired to have the water pipes Cut off. She is now living in Mrs Jones' house and will not pay for water.

Mr R. White South street will not pay as he has a well in the yard. Mrs — Cuddehy South street told me she would not pay as the water pipe was Cut off two years ago, but I doubt very much but she is getting water at present.

Mrs Ryan Mary street will pay when the water pipe is repaired as it was broken or bent at the time the Sewer was opened in Mary street. She is getting no water at present. Also — Mr William Howlett and Mr J. Cusack John street got no water for the last three years.

Mr P. Roche Quay street will not pay as he is getting no water for the last four or five Years.

the Jambs of the front doors. As Fleming is now White washing it might be well to get him to put on a bit. The expense is trifling, but they look very bad with the bricks seen

Ordered — That the work required at the Labourers Dwellings be done.

Ordered — That the Collector Collect the Ripe Water Rents promptly.

Mr Murphy read the following Resolution passed by the Dublin Corporation in reference to the visit of the Prince of Wales to Ireland

"That inasmuch as the claim of the Irish people to a restoration of their ancient national legislature is unjustly rejected by the English Government, Considering that the Constitutional liberties of the Irish People, are, and have been for years superseded by a Coercion Code of unparalleled severity. Having regard to the fact that under Cover of those oppressive laws the administration of Irish affairs has become little better than an odious despotism perilous to the lives and liberties of innocent persons; and further Considering that the visit of the Prince of Wales is a political Contrivance designed to produce a deceptive show of satisfaction with the rule of Dublin Castle and the British Parliament; We, the Municipal Council of the City of Dublin, while most desirous that no disrespect should be offered to the

royal visitors deem it our duty to abstain from taking any part in their reception, believing that the presentation of addresses and other such demonstrations are insulted to our Country and Calculates to mislead the public opinion of England and other nations as to the condition of Ireland and the feelings of the Irish people."

Proposed by Mr Murphy
seconded by Mr Hennessy —

That we adopt the sentiments expressed in the Resolution passed by the Dublin Corporation at their meeting held on the 16th March 1885 respecting the visit the Prince of Wales to Ireland as reported in the discussion given in the Nation Newspaper of the 21st March 1885. That a Copy of this Resolution be sent to William O'Brien Esqr M.P. — Office of United Ireland. Dublin.

The Resolution was put to the vote and passed, the Presiding Chairman dissenting.

W. Hawlett J.C. — Saying — I regret very much not being able to attend the meeting of the Town Commissioners this evening as I would be most anxious to Counteract the false impression put out by having the Fairs interfered with by some persons without, I presume, without any authority announcing them for a different date, to that advertised in the Almanac.

Proposed by Wm Connolly
Seconded by Wm Tierney —

That we have learned that some person or persons have without any authority, advertised that the Old Third of May Fairs will be held on Saturday 2nd May, and not on the 4th May, the day legally appointed for holding said Fair: —

— Resolved — That we the Town Commissioners assembled this evening, emphatically condemn the action of the forementioned person or persons in attempting to make the illegal Change.

The Fairs will be held on the days legally appointed and sanctioned by the Local Government Board — namely — The Pig-Fair on Saturday 2nd and the Cattle, or General Fair on Monday 4th May 1885.

Also — That a Copy of this Resolution be inserted in the Dublin Freeman's Journal, the Wexford papers and the New Ros Standard.

London S. W. 4th May 1885

Mrs Clayton Daubeney presents her Compliments
to the honorable Members of the Town Commission
of the Town of New Ross, and thanks them for their
letter. Mrs Daubeney feared that the
Commissioners did not see their way to
appropriate a site for a Fountain.

If the Commissioners can do so, Mrs Daubeney
will be most happy to present the Fountain,
begging the Commissioners to let her know
whether they prefer a Mural or Altar. Mrs
D. will then, on hearing their wish as to
this point get the Sculptor, who is a very

A Communication, signed Joseph A Kough was read saying — I beg to state on Thursday 30th April 85, I witnessed the heroic Conduct of ~~Joseph~~ Robert J. Smith, Quay New Ross, in saving the life of William Murphy, aged about 12 years (son of Capt. Murphy, steamship "Ida") the young fellow fell out of a boat in about 14 feet of water in a most dangerous place, surrounded by Chain Mooring hulk of S.S. "Ida" and were it not for the timely appearance of him the young fellow must immediately have been drowned. On hearing of him falling out, he ran to his assistance and jumped into the water without divesting himself of boots or any of his Clothes and brought him from under the boat which was moored. Before taking out of water. There were 20 people present. His watch was injured by the water.

The Consideration of the the foregoing was adjourned to next Meeting.

Friday 8th May A Meeting of the following Committee held at 10 Oclock A.M. To inspect the grating at the junction of Bewley street and Mary Street, and direct as to any alteration to be made for the protection of the Banks and public Health. Members in attendance, Mssrs

Richard Baldwin
David Murphy
Pierce Malley

After inspection — Mssrs Baldwin & Murphy Came to the Office and agree to the following Report:—

We have inspected the grate at the junction of Bewley street with Mary street, and we recommend that it be opened and Cleaned, and left unaltered as to its position.

We inspected the grate placed at the Corner by the Contractor Philip Kelly.

We object to having the Surface Water turned into the main Sewer, as has been done by P. Kelly, but We would recommend that a Gullet as described in the Specification, be made Same as at the other side of Mary Street, to allow the Water to flow on the Surface as it did before the Contractor turned it into the main Sewer. We Consider the grates too small as they allow the Water to flow on the Street.

We recommend that a Copy of this part of the report referring to the Contractors work, be sent to the Deputy County Surveyor, with a view that the work may be Carried out immediately.

We visited the Bank in Bewley street and

found a small pool of stagnant filth quite close to the Lank, which seems to have no outlet. We directed the Sanitary Sub Officer to serve notice on the Medical Officer of Health, to inspect and report thereon immediately.

We found the sewage of the houses above and below the Lank, flows on to the surface below the lowest house, where the water evaporates and leaves a filthy deposit.

We recommend that the Medical Officer of Health be called on to inspect it and give his opinion as to the desirability of having the water to flow directly into the Channel in the street in the manner we pointed out to the Inspector

The Estimate of a Borough Rate, as examined and recommended by the Finance Committee was submitted to the Meeting.

The particulars of the Estimate were as follows:—

Prospective

Copyright Wexford County Archive

Town Commissioners — Expenditures for year — Prospective — £482. 9. 0
" Claims for Payment — Retrospective — £283. 1. 3
Sanitary Authority — Expenditures for year — Prospective — 101. 15. 0
" Claims for payment — Retrospective — 26. 12. 5
Total amount of Expenditures and Claims — £893. 17. 8
Assets — Town Commissioners £572. 3. 6
" Sanitary Authority 30. 0. 6 602. 4. 0.
Amount to be supplied by Borough Rate — £291. 13. 8

By the foregoing statement it appeared that the sum of £291. 13. 8 would be required to be supplied by a Borough Rate.

On the Net Assessable Valuation of the Borough (about) £7678, a Rate of 8° in the Pound would give £265. 18. 8, leaving a Balance of £35. 15. 0 unprovided for.

Mrs Clayton Dauheney's Compliments to the Honourable Commissioners of New Rop. begs to say she is instructing Mr Bolton to design what he judges best for a Central Fountain. Mrs Dauheney finds that a life sized figure in durable Material would be quite out of her power to erect (and in her letter she did speak of a "life size" figure) but Mr Bolton is sure to design a suitable and artistic drawing, and Mrs D. will enclose for the Town Commissioners approval as to design and dimensions.

The one at Wexford Mrs D. hears is greatly appreciated and wears well, but the New Rop one being a Central Fountain will be in itself more costly, though according to Mrs Dauheney not a magnificent one, still she hopes a handsome and suitable offering to the Town of New Rop endeared to her by early recollections, and the memory of her

South Street New Ross 8th June 1885.
I hereby Certify that I witnessed the rescue
of a boy named William Murphy, aged
about Eleven years of age, from drowning
at the Steamers hulk at the Quay New Ross
on the evening of the 30th April last, at
about twenty Minutes to five Oclock by
Robert Smith. The tide was flowing in
and nearly high water at the time of the
rescue. Robert Smith did not wait
to divest himself of Clothing as the boy had
sank twice and was going down for the
third time, When Robert Smith leaped in
and caught him and held him until
assistance Came and took both into a boat.
The boy was in a very exhausted state.
I believe that when the boy was sinking
the third time he would have been drowned
but for the quick manner in which
Robert Smith leaped into the water
and held him up. James P. Kenedy.

63 Sanitary Weekly Bill 11th Instant — £1.4.11
64 do do — this date — — 2.17.11

The following were read:

Newry Rdp 18th June 1885.

Sir,

In reply to yours of the 10th Instant I beg leave to state for the information of the "Town Commissioners" that in going about with Dr Burke the L.G. Inspector, we found that the Barrack Lane sewerage was inefficient permeating through the rock at the rere of the houses in South Street and thereby contaminating the wells of that locality.

If the rock was tapped by a deep sewer, it would in my opinion prevent the overflow of any filth of Barrack Lane reaching the Springs at the rere of the South Street houses.

This Town is built upon a Rock of Springs

and by proper engineering the inhabitants might be supplied with first Class water.

In Order that the "Water Supply" and the "sewerage" should be effectively Carried out I would respectfully Suggest that the opinion of an eminent Engineer should be taken on the Subject ~~that the opinion of an eminent Engineer should be taken on the Subject.~~

Quay ~~street~~ New Ross June 18th 1885.

Sir

I beg to acknowledge receipt of your letter of the 10th Instant with Copy of a letter received from the Local Government Board by the Urban Sanitary Authority with their Order thereon.

With regard to the water supply, which is not at present defective, I would suggest that all available sources such as old wells and springs in unfrequented Localities about Town be looked up and inspected (for there many such existing) with the view to utilizing them when required.

I recommend that samples of Water be taken from the principal fountains and pumps in Town and Submitted to Dr Cameron for his analysis.

accommodation, I Consider that Banack Lane, Bewley street and Chapel Lane are most defective. The sewage matter of Back Yards of houses in Banack Lane behind the Hill School percolates through the ground and forms a most Offensive Cesspool adjoining the back premises of houses in South street. This locality requires an efficient System of drainage Main drains to empty the Cesspools of Back Yards are particularly needed in Bewley street, Banack Lane & Chapel Lane

The Town Commissioners should in my opinion have Bye Laws passed to enable them to enforce due observance of the Sanitary Laws relative to overcrowding and improper ventilation in Lodging and Tenement houses.

With regard to parties depositing house refuse and other offensive matter in the public Lanes at night and allowing it to accumulate there till it formed a dangerous nuisance — I would suggest as a Remedy — that a Common Ash pit be formed and daily Cleaned, and an hour fixed for its Cleansing so that refuse heaps when deposited may be promptly removed.

Ordered — That the letters be referred to next meeting, the members to be noticed to attend.

Proposed by Mr Murphy
Seconded by Mr Hutchinson —

That a sample of the water from the Conduit in Conduit Lane be sent to Professor Cameron to be analyzed as the water at the conduit is supplied from the three great sources of water supply — the Tank at Burnicen, the Tank in Bewley street and the Tank in Mary street. Passed.

Ordered — That Mr Hennessy be added to the Sewer and Water Committee.

The following was read.

No 20609; 85 Local Government Board
Miscellaneous. Dublin, 5th June 1885.

Sir,

I am directed by the Local Government Board for Ireland to request that you will be so good as to state whether Bye Laws for the regulation of Houses let in Lodgings — that is to say other than "Common Lodging Houses" — have been made in the Town of New Ross under the Sanitary Act of 1866 (29 & 30 Vic Cap 90, Sec 35) or have at any time been proposed to be made.

Such Regulations (which may now be under section 100 of the Public Health (Ireland) Act 1878) are

(1) to fix the number of persons who may occupy

occupy such house or part thereof and (2) provide for their registration.
(3) for their inspection and keeping them in a Cleanly and Wholesome state.
(4) for enforcing therein the provisions of privy accommodation and other appliances and means of Cleanliness, and the Cleansing and Ventilation of the Common passages and staircases. (5) for Cleansing and limewashing the premises at stated times, and the Regulations may extend to "Ventilation" "of rooms, paving and draining of premises "and to notices to be given, and precautions "taken in Case of any Contagious or "infectious disease".

If Bye Laws regulating such Lodging Houses have not been made for the Town of Stow it appears to the Board that the matter is one which should receive the attention of the Sanitary Authority.

New Ros. June 25th 1885.

To the Chairman and Gentlemen of the Town Commissioners

I heard that Mary Russel put in a note on last meeting night Complaining of the abuse she got. The abuse was for asking her to empty her slops regular, and not be Keeping them shut up in her room for eight or nine days when she Could empty them. No one Could stand the stench of them. She told me she would do as she pleased, and I show that she would do so she Kept them on the next occasion for 11 days. I was ill and Dr Meehan Came to see me, and he was horrified to see so many in such a small room, and said he would Call the Sanitary Officer's attention to the next room. He asked me what one I was that. I replied that it was the one occupied by Miss Russel. He said he did not know that she lived there at all. If

shows already that he misunderstood the Case when he was seeking your interest to Keep a room for her. Gentlemen, I will leave it to your own consideration whether a family or a girl on situation is entitled to the house.

To all Coast-Guards and Officers of Customs in Ireland, To the Boards of Guardians of Unions, severally acting as Sanitary Authorities on any part of the Coast of Ireland, to all Masters of Ships, and to all other Persons whom it may concern:

WHEREAS Cholera is now prevalent in certain parts of Spain, and it is expedient that Regulations should be made with reference to Ships having on board bales of Rags from that country:

NOW THEREFORE, We, the Local Government Board for Ireland, do, by this our Order, and in exercise of the power conferred on Us by the Public Health (Ireland) Act, 1878, and every other power enabling Us in this behalf, make the following regulations, and declare that they shall be enforced and executed by the several Authorities specified in the Schedule to our Order dated the 16th day of July, 1883:

Definitions.

Art. 1.—In this Order—

The term "Ship" includes vessel or boat:

The term "Coast Guard" includes any person belonging to the Coast-Guard having authority from the Lords Commissioners of the Admiralty:

The term "Officer of Customs" includes any person acting under the authority of the Commissioners of Customs:

The term "Master" includes the officer or person for the time being in charge or command of a ship:

The term "Sanitary Authority" means with respect to the seas, rivers, and waters within the limits described in column 1 of the Schedule annexed to the said Order of the 16th day of July, 1883, the Guardians of the Poor of the Unions named in column 2 of the said Schedule, opposite to the descriptions of the said limits respectively:

The term "Port" means a Port established for the purposes of the laws relating to the customs of the United Kingdom:

The term "Medical Officer of Health" includes any duly qualified Medical Practitioner appointed by a Sanitary Authority to act in the execution of the said Order of the 16th day of July, 1883:

Art. 2.—From and after the date of this Order, and until the First day of November next, no Rags from Spain shall be delivered overside, except for the purpose of export, nor landed in any port or place in Ireland.

Art. 3.—If any Rags shall be delivered overside or landed in contravention of this Order, they shall, unless forthwith exported, be destroyed by the person having control over the same, with such precautions as may be directed by the Medical Officer of Health of the Sanitary Authority within whose jurisdiction or district the same may be found.

Art. 4.—All Masters of vessels, Consignees, and other persons having control of any Rags prohibited under this Order from being delivered overside, except for the purpose of export, or landed, are required to obey these regulations.

To the Presiding Chairman of the Town Commissioners.

Sir,

As I may not be able to attend the Meeting of the Commissioners this evening I beg to draw your attention to the following. At 10.30 this morning two men with a horse and Cart came opposite my door to Clean up the filthy grating which is still perpetuating the abominable nuisance. Notwithstanding the persistent Complaints which have been made, and the boasted, but still imperceptible improvements which is Customary with our Re-elected Chairman to take credit for.

70 The Weekly Bill amounted to — £4.5.8

A Communication was read from the Secretary to the New Ross Gas Company, saying — Kindly lay our a/c before meeting this evening, and say I will feel obliged for Cheque for amount. The a/c is overdue, and we are overdrawn, having to pay a large wages account just now.

Ordered — That the Clerk write to the Gas Company saying the Commissioners will pay the Gas Bill at next meeting if they can.

That the Clerk ask the Gas Company to inform the Commissioners against next meeting if they will lower the cost of lighting the public Lamps, and if so, to what extent, as the Commissioners intend to try and get the public Lighting of the Town done at the lowest possible expense.

Cheltenham June 26th 1885.

To The Town Commissioners of New Ross, Ireland.

Gentlemen,

Sometime Since You granted a site for the erection of a proposed Fountain in the Centre of the new Market place opposite the Hotel. I now enclose a design for Your approval and if You think this suitable for the place, as the Donor Mrs James Clayton Dauberney has abandoned the idea of a statue. If so I presume You will supply the water pipes ~~if the Donor~~ to the the Fountain and waste pipe if the Donor supplies the fittings Connected with the Fountain as also the water free of Charge.

I propose a Constant Small Supply,

always running and the turned off at night, and other times it may not be required.

Please reply as early as possible, as Mr Dauberney wishes to erect the Fountain as soon as possible

Hope the design will meet Your approval

Your obt Servant

R. L. Boulton.

The Clerk stated he did not write to Mr Boulton as he wished to let the Commissioners select the person the recommended to Mr Boulton to do the work required.

The Clerk was directed to send the names of Mr Thomas Byrne Priory street, Mr A. Cullen Irishtown and Mrs Ramer Bridge street, as persons likely to do the work and supply the materials required for the base of the Fountain.

Ordered — That the Consideration of the Communications and Sketch of the proposed Fountain be referred to next Meeting, the members to be noticed to attend.

I remain
Gentlemen
Your obedient Servant James Walsh.

The following was read from Mr M Redmond Collector on the Subject — 16th July 1885.

Gentlemen — In reference to the house at Fair Gate I Cannot Correctly find out Which of the two, Mary Russel or Mrs Roche Occupied the house at first. When I got the Books Mrs Walsh's Mother and her other daughter lived there and Mary Russel also. Mary Russel paid me 2d per week. There was arrears due on the house and Mrs J. Walsh paid me her Mothers rent and 2d per week to Clear off the arears when her Mother died. Mrs Walsh and family went to live with her sister in this house as James Walsh was not able to pay rent for two houses but is paying arears on both.

Composition of a specimen of Water, submitted to me for the purpose of Analysis by the New Ross Town Commissioners Co Wexford

Colour	Clear deep
Flavour	no peculiarity
Odour	
Clearness	Pretty clear
Total Solid Matters in Grains, per Gallon, including—	35.000
Albuminoid Ammonia	0.002
Saline Ammonia ...	0.002
**Nitrogen in Nitrates and Nitrites* ...	0.980
Equal to Nitric Acid	4.410
Chlorine	3.670

The only bad point in the composition of this water is the presence of about 4½ grains of Nitric acid acid – the significance of this fact may be seen by reference to the printed footnote the actual organic Matter or Nitrogenous

N.B.— Water for Analysis should be sent in a clean and clear Winchester quart bottle, furnished with a stopper.

* In fresh Sewage, the Nitrogen present is chiefly in the form of Albuminoid substances, but it speedily becomes, in part at least, Ammonia (a compound of Nitrogen with Hydrogen). After some time the Ammonia oxydizes successively into Nitrous and Nitric Acids. The presence of large quantities of Nitrous Acid or Nitric Acid in water is a suspicious circumstance, as these substances are formed from nitrogenous bodies. They are, however, not noxious, and Nitric Acid, in moderate amounts, often occurs in good Water, when hard. When water contains more than 0·005 grain of Albuminoid Ammonia per gallon, it is considered not to be of the purest quality. 0.01 Grain per gallon is excessive, and the higher the proportion beyond that point, the more impure the water is. The most dangerous ingredient of Water is Albuminoid matter of animal origin. Dark-coloured, peaty waters often, however, contain much Albuminoid Nitrogen, derived from comparatively harmless vegetable matters. Albuminoid Ammonia is least objectionable in peaty Waters.

Medical Officer of Health

The Report from the Committee appointed to inspect the Gratings in Quay Street &c. entered in page 216 was read.

Ordered — That the recommendation Contained in the Report from the Medical Officer of Health and the recommendation Contained in the Report from the Committee be adopted — Viz — That the Gratings be Cleansed and flushed daily by 9 oclock A. M., and a Solution of Chloride of Lime in water be used for this purpose. That some experienced man be asked to give his opinion as to the doing away of the present grating in Quay Street and Conduit Lane, and to the Carrying away of the Surface water, so as to Cause no inconvenience to the Inhabitants.

Ordered — That When heaps are Collected on the Streets by the Contractors, the Officer

request

the Contractor to remove them forthwith, and if he fail to do so that the ~~Secretary~~ Sanitary Sub Officer remove them at once to the Commissioners Yard, with the Commissioners men.

The following Report was read.

We the undersigned members of the Committee appointed by you to inspect and Report on the state of the Sewerage in the vicinity of the Water Tank in Bewley Street, beg to say:—

We inspected the locality referred to on the 24th Inst.

The Sewer draining the back Yards of the Houses above the Water Tank is a built one, and runs under an inhabited ~~House~~ back house, and within a few feet of the Tank, and almost on a level with its Covering. It then runs through a shingly Yard on a Considerably higher level than the bottom of the Tank.

This is an old Sewer, also within a few feet of the Tank, through which the surface water from the high ground filters, and from its Condition where it terminates at the wall of the back House (inhabited) Something other than surface water must have been occasionally thrown into it. From the nature of the Soil and the Construction and proximity of the Sewers to the Water Supply there is great danger ~~of the Sewers~~ — if not a Certainty — of it being Contaminated.

We recommend the Sewer between the points shown by us to the Inspector, to be piped with 6 inch earthen pipes, set in Cement — that the

Chambers in the yards through which this pipe passes be Cemented and trapped — and that at the Corner of the old sewer above referred to, (Corner of back house), a Chamber 12" x 12" x 12" be built, faced and bottomed with Cement and trapped with a 6 inch pipe leading therefrom to meet a junction pipe draining the yards above.

The Inspector should be Careful and Constant in his supervision of these premises for if the soil become sodden with impurities Contamination of the water will Certainly follow, and the Public Health will suffer.

Dear Sir,

I have to acknowledge the Sketch of the proposed Fountain offered to the Commissioners. My Opinion on the matter was always in harmony with the majority of the Commissioners. If they approve of a Fountain after the pattern of the Sketch You sent me I see nothing in it that I feel to disapprove of. I presume that the inscription is to be the same as that which the Commissioners got some months since for their approval. I hope to see it erected by the time I get home. You took a note of the particulars of how the supply is to be obtained. Mr Kartrick got all the information from me that I could give him. There can be no mistake or failure about it. It is not necessary for me to repeat it again. If You think it is let me know and I will do so. I enclose the Sketch.

Hair Gate
New Ross July 29th

To the New Ross
Town Commissioners

Gentlemen
I beg to state that the decision you gave on Thursday night last, respecting the house occupied by me at 'Hair Gate' is most unjust. I have witnesses to certify that I have lived in that house upwards of twenty years, and the woman whom I paid rent to for Mr. Robinson the former owner of the house can prove it.

With regard to my being at Mr. Meehans I am there only temporary, and I have slept at home until lately when Walsh and his wife commenced this attack to dispossess me, I found it impossible to pass in, in consequence of the threats and scandal they were giving me.

The following is the true account of my connection and the roaches with this house. On the death of my only relative my uncle, Mr & Mrs Mossiter Mary Street brought me to live with them; until Mrs Sandrick who was then Mr Robinsons tenant in this house at 'Hair Gate' came to Mossiters for me and asked me to go live with her daughter in this house as she (Mrs Sandrick) was going to reside in Dullogher with a

married daughter Miss Handricks and myself lived them together for eight years when she got married, and I went back again to Mr and Mrs Mossiter's. After some time then, her husband went to America and her mother came back from Lullagher to live with her; but shortly after her husband sent for her, and then Mrs Handricks remained sole occupant of the house and I went back to live with her. and she then let part of the house to Mrs Roche and her unmarried daughter Mary, They being Mrs Handricks tenants.

Mrs Handricks and myself lived together for 2 years no mother and daughter When Mrs Handricks daughter Mrs Lullagher died her son in law asked her to go to him to take care of the children which she did leaving me posses sion of the house to pay the rent, her Locilly money, and other little debts out of my own earnings, which I did as long as she lived. The rent of the house was one Shilling per week and the Roches paid Mrs Handrick 10d per week for the part they occupied from her. When Mrs Handrick came back from Lullagher she was ailing from Apoplexy she resided with me about two Months, I not being able to nurse her she went into the Infirmary, and before she left and in presence of the Doctor, she made the house over to me, The Roches then refused to pay me the rent and Mr Maher the Collector took it from 4 of us Seperately Roches 10d and my 2d. Then shortly

after Mrs Moach caused a petition to be
put in before you to put me out of the
house in reply to this petition you de-
cided that both parties should keep their
own apartments as usual, this I have ever
since done. except about 3 years ago through
the annoyance given me by the Moaches family
I became ill and had to go into Haughton
Hospital, whereupon Walsh Mrs Moachs son-
in-law came up to work in the house, he
worked there for about twelve Months, and
in the interval Mrs. Moach died He then
kept possession of her apartments during the
day, and for eighteen Months or more
neither Mrs Moaches daughter nor any of them
slept in the house I being all that time the
only occupant of the house at night. Some time
ago Dr Meehans servant leaving left I went to him
for a time and as you are already aware
the Walshes took advantage of this and
tried again to dispossess me; but you
again came to the conclusion that
each of us keep our own apartments.
Then about three Months ago Walsh
brought up all his family eight in number
to live in the house they all slept in
one small apartment not sufficient
for two. I should have objected to this
however I wanted peace but could not get
it. I would have made these statements
to you before now but not wishing to trouble
you kind thinking it unnecessary believing
you would act just and fair with me

as you did on former occasions.
I cannot understand how you make out
Walshes claim to the House as being the
eldest tenant. he being in reality only a
usurper to come into the House atall.
If any one should claim tenancy with me,
it could be but Mrs Roches unmarried daughter
the house being too small at any time for
such a family as Walshes, It was main treason of
him to come in there at all for the purpose
of putting me out of my home. I have no one
in the World to depend on but myself, and
I lived peaceably and happy until those
people chose to annoy me but I bore it
all in silence though it annoyed me
very much, and I had to give up going
home at night through fear of them.
I would not write all this now or wish
to bring myself before the public. Only
to show you, that you have been
misled into doing an injustice
on me.

Hoping Gentlemen you will re
consider the matter, I will never be
satisfied to give up my right as tenant to
them, or to be so unjustly and unfairly
dealt with.

I am Gentlemen
your obedient Servant
Mary Musset

The following was read.

New Ross 13th August 1885

The Presiding Chairman

New Ross Town Commissioners

Sir

There is a portion of an old disused main sewer in Quay Street running between present main sewer and my houses which is a serious nuisance to these houses at present as rats have burrowed their way from the old sewer to the houses, enabling sewer gas to make its way into them. I therefore bring the matter under the notice of your Board, as the Sanitary Authority, in order that the sewer may be filled up.

I shall be happy to have the position of the sewer and the way in which the nuisance arises pointed out to any Committee, or other persons, you may appoint, or do anything I can to forward the required work, which from a Sanitary point of view is important and should be done at once

Your obedient Servant

Edward Carr.

Ordered - That the matter referred to in Mr Carrs letter, be referred to the Medical Officer of Health and the Sanitary Sub Officer, for inspection and report thereon.

Notice to be inserted in the Standard

Ordered That a Notice of the Audit be inserted in next issue of the New Ross Standard.

The Street Inspectors Report was read. Entered in Page 258.

The present State of the Streets Lanes &c was under Consideration of the Meeting for some time.

The Specification for the works &c of the street contracts received from the Secty. of the Wexford Grand Jury, by the Town Commissioners, as intending contractors, and for the performance whereof, Philip Kelly was declared the accepted contractor, at the adjourned Road Sessions held in Clonroche on the 6th December 1883, was carefully considered at the meeting.

The specification was read in consequence of complaints and observations of Inhabitants of the Town respecting the manner in which

August 20th

the surfaces of the streets have been allowed to become hollow, instead of being kept properly raised as prescribed in the specification, and as they had been kept during the years the Commissioners held the contracts.

The Repairs that some of the streets have recently undergone being merely the cutting away of the rocks left bare by the wear, and non-supply of proper road covering, and the spreading of the material taken from the higher parts, and throwing it on the hollowed centre.

The neglected state of pavements Water Channels &c in different parts had been complained of. Stable Lane had been frequently complained of as a place of Nuisance in consequence of the neglect of the paving &c

The Gullet to be made at the junction of Bewley Street and Mary Street has not been made, though it was to have be made within six months after the acceptance of the contract and notwithstanding the communication sent by the commissioners to the Deputy County Surveyor on the 23rd ult May last requesting him to get the contractor to make the Gullet for the very serious Sanitary reasons stated therein

The following order was passed;—

Copyright: Wexford County Archive

"That the Clerk write to Mr. Doyle, Deputy County Surveyor, requesting that he will take the necessary steps to cause the contractor to fulfil his contract respecting the streets, footpaths, channels &c. promptly, or cause the work to be done, and as carefully, in accordance with contract, as the Commissioners were obliged to perform the work of the contracts during the many years they held them, and if not done so, the Commissioners may feel it their duty in justice to the inhabitants whom they represent to cause the streets to be competently inspected, and a full statement of the Street Contracts of New Ross sent to the Grand Jury Authorities, or take such other steps as they may deem desirable respecting them."

The following was received

Immediate. Dublin Castle 7th August 1885.

The donor is most desirous to erect something to your wishes and suitable for the site, and as I have not seen the site may I ask what is most desired. Perhaps this is not massive enough as it is not desired high would an oblong form be suitable I should esteem it a favour by receiving any information relative to the desires of Your Commissioners, and also suitable to the place. Contracts

Gentlemen,

In reply to your communication relative to the neglected state of the streets for which Mr. Philip Kelly is contractor, I desire to state that in consequence of such neglect all payment for them was disallowed at last assizes. He was duly noticed to erect the Gullet at the junction of Bowley and

mary Streets, and whon asked afterwards why the work was not done, he said the Commrs desired to execute some Sanitary improvements there and noticed him that it would be better that both works might be carried on together.
I agree with the Commrs that the condition of the streets has deteriorated since they were the contractors for both the cleansing and the repairing were then constantly carried on and if at any time intimation was given that any place required more immediate attention the necessary repair was promptly executed - the present contractor was in Town on Saturday last, confessed his inability to provide the specified quantity of material and expressed a desire to be relieved of the contract

Executive Sanitary Officers Report — Emailed on M.S. J. E Boyd this day. Mr Byrne was present. Mr Boyd asked Mr. Byrne Why the drainage above the Lank in Bewley street had not been piped, and Mr Byrne said there were small springs that required to be let in to the drain. That if the drainage in the Yards had been piped the water would have to creep down by the pipes.

Mr Boyd told One to inform the Commissions of what Mr Byrne had stated, and if they them required the drainage to be piped it would

Street Contracts — Committee

Mr M Doyce Deputy County Surveyor was present by invitation.

Surrender of Kellys Contract

Mr Doyce stated that as Philip Kelly had not fulfilled his Contract, legal proceedings could be instituted against him, and his sureties for the non-fulfilment of same. That a ten days notice could be served on him by the County Authorities, and the fulfilment of the Contract could be taken from him and given to another person — say a representative of the Town Commissioners — that if the Town Commissioners would take up the fulfilment of the Contract they would receive £150 after next March Assizes

Proposed by R Baldwin
Seconded by P Tierney — that we recommend that the Commissioners

undertake the fulfilment of the streets Contract — they to receive the £150 after March Assizes and that the Contractor Philip Kelly hand over any material he may now have prepared for the streets, to the Town Commissioners — Patrick Redmond street Inspector to be the representative of the Town Commissioners in the Contract.

Passed.

Ordered — That the Commissioners be be noticed to attend next meeting to Consider the recommendation Contained in the Resolution.

having entered the Tank from the old marks, or any other place in the Tank. There was no water entering from the inlet made near the Dispensary door. A little driblet flowed from the pipe laid from the opening made near the middle of the Nunnery Lane, but through the stones about that place there is a small amount coming. There was a small spring coming at the bottom of the upper end of the narrow Tank and on scraping the place the water came more freely. The springs that supply the tank appear to enter from the upper end of the narrow tank and nearly from the Nunnery Lane side. The men had removed the stalactite from the roof and sides, and cleaned the tank generally.

An excavation at the upper end of the tank would probably increase the water supply.

About 11 o'clock last night the men found the smell of Gas very markedly. This evening the Manager of the Gas works found a considerable leakage where the new main ~~pipe~~ had been joined with the old pipe near the Tank and secured it.

It is likely that the water will be pure

Sir,

I am directed by the Local Government Board for Ireland to inform the Sanitary Authority that the Board have been requested by the Local Authorities of one of the Seaport Towns ~~of~~ in Ireland to order that every Vessel Coming from a place infected with Cholera shall be detained by the Coast Guard or Officer of Customs in the same manner that these Officers may now detain a Vessel suspected to be infected with Cholera under Article 2 of the General Order of the 16th July 1883.

Having Carefully Considered this

Sir

I beg to report for the information of the Local Government Board that I have audited the accounts of the New Ross Town Commissioners for the year ended the 31st December 1884 and I enclose herewith an abstract thereof showing the receipts and expenditure under the several heads for the period mentioned

No Borough rate was struck during the year but the collection of the rate struck in July 1883 was not closed till January 1885, and the collector should be directed to close any future collection within a reasonable time

The Pipe water rents up to July 1882 were not collected till August 1884 and the rents for 1883 were not collected till the current year, an effort should be made to collect the rents for 1884 before the close of the present year

I observe that the arrears of rent due by yearly tenants amounts to a very considerable sum and in one case (Reps. of Sutton immediate steps should be taken to obtain payment of the

1885 September 21st

Monday 21st September — A meeting called by notice, to be held this day at 6th Oclock P. M. To Consider an important Matter Connected with the Streets Contract. The Deputy County Surveyor to attend.

Present — Meyers —

Patrick Kelly

Bryan Hennessy — Mr M Doyle Deputy County Surveyor was present

Pierce Molloy

The Clerk stated the Cause of the meeting being Called. The Deputy County Surveyor had sent for the Inspector to take Charge of the Streets Contract in accordance with Resolution passed on the 10th Instant.

That he (Clerk) went with the Inspector to the Deputy County Surveyor. The Deputy County Surveyor stated that he had served a Ten days Notice on Philip Kelly and that Philip Kelly was out of the Contract and he was then in a position to hand over the Contract to the Inspector. In reply the Deputy County Surveyor, said he had not spoken to Philip Kelly about the Limestones he had on hands in Robert street That he (Clerk) said the limestones were included in the Resolution passed by the Commissioners accepting the Contract and that it would not be advisable for the Inspector to enter into duties of the fulfilment of the Contract unless he had the Consent of the Commissioners to do so. That he would issue Notices to

Copyright: Wexford County Archive

the Commissioners to meet and advise on the matter. It was then agreed that the Commissioners be Called to meet at 6o'clock P.M. the Deputy Surveyor promising to attend.

As a Quorum had not attended no formal proceedings took place.

The Deputy Surveyor read the following from the Specification for the Contract.

"Should the Contractor fail to have the specified
" quantity prepared, or to attend as hereinafter hereinbefore
" described, he will not be entitled to a Certificate
" for payment, and the quantity he may have prepared
" shall become the property of the public, to be used
" for the benefit of the road in such manner as
" the County Surveyor shall direct."

The Deputy Surveyor stated that the stones in Robert Street, would be handed over to the Commissioners to be used on the Streets, but said it would be better to wait until Mr Farrell the County Surveyor would be in town, when the matter would be formally dealt with.

The Deputy County Surveyor told the Inspector not to allow Philip Kelly to remove any of the stones.

The Meeting was adjourned.

Sanitary Report —

No 571 — I hereby report to you that Mr Redmond Called my attention to the unsanitary state of William Bergan's back Yard at Rochercon. I this day inspected it. There is a nuisance. There is a nuisance existing there from want of a proper outlet, and I recommend a sewer to be made ~~the Open Sewer~~ to Open into the Main Sewer in the street in Order to Carry away the Offensive Matter

23rd September 1885. M. Walsh

Medical Officer of Health

Ordered — That Notice be served on John Phelan Garrenbegy, County Kilkenny, Agent to Thomas Tidell the Owner, requiring him to Construct a proper drain from the Yard of the house occupied by William Bergin in Robberson, to the main Sewer in the street.

Ordered — That the attention of the Inspector be Called to previous Order requiring the street in Robberson to be swept in the mornings.

The Sanitary Sub Officers Report stated that he had Called on Mr. O. Galavan about the Sanitary Notices respecting the yards of the houses in Sugar House Lane. Mr Galavan stated that but for pressure of work in the yards he would have got the work done but would get it done very soon.

That Mary Rochford Maiden Lane had Complied with Notice removing Manure and Cleansing her Yard.

That he had visited the houses and yards in Barrack Lane. Found them Clean except the yard of Andrew Reeves, where there was a Cesspool and other Nuisance. His wife promised to have it Cleaned up in a few days. Visited 24 houses and yards.

That Mr Boyd had not Complied with the Sanitary Notices respecting the houses occupied by Michael Brereton 2 Quay street Mr Timlin and Mr Walsh 2 Quay by providing proper privy or Water Closet for each house.

Ordered — That Proceedings be instituted against Thomas Boyd Chilcomb Agent to Rev. John Alexander, for not having Complied with Notice respecting the houses Occupied by Michael Brereton, Quay street Gimlet and Mrs Walsh Quay, if he does not Comply with the Notices immediately.

The following was read.

South Street New Ross 24th ~~September~~ 1885

Gentlemen

I beg respectfully to call Your attention to two large hollows near the top of Jones Hill (William street) at the left hand side.

In rainy weather these hollows get filled with water which overflows and runs down my garden into the houses in Cross Lane, flooding the Kitchens, and causing very great inconvenience to the Occupiers.

I would feel very much obliged by Your giving directions to have this Remedied.

It Can easily be done by having a Covered drain made through the narrow portion of the field and allowing the water to flow down Cross Lane.

I remain Gentlemen

Your obedient Servant

To the Town Commissioners Philip Gannon

The Executive Sanitary Officer stated that he had accompanied Mr Sharp C.E. through the Town, and shewed him the different Water Supplies. Inspected Barrack Lane and surroundings. Visited yards in different streets to see the state of the drainage and Sanitary accommodation of different Houses.

Mr Sharp was present at the meeting, and entered into some explanations respecting his inspection. He stated he would make a Survey of the Town for a Guinea a day and a half Guinea a day for his expenses. That he might have the survey made in in or about a week, but would not engage to have it Completed in that time.

The following was read.

Your Committee, appointed to report on the best means of improving the water supply and the Sewerage of the Town. Be recommend Mr Sharpe C.E. be engaged to survey the Town and prepare a Map, shewing the Sewerage and water pipes. To shew the defects of Sewerage and drainage where any exists, and to prescribe a Remedy. Also to point out the best means of improving the water supply.

121 The Sanitary Weekly Bill amounted to — £3.8.4

The Sanitary Sub Officers report stated — That he had visited the houses of Michael Keeffe, High Hill, Michael Kough, Neville street, Mrs Moran, Nunnery Lane, who had to be removed to Hospital with Fever, and found that the houses had been disinfected and limewashed and the yards Cleaned up.

That James Farrell Bewley street had not yet Complied with Notice by Conveying Sewerage from the yards of P. Carty and Thomas Kavanagh in Bewley street.

That he had visited the Slaughter house of John Murray south street and found it perfectly Clean.

That he had served Notice on Dr Meehan respecting the want of drainage from the houses in Nunnery Lane owned by Mrs Alexander.

That he had got the Ground opened to allowe Mr John Doyle to insert the pipe into the Sewer in Graces Lane, and got the paving done over the Sewer.

Shane to state that the last order was to have Metal pipes to replace the Earthen ones up to about Bewley street. It would be well to have the remainder of the Earthen pipes be also replaced with Metal Ones. I believe some of them are broken and have given trouble frequently by being imperfect.

November 27th 1885. John Meehan

Messrs Byrne and Meehan directed that Michael Curran and James Fleming be sent for and their statements taken respecting what they saw and ascertained respecting the Gas in the vicinity of the Lanks.

The following statement was made by Michael Curran. —

On Saturday 23rd Instant — in opening the ground for laying Metal pipes from the Lank between Mr Ryans house and Mr Doyles house in Mary street, we found a smell of Gas which we found to come from an old Gas pipe, which we broke and took up a part of. There was a strong smell

of Gas in the earth near the pipes.

We followed up the Course of the earthen water pipe, and in opening the ground found defects in the earthen water pipes — one of them near where the smell of Gas Came from the old Gas pipe. It was bandaged with Spun yarn which had rotted. It allowed water to Come out or Gas to go in. The old Gas pipe was Continued up to Mrs Doyles door. We took up the old Gas pipes I went to the manager on Monday morn-ing, and told him about the pipes, and he told me to break them. We broke them as far down as the quarry gate. The smell of Gas was strong in the earth near the pipes. We sent word to the manager and he sent men on Wednesday and they took up part of the pipes. Where we stopped taking them up.

On Wednesday evening 25 as we were opening of the ground above the Church yard gate we found a strong smell of Gas. At this place the supply pipe for Margaret Ryan's house was fixed to the earthen main water pipe. About a foot above this insertion of the branch pipe there was a break in the main pipe. It was broken across — There was a sheet Iron Clasp screwed on the earthen pipe to

to Cover this breakage. The Clasp
met on the sides of the pipe. I drew
the attention of the men working for the
Gas Company, who were removing the
old pipes, to where we found the leakage
of Gas — Dick Walsh, Joe Kinsella and Joe Doyle
were the men working for the Gas Company -

On Thursday morning 26 the manager Came
up and ordered an opening to be made
over the leakage, by his men. When
the opening was made, he found the Gas
escaping from a joint of the new pipe.
The Manager lit a Match and lit the Gas,
which gave a large light. The Manager
then tamped the joint with his Caulking
iron. He tried them with a light
and found no Gas escaping.

The Executive Sanitary Officer reported that Mr Carr sent for him (Ex. S. Off.) respecting the sewerage of the Yards of the houses in Bridge St. in Bridge street. It appeared that the sewer had passed from the Yards of the houses through Mrs Powers premises and had become filled up. That Mrs Power refused to allow the sewer to be opened through her premises Mr Carr asked the Commissioners would give directions or send their Officer to do so as to the way the drainage of the Yards was to be conveyed.

Mr M. Carty who had charge of the work at the drainage of the houses came before the Meeting and states the Circumstances of the premises.

It was agreed that the drainage be

brough out to the main Sewer in Bridge Street.

Sir,

M^r Gerald Ryan has handed me your letter of him of the 17th Instant in reference to getting a report &c on the water Supply and Sewerage of the Town.

I shall be happy to offer any Services to your Commissioners, but the Subject embraces such a wide field and which will probably require a Considerable amount of investigation that I find a difficulty in arriving at what my Charge ought to be. I want nothing more than than fair remuneration, but as I presume your Board would not like to enter into the matter without some idea as to the Expense. I will attend their next Meeting should they desire it, and When I learn what the ~~Sealby~~ exactly require, will endeavour to arrive at the amount.

I may mention that I am a Member of the Institute of Civil Engineers Ireland and Can give Satisfactory references as to my Capabilities if they require it

Dear Sir

I enclose report on water and specimens. I was under the impression that I had also reported long ago on the mud which you sent to me. I found it to consist when dried at 212° Fahrenheit of the following — Clay —— — 77.25
Organic Matter 22.75
100.00

The Organic matter consisted nearly altogether of peaty ~~matter~~ substances — the deposit was therefore not of any dangerous nature.

Composition of 6 specimens of water, submitted to me for the purpose of Analysis by the New Rds Town Commissioners.

An Imperial Gallon (70,000 grains weight)
Contains the following in grains.

~~Total solid matter~~	Fenlys Well. (No 1)	Abyssinian pump Charles St (No 2)	Robinson Abyssinian Pump (No 3)
Total solid matter, including	35.000	63,000	35.000
Albuminoid Ammonia	0.003	0.004	0.002
Saline Ammonia	0.003	0.003	0.003
Nitrogen in Nitrates and Nitrites	1.680	1.260	0.700
Equal to Nitric Acid	7.560	5.670	3.150
Chlorine	5.370	11.760	3.090

No 1. This water is moderately hard. It is pretty free from organic impurities for the large amount of Nitric acid, the result of Oxidation of nitrogenous organic matter, indicates that the sources of the water are tainted.

No 2. This specimen is rather hard for washing or Cooking purposes. It is pretty free from organic matter and Contains somewhat less organic matter ~~imparting~~ impurity in an Oxidized form - i. e. - as Nitric acid.

The No 3 is the best of the three waters: it Contains very little organic matter. All the Samples have very little Colour. 2 is somewhat turbid. The others are pretty Clear. In their present state they may I think

Composition of 6 specimens of water, submitted to me for the purpose of Analysis by the New Rop Town Commissioners.

An Imperial Gallon (70.000 grains weight) Contains the following in Grains:—

	Priory Lane Pump (No 4)	Three Candles (No 5)	Lower Barracks Tank (No 6)
Total Solid Matters	28.000	31.500	25.900
Albuminoid Ammonia including	0.003	0.002	0.003
Saline Ammonia	0.013	0.005	0.008
Nitrogen in nitrates and nitrites	1.260	1.120	0.980
Equal to nitric Acid	5.670	5.040	4.410
Chlorine	4.760	3.876	3.290

No 4 is not Clear. It is free from Colour It Contains much more ammonia than any of the other samples, also much nitric acid.

No 5 is pretty Clear, as is also No 6 which it otherwise resembles. I may say Generally of these waters that they Contain very little organic matter and therefore that they may be safely drank. Their Composition shews that they originally Contained organic impurities which by filtration of water throughout the soil have been oxidised and rendered

Copyright: Wexford County Archive

rendered innocuous — still it would be better if no such Oxidised impurities were present (see foot note)

Charles A Cameron

* Foot Note — In fresh sewage, the Nitrogen present is is Chiefly in the form of Albuminoid substances, but it speedily becomes, in part at least, Ammonia (a Compound of Nitrogen and Hydrogen). After some time the Ammonia Oxydizes successively into Nitrous and Nitric Acids. The presence of large quantities of Nitrous Acid or Nitric Acid in Water is a suspicious Circumstance, as these substances are formed from Nitrogenous bodies. They are, however, not noxious, and Nitric Acid in moderate amounts, often occurs in good Water, when hard. When Water Contains more than 0.005 grain of Albuminoid Ammonia per Gallon, it is Considered not to be of the purest quality. 0.01 Grain per Gallon is excessive, and the higher the proportion beyond that point, the more impure the Water is. The most dangerous ingredients of Water is Albuminoid matter of Animal origin. Dark Coloured, peaty Waters often, however, Contain much Albuminoid Nitrogen, derived from Comparatively harmless Vegetable Matters. Albuminoid Ammonia is least objectionable in peaty Waters.

of houses in Summer Lane.

That Mr John Browne did not Comply with the Sanitary notice Served on him for the back Yards of houses in William Street.

In reference to the stones Supplied for the Sewer between William Street and Ross Lane -

The Sanitary Sub Officer in reply said that after Consulting with Mr Connolly a member of the Committee he agreed with Martin Maddock for the flags and stones for the Sewer at prices mentioned in his report on the 21st Instant

Mr Murphy objected to Mr Connolly as a Single member of the Committee giving directions about the purchasing of the flags &c. He (Mr Connolly) objected to two members of a Committee giving directions when the third Member was not present.

Mr O Sullivan proposed that Mr Connolly be Censured for ordering Stones & be procured without Consulting the other members of the Committee. Mess—

Meehan and Hennessy protested against the word Censure being used – the work had been well and economically done.

It was agreed that an Order be made on the matter and the five members present were suggesting wording of the Order & the Trade.

Mr Murphy disapproved of the action of Mr Connolly in Ordering Flags & he procured in the absence of the other members of the Committee, he thought ought & he the wording of the order

The Chairman would be for disapproving or Censure.

The Members stood up and left. The Executive Sanitary Officer was not able to ascertain what words were & be used in the Order.

Sir,

Would you kindly direct the Clerk to give me a Copy of the Note of Censure passed on me this night week.

The Occasion of the Note must have been grave indeed, and its necessity urgent to justify such an exceptional line of Conduct on the part of the Commissioners in denying a fellow Member the right accorded to the Commonest Scavenger — that of being heard in self defence on a Charge before being found guilty

I hope the Gentlemen who so persistently followed up the Charge behind my back, and who are such notorious sticklers for precedent and order will not adopt my Case as a Rule for their future Guidance — that of attacking an absent member without notice, and Censuring him unheard on the ex parte Statement of a Subordinate Official, and which statement is untrue.

10th February 1886.

Dear Mr Tobin,

I beg to acknowledge receipt of Yours of the 6th October as to maps.

I Called as the Commissioners desired at Hodges & Co and ascertained that it is one which was some few years ago made by Ordinance Department and was only published about ten months ago.

It is in fifteen Sheets - each 3 feet by 2 ft. The scale being 500 or 10.56 feet to one mile. This is a very large scale. The Sheets cost 2/- each and can be bound

February 11th

together in Book form at a trifling expense comparatively or mounted on linen and Rollers at a Cost (inclusive of the price of the 16 sheets) of £7. The Map so mounted would be about 13 feet by 11 — They promised to have an index Map of it for me to send you this evening, but when I called they had not yet received it from Ordnance depot.

I have not seen any of the sheets as they only get them from the Ordnanance Depot. to order. I told them I Considered their Charge for mounting quite excessive, but without any effect.

I had been making enquiries in other quarters and think that you can have the map unmounted at a much lower figure. I am to see a gentleman to morrow who is to have definite information for me on that point and on which I will write you again.

I would suggest that you buy the sheets and get them mounted by some Competent person. If you wish. You could get one of the sheets as a specimen for inspection and it would enable you to make Certain that the map is exactly what your Engineer requires. If you adopt this suggestion I Can get you the map of any part of the Town you wish — say the one Containing the Thalsal and it Can be put back in its place amongst the others

afterwards.

The only other map there is the old 6 inch to the mile, one of 1850 or thereabouts which is quite too small a scale for any use such as you propose.

Hoping this is information you require

I am Yours faithfully

Thomas Dinneen

Shane & State that Samuel Kough got the drain opened in the back yard of his house on the Quay & the main sewer from Conduit Lane leading out under the arch & the Quay. The Main sewer required to be opened for a few yards & have it Cleaned up as a lot of nuisance remain and do not go away. I think a few Yard will do to be opened and it will be all right as the fall is across the Quay to the river side. I told Mr Kough I would have it opened and Cleaned up & give a free passage to the drain from the Yard.

Circular to Local Authorities in Ireland
under "the Dogs Act 1871."

L.

Dublin Castle
5th February 1886

Gentlemen,

The attention of the Lords Justices
having recently been called to the number
of Cases of Rabies in dogs, and of Hydrophobia
in persons who have been bitten by them,
their Excellencies desire me to refer You
on Fly-leaf 12th Aug. 1882 to the Circular on the subject of the 12th
August, 1882, of which Copy is sent herewith.

In a Circular recently issued on the
subject by the Secretary of State for the
Home department to Local Authorities
in England, it is pointed out that —

"Under section 3, at the present time, Local
"Local Authorities in whose district a

~~Case~~ Case of Rabies, or ~~Disease~~ suspected ~~to be~~ Disease

"Rabies has appeared might order the
"seizure of all dogs found at large without
"being muzzled in such a way as to
"prevent them from biting human beings
"or animals, or not being under the control
"of some person. Control in this Case
"should certainly be taken to mean the
"employment of some means of restraint,
"such as a Cord or Chain, which would
"enable the owner to restrict the animal's
"movements."

It appears to Their Excellencies highly desirable that Local Authorities in Ireland, under The Dogs Act 1871," should rigorously Carry out every power given them by ~~the~~ Act, and the Police have already received instructions to strictly enforce the provisions of Sections 1 & 2 of the Act and of any order made by the Local Authorities under Section 3.

I am
Gentlemen
your obedient Servant
R. G. C. Hamilton

The Chairman of the
Town Commissioners
at Newry.

main sewer opened leading from Conduit
Lane to the Quay. It got stopped and
not able to Carry the sewerage from the back
yard of Samuel Roughs house and Mr Malleys
on the Quay. The Covering flags were broken
and I had to get two large flags to Cover the
main Sewer.

I Visited the back yards of Houses in Michael
Street. Found the back yard of house occupied
by Michael Murphy to have a heap of manure and
other nuisance and Cesspool of standing water. He
promised to have the yard properly Cleaned up
in a few days. Also a heap of manure and

by William Rayne. He promised to have the Yard properly Cleaned up in a few days the manure was taken away from the other yards. They were Clean. Visited thirty five houses.

John Keogh repaired the Penille St. Pump St. is in working Order for the last few days.

I Spot the Sewer at the back Yard of Mary Reilly Church Lane opened. Found the Sewer stopped and full of What Came from the yards near it. I had the Sewer opened outside on Bullawn and found it full also. The Covering flags were down in different parts. There was no wall built under the flags. They were only put down from one side to the other and had to fall down. There was not sufficient fall given to the Sewer to give free passage to the Sewage from the yards The Sewer was opened from outside the yards to below Church Lane and deepened so as to give it a Sufficient fall. If not done so there would be no use in Clearing the Sewer in the Yards. They Could not be Kept Clean.

Visited eleven houses in Robert St and found manure removed and yards Clean.

Mr Edward Carr has Complied with Notice by having piped drains laid from

the houses occupied by M Phelan and Mrs King in Bridge street to the main sewer.

Visited the slaughter house of John Murray of Brennan's Lane and found the place all clean.

James Farrell Bewley Street has Complied with the Sanitary notice by opening the drain from the back yard of the house occupied by B. Rigley on High Hill to the main sewer and had the yard properly Cleaned up.

Ordered – That the work at the main sewer at Conduit-lane be approved.

Ordered – That Sanitary Sub Officer report at next meeting respecting the yards of the houses in Michael Street.

Ordered – That Messrs D. Murphy. P Tierney and M Hutchinson be a Committee to see the work of the sewer leading from the houses in Church Lane properly done.

Ordered – That the Sanitary Sub Officer visit all the slaughter houses in Town monthly and report thereon.

Resolution.

Resolved:— That having regard to the recent declaration, of Mr Gladstone in reference to the National Claims of Ireland, we feel justified in hoping the new term of power to which he has been Called will not pass away until he shall have restored to the Irish people their ancient natural and indefeasible right of legislating for the local affairs of their own Country.

That

That we believe the re-establishment of our Native Parliament would induce to the peace Contentment and prosperity of our Country; that it would involve no danger to the integrity of the British Empire; and that by removing a fertile Cause of ill-will and Contention, it would, for the first time in their history, give a fair Chance for the growth of friendly relations between the peoples of England and Ireland.

That we deny and repudiate in the strongest possible manner the allegation that an Irish Parliament would be likely to deal unfairly or oppressively with those who regard religious Creed or political opinion, from a Minority of the Irish People.

That we hope the ruling Classes and the people of England will not suffer themselves to be misled by the highly-Coloured and enormously exaggerated accounts of Irish disorders which are being spread amongst them, but will have the wisdom to turn to good account the present most favourable juncture for effecting a happy settlement of the long-standing strife between the two nations.

in Wexford Street in which is the well referred to at last meeting by Mr Kennedy L.C. and found in it 21 feet of water. It appears to be sunk in the solid rock. We recommend the well to be pumped out and Cleaned up, and should the water be then approved of, a force pump Could be so placed in the street at a small Cost as to be a great Convenience to the people of that Locality.

We have reason to know the landlord of this house and Yard will not make any objection to this arrangement.

The Yards above the well should be properly drained which they are not at present — being now in an unsanitary state.

Town Clerks Office Drogheda
10th March 1886.

Sir

I am to request that you will be good enough to submit enclosed Petition, for adoption at next meeting of your Board

I am, Sir, yours truly
Peter Connolly, Town Clerk

The Town Clerk
New Rep.

Drogheda Corporation
6th March

Sir,

I have the honour, by direction of the Municipal Council of Drogheda, to forward you annexed Copy of a Petition adopted by them on the 26th February 1886, same having been passed in the year 1800 by the then Corporation of Drogheda, (exclusively Protestant), and presented to the Kings Most Excellent Majesty.

The adoption of said Petition now, clearly shows that the opinions of the Corporation of Drogheda in the years 1800 and 1886, are identical as regards the benefits accruing from an Independent Irish Legislature, and the disastrous effects on Irish Trade and Manufactures, and the Country generally, consequent on the Union of Great Britain and Ireland as passed in the

year 1800

I am, Sir,

The Town Clerk
New Rop.

your obedient Servant,
Peter Connolly
Town Clerk.

To The King's Most Excellent Majesty.

The humble Petition of the Mayor, Sheriffs, Burgesses, and Commons of the County of the Town of Drogheda, convened by the Mayor at the Tholsel of said Town, on Wednesday, 16th day of april 1800, pursuant to public notice,

We, your Majesty's most dutiful and loyal subjects, the Mayor, Sheriffs, Burgesses and Commons of the County of the Town of Drogheda, beg leave to approach your Majesty with sentiments of the most unshaken Loyalty to Your Majesty's Royal Person, Family and Government; to express our most unalterable attachment to our present free and ~~independent~~ invaluable Constitution as established at the memorable period of 1782, under which Constitution this Kingdom has advanced in Prosperity with a rapidity unexampled in the History of Nations; and to state to Your Majesty that it is with the most heartfelt concern your Petitioners have seen the Measure of an incorporate Legislative Union which was rejected in our last Session of Parliament

again brought forward in Parliament by your Majesty's Ministers contrary to the almost unanimous sentiments of your Majesty's subjects in this Kingdom, a measure which your Petitioners conceive to be fraught with inevitable Ruin to the Trade and Manufactures of Ireland, by depriving them of the protection of a superintending Resident Parliament, and placing them at the discretion of a Foreign Parliament where their true Interests have never been and probably never can be understood, and where in any question of Competion that may arise between the two Countries, their interest will sink under the weight of Superior Numbers.

That Your Petitioners humbly conceive that they will be essentially injured by the adoption of said Measure in as much as by their chartered Rights they are entitled to send two Representatives to a Resident Parliament, which Rights are to be exchanged by the proposed Union for the useless Privilege of sending one member to a distant and external Parliament.

That Your Petitioners have observed with greif the flagrant and unconstitutional means by which

Your Majesty's Ministers have resorted to procure a Majority in Parliament in support of this Ruinous and fatal Measure; the gross misrepresentation by which they have led Your Majesty to conceive that the sentiments of Your Majesty's faithful subjects in this Kingdom have become favourable to this Project, when it is notorious that in proportion as the terms of the proposed Union have been detailed the alarm and Agitation of the Public mind have become more conspicuous

That Your petitioners, ever distinguished for their Loyalty, Zeal and Ardor in support of your Majesty's Government, are prepared to shed the last drop of their Blood in defence of Irish Independence and British Connexion.

They cannot conceive any one measure more likely to Counteract the Blessings they enjoy under that Independence and that connexion, than an Incorporate Union of the two Kingdoms, the tendency of which must be in their humble opinion Separation the avowed object of their enemies both foreign and domestic.

Your Petitioners do therefore most humbly implore Your Majesty to exert Your Royal authority and to rescue your faithful and loyal Subjects of Ireland from the complicated calamities which this Measure if carried into

into effect must entail upon them and their Posterity, and which must ultimately subversive of the happiness, the Peace, and the prosperity of this Kingdom, and of the Empire at large —

And your Petitioners will ever pray —

In testimony whereof We have hereunto affixed our Common Seal the day and year first above Written

Proposed by Mr. Murphy.-
Secounded by Mr. Hutchinson —

That the Petition from Drogheda be adopted. That the Clerk write to the Town Clerk, Drogheda asking what Steps the Corporation had adopted respecting the Petition, and if he replies that the Petition had been remodelled and presented to the representative of any department that the Clerk prepare the Copy received to be similarly presented

Clerks Report — On Wednesday 21st Instant. Mr M Doyle, called to the Office with registration papers under the Franchise Acts. That he (Clerk) asked Mr Doyle if there was any move making to remove the Commissioners from being Contractors for the streets which had held by Philip Kelly. Mr Doyle replied that he had served Philip Kelly with a Ten days notice on the 10th Instant, and that Philip Kelly, had, subsequent to the service of the notice, told him (Mr Doyle) that he (P. Kelly) would do nothing about it — the Street Contract.

Mr Doyle then told Mr Patrick Redmond, street Inspector, that he (Mr Doyle) then places him in Charge of the street Contracts for this half year, as Contractor, up to next July Assizes.

Mr Doyle suggested that application

I desire to express my sincere thanks for their

given by me to the Town of New Rop. I should
have much liked to be present at the

opening, but a severe Cold prevents my taking so long a journey. I would ask whoever reads my letter to do so publicly at the opening, so that the motive of this gift to ~~the~~ New Rop may be explained. It is to Commemorate the memory of my excellent and valued Father, whose name with that of my Mother, is inscribed on the Marble. My Father was an Irishman warmly attached to his native Country, and having seen how much Sorrow and Misery was the effect of immoderate drinking, he was one of the earliest to take the pledge from "Father Mathew" and lectured with him and Dr Carr at New Rop on Temperance. Some of my earliest and happiest recollections are connected with your Town, and I conclude with asking a blessing from our Heavenly Father that the Water of eternal life, as Offered by our Saviour Jesus Christ in the text inscribed on the Marble Fountain may be accepted by the Multitudes of those present, and by those who at anytime make use of this earthly gift.

My earnest Prayers will be with you and your Town and Country.

Faithfully Yours

Eleanor Clayton Dunbeny.

this Association to respectfully request the attention of your Board to the "Railway and Canal Traffic Bill" the Second Reading of which will take place at an early date.

Already there are unmistakable evidences of a determined and thoroughly organised opposition to the measure on the part of the various carrying companies of the United Kingdom, and it is therefore desirable that Public Boards and Associations of Traders should without delay, pronounce in favour of the Bill, and forward petitions in its support through the usual channels.

Respecting clause 13 which provides for complaints by public authority in certain cases it is the intention of this Association to secure an amendment to paragraph B to enable Commercial Travellers' Associations to have the same right of direct appeal to the proposed Railway Commission as is sought to be vested in Chambers of Commerce and other public bodies.

Permit me on behalf of my Committee to suggest that your Board should & take this important measure into consideration as speedily as possible and endeavour to secure the support of the Members of Parliament with whom local influence may

63 The Weekly Bill amounted to —— £6. 8. 8

The following was read.

Bridge street New Ros 22nd April 1886.

Gentlemen

As Landlord of some house property in Henville street, I beg to draw your attention to the present state of the water Channel which runs immediately in front of and parallell to my houses.

The Tenants Complain that the in wet or rainy weather this Channel overflows, the Consequence being that the ground floors of the houses become flooded. The Cause of this overflow is the extreme shallowness of the present water Channel which is altogether inadequate to Carry off the large quantity of water thrown into it by the steep incline from Wexford street.

Knowing that a Matter of this Kind only requires to be brought under your notice to be remedied..

The following was read.

To the Chairman and Gentlemen of the New Rop Town Commissioners.

Gentlemen,

As the times are bad and nothing doing with the yard I beg leave to ask you to seperate the yard from the house as it is not the one take with the house at all. I would not persevere so much only I am not able to meet the rent. I am confined there eight months and have no one to do anything for me I am so long in the house I would not like to leave it. I am twenty eight years in it.

I am Gentlemen

OPENING OF A NEW FOUNTAIN AT NEW ROSS.

The ceremony of opening the new fountain, presented to the town of New Ross by Mrs. C. Daubeney, which took place on Saturday, attracted a large attendance of the townspeople. This fountain, a magnificent work of art, is from the celebrated works of Mr. Aoulton, Cheltenham. The fountain presents the appearance of a richly-ornamented pillar, surmounted by a harp entwined with a wreath of native flowers. The material of which it is formed is of the richest and most splendidly-polished stone. The sub-base is of blue forest-stone, from the famous King's Forest. The base-bowl and square block containing the taps is of highly-polished Aberdeen granite, as also the circular base, shaft and capital. The whole is surmounted by a splendidly-carved marble harp, entwined with native flowers. This harp is copied from one in the University Museum, Dublin, supposed to be the harp of Brian Boru, King of Ireland, and is certainly the oldest harp in existence. The erection of the fountain was skilfully carried out under the superintendence of Mr. Edward Parslow, Cheltenham. On Saturday the people of the surrounding country coming to market were pleasantly astonished on beholding this magnificent fountain erected in the principal square of the town, and hundreds of individuals read the inscription: "Presented to the Town of New Ross in memory of General Brown Clayton and his wife Henrietta by their only daughter Eleanor;" and the inscription at the base of the column: "If any man thirst, let him come unto me and drink."—John VII., 37. Many were the enconiums bestowed upon the new fountain, and many were the blessings poured forth for the patriotic and benevolent lady who had presented this magnificent gift. The St. Mary's Independent Brass Band, with their gay banners floating in the breeze, marched down Mary-street to the sweet and appropriate strains of "Meet Me at the Fountain." The Town Commissioners awaited its arrival at the Tholsel, and then formed into procession. The Band led the way along North-street; next came the Commissioners, headed by their mace bearer, the Chairman and Town Clerk. It may be remarked *en passant* that this mace, presented to the sovereign of New Ross by William Marshall, Earl of Anglesy, has a historical importance, of which few Rossmen are cognizant. In the rere of the Commissioners came the St. Patrick's Band, and after this came such a procession as to convey the impression that the town turned out *en masse*. Marching through the principal streets to the enlivening strains of the bands, the procession arrived at the fountain. Mr. Byrne, C.T.C., announced that the Town Clerk would read a letter which had been received from their generous benefactor, Mrs. Daubeny, whereupon the immense crowd, which formed the audience, uncovered their heads and listened respectfully to the following:—

TO THE CHAIRMAN AND TOWN COMMISSIONERS OF NEW ROSS.

I desire to express my sincere thanks for the great kindness and politeness shown to myself during the arrangements necessary for duly carrying out the erection of a drinking fountain now about to be opened and given by me to the town of New Ross.

I should have much liked to be at the opening, but a severe cold prevents my taking so long a journey. I would ask whoever reads my letter to do so publicly at the opening, so that the motive of this gift to New Ross may be explained.

It is to commemorate the memory of my excellent and valued father, whose name, with that of my mother, is inscribed on the marble. My father was an Irishman, warmly attached to his native country; and having seen how much sorrow and misery was the effect of immoderate drinking, he was one of the earliest to take the pledge from Father Matthew, and lectured with him and Dr. Carr at New Ross on temperance.

Some of my earliest and happiest recollections are connected with your town, and I conclude with asking a benefit from our Heavenly Father that the water of Eternal Life, as offered by our S viour Jesus Christ in the text inscribed on the marble foun in, may be accepted by the multitudes of those present, and by those who, at any time, make use of this earthly gift.

My earnest prayers will be with you and your town and country.—Faithfully yours,

ELEANOR CLAYTON DAUBENY.

During the reading of this letter, frequent bursts of applause broke from the audience, and enthusiastic cheers and hearty blessings were given the writer. At the conclusion of this,

Mr. Byrne said—People of New Ross, I am deputed by the Town Commissioners to reply to the address just read, and have to read to you a resolution drawn up and passed by them:—

That we, the Town Commissioners, as the representatives of the inhabitants, beg to express our very grateful thanks on our own and their behalf, to Mrs. James Clayton Daubeny, 40 Redcliff Gardens, South Kensington, London, for her very kind and generous presentation of a beautiful sculptured, polished marble and granite ornamental drinking fountain to the town of New Ross; also, for the very nice sentiments expressed in several communications, and in her address for the opening of the fountain, respecting the early and kindly associations of herself and her dear respected parents with the inhabitants and the town of New Ross. That we wish herself and family every blessing, and that her benevolence and goodness may be an example to be generally followed.

The volly of applause with which this was received showed that it expressed the sentiments of the assembly.

Mr. Byrne, addressing the meeting said—My friends, I am proud to have to say that Mrs. Daubeny has proved herself to be a genuine Irishwoman in the useful gift which she has favoured us with, and her Nationality in having it dedicated to the memory of Ireland's greatest king, Brian Boru (cheers), in the harp, that emblem of Erin which ornaments that magnificent fountain and the design of which has been taken from Brian Boru's Harp, which is preserved in the Museum of the Dublin University. Therefore, as long as that fountain shall last, and water flows through it, so long will the name of Mrs. Daubeny be respectfully commemorated, and the memory of Brian the Brave be held in veneration, which, I trust, will be through all generations to the end of time (cheers). We are now in full hopes of a good time coming, and this memorable harp, which I now call Brian Boru's harp, let it be a memento of the Harp of Erin, which I hope will soon burst from its slumbers and spread its harmonious sounds over our land, enlivening with its strains a united, happy, and contented people in a free country (applause). I have now great pleasure in declaring the fountain open (cheers).

The Commissioners having drank of the waters, a competition ensued between the assembly as to who should have the honour of being first.

The bands played, "Should Old Acquaintance be Forgot," "Brian Boru's March," and other appropriate tunes, after which the meeting dispersed.

The fountain is the theme of every household for miles around, and it is a magnificent work of art, and the memory of General Brown Clayton, his wife and daughter, will long remain in the minds of the grateful inhabitants of Ross.

[The piece on which defendant was digging is a piece of ground on plaintiff's field over which defendant has a right-of-way on payment of 5s. per year, as fixed by arbitration.]

Cross-examined by Mr. Colfer—Father Ferris and Messrs. Fitzhenry and Kavanagh were appointed arbitrators between us, and in the agreement Murphy was to have a right-of-way for horses and cars over this piece; he was drawing manure over it on the 29th; the land was not soft on that occasion; when he was digging, it was not filling up and levelling the ruts he was; it was his sister began the digging, and when my wife and I came over to where she was, we had sprongs in our hands as we had been working at manure; I only told her not to touch the place, and she said she would in spite of me, as she was desired by Father Ferris to do it; Murphy took the spade from his sister's hands, and while he was in the act of digging I gave him a jostle; I did not strike him with the sprong on the back of the neck; I only shoved him with the handle of the sprong; I was bound to the peace by these people in consequence of this very spot before, and then the case was left with the arbitrators, and he is allowed to go over it, but he is not to dig it or stone it.

Margaret M'Donnell corroborated her husband's evidence, and added that defendant had carted manure over the land two days before and two days after the occurrence, and did not want to dig or fill up any place along the path.

Mr. Colfer argued that having a right-of-way over the field, and paying rent for a carway, Murphy was only exercising his just rights in repairing that carway by levelling it and filling the ruts, and when in the exercise of this right he was assaulted by the M'Donnells.

There was a cross-case of Murphy v. M'Donnell.

Murphy deposed that on the 29th, when carting across this right-of-way, he found it in a bad state, and sent his sister to fill the ruts; when he came to the field he saw his sister on one side of the path and the M'Donnells on the other; plaintiff asked her why she was not at work, and she said she would not be let; plaintiff then took the spade and cut a sod from under the high wheel and put it in the hollow on the other side, and while he was doing so defendant struck him in the back of the neck with a sprong; up to this he had not given M'Donnell the slightest provocation; when plaintiff turned defendant faced him with the prongs of the sprong; he caught it, and himself and defendant wrangled, and both fell; when both got up, defendant again faced him with the sprong; they again wrangled and fell, and then plaintiff took the sprong from him; defendant then took up the spade which was on the ground and presented it in the same manner as he had presented the sprong; plaintiff struck him on the arm and knocked the spade from him; when he wheeled round he saw his sister bleeding from the mouth; while he was on the ground Mrs. M'Donnell struck him with a sprong.

To Mr. Hearn—It was absolutely necessary to fill four or five holes along the path; after the assault I resumed the filling of the holes, and the M'Donnells did not much interfere with me; I am carting on that road since I was able to cart, and mended it when it was required, and no objection was ever before raised; I carted over the field when it was cultivated.

Anne Murphy corroborated her brother's evidence, and added that after Mrs. M'Donnell striking her brother with the sprong, she took the sprong from her, and then Mrs. M'Donnell took a stone out of the ditch and struck her on the top of the head with it.

Mr. Hearn argued that the M'Donnells were acting within their right in refusing to allow the Murphys to dig the land. If the Murphys wanted to fill the ruts, they should have brought soil from some other place and filled them with it, but they should not dig up the soil on the land.

The Chairman regretted the dispute, which had apparently risen through a misconception of the rights and obligations of both parties. He therefore bound both plaintiff and defendant to the peace, and he gave it as his opinion that Murphy should not cut the soil from any part of M'Donnell's land, and if he wished to mend his road he should bring the stuff for doing so with him.

and transmitted as required.

A Document was read by Mr
giving details of proceedings Connected with
receipt and return of Books (Gospels of St John) sent by Mrs Dauberny
to this Office.

It was signed at foot as proposed by Mr Kelly and Seconded by Kennedy — That the Statement be adopted

The Chairman objected to take the document for discussion without notice being served for that purpose.

Some members and the proposer handed the Document to the Clerk to be inserted on the minutes as it had been read and proposed and seconded.

Minutes clerk asked instruction

The Clerk stated to the meeting that he had been Called on to insert the document on the Minutes as it had been read proposed and seconded, and as it was a disputed matter amongst the members, and as he was bound to keep the Minutes by directions of the Commissioner he asked the Meeting for instruction, as to whether he would enter the document on the Minutes or not.

The Chairman said he would direct against the entry of the Document on the Minutes.

The Notice of Motion respecting the rent of the large NewsRoom was not proceeded with.

The Meeting was adjourned to Thursday, 10th June 1886.

In accordance with Notice of Motion

Proposed by Mr Meehan
Seconded by Mr Murphy —

That the Resolu
-tion passed on the 25th May 1886 stating
"that the action of the Chairman in sending
"back to Mrs Dunbeny the Gospels which the
"Clerk received, was not authorized by the
"Town Commissioners, nor approved by them
"at their next subsequent meeting — that Mrs
"Dunbeny get a Copy of this Resolution", be
rescinded. As the aforesaid Resolution
proposed by Mr Connolly and Seconded by
Mr Sullivan, and passed by a Majority
of six Commissioners against three seems
to find fault with the Chairmans action
in sending back to Mrs Dunbeny her books
the Gospels of St John revised by his
Majestys Special Command, and printed
for the British and foreign Bible Society
and as undue liberty seems to be taken
with absent Commissioners they not having
got notice that such a resolution would
be brought before the meeting on the 25th inst
for Consideration.

That while we are grateful to
Mrs Dunbeny for the useful gift which
she has presented to the Town of New Ross,
we feel bound to express our regret
and

and surprise that she has sought to make it the occasion of putting into Circulation amongst us religious tracts which are offensive to the faith and feelings of Catholics, and that we the Town Commissioners decline with indignation to lend ourselves to the distribution of any such tracts amongst our fellow Townsmen

An Amendment was Proposed by Mr Kelly and seconded by Mr O'Sullivan

The Chairman objected to take and put the Amendment on the ground that a part of it would require a notice of Motion to be served before it could be put and passed.

Mr Baldwin left.

After some discussion respecting the Amendment and the Chairman declining to put it to the meeting — Messrs. J. Connolly J. O'Sullivan, P. Kelly and B. Hennessy left and brought away their amendment.

The Resolution was then put to the vote, and it was passed unanimously.

Proposed by Mr Hutchinson
seconded by Mr Molloy —

That a Copy of the Resolution now passed be sent to Mrs Daubeny by the Clerk.

June 15th 1886

To The Chairman of
The Town Commissioners
New Ross

Dear Sir

Will you allow me to make a few remarks touching the vexed question which has been for some agitating the minds of the good people of our Town, and which is still such a source of annoyance, and trouble in the deliberations of your honourable body.

I observe that it has been proposed by a section of the body that the sacred text which has been so inappropriately and unhappily inscribed on the Danbeny Fountain shall be effaced. Now I beg to suggest that the best course for the Commissioners to adopt in this case is not to efface the text but to make it both applicable and appropriate where it stands, and this I submit can be accomplished in a manner agreeable to all concerned by adopting the following course:-

Copyright: Wexford County Archive

Let the Harp (which by the way is but a poor representation of that graceful and sweet toned instrument which once resounded through the halls of Tara), be removed to some other and more appropriate place, and let the graceful shaft of the Fountain be crowned by a white Marble Statue of The Blessed Virgin with the Infant Saviour in her arms. Now as there is no section of the Christian Church or ~~and~~ any member of such body who does not believe in the incarnation of our Divine Lord and that He is the way; the Truth and the Life that he is indeed the Fountain of Living Waters, and who in honouring him must to be consistent Honour His Blessed Mother also, and on these grounds I hold there is no ratepayer who will not support the Commissioners in the substitution of such a Statue. The sacred text "If any man thirst let him come unto me and drink" will then be both appropriate and applicable as it will point directly to The Source of Living Waters, and I feel confident that so good and generous a lady as Mrs Daubeny has proved herself to be cannot otherwise than feel delighted and even grateful by this true application of the sacked text quoted.

Three objects will thus at one and the same time be accomplished – The brave and virtuous father of Mrs Daubeny will be suitably commemorated; the Parish which is dedicated to the Virgin Mother of God, and bears

Copyright: Wexford County Archive

1886 — Thursday 17th June — Minutes Continued
June 17th

her sacred name will be honoured by her Statue, and greater than this the sacred text "If any man thirst let him come unto me and drink" will, like a faithful compass ever point to the True Fountain of Living Waters — The Incarnate son of the Living God in the arms of his immaculate and Virgin Mother.

These few remarks are but the embodiment of a suggestion thrown out by a trusted friend which I beg to submit for your consideration and that of the honourable body over which you so efficiently preside with the view of allaying the unpleasant feeling now prevailing.

Truly Yours

T. Byrne Esq. J. Cheevers

Ordered — That the consideration of Mr Cheevers' letter be referred to next meeting the members to be noticed to attend.

I have to state that the stop Cock in Quay Street is leaking Water and it requires to be repaired.

I have to state that the flagging of the footpath in Mary Street is finished as far up as Barrett's shop door. I got one one side of the Channel paved and Mr

Doyle told me the other side would require repavingalso.

Proposed by Mr O'Sullivan
Seconded by Mr Feirney

The Clerk stated that if Mr Finns Communication was entered on the Minutes, the Resolution passed would be useless, as Mr Finn should be elected as a Commissioner.

It was agreed that Mr Finns Communication be unentered until a reply from him be received, and then the Commissioners will decide thereon.

The following was read -

To The Honourable the Town Commissioners of the Town of New Ross -

Mr.

1886 — Thursday 17th June — Minutes Continued
June 17th

Mrs Clayton Daubeny presents her compliments to the Town Commissioners of New Ross and regrets extremely that any action of hers in connection with the Fountain erected by her should have given offence to any one.

Mrs Daubeny had been most gratified and grateful for the courteousness and liberality displayed by the Town ~~Commissioners~~ Commissioners in all their correspondence granting the site & opening of Fountain and she regrets that any act of hers should have given offence

It was far from Mrs Daubeny's wishes as it is alleged to "proselytize" or interfere in anyway with religious opinions. It is stated that Mrs D. sent over "Tracts" and other "Bisonous Rubbish" and therefore she must defend herself by saying that she never then, or at any time, has sent any "Tracts &c" to New Ross.

What she did send was 600 Gospels of St John (a text from which is on the Fountain) and she was far from thinking that in so doing she could be giving offence to any Christian denomination

If any tracts or other religious ~~denominations~~ publications has been sent purporting to have come from Mrs Daubeny she emphatically denies having done so, nor does she intend doing so.

containing intimation of the Meeting to be held for further consideration about the Fountain induces me to trouble you. kindly to hand this to the Commissioners

It strikes me as the pleasantest & most Liberal act of the Town Commissioners, would be to let the Fountain remain intact as it is & as it was when accepted with full approval of the Commissioners. Surely the plain text can give no offence to any Christian Denomination. The Harp was specially selected by Mrs Daubeny, as a graceful tribute to the National Emblem of the country the Fountain was presented to. Mrs Daubeny can repeat that from first to last, no illiberal feeling of any kind & least to interfere in any way with religious opinions entered her mind.

Mrs D. gratefully acknowledges the acceptance of the Fountain by the Commissioners & the placing thereof by their own inspection

To alter or deface or remove any portion now ~~not~~ would be neither Liberal nor consistent, with their acceptance & speeches at the opening ceremony If the alteration is decided on, Mrs D. hopes the Commissioners will allow her to send Mr Boulton to remove carefully to his works at Cheltenham

Faithfully Yours

In accordance with Notice of Motion —
Proposed by Mr. Meehan
Seconded by Mr. Murphy —
— That as the existence of the Daubeny Fountain in one of our public thoroughfares not unreasonably gives offence to the Catholic Inhabitants of the Town, on account of the inappropriate text on it. That also Mr. Daubeny on the inauguration of the Fountain had sent without consulting the Commissioners religious tracts offensive to the Catholic feeling.

We regret that Mr. Daubeny did not consult the Commissioners about the Text and the sending of the tracts as she had done about the site for the erection of the Fountain, and the address read at the opening of it, for we are sure the Commissioners would have advised her not to have this text on it, and not to send the tracts, and if their advice was not complied with would have refused to accept the Fountain.

Under those circumstances I propose that we erase the text which is as follows - "If any man thirst let him come unto me and drink John VII 37" as it is calculated to wound Catholic feeling whether intended or not.

After some conversation Mr. Meehan agreed to adjourn the consideration of his Resolution

That Patrick Hunt Quay, be elected a Commissioner in place of Patrick Finn resigned.

Passed unanimously.

The following was read.

To the Honourable the Town Commissioners of New Ross.

Mrs Clayton Dauberny's Compliments to the Honble Town Commissioners of the Town of New Ross, and as the Fountain now called the "Dauberny Fountain" was entirely a free Gift to the Town of New Ross, Considers that Whatever she herself may feel on the subject the said Fountain is no longer hers to deal with. If the Town decides on the removal of the Text they must do it on their own Responsibility.

Mrs Dauberny was far from having any idea of giving Offence by placing said Text (and no "Tracts" were sent by her).

Mrs Dauberny hopes that now that all has

freely discussed and all given their opinions, that all will sink differences and Combine for a peaceful Solution of the matter, and that the Fountain may be for many years a useful ornament to the Town of New Ross.

Addenda.

Mrs Dauberny has always Considered that the Fountain was lacking in not having a waste trough for dogs — Therefore Mrs D. begs to say that Whenever the Town Commissioners see their way to place a Granite Cattle Trough on the Quay (or other site) she will be willing and happy to send £20 to the Commissioners for such purpose, Which they Can select and place themselves (either to that amount or added to by subscription).

Ordered — That the Consideration of Mr Meehan's Resolution, and Mrs Daubenys letters be referred to next meeting, the members to be noticed to attend.

A Circular from the Local Government Board — dated 12th July 1886 — No 29,737 /86, was read as follows — The Local Government Board for Ireland transmit herewith for the information of the Urban

Sanitary Authority, a Copy of an Order which they have issued, Containing Rules and Regulations with reference to Ships having on Board Bales of Rags exported from Italy, and Consigned to this Country.

The Urban Sanitary Authority will see that duties under the order are to be Carried out by the Medical Officer of Health under the instructions of the Guardians of the Poor of the Unions named in Column 2 of the Schedule to the Order of the Local Government Board dated the 16th day of July 1883.

The sealed order referred to was annexed.

The following was read.

No. 27,119/86 - Miscellaneous.

Local Government Board
Dublin 14th July 1886.

Sir

I am directed by the Local Government Board for Ireland to forward to You herewith for the information of the Urban Sanitary Authority, an extract from the 9th Section of the Contagious Diseases (Animals) Act 1886, transferring to the Local Government Board the powers heretofore vested in the Lord Lieutenant and Privy Council under Section 34 of the Contagious Diseases (Animals) Act 1878, of making general or

or Special Orders relative to dairies, Cow sheds, and milk shops.

It will be seen that in the application of this section to Ireland the expression Local Authority means an Urban or Rural Authority within the meaning of the Public Health (Ireland) Act 1878 and consequently that the execution of the Orders referred to in an Urban Sanitary District now devolves upon the Urban Sanitary Authority.

I enclose a Copy of the Order made by the Lord Lieutenant and Privy Council on the 9th of August 1879 which deals with the Construction and water supply of new dairies and Cow sheds the Sanitary State of all dairies and Cow sheds and other matters which Order is to be observed remains in force.

I also forward a Copy of an Order which has now been made by the Local Government Board in pursuance of the 9th section of the Act of 1886 authorizing the Sanitary Authority to make regulations as to the registration of persons Carrying on the trade of Cow Keepers Dairymen or purveyors of Milk, for the inspection of Cattle in dairy Yards and Cow sheds for prescribing and regulating the lighting ventilation

drainage and water supply of dairies and Cow sheds, and prescribing precau-tions to be taken for protecting milk against infection or Contamination.

This Order is to the same effect as the Order which was made by the Lord Lieutenant and Privy Council on the 24th of November 1883 and I am to point out that if any regu-lations have been made by the Board of Guardians under that order it will be necessary for the Urban Sani-tary Authority to Consider the propriety of re-enacting such regula-tions under the new Order enclosed.

I am Sir
Your obedient Servant
W D Wodsworth
Secretary.

To the Executive Sanitary Officer of each Urban Sanitary District.

Sir

I beg to report for the information of the Local Government Board that I have audited the accounts of the New Ross Town Commissioners for the year ended the 31st December last and I forward herewith an abstract thereof showing the receipts and Expenditure for the period mentioned

I regret to find the arrears of rent due by the yearly tenants have increased since my last audit, and steps should be taken to recover the amount due, notably in the cases of Graves, Thorpe, and the Harbour Commissioners. I also regret to find that my suggestions with reference to the collection of the Pipe Water Rent and Borough Rate have not been acted upon and I again wish to call attention to these subjects if the Borough Rate was struck now the Collector would have ample time to close his collection before the end of the year. A sum of £10 " 16 " 0 balance due for manure sold on the 18th December last should be at

Copy of Resolution

Resolved – That we respectfully request Mr Gladstone and Her Majesty's Government to take into Consideration the Cases of those prisoners at present Confined in prison for Political Offences, or Whose Conviction was obtained for Offences Connected with political agitation in Ireland with a view to their immediate release; that we would the more strongly urge the Consideration of this matter upon Her Majesty's Ministers seeing that in July last the Leaders of the Conservative Party then in Office promised in the House of Commons in reply to Mr Parnell, a full inquiry into the Cases – a promise which they flagrantly and dishonourably failed to fulfil, and that in the Case of many of those prisoners grave doubts are entertained as to their guilt besides their Conviction being obtained by "very questionable means".

That Copies of this Resolution be sent to Mr Gladstone, Mr John Morley, Earl Spencer, and the Boards of Town Commissioners and Poor Law Guardians throughout Ireland.

It was deemed too late to take any steps in the matter and no order was made thereon.

July 29th

Dear Sir

I send enclosed report which appeared in the "Liverpool Daily Post," and would feel obliged if You would Kindly let me Know whether the report is true

I am a member of the Bootle Town Council, and as an Irishman occupying a public position, I am asked many questions with regard to events passing in Ireland, a reply will oblige.

Yours truly

John Geraghty

The Paragraph from the "Liverpool Daily Post" was enclosed and is herein fixed in the Margin of the Minutes.

It was agreed that the Clerk prepare a reply to Mr Geraghtys enquirey, giving the particulars of what occured in the proceedings of the Town Commissioners in reference to the Fountain and the Copies of the Gospels sent by Rs Daubeny and transmit same to McGeraghty.

The Notice of Motion respecting the Fountain was not proceeded with.

The Meeting was adjourned to
Thursday 5th August 1886

RELIGIOUS INTOLERANCE IN IRELAND.

A case of religious intolerance (a Dublin correspondent says) was reported yesterday from New Ross. Mrs. Daubeny, of London, being desirous of perpetuating the memory of her father, the late General Clayton Brown, determined on erecting a fountain as the best mode of effecting her object. She presented the fountain to the town commissioners of New Ross, in which town her deceased father had long been known. The commissioners accepted it, and thanked Mrs. Daubeny for the gift. With the fountain Mrs. Daubeny sent a number of copies of St. John's Gospel. A few of these were taken by the townspeople, and about sixty copies, constituting the balance, were returned to Mrs. Daubeny, with a curt note from the chairman of the commissioners. At the next meeting of the board this action on the part af the chairman was condemned; but it is stated, under the influence of the priests, the Roman Catholic commissioners who repudiated the conduct of the chairman have been obliged to apologise, and a resolution has since been passed directing that a text of Scripture on the base of the fountain should be erased. The Catholics charged Mrs. Daubeny with sending over poisonous stuff in the shape of Protestant tracts, and denounced five of the Catholic commissioners as guilty of religious profligacy. The text to be erased is from St. John: "If any man thirst let him come unto me and drink." It is regarded as calculated to wound Catholic feeling. It has also been proposed that an ornamental harp on the fountain shall be removed and a statue of the Virgin Mary substituted.

Sanitary Sub Officers Report — I have to state that I served Doctor Meehan with notice calling his attention to the back yard of house in Michael St occupied by Catherine Rushford where a nuisance is caused ~~by~~ for the want of a proper out-let from the yard to the Main Sewer in Street — William Douglas Landlord.

I have to state that I got the Main Sewer opened in Rosbercon & clained up in two places for about Nine years & found it full with mud to the covering flags. The covering flags are all broken and would not do again for covering flags. I had to call on Mr. Hearn in Rosbercon to get two loads of flags from him to replace the old flags to have the Sewer closed for the present time

Sanitary Sub Officer's Report — I Got the Service pipe opened at Mrs Margaret Ryan's in Mary Street and found the water to Come strong to the stop Cock outside. The Cause of the water not being received — the Cock being to high at the Wall in her Yard. Mr Kartrick adjusted the pipe and she now receives the water plentifully.

Visited the Lodging houses in Bewley Street, Mary Street, High Hill and Bunnieen, and found the houses and back yards Clean and no bad smell in the yards.

The following were read.

Sir,

I beg to report regarding the erection of Water Closets in the above houses.

As there are no Yards attached to any of those houses the Closets should be put up in one of the bedrooms of each house and if erected there is no means of properly flushing them as the Town water will not rise as high as the Cistern should be placed. I may remark if proper flushing is neglected the pipes would very soon become Choked and the Closets would consequently become dangerous to the health of the Tenants.

I am Sir

Clerks Report— The lists and Notices required by Law referring to the Annual Election of Town Commissioners were prepared printed & posted. Nominations were received on Tuesday 12th Instant four for the New Ross Ward for

John Harrington

Moses Redmond

Edward Walsh

John J. Browne Junior, and for the Rosbercon Ward one nomination for-

James G. Dooley

As nominations had been received on different years up to different hours fixed therefor by the Returning officers, the Returning officer Mr. Byrne considered it best to take legal advice as to the legal hour, up to which nominations could be received and he sent for Mr. Hearn Solr., who attended in the Commissioners office for that purpose.

After perusing the acts referring to the Election Mr. Hearn advised, that as 4 oclock P. M. was the hour until which the Town Clerk was legally bound to attend in the office to receive legal Notices, that was the hour to stop receiving Nomination papers for the Annual Election of Town Comrs.

In accordance with this advice the Returning

A Proposal was read from John Phelan Gardenkehy for two heaps of manure @ 25/- per heap.

In accordance with Order passed at previous meeting the proposal was accepted.

A Communication was read from Thomas Wall, Charleton Hill, Tenant to the Commissioners, saying - I regret I must again ask you to repair the roof of my house at three Bullet Gate. The storm of yesterday and last night has done much damage to it and as it is of great inconvenience to me, and might be of serious injury, I respectfully ask you to give it your immediate attention

Ordered - That M. Curran, one of the men in the employment of the Commissioners be got to repair T. Walls and T. Healy's house. after the roofs are pointed to be Coal tarred &c

The following was read.

Report of the Committee appointed to inspect the Fire Engine Room and the weigh-bridge.

We inspected the Fire Engine Room and the lengths of Hose belonging to the Engine, with Mr W. Hartrick, Senior.

We agreed that Mr Hartrick repair the three lengths of injured delivery Hose

We recommend that four lengths of new delivery

1886 — Thursday 9th December — Minutes Continued December 9th

Hose be purchased from Shand & Mason the Manufactures of the Engine

Also the purchase of three lengths of suction Hose.

After the three lengths of suction Hose is received that two lengths of defective suction Hose be sent to Shand and Mason & be repaired.

Mr Hattrick represented to the Committee that the Police having a Key for the Fire Engine Room, place the dead bodies of persons drowned in the room. That if a fire occurred during the time a dead body would be at the entrance of the Engine Room, much inconvenience would be experienced in removing the body to allow the Fire Engine and appliances.

The Committee agree to recommend that a portion of the Engine Room be walled off at the inner end of the Room - Eight feet four inches long, by six feet four inches wide - the used as a Morgue, awaiting Inquest to receive dead bodies. This Morgue to be properly walled off from the Fish house and be properly ventilated - the entrance door to be on the South side from the Quay

We recommend that nothing but the Engine and the appliances connected with it be allowed to be Kept in the

the Engine Room. That any other appliances now Kept in the Engine Room, belonging to the Commissioners, be Kept under lock in the manure yard.

We recommend that a Stove and pipe be fixed in the weigh bridge.

We recommend that the interior of the Fishhouse and weigh bridge be limewashed, and the woodwork repaired and painted where required.

Also - That the forementioned works at the weigh bridge, Fishhouse &c be done under by direction and under inspection of a Committee,

Sanitary Sub Officers Report — I visited the back yard of house in Maiden Lane occupied by John Phelan. He is Tenant to Thomas Jeffares. I found the wall, that M^r Cummins got built at the time he was getting the pipes brought through the back yards of his houses in Maiden Lane to the main sewer in High Hill, broken. M^rs Phelan made a hole through the wall, and all the nuisance from the three yards of M^r Jeffares houses is running down, having no drain from the yards to carry the nuisance away. The yards are in a filthy state.

I served a notice on D^r Meehan Calling his attention to the back yard of the house occupied by John Phelan Maiden Lane where a wall has been broken down

Proposed by Mr Walsh

That we the Town Commissioners of New Ross, have learned with regret the hasty action of the Local Government Board in having dissolved the New Ross Board of elected Guardians, and intrusting the Governing of it to Vice-Guardians. We mean no personal disrespect to those gentlemen who have got this appointment as we dont know them, but this we know that of late years the discipline of the Workhouse was faultless, and the affairs of the Union strictly looked after, which has given general satisfaction, and to deprive the inmates of those natural Guardians who had a care over their spiritual and temporal wants, and the rate payers of their power of Choice in placing persons of trust to fill that position, is a loss that Cannot be repaid by other Officials. This Course of the Local Government Board, no matter how well intended, Cannot relieve the people of this Union district of the remembrance, nearly forty years since, of the wretched and unhappy scenes of disorder which occurred when the Workhouse was placed in the hands of Vice-Guardians. We trust that the Local Government Board will come to amicable arrangements with the Guardians. That we may

New Rop Union.

Local Government Board
Dublin, 22nd December 1886

Sir

I am directed by the Local Government Board for Ireland to acknowledge the receipt of your letter of the 18th Instant forwarding a Copy of a Resolution passed by the New Rop Town Commissioners in reference to the ~~Resolution~~ Dissolution of the New Rop Board of Guardians.

It was with much regret that the Board found it necessary to supersede the Guardians in the discharge of their duties but their Course of ~~actions~~ left the Board no alternative in the matter unless they

were prepared to allow the General Order regulating the management of Workhouses in Ireland to be violated with impunity, as the Guardians, although twice warned that their persistence in disregarding that Order would lead to their dissolution, adopted a resolution distinctly directing that the Workhouse Rules should be infringed, and defied the authority of the Local Government Board.

With respect to that part of the Lords Commissioners' Resolution in which they expressed the hope that the Board would come to amicable arrangements with the Guardians I am to point out that the Guardians can only be restored to office by an election carried on in the usual manner.

If the Nine Guardians are enabled to administer the affairs of the Union and to collect the Rates, without the obstruction which has been so ill advisedly and illegally advocated by certain persons in the Union, the Board would in a short time bring the services of the Nine Guardians to a termination, and order an election of Guardians to take place, but if on the other hand any organized opposition to the administration of the Poor Law Acts by the Nine Guardians and the Collection of the Poor Rates is attempted,

The Town Commissioners
New Ros.

Proposed by Mr Meehan
Seconded by Mr Kenedy

That we adopt the following Resolution passed at the last meeting of the New Ros National League -

That we have hailed with pleasure, the visit we were honoured with in having the presence of the Revd Canon Doyle in our midst, presiding at the late Convention held here. We are glad to find him in good health, and still possessed of

of the same zeal and energy as when we had known him in Rep in the days of yore in taking the field and leading on a Cause, fair in the undertaking, breaking down an injustice on the people by that notorious pigring. There has now entered in aiding him every well meaning man throughout the Country, and who will support him until that abominable blacking system is squelched. There is the law to protect the people. If we had not such self sacrificing and patriotic men as Father Doyle to lead the people and make a bold stand for their rights, the pigring and the scourge of Landlordism would before long leave the Country in a deplorably wretched Condition.

Passed unanimously

A number of papers and a Communication was received from Thomas Lim Chairman of the Irish Section of the Royal Jubilee Exhibition in Manchester— 1887— was received. Referred to next meeting the Clerk to examine the papers and state result at next Meeting.

The Meeting was adjourned Thursday 13th January 1887.

Police Battoning the People

That we, the Town Commissioners, on behalf of the Inhabitants of New Ross, whose general Conduct was always inreproachable, and in trying Circumstances, lived in harmony with each other, Protest in the strongest manner against the action of the Authorities in drafting into the Town a large number of the Constabulary, which was unnecessary, and subsequent acts Committed by them — viz: — bludgeoning peaceable Inhabitants, and in other ways acting offensively to the people, was the Cause of disturbing the peace of the Town. That we Consider those persons who made themselves instrumental in bringing extra police to the Town, are not in favour of law and order, and that their Conduct is very Censurable; for while pretending to be for peace, we believe their intentions were the opposite

opposite. That we believe the usual peace and good order of society in New Ross would have Continued, if the Town had been left to its Ordinary force of Police, with the assistance of the Roman Catholic Clergy and the influential Inhabitants, if their aid became necessary, from any cause. The pretence for amassing such a force in a peaceable Town, was that some Inmates of the Workhouse rebelled against the Vice Guardians, because they received as we believe harsh treatment from the Officials." House of Commons 8th March 1887

Dear Sir

I beg to acknowledge yours of the 5th with Copy of Resolution passed at at Meeting of the Town Commissioners of Newry. Before the receipt of your letter I had a Consultation with my Colleque Mr. E. Redmond when we agreed to bring the Conduct of the Police before the House at the earliest possible moment.

It is unfortunate that the Supplimentary Vote for the Irish Constabulary was passed before we had time to Collect evidence bearing on the Conduct of the Police and recent occurences in Newry. We will however raise the question when the next Vote in Supply Comes on.

Under existing Circumstances when the Government have taken the whole time of the House for the discussion of their Bill on Procedure it is impossible to raise other questions except in Committee of Supply. We will however in the mean time address Certain questions to the Chief Secretary and do our best to get some satisfaction.

The Conduct of the Police and their officers was most brutal and unjustifiable and is sure to have left behind feelings of anger and resentment in the minds of the People

I am yours very truly

up would
not let water pass

Sanitary Sub. officers Report — I have
to state that on this week I got the main
water pipe in John St opened & tested by
William Hartrick and the water would
not pass through the pipes to the end of
the pipe in John St. . I had five lengths
of pipes taken up in John St. & found them
nearly full up with soft matter. Mr.
Hartrick thinks we will have to take up
more of the pipes and put down new pipes
to replace them.

To Wm John Tobin

Town Clerk.

Dear Mr Tobin,

I thank the Town Commissioners of New Ross (and all the people of that locality who are moved by the same sentiments towards me) for the resolution of sympathy and approval which they passed unanimously. How good and grateful is the Irish heart, when the little exertions I was making for some years in behalf of the oppressed, and my attitude before the judge, which Cost me nothing, have elicited such public expression of sympathy and regard as meet my eye every day, since that happiest in my life, the day of my Committal to Kilmainham. Hoping to be able to deserve your affection and esteem, I remain, Dear Mr Tobin

Yours very Faithfully

the House of Commons of an Irish Crimes Bill of such a despotic Character that if passed into Law, it will annihilate Civil liberty in Ireland. We protest in the face of the Civilized World against the Conduct of the Government of England — a Country that has for many years proclaimed itself the propagandist of Civil liberty all over the World — in now endeavouring to pass this atrocious penal law for the purpose of suppressing the rights and liberties of the people of Ireland. That Ireland having been for the last thirty-five years subjected to the worst system of Government, as regards her material interests, of any Country in the Civilized World, our people are now threatened to be persecuted with a penal law as bad as the worst of those passed during the eighteenth Century; against such a system we again solemnly protest."

Qualification of Town Comrs

Solicitors Opinion —

In reply to your query as to the qualification of a Commissioner, Section 16 of the Commissioners Clauses Act 1847 enacts that every Commissioner who for six months in succession, is absent from all meetings of the Commissioners, and neglects to act in execution of that Act, and the Towns Improvement Act should be disqualified—

— the Circumstances, it appears that the Commissioner in question attended a Committee meeting of a Committee Consisting of the Whole body in relation to the Artizans Dwellings Act, and in my opinion this attendance was in virtue of his office of Commissioner and in discharge of part of his duties as such Commissioner — I therefor Consider such attendance takes him from disqualification.

Yours faithfully
John R. Colfer

J. Tobin Esqr
Town Clerk.

The Clerk stated as his reasons for applying to the Solicitor without waiting for an Order from the Commissioners —

That Mr John Harrington had taken the Commissioners Declaration at a Meeting of the Commissioners held on the 28th October 1886, but did not attend any meeting of the Commissioners until the 26th April 1887, when he attended a Meeting of the Artizans Dwellings Committee, which Committee Comprised the Whole of the Commissioners, that he (clerk) began to entertain a doubt, that the meeting of the Committee, though embracing the Whole of the Commissioners, might not be a meeting of the Commissioners within the meaning of the 16th Section of the "Commissioners Clauses Act 1847", he went to the Solicitor to ask his advice and opinion thereon, so that if Mr

Copyright Wexford County Archive

Harrington's attendance on the forementioned date did not prevent his disqualification, he or another could be elected at the present meeting in place of Mr Dooley, or himself in place of himself at an adjourned meeting, as he had expressed an intention to act as a Commissioner if not disqualified. It would be necessary for the Commissioners to express approval or disapproval of the action of the Clerk in Consulting the Solicitor without an order from the Commissioners.

Ordered — That we approve of the action of the Clerk in Consulting our Solicitor respecting Mr Harrington's qualification, for the information of the Commissioners at this meeting.

Fee Farm grant of the 16th April 1855,
Legal opinion payable out of the houses occupied by Mr
Mr Roughs Rent- Rough and Mr Malley, there is nothing in point-
not to be divided of law to prevent the Commissioners from doing
so, but to carry out the matter legally, a
proper deed of partition and apportion
— ment of rent should be prepared and
executed by the Commissioners, and the parties
interested under the grant. While, however,
there is no legal objection to adopting
this Course, I am strongly of opinion that
it would be a very improper step for the
Commissioners to take — the security for
this rent would thereby be lessened, and
the recovery of such rent would be rende-
— red more difficult. These reasons
are usually sufficient to restrain
private individuals from abandoning
their rights under a Lease, and they should
have much greater weight with a Corporate
body when asked to undo the act of their prede-
cessors, without any prospect of benefit to the
Ratepayers whom the Corporation represents.

Legal Opinion
Mr Keegan's
Commercial Club — In answer to the query, whether the Commissi-
Ground in Rott. St. — oners "may let or Lease to the Commercial Club
"the vacant plot of ground in Robert Street,"
I am of opinion that the circumstances in

Legal opinion
Ground in Robt St

connection with this plot afford a presumption of ownership in the Commissioners, and therefore, that they may make a letting of the plot. The Ordinary Leasing power of the Commissioners is limited to 31 years, but by the 142nd Section of 3rd and 4th Vic. Cap 108, building Leases for 75 years may be within certain restrictions be given.

In the present Case, however, it should be born in mind, that the premises now occupied by the Commercial Club belong to Col Lottenham, on the expiration of the existing Lease, and these premises have a right of ingress attached to them, and also certain rights of light and air, care should be taken in any letting that may be made, to preserve all existing rights, and to prevent the premises being used in such a manner as would prejudicially affect such rights.

I would therefore suggest that no letting be made beyond the term of the Lease under which the Club premises are held and that a proper map and survey of the plot of ground be made and annexed to the Lease or other Document creating the letting.

for working men's residences, after the passing of the Act where the rent does not exceed £4 a year, there shall be implied in the Contract of letting a condition that at the date of such contract the house was reasonably fit for human habitation.

If therefore the Commissioners should let any such house, they would be liable to be sued at law for the expense and loss occasioned by any breach of the implied Contract. I dont Consider that this section prohibits the Commissioners from building under the Act and Charging a higher rent than £4. a year.

The Clerk stated, that as Mr Cheevers' qualification depended on his being a Voter on the Municipal Voters List, and as the responsibility of Making out that list, rested exclusively on the Clerk to the Town Commissioners, it might be well, as Mr Cheevers was the first instance in which his qualification was used in the election of a Commissioner, that the Solicitors advice be taken to see that all was right, before Mr Cheevers would be noticed to attend to act as a Commissioner. Also for the reason that Mr Cheevers had Consented to act if the Commissioners Considered him legally eligible for the position.

respecting pipes and stench traps, in accord with the notice requiring him to do so.

The Executive Sanitary Officer reported that Mr W. Cummins called to the Office and stated that the nuisance from the Yards of Mr Jeffare's houses in Maiden Lane was flowing into the Yard of one of his (Mr Cummins) houses through a hole made in the partition wall by the tenant of Mr Jeffares. The Sanitary Sub Officer was present and stated that Mr Lynq, Mr Jeffare's shop foreman had told him (Sanitary S. Officer), that Mr T. Byrne had been employed to get the piped drainage in Mr Jeffare's yard done; that Mr Byrne's not doing the work was the Cause of the delay in having the Magistrates Order Complied with. Mr Cummins said he had been speaking to T. Byrne about the Matter, and he said he heard nothing about it.

Ordered — That the Executive Sanitary Officer write to Mr Jeffares, stating that if the work of the piped drainage in the Yards of his houses in Maiden Lane is not proceeded with immediately, the Commissioners will be obliged to apply to the Court to cause the Order of the Magistrates to be enforced.

and I had to turn & sell some other articles as well as the nails in order to try and live, in which or rather similar articles, I believe Mrs Simmons was also a dealer and is the only reason which I can attribute for her Conduct towards me. Not long since, she came and took up my standing and would not let me near the place where I have been for years, but is daily abusing me which abuse I cannot hear as I am very deaf.

I am very poor and destitute, and have no one to give me a penny to support myself but what I earn out of the sale of the nails, and as an old inhabitant of the Town I will be for ever obliged if you will instruct Your inspector to order Mrs Simmons back to the place where she originally had her standing and let me occupy my place in peace.

Your obedient servant

Catherine Allen.

The Inspector was present at the meeting and he was directed to place Mrs Simmons at the side of the street where she had been in the habit of keeping her standing
