M. Hartrick came before meeting respecting Conditions of his Contract — Sustained Neville St. pump broken by accident

Mr M. Hartrick Came before the Meeting and stated that the Order passed at previous Meeting respecting his Contract appeared to bind him to replace all matters Connected with the pumps and Fountains during the next three years — even if a pump happened to be broken as in the recent accident to the Neville St. pump.

Commissioners agreed that M. Hartrick should not be bound to repair a pump broken by accident same as the Neville St. Pump.

The Commissioners agreed that Mr Hartrick should not be bound to repair a pump &c if broken by accident similar to the Case referred to; that he would be only bound to repair the works of the pumps and Fountains in the same manner as specified in the bond of the last Contractor

Neville St Pump — the Well Could not be Cleaned owing to the flow of water

Mr Hartrick stated that he had been engaged in fixing down the Nevell street pump before entering into his Contract; that the well of that pump required to be Cleaned, but owing to the large flow of water, the Fire Engine was not Capable of removing the water, and Consequently the Well Could not be Cleaned until next

1874 – Thursday 12th February – Minutes Continued –

To His Excellency the Lord Lieutenant and the Executive for the attention given to their Communications respecting the Change of the Fairs in New Ross particularly to their Telegram sent on the 7th Inst. requesting to have the Order given to the Constabulary to take the names and addresses of persons attending in New Ross to hold Fairs on the 9th & 10th Inst. – Also –

To state for the information of His Excellency, that the reason why the Commissioners asked to have the Order for taking the names at the Fairs on the 9th & 10th withdrawn was that the people in the surrounding Country had been greatly excited by persons who agitated very actively against the new arrangement of the Fairs – so much so that only a few sellers attended the first new Fair on the 28th ult. – and that the Commissioners feared that the taking of the names and addresses on the 9th & 10th would probably be the Cause of disturbance and injure the Fairs and Trade of the Town for a long time.

The Clerk Reported that the Advertisements inviting proposals for making the Sewer and "Sank" at the Workhouse, to be received on the 5th Inst. had been issued and posted – That no tenders were received.

Ordered – That advertisements be issued inviting proposals for making the Sank and Sewer at the Workhouse – the proposals to be received and Considered on the 19th Inst.

That W Richard Baldwin South street be elected a Town Commissioner in place of W Hutchinson resigned.
Passed unanimously.

The following was read.

New Ross 30th January 1874

The Chairman of Town Commissioners —

I beg to tender my resignation as a Town Commissioner from this day
William Jeffares.

Ordered — That we decline to accept and act on the resignation — That W Jeffares be requested to reconsider the matter with the view that he will withdraw his resignation and resume his duties as Town Commissioner as the Commissioners would regret very much his severance from their body with which he has been so long and usefully Connected.

The following were Read.

New Ross, 31st January 1874

Sir,

Refering to our interview to day as to the position of the Town Commissioners about the Fairs fixed by them, I beg to suggest that a full statement of how the matter stands be submitted

submitted to Counsel for his guidance and direction of the Commissioners.

In the event of the Commissioners not taking any action on the 9th or 10th February it would only be Courteous to the Lord Lieutenant to inform him in time to prevent the necessity of the police attending.

Your obt. Servt.
Thos. Boyd.

To the Chairman of
Town Commissioners
New Ross.

Feb. 12th 1874.

Sir.

I have received your letter of the 11th instant and as much as I should desire to wait the further convenience of the Commissioners I must ask you to inform them that as I have already delayed for so considerable a time, and that my previous applications have not been attended to as I expected, I cannot again interfere with the steps I have given directions to be taken for sequestrating the income of the Commissioners or whatever other proceedings may be necessary to compel the payment of a demand which should have been met on the first application many months ago.

Your obedient Servant
Thos Boyd

The Town Clerk
New Ross.

New Rop. 15th January 1874

Gentlemen

I have had Occasion to write to you some letters before regarding a Nuisance which is Caused by a Cesstank of your Workhouse. I find it still remains unremedied and shall now unwillingly be obliged to put the matter into the hands of a Solicitor unless it is at once removed.

Very truly Yours

The following

Tenders for making a Tank in M Kelly's field Opposite the Workhouse were read.

From Patrick Byrne — I propose to build a Tank in M Kelly's field twelve feet square in accord with your Specification for the sum of £35. My security James Byrne, Baker Main Street.

As you have not given a proper or I may say any specification of what you want to have done, the above sum is Charged for proper and permanent walls and roof or arch. If the work will suit of a lighter and less permanent nature the work Can be done for a much less Sum.

Copyright: Wexford County Archive

From Michael Carty - I propose to build a Tank according to specification, being twelve feet Square, the depth from of arch to floor twelve feet. As there is no thickness for walls given for in specification I consider not less than eighteen inches sufficient to bear the weight of arch, the nine inches brick work backed with nine inches stone work. Also a fourteen inch Arch. I finding all materials and workmanship for the Sum of £32.11.0.

Ordered - That Michael Carty's Tender be accepted that Mr Maher employ a sufficient number of our men to make the Sewer from the Workhouse to Kelly's field against this day week.

Ordered - That Messrs - P. Kelly and D. Fowler be appointed on the part of the Commissioners to See the necessary arrangements for making the Tank in Mr Kelly's field and the Sewer from the Workhouse, and inspect the making of same, and be vested with all necessary power respecting the materials to be used &c That the Clerk Communicate to the Board of Guardians the acceptance of the Tender for making the Tank and the steps ordered to be taken respecting same.

Ordered - That this Meeting be adjourned to 11 Oclock A. M. Monday 23rd February 1874 to transact Ordinary business and to Consider on the best steps to be taken to make Mount-Garret Bridge free of tolls.

The following was agreed to — We recommend that Mr Fardy be instructed to place the Cock upon the pipe in the privy inside the Casing which Contains the Gas Meter. That the Gas then be lighted at same time as the public Lamps and extinguished immediately after all others have been put out. That a two foot burner be used in place of the one at present in use for lighting the privy on the Quay.

We do not understand the Charge of £1.2.4 more for the six Months ending December 1873 than for the Corresponding period 1872 for the light at the privy.

The further examination of the Bill was deferred to 8 Oclock P.M. Wednesday 25th February 1874

Mr Fardy Manager New Ross Gas works attended the meeting and explained that the £1-2-4 Charged in excess for the half year ending december 1873 over the Corresponding period in previous year was in Consequence of damages done to the piping which Caused the extra Consumption of Gas. He stated that the piping in had been frequently injured in the privy by persons having access to the piping and light that in some instances the Gas Company did not Charge for repairs effected there.

With respect to having the Cock placed inside the Meter Casing, Mr Fardy requested that the order be withdrawn, and that in the Course of a Fortnight he would devise a Mode of Keeping the light in the privy in such a manner as that it would not be liable to be injured as heretofore.

The Committee agreed to Mr Fardys request.

The Committee Concluded the examination of the Bill from the Gas Company and Certified for payment of the amount £114-0-0

The following Petition was read.

To the Honourable the Commons of Great Britain and Ireland in Parliament Assembled.

The Humble Petition of the Board of Town Comrs. of NewRoss in the County of Wexford

Sheweth.

That your Petitioners believe the Sale of Intoxicating Liquors on Sunday to be a special source of intemperance, immorality, and Crime;

That on the day set apart for rest and Devine Worship, when usual labour is prohibited and the wages for the support of the family have been recently received, the temptations of the liquor Traffic are permitted, to the grievous injury of good Morals and of the health, wealth, and Comfort of the people of Ireland.

That the Keeping of Houses for the sale of drink open on Sunday is injurious to the Publicans themselves and

and their Households;

That Your Petitioners have observed with much satisfaction that a Bill entitled the "Sale of Liquor on Sunday (Ireland) Bill" has been introduced into Your Honourable House during the present Session of Parliament for stopping said sale in Ireland during the whole of Sunday.

Your Petitioners therefore pray Your Honourable House to extend in Ireland the Provisions of the Law which prevents the opening of all Houses for the Sale of Liquor during certain hours of Sunday & the whole of the twenty four hours of that day, and pass the Sale of Liquors on Sunday (Ireland) Bill aforesaid.

And Your Petitioners will ever Pray

In reference to the Railway Bill now before Parliament respecting the Waterford, New Ross and Wexford Junction Railway the Chairman read the following Petition —

In the House of Commons

Session 1874

Waterford, New Ross and Wexford Junction Railway

Petition Praying to be heard by Counsel

Against.

Unto the Honorable the Commons of Great Britain and Ireland

in Parliament Assembled.

The Humble Petition of the Commissioners of New Ross under the Towns Improvement Act, Ireland.

Sheweth as follows:—

That Your Petitioners are incorporated under Act of Parliament for the Control and Management of the affairs of the Borough of New Ross, whose former Municipal Corporation was dissolved, under the Irish Municipal Reform Act.

That a Bill has been introduced into, and is now pending in your Honorable House entitled — "The Waterford New Ross and Wexford Junction Railway (Extension) Act 1874.

That said Bill is introduced by a Company entitled the Waterford New Ross and Wexford Junction Railway Commpany, but that the said Bill does not propose the Construction of any Railway from Waterford to New Ross, but only a short Railway (with certain immaterial deviations) from a portion of the Company's existing Railway which is at present being worked only Occasionally, and inefficiently to the bank of the River Barrow, which is at the farthest side of that River from, and lies opposite to the Town of New Ross involving the Construction of a Bridge across the Confluence Rivers Barrow and Nore, which at the place intended to be crossed, is a very large and deep tidal and navigable River.

The Company in the year 1864 obtained the sanction of your Honorable House to an Act authorising the Construction of a Railway from Bally.william

to

1874 — Monday — 30th March — Minutes Continued —

to the said River Barrow. The Railway authorised by that Act, was intended to terminate at the East side of the River at which New Ross stands in which Case the projected Terminus would be erected in the most convenient situation at the Northern extremity of the Quays of New Ross and from whence Tramways could be run in a direct and level line along those Quays so as greatly to convenience the Shipment of traffic to and from the many and large Ships which at present discharge and load at those Quays. That scheme has already received the sanction of your Honorable House and the complete assent of your Petitioners.

That New Ross is a Town of Considerable Mercantile importance being the Place of export and import for great part of the Southern Portion of the Province of Leinster and being situate at a Considerable distance from the Sea upon a River, or rather on the confluence of two large Rivers which admit of Ships of the Capacity of one thousand five hundred tons being discharged alongside the very Quay.

The proposed Construction of the Railway at the Rosbercon side of the Barrow, or that away from the Town of New Ross would be very injurious to the traders and inhabitants of the Borough and is objectionable upon various grounds amongst which are the following

First. That it would involve Considerable and expensive Cartage from the Quays and Town of New Ross to and from any station which may be built as proposed.

Second. That it involves the Construction

of

of a line of Railway two miles longer than that heretofore Sanctioned and of a new Bridge at a short distance above the present Bridge causing great additional expense and hindrance to the navigation of the River altogether unnecessary for the purposes Contemplated by the Bill whereas if at any future time it may lie within the Power of the Promoters to extend their Railway to Waterford (which your Petitioners believe in the present state of their finances) to be unlikely such extension Can be best and least injuriously effected by the Railway being crossed over a bridge alongside the Present Bridge such as was already Sanctioned by Parliament on their former application.

Third — That it renders impossible the improvement and development of the Trade of the Town by the constructing of tramways in Connection with the Railway which tramways your Petitioners desire to construct and from which they expect Considerable advantage

Fourth — That as the River is deep at the Eastern and NewRoss side and very shallow at the Western or Rosbercon side. such transfer of the trade of the Town and of the loading and unloading of goods would be extremly expensive and disadvantageous

Fifth — That as many of your Petitioners Constituents have expended large sums of money in the Construction of Warehouses and in the establishing their several trades in the present localities at and near the Quay and in the Town of NewRoss it is injurious and wasteful that the convenience for the Carriage of traffic should not be made to suit

rather

1874 — Monday 30th March — Minutes Continued —

rather than to destroy those vested interests.

The Promoters have frequently during the last seven years brought before Parliament various and incomplete schemes for the carrying out their undertaking.

They have not proceeded with due diligence in the completion of the works already authorised by Parliament, nor have they continuously or efficiently worked those portions of their undertaking which are Complete and your Petitioners submit that if it shall appear to your Honorable Committee that they are financially and otherwise competent to proceed with any new works they should be empowered only to carry out the scheme already sanctioned by Parliament.

Your Petitioners therefore humbly pray that the said Bill may not pass into a Law and that they may be heard by themselves their Counsel Agents and witnesses before any Committee of your Honorable House to whom the same may be referred against the preamble and clauses thereof and if need be in support of the insertion in said Bill of such amendments Clauses and provisions as may be necessary for your Petitioners protection or that such other relief may be afforded to them in the premises as to your Honorable House may seem meet.

And your Petitioners will ever pray &c

Proposed by Mr Quin

That the Commissioners take no action in opposing any scheme of

of Railway that Comes to Ros or its neighbourhood, or to the Bill at present before parliament

Amendment

Proposed by Mr Murphy
Seconded by Mr Cochlan —

That it would be injurious to the Grade of the Port of New Ros to have the Terminus of the projected Railway in Rosbercon, and that the Commissioners appose the passing of the present Bill now before Parliament by adopting a petition against it.

The Amendment was put to the Vote, when there appeared — For — Mesrs — Kelly, Williams, Murphy, Cochlan and the Chairman — 5.

Waterford New Rop and Wexford
— Junction Railway Bill —

To the Clerk to the Referees of the House of Commons on Private Bills, and to Agents for the undermentioned Petitioners

Be pleased to take notice that the Promoters of the above named Bill intend to object to the right either of the Commissioners of New Rop under the Towns Improvement Act Ireland, or of Mr Shephard F. M'Cormick to be heard upon the Petition purporting to be that of the said Commissioners & be signed on their behalf by the said Shephard F. M'Cormick against the said Bill and that the grounds on which the said Promoters intended to object are:—

1 The said Commissioners are not as alleged incorporated under Act of Parliament

2 The said Commissioners have not in fact the local management of New Rop within the meaning of the standing Order No 134 of the House of Commons nor is it sufficiently alleged, nor does it appear from the Petition that New Rop will be injuriously affected by the Bill within the meaning of that standing Order.

3 The injury to New Rop alleged or referred to in the Petition is not such an injury as is contemplated by the said standing order, nor would it entitle the said Commissioners to be heard even if the Petition had been duly signed by them or a quorum of them.

4. The Petition is not signed by a

quorum of the said Commissioners.

5. The Signature & Seal Petition of the said Wm McCormick the Chairman of the said Commissioners, does not entitle either the Commissioners or the said Wm McCormick to be heard upon the Petition

6. It is not alleged nor is it the fact that any property, right or interest either of the said Commissioners or of the said Wm McCormick will be taken, affected or interfered with by, or under the Bill.

April 3rd 1874

Dear Sir

I received your letter of the 31st ult. just as I was about leaving London last night. I regret I was not sooner informed that the Town Commissioners were desirous of receiving the Parliamentary Papers. Will you kindly Convey My Amplements to them at their next Meeting and say that your letter was the first intimation I had of any such desire on their part, and that the default did not arise from any intentional neglect On My part. I shall forward them regularly to the Office in future, and as I suppose the Commissioners wish to have the Collection as Complete possible, I shall take the earliest opportunity after my return to London of forwarding to the Office the mass of papers which have been delivered since the opening of Parliament.

I intend to be in New Ross on Tuesday evening and hope I shall have an opportunity of Meeting

The Commissioners.

Believe Me
Yours very Faithfully

House of Commons April 15th 1874

Dear Sir,

I have sent You a parcel by post today containing Copies of the Irish Bills and others of General interest since the session began and of such other papers as I thought might be of interest to the Town Commissioners. I will hereafter forward them regularly, and if at any time I omit any one you wish for let me know and I will send it.

I should like you to call the attention of the Commissioners to the Return relating to Parliamentary in Ireland as there may probably be an attempt now to found some Legislation on it.

You will find in the parcel Copies of the only three Acts which as yet which received the Royal assent. I will send the others as the Acts are passed, and if the Town Commissioners preserve them and have them bound at the end of the Session they will have a Copy of all the Statutes of the year at little or no expense.

1874 — Monday 18th May — Minutes Continued —

The following was read in reference to Order made at Meeting held on the 4th Inst. —

Town Commissioners

New Ros. May 4th 1874

Sir

Solicitors opinion respecting the resignation and Election of Commissioners to fill Casual Vacancies.

Referring to your Communication of this date

As to the 1st question —

I think a Commissioner Can resign and that the remaining Commissioners have no power to refuse his resignation. I think his Resignation ought to be entered on the Commissioners Minute Book as a Record. A Commissioner offering to resign may, until the resignation is entered on the Minutes (with approval of the remaining Commissioners) withdraw his resignation and afterwards act without a new Election.

As to the second question.

I incline to think the remaining Commissioners may fill up a Casual Vacancy after a month has elapsed but I Certainly advise them not to let the Month slip if possible. — I think the Month would probably count from the time the Minute of the Vacancy is entered in the Commissioners Book.

I may add provision is made for preventing informalities in the appointment of Commissioners from invalidating their proceedings

I am Sir
Your faithful Servt
Thos Boyd

The Town Clerk

Dear Sir,

I received your favour of the 9th last night. I am sorry to say I had no opportunity of trying to carry out the wishes of the Commissioners as on making enquiries this morning I found that the promoters had determined to withdraw the Bill. It has accordingly been withdrawn this afternoon. I was unable to see Mr Mott or Mr Dorrington, but I saw Mr Carr, and he wrote to me to the effect that he agreed with the Comrs as to the site of the "Lemmins, and that if the Bill went into Committee he would do all he could as an individual to carry out their views.

I remain Yours truly

Town Commissioners

Letter from Mr. McCormick declining to act after being reelected.

Dear Sir,

I beg to acknowledge the receipt of your letter dated 5th Inst. intimating to me that the Town Commissioners had done me the honour to re-elect me a Member of their body. In declining to again act, I trust the Commissioners will do me the justice to believe that I am actuated neither by pique nor anger, though I may have felt annoyed at the Course taken by some few members of the Body in regard of the late Railway movement It was rather from a desire to meet the Charge of using the office to forward my own private views which made me determine not any longer to remain a Commissioner. For some time previously it had been my intention to retire from taking part in the Management of Town affairs, and this Circumstance did no more than precipitate my retirement. During My Connection with your body, I had reason to Congratulate Myself upon the Kindly relations existing between us and shall never cease to remember the Courtesy and Confidence extended towards me during the period that I acted as Chairman.

In now taking leave, I beg you to Kindly Convey to the Commissioners my very Sincere acknowledgments, and requesting

Borough Rate

Clerk submitted Rough Estimate of a Borough Rate.

The Clerk submitted the Rough Estimate of a Borough Rate, shewing the amount of Rate that would be required for the ensuing twelve Months. Particulars as follows:—

Expenditures, Positive and Probable	£854. 15. 4
Claims for Payments	355. 16. 3
Total	1210. 11. 7
Assets	896. 15. 1
Balance, for which Borough Rate appeared to be required	313. 16. 6

On the Nett Assessable Valuation of property within the Borough, as appeared by the Rate Book, prepared and submitted — £7413. 4. 3, a Rate of Ten Pence in the Pound would give £308. 17. 8, being a Sum less than Balance required, by £4. 18. 10.

Borough Rate

Resolution adopting the Estimate — Notice to be inserted in Wexford People.

Proposed by W. Roche
Seconded by W. Fowler

That the Estimate of a Borough Rate now before us be adopted; that the Rating be entered in the Rate Book at Ten pence in the Pound; that our intention to make a Rate in accordance with the Estimate on Monday 25th day of May 1874, be advertised in the manner required by the Act by placards posted within the Borough and by Notice in a Newspaper, and that the Members be Noticed to attend at a Meeting to be held on the 25th Inst. to make the Rate.

Passed unanimously.

Ordered — That the Notice of Intention to make a Rate be inserted in the next issue of the Wexford People Newspaper.

New Rop. May 28th 1874

Sir,

In reference to your letter of the 18th Inst. asking for the information of the Town Commissioners, what steps they should take as to the payment of the Rents of the premises in Connection

Connection with the Endowed School - I have to state that I cannot see any right whatever the Commissioners have to interfere with either the Rents or the possession of the premises in question, and doing so pending the proceedings in Chancery to settle a scheme for the future management of the School, would be highly improper and expose the Commissioners to serious trouble and expense.

Markets — Clerks report

Constabulary reported Violation of the Bye Laws on 30th May

Clerk Report. — On Monday 1st Inst. Sub. Constable Michael Calahan Came to the Office and informed me that himself and Head Constable Raleigh detected a number of persons buying Fowl in the Fowl Market on the morning of Saturday 30th May last before Six Oclock A. M. in Violation of the Bye Laws — Also that the Constabulary would give evidence in the Cases named if the Commissioners would prosecute the parties.

That Constabulary would give evidence in the Cases

As there was no meeting of the Commissioners to be held in time to get an Order for the Solicitor to take Charge of the prosecutions, I waited on Mr Boyd and asked him to do so. He advised the Inspector as to the steps to be taken to have the Bye Laws sustained. Summonses were taken out against a number of persons who were generally fined in Petty Sessions on Friday 5th Inst. though ably defended by Mr Carr Solicitor who pleaded that the Bye Laws had not been legally Constituted. Mr Boyd, on the part of the Commissioners, proved to the satisfaction of the Bench that the Bye Laws for regulating the Markets had been formally and legally Constituted.

Clerk writes on Solicitor to take Charge of the Cases

Cases heard on the 5th Inst.

Solicitor for defence pleaded that Bye Laws were not properly or legally Constituted.

Mr Boyd proved to the satisfaction of the Court that Bye Laws were legally Constituted.

On Friday 5th Inst. after the hearing of the foremention Cases, Patrick Carroll, High Street Waterford Called to the office and stated that he had been Summoned as a Witness on the part of the Commissioners and requested his expenses - 10/-. I told him I would submit his application at next meeting of the Commissioners.

P. Fawcit Claimed 10/- by directions of Clerk of Petty Sessions

Patrick Faucit Summons Server Came to the Office and stated that Mr Mums Clerk of Petty Sessions desired him to Call, and get an order for 10/- from me for his Service of Summonses in Waterford and Rep in reference to the Violation of the Bye Laws. Stated him I Could not give him such an Order but would submit his application at Next Meeting of the Commissioners.

Trinity Hospital

Clerk reported – that McCan said he would hand his Claim for Trinity Hospital Law Costs to the Sheriff for recovery. – Clerk requested him to wait until Meeting of the Comrs to be held on the 15th inst.

On Friday 12th June, McCan Solicitor stated that – he would hand in Claim for Trinity Hospital Law Costs, ordered to be paid by the Commissioners to the Relators, to the Sheriff for enforcement of payment, on the 13th inst. Requested him not to do so until after the 15th when it was expected there would be a meeting of the Commissioners, and he Consented to do so, and avoid increased expense.

Accounts – Clerk reported

that he had sent notice of Audit to the Waterford Mail as an Advertisment – the in legal time – that proprietor did not send Copies of paper, as required, Containing the Advertisment.

On the 16th inst. I received the Notice from the Auditor that he would attend to Audit the Accounts on the 7th July next. In Order to have legal Notice given of the Audit, I sent an Advertisment Notice of the Audit for insertion in the next issue of the Waterford Mail and requested the proprietor to Send Copies of the paper Containing the Advertisment

Endowed School

Clerk reported that Caretaker would not continue longer in Care of School House &c unless allowed something to live on — That J. Thorpe and J. Mason had occupied part of the Grounds of the School

to His office as soon as issued. He did not do so. Mary Lester, Caretaker in the Endowed School stated to me that she could not Continue as Caretaker longer unless allowed something to enable her to live. That Jeremiah Mason had the Key of the Garden and the Crop &c that Mr Thorpe placed animals to graze on the pasture part of the Ground, and that a man named Grace had potatoes sowed in another part of it; that she had only the Occupation of the house.

Clerks Report

The steps taken by Clerk and reported to in report ordered to be approved.

Ordered — That the steps taken by the Clerk respecting the engagement of the Solicitor to proceed against the parties who violated the Bye Laws be approved. That the issue of the Advertisment of the Audit be approved. Also that the Replies given by the Clerk to the applications of Carroll Stone and Faucit be approved.

The Commissioners Considered that the proper place for having the applications for expenses to be allowed to P. Carroll and A. Stone was at the Petty Sessions Court when the Cases were heard.

Two Communications were read from James Boyle, Secretary to Public Health Committee of the Corporation of Dublin — referring to "the Public Health (Ireland) Bill 1874", and asking the opinion of the Commissioners respecting some Changes proposed in the Sanitary Law of Ireland by said Bill. The Second of the Communications, referred to a Copy of the Public Health Bill with alterations proposed by the Committee printed in Red letter, and requesting that if same were approved by the Comrs, they would ask their Representative in Parliament to support them.

A Communication was read from the Town Clerk of Town Comrs Enniskillen, enclosing a Resolution passed by their body to the effect that — the Clerk write to the General Town Councils, and Boards of Town Commissioners acting under the Towns Improvement (Ireland) Act 1854, urging upon them the necessity of requesting their respective parliamentary Representatives to co-operate with Lord Crichton, M.P. for the Borough of Enniskillen, in having the Fines for Drunkness allocated in aid of the Local Rates, instead of the Consolidated Fund, to which such fines are now applied under the Recent Licensing Act.

The Communication requested the Town Comrs of Ros to urge on their Parliamentary Representative the desirability of having a measure so injurious to the interests of the Ratepayers expunged from the Statute Book.

No Order made.

The following is his Report and Abstract.

Copy of Report of Auditor on Accounts of New Ross Town Commissioners for year ended 16th May 1874.

I have Audited and Examined the Accounts of the Town Commissioners of New Ross for the year ended the 16th May 1874, and in conformity with the provisions of the Local Government Ireland Act 1871. I annex hereto for the information of the Town Commissioners an Abstract of the Accounts shewing the Receipts and Expenditure under the

Copyright: Wexford County Archive

1874 — Thursday, 9th July — Minutes Continued —

the several heads during the period mentioned.

It will be seen from the Abstract, that there was a Balance due to the Treasurer on the 17th May 1873, of £211.12.7; that the Receipts from all Sources during the year amounted to £945.17.1. the Expenditure to £727.1.7. and that there was a balance standing to the Credit of the Town Commissioners at the Close of the year amounting to £7.2.11.

The payments made during the year, and Charged in the accounts submitted to me, have upon the whole, been vouched Satisfactorily. With regard to the Revenue of the Town Commissioners. I have examined the Accounts relating to the "Corporate Rents", the "Borough Rate", and the "Pipe Water Rents" and the Sums received under those heads respectively appear to have been placed to their Credit. I am sorry to say, however, that the want of diligence on the part of the Collector in getting in the Rate and the Pipe Water Rents, which I remarked upon, twelve months ago, is still very observable. The Rate signed on the 9th May 1873, the warrant for which was placed in the Collector's hands early in August last, is not yet Closed; and there was nearly One third of the sum levied for Pipe Water Rents outstanding at the Close of the year ended the 16th May last. This result I am forced to say, is not Creditable to the diligence of the Collector.

With regard to the Pipe Water Rents

I think

Copyright: Wexford County Archive

I think that too much is left to the Collector. I pointed out in the Report which I made at the Conclusion of the Audit held in the year 1873, that he regulates the supply of water, that he prepares the list of the parties who receive it, that he Collects the Rents, and that no adequate supervision is exercised over his proceedings. I feel Called upon to again direct the attention of the Town Commissioners to the subject, for if the present system is Continued, it will be quite out of my power to hold myself responsible, for the accuracy of the Accounts relating to this portion of the Commissioners revenue.

With regard to the Corporate Estate, the Rental and Returns of receipts submitted to me by the Collector, still Continue to be unsatisfactory. I remarked in my former Report, upon the defective nature of the information supplied to me, under this head, and I beg to Call the attention of the Commissioners again to the subject.

The Collector has placed before me a Return shewing the sums received by him on account of manure sold, but which I have no means of Checking. I think that in the Case of the sales of Manure, as in the Case of Pipe Water Rents, too much is left to the Collector. It appears that the manure is Collected under the Supervision of the Collector, as Town Inspector; that he makes the returns of the manure Collected, sells it, receives the

money

1874 Thursday, 9th July — Minutes Continued

money from the purchaser, and that no check of any sort is exercised over him. This is far from thatisfactory, and I would strongly urge upon the Commissioners the propriety of establishing a Check over their sales by requiring the Clerk to report periodically as to the quantity of manure Collected, and by requiring also that all monies received in respect of such sales should be paid into his hands, instead of the hands of the Collector.

The Check applicable to sums received in respect of Grand Jury Presentments still Continue to be unsatisfactory. I think it would be a Considerable improvement on the present System, if these presentments were taken out in the name of the Clerk, and the duty of the Town Inspector restricted to seeing that the work presented for, was duly executed.

This Course, if adopted would establish a Concurrent Check, which would I have no doubt be attended with Satisfactory results.

I called attention in my last report to the large Sum of Rent owing by the Collector. He owes at the present time over £27. and as there appears to me to be no immediate prospect of his paying the sum due, I think it right to state, that if the full amount of the rent due on foot of his Tenancy is not lodged before the next Audit, I shall Surcharge him with the amount and proceed for its recovery under the 13th Section of the Local Government Act.

In

In Conclusion. I deem it right to state that the Accounts in the immediate charge of the Town Clerk, Mr. Tobin have been prepared with much accuracy, and that his duties in relation to them, have been dis-charged in a very Creditable manner.

The following Proposal was read, in reply to Advertisment issued.

New Ross August 19th 1874

The Directors of the New Ross Gas Company — Limited propose to the New Ross Town Commissioners to supply Gas to the Public Lamps for eight Months from Sept. 1st 1874 at Seven Shillings and one penny per thousand Cubic feet ascertained by Meter average — Lamps at Present to be Charged for

for at the rate of £5.12 6. per annum.

The directors also propose to supply lamps, light and extinguish same, supply burners, Cocks, piping and do all the necessary repairs as heretofore at fifteen shillings per lamp. Should a portion of the lamps be extinguished at the same hour as last year, the directors will charge four shillings per week for the extra labour.

Account to be paid at the end of each four Months and Contract not to be binding on the Directors in the event of accident to the works.

By Order

To the Town Commissioners
Wexford

Thos Cody. Secretary

Ordered — That we consider the price per thousand too high, Considering the present prices for Coals, as Compared with the prices paid for same, when the last Contract was entered into — that the matter be referred to the Directors of the Gas Company, with the view that they will reconsider their proposal and offer at a lower Charge for lighting the Public Lamps.

A proposal was read from Martin Connors offering to break Ten Boatloads of Limestones at 22/- per load.

He stated as reasons for his price being 4/- over his last Contract — that the Inspector requires the stones to be broken smaller that they Could for 18/- per load and that the Inspector was making the boatmen bring more than their right in each load.

The Tender was accepted.

Wexford 17th August 1874.

Dear Sir,

In Consequence of the Cattle Show and other pressing business I was only able to write a hurried line in reply to your letter of the 4th Inst. — I have only to add, that it was the Conduct of the Associated Cesspayers that made it necessary to apply for Seperation from the Barony. For some years, until a recent period, the Cesspayers passed presentments for between £200 and £250 a Year for Sewerage, flagging and the repairs of the Streets, but some economists amongst the Cesspayers at Sessions began to fight against every presentment for the Town, and went so far as to employ Counsel at the Assizes to prevent presentments for Sewers being Jeated on the Ground that it was an illegal Charge on the funds of the Grand Jury.

We have nothing now to do with the Associated Cesspayers, which is a great Comfort, even if the actual gain were less than it is. If the Associated Cesspayers with you give what is fair without trouble or fighting, I would not advise you to advocate seperation, which is attended with much trouble to accomplish.

At a Meeting of the Council here on the 3rd Inst. I was directed to write to you to Know if you had a Butter Crane, and if so, the Cost of erection and Superintendance, but I met with your Solicitor, Mr Boyd, since, and he informed me that you have no Butter Crane.

I remain, Dear Sir,
Faithfully Yours

The New Ross Gas Company, Limited
New Ross, August 26th 1874

Dear Sir,

In reply to your letter of the 24th Inst. asking a reduction in the price tendered for lighting the Public Lamps, I am desired by the Directors to say they are sorry they cannot comply with your request. The rise in the price of Gas last year was not at all in proportion to the then price of Coals, and they consider the present price not ~~too~~ high, compared with present cost of materials labour &c

Sir,

I am in receipt of your letter announcing the determination of the New Ros Town Commissioners to appoint a Master to the Endowed School and requesting my presence at a Meeting to be held for that purpose on September the 3rd.

I beg in reply to say that I shall not attend that Meeting, nor in any way take part in the appointment of a Master to the Endowed School.

The Commissioners are aware that there is a proceeding in Chancery for the purpose of arranging the affairs of the Endowed School, and it is in my opinion nothing short of a Contempt of that Court, to take any such steps as that now proposed.

I beg also to state, that I did not get the notice you mention as having been sent to me of the Meeting lately held by the Commissioners on the subject of the Endowed School.

Public Health Ireland Act 1874.

The following Communications and Orders, received from the Local Government Board (Ireland) were submitted at the Meeting.

Local Government Board, Dublin
20th August 1874.

No 159. M./74

"Public Health (Ireland) Act 1874."

Sir,

The Local Government Board for Ireland transmit herewith, for the use of the Town Commissioners of New Ross, Six Copies of the "Public Health (Ireland) Act 1874" which received the Royal Assent on the 7th Inst.

It will be seen on reference to the 3rd Section of the Act that the Urban Sanitary Authorities under it are as follows:—

In Corporate Towns,— the Corporation acting by the Town Council.

In Towns the population of which exceeds 6,000 having Municipal Commissioners under the "Municipal Corporation Act" or Commissioners under the 9th Geo IV., Cap. 82 ("the Lighting and Watching Act") or under the 17th & 18th Vic., Cap. 103, ("the Towns Improvement Act") — the Municipal or Town Commissioners.

In Towns or Townships having Commissioners under Local Acts — the Town or Township Commissioners.

And on reference to the 4th Section it will be seen that the area of every Poor Law Union (with the exception of those portions which, according to the provisions

of

of the 3rd Section are under Urban Sanitary Authorities) are Rural Sanitary districts, the Guardians being the Rural Sanitary Authorities.

Applying the above provisions, it appears that out of the 163 unions in Ireland, there is one Class, Consisting of 127 unions, in which there is no Urban Sanitary authority, and in which Consequently the Board of Guardians are the Sanitary authority for the entire Union. A second class, containing one or more urban authorities, consists of the remaining 36 Unions, a part of which only is, in each Case, under the Authority of the Guardians as the Rural Sanitary Authority. The number of Urban Districts under Town Councils, Town Commissioners, or Township Commissioners, is 44.

A large majority, therefore, of the new Sanitary districts are under Boards of Guardians, and in these districts the machinery to be established by the Local Government Board for the purposes of the new Act will for the most part be that which exists already for the administration of the Poor Law and Medical Charities Acts and the previous Sanitary Acts.

In some of the Urban Sanitary Districts it may be found necessary to make use of the power given by the 10th Sec. of the Act to create officers for Sanitary purposes in addition to existing officers.

The Local Government Board do no more at present than call attention to the 6th Sec. of the Act, which provides that the first meeting of the Sanitary Authority shall be held within Sixty days after the passing of the Act, on such day as may be directed by Order

of

of the Local Government Board; and the Board will be glad to receive any suggestion of their views thereon from the several bodies who are made Sanitary Authorities.

It would be inconvenient to enter on other topics until the day of first meeting of the Sanitary Authority has been declared

To. By Order of the Board.

The Town Clerk B. Banks

New Ross. Secretary

Local Government Board Dublin

N°1175 — M/74. 4th September 1874.

N° I. II. III.

Sir,

The Local Government Board for Ireland transmit herewith Copies of the Sanitary Orders issued by them under the "Public Health (Ireland) Act, 1874."

Of the 205 Urban and Rural Sanitary Authorities constituted in Ireland by that Act, the present Circular is more especially addressed to the Boards of Guardians and Governing Bodies comprised in the Sanitary Orders I., II., and III., consisting of 163 Boards of Guardians acting as Rural Authorities, and 38 Governing Bodies acting as Urban Authorities. The three Orders embrace all Rural and Urban Sanitary Authorities in Ireland, except those of Dublin, Belfast, Cork, and Limerick; with the Sanitary organization of each of which it is intended to deal separately.

The "Public Health (Ireland) Act, 1874", contains, besides those provisions which relate to

the

Copyright: Wexford County Archive

the Sanitary organization, many important amendments of, and additions to, the previously existing Sanitary Laws; but the bulk of the enactments relating to Water-supply, Sewerage, the Removal of Nuisance, and remedies of other matters dangerous to Public Health, are found in the Sanitary Acts of previous date to 1874, having been administered by Boards of Guardians and Governing Bodies both before and since the passing of the Sanitary Act, 1866.

The principal changes introduced by the Act of 1874 are the following:—

1. A better arrangement of the Sanitary Districts and Sanitary Authorities by the Act itself.
2. A power given to the Local Government Board to organize the machinery for the administration of the Sanitary Law within each Sanitary District, and to exercise a control over its management, which previously it could not exercise, even in relation to Boards of Guardians, far less in relation to the various Municipalities.
3. A power given to the Sanitary Boards, subject to the consent of the Local Government Board, to remunerate Local Officers for additional obligations cast upon them under the Sanitary Law, and to determine the emoluments of any new Officers whom it may be found necessary to appoint; additional expenses so incurred to be borne (probably to the extent of one half, as in England) by the Imperial Exchequer.

The terms of the three Sanitary Orders I., II., and

Copyright: Wexford County Archive

1874 – Friday 18th September – Minutes Continued –

and III. sufficiently explain the present views of the Local Government Board in exercising their powers of organization under this Statute in reference to the whole of Ireland, except the four largest cities and towns above referred to. Each of these possesses a Sanitary organization peculiar to itself, and on such a scale as will require much consideration and interchange of views with the Governing Body, in order to adapt it to the provisions of the Statute.

In Order to render more easy the transition from the past to the future administration of the Sanitary Law in Ireland, the Local Government Board now place before the Sanitary Authorities comprised in the present Orders an enumeration of the various matters dangerous to Public Health for which remedies are available under the existing Sanitary Laws, desiring thus to facilitate the performance of the Inspectorial and Executive duties by the parties to whom they are respectively entrusted. With this view an abstract has been made, which will be found annexed to the present Circular.

These remedial or preventive measures, numerous and various as they may appear to be, have mainly two objects only in view — namely, to enable the inhabitants of every Sanitary District, whether Rural or Urban, to enjoy the privilege of drinking pure "water," and secondly, of breathing pure "air", Experience has shown that the habitual use of either "air" or "water", in an impure state always weakens the health of

the

Copyright Wexford County Archive

the individual, and frequently causes the worst and most fatal fevers to prevail.

Boards of Guardians and Governing Bodies, as well as their respective Officers, will bear in mind that the prevalence of clear and distinct views on these subjects will more than any thing conduce to the success of their proceedings, and that no means or opportunity should be lost in endeavouring to make the humbler classes appreciate the value of cleanliness in person and dwelling, the policy of avoiding contagion, the uses of disinfectants, the poisonous effects of overcrowding, and of using either "air" or "water" contaminated by stagnant sewage, or by decayed and rotting vegetable or animal matter.

Sanitary administration presents less difficulty in regard to "water" than to "air", any scarcity of "water" being more palpable, and the sources of impurity being generally more apparent. The invisibility of "air" on the other hand makes preventive or remedial action difficult, because the parties liable to suffer from its impurity are generally unconscious of it, and do not therefore understand the danger which threatens, or the value of the remedy proposed.

It is to be hoped, however, that under the past administration of the Laws of Health in this Country, the most prominent and practical of acknowledged Sanitary truths have made some advance to general acceptance both by the Urban and Rural population; and that the Sanitary Authorities newly constituted may, by a moderate and persevering, but not oppressive,

use

use of their powers, be able to make improvement universal within a reasonable space of time, and by means of a moderate amount of expenditure.

The following Sealed Order from the Local Government Board for Ireland was submitted to the Meeting.

Sanitary Order

No III.

Relating to

Urban Sanitary Districts.

To the Governing Body of each of the Cities, Towns and Townships named in the Schedule A. to this Order annexed; To the Medical Officers of the Dispensary Districts Comprised or partly Comprised therein; and to all whom it may Concern.

Whereas by the "Public Health (Ireland) Act 1874" each of the said Cities, Towns and Townships has been Constituted an Urban Sanitary District and the Governing Body thereof has been in each case declared to be the Urban Sanitary Authority:

And Whereas by the Tenth Section of the said Act it is enacted that every Medical Officer of a Dispensary District shall be a Sanitary Officer for such District, or for such part thereof as he shall personally be in Charge of, and that every Sanitary Authority shall appoint in addition such other Sanitary Officers as the Local Government Board shall in each case direct:

Now We, the Local Government Board for Ireland, do, in the Case of each City, Town, and Township in the said Schedule named, direct the Governing Body to appoint so many Sanitary Sub-Officers as the said Body shall with Our Consent determine:

And We do Hereby Further direct that the Governing

1874 – Friday 18th September – Minutes Continued –

Governing Body shall appoint one Consulting Sanitary Officer, and that for this office every Medical Officer of a Dispensary District, or Workhouse Medical Officer, or, subject to our approval, any Medical Practitioner having like qualifications, shall be eligible; and shall also appoint an Executive Sanitary Officer, for which Office the Clerk to the Governing Body, or any Assistant of the Clerk appointed by such Body, shall be eligible:

And Whereas, by the said Tenth Section it is further provided that the Local Government Board shall assign to the Dispensary Medical Officers, and to the other Sanitary Officers, their respective duties and functions in the discovery, or inspection, or removal of nuisances, in the supply of pure water, in the making or repairing of sewers and drains, or in generally superintending the execution of the Sanitary Laws within the District;

Now Therefore, We, the Local Government Board, do hereby assign to the Sanitary Officers and other Officers to be appointed under this Order their respective duties and functions as follows:–

I. Inspectorial Duties.

1. Every Sanitary Sub-Officer who shall observe, or be informed of any matter demanding, in his opinion, attention from the Sanitary Officer of the Dispensary District in which he has discovered the same, shall notify it forthwith to the Sanitary Officer in writing, specifying

Specifying the nature of the case, in the Form (a) in the Schedule B. to this Order annexed, and shall preserve a copy thereof in duplicate.

2 Every Sanitary Officer who shall have been apprized officially or shall otherwise become cognizant of any matter demanding his attention as aforesaid, shall, as soon as conveniently may be, visit the locality, and if, after due inspection, he finds such matter to involve danger to Public health, he shall report thereon to the Governing Body, in the Form (b) in the said Schedule B. showing the source from which he received the information, and the date thereof, and the date of his visit of inspection; he shall also give a sufficient description of the nature of the case, and the remedy which he recommends to be adopted, and shall preserve a duplicate of every such Report.

II Executive Duties

1. The duty of the Executive Sanitary Officer shall be to attend every meeting of the Governing Body acting as a Sanitary Authority and to take their directions from time to time on the Sanitary business of the District, and on the Reports of the Sanitary Officers, and all proceedings arising thereon, and to see that the same are carried out and brought to a Conclusion where practicable, in pursuance of the Orders of the said Body.

2. In furtherance whereof we do hereby direct that every Sanitary Officer and Sub-Officer of the District shall, on receiving directions from the Executive Sanitary Officer, attend and assist in all proceedings in which his attendance or

assistance

assistance may be required.

3. The duty of the Consulting Sanitary Officer shall be to attend meetings of the Governing Body acting as Sanitary Authority, whenever required to do so, and to advise them on all matters and proceedings requiring medical Knowledge and advice in the administration of the Sanitary Laws.

4. The proceedings of the Governing Body acting as the Sanitary Authority shall be recorded, and a copy thereof shall be transmitted to the Local Government Board by the Clerk to the said Body, as soon afterwards as practicable.

III. Statistics of Disease

It shall be the duty of the Consulting Sanitary Officer and of the Sanitary Officers to furnish from time to time to the Local Government Board such statistical returns of sickness and disease in the Urban Sanitary District as shall from time to time be required from them respectively.

Election of Town Commissioners to be held on the 15th Inst. It will be necessary to appoint a Commissioner to act as Returning Officer to take Charge of the Annual Election to be held on the 15th Inst.

It will be necessary to take the directions of the Solicitor to the Commissioners, in Order to have the Annual Election of Commissioners legally Carried out.

Proper stamps to be used at the Annual Election of Commissioners are required. The stamps supplied last year by J. McPhail, Glasgow were not as Ordered, and arrived here only on the evening of the day of Election, but as there was no Contest they were not required.

1st October 1874.

John Tobin
Clerk to the Comrs.

The Chairman, W Roche, stated that he could not attend to the duties of Returning Officer at the Election and therefore resigned the Office of Chairman.

On the Minutes being read Presiding Officer was inserted in place of Returning Officer in this Resolution

On the 15th Inst. at the Election for same purpose.

The following was read.

New Rop 28th September 1874.

Dear Sir

Having extensive business to attend to which requires my whole attention deprives me of the power of attending the Meetings of the Commissioners I must therefore respectfully beg to resign the honour of any longer remaining any longer a Town Commissioner. If the hour of Meeting was at 7 Oclock P. M. perhaps I might not have Come to this Conclusion. Expecting the Change in the hour of Meeting to 11 Oclock A. M. would Cause a better attendance I was in favour of the alteration but I am sorry to find it has a different effect. My own impression is that no person ought to remain a Commissioner who does not feel disposed to attend the Meetings and Carefully watch and protect the interests of the Town and Rate-payers for which important purpose he is selected.

With Kind regards and high esteem for You and your brother Commissioners

I remain dear Sir

Yours Sincerely

Nicholas Coghlan

The Chairman

of the Town Commissioners

New Rop.

Ordered — That Mr Coghlans resignation be accepted with regret.

The following was read.

New Rop. Septr 9th 1874.

Sir.

1. I think that any formal Act of the Town Commissioners can only be done at a Meeting duly held by them. Reference to the Commissioners Clauses Act is very much in favour of this view for by Sec 55, all the proceedings of the Commissioners are to be entered in a Book and signed by the Chairman of the Meeting.

2. Acting as a Governing Body under the provisions of the Local Government Acts in relation to Fairs and Markets, it appears to me that at least two thirds of the whole Body assembled at a Meeting must Concur in Carrying these provisions into effect.

3. I do not regard the Changing of the days already fixed for holding the Fairs merely as rescinding a former Resolution of the Commissioners. I rather look upon it as an exercise of a power which they have in fixing from time to time, the days for holding the Fairs, subject to the approval of the Local Government Board, and I mean by this, that any alteration must be made in Compliance with all the formalities required, for fixing the days in the first instance.

4. The Commissioners are directed to hold annual and Monthly Meetings for the transaction of General business, and they have power to adjourn such Meetings, but I Cannot think a Meeting Called for a Special purpose, Can by Continued adjournments be held over for an indefinite period — indeed I think it very doubtful if such "Special" Meetings Can be adjourned at all.

I am Sir.

Your obedient Servant

Thomas Boyd

The Town Clerk
New Rop.

1874 — Monday 5th October — Minutes Continued —

The Clerk stated that Thomas Murphy, one of the men in the employment of the Commissi- who had been posting the Notices of the Annual Election of Town Commissioners had informed him (Clerk) on Saturday night, that nearly all the Notices which he had posted during the day, were Covered immedia- -tely after with other Bills by Mathew Doyle Bill poster, who stated to Murphy that he would Cover the Commissioners Notices, whene- -ever he would find them.

Ordered — That proceedings be instituted against Mathew Doyle for Covering the Placards issued by the Commissioners and for threatening to Cover them Whenever he would find them up — That W Boyd, our Solicitor be requested to take Charge of the proceedings, and attend in Court to sustain the prosecution.

Enniscorthy, 16th November 1874

Sir,

As I am about to publish My Almanac this

this year would be much obliged by your sending me a Correct list of your Fairs for the ensuing year. Also a list of your Town Commissioners and any public Officers employed about New Ross.

On the 15th September 1873 I received a letter from you stating that you "were directed by the Town Commissioners to forward me a list of your Fairs" which list I accordingly published. Since then very many have called on me stating that the Ross Fairs, as given in My Almanac were altogether wrong. Now, as My object is to give My native County a Correct and reliable Almanac in opposition to strangers, I make all the exertion I can to have it so, and I hope to be assisted in my endeavours by all Public bodies, particularly as it entails no outlay of their funds. I hope, Sir, You will bring this matter before the Town Commissioners at their next Meeting, in Order that they may inform me on what dates during the ensuing year the Fairs of New Ross will be held.

Yours faithfully
George Griffith

John Tobin
Clerk to Comrs New Ross.

Ordered – That the Clerk reply to Mr Griffith's letter and send him the same reply as ordered at the Meeting on the 5th Inst. to be sent to Mr Purdon Proprietor of the Farmers Gazette in reply to his inquiries respecting the Fairs.

Ordered – That the Members be noticed to attend next Meeting to Consider the advisability of having

if so at what Salary and whether the Salary of £20. is intended as an addition to that Salary.

I am also to request that you will be good enough to state whether any additional Salary has been named for the Dispensary Medical Officer as Sanitary Officer in accordance with the 10th Section of the Public Health Act.

By Order of the Board

John Solini Esqr
Executive Sanitary Officer
New Ross.

B. Banks
Secretary

The Executive Sanitary Officer submitted the Letter Book Containing a Copy of the Reply he had sent to the letter from the Local Government Board, and it was approved

Executive Sanitary Officer's Report – On Monday 16th Inst. after one Oclock P.M. the Sanitary Officer for New Ross Urban Sanitary District Dr Rossiter, Called to the Office and wrote two Reports of Fever Cases, dated 16th Inst.

He also directed that some disinfecting fluid Could be procured at the Dispensary – half pint to be mixed with two Gallons of water to be used in Sprinkling through the house and rubbing on boarded flooring – half pint to a tub of water for steeping the Clothing that had been in Contact with the patients, for the purpose of disinfecting them. Also, that the houses be limewashed and the straw bedding

Ins

Fever burned.

I employed Edward Fowler, to provide lime and to limewash the houses referred to in the Sanitary Officers Report.

I subsequently Communicated the reports and the Instructions given by the Sanitary Officer, to the Sub-Sanitary officer and he proceeded to have them Carried out.

The house in Summery Lane was disinfected and in part Whitewashed. The patient in Cockpit-Lane was removed on the 17th to Hospital, and the house was disinfected and Whitewashed.

The remainder of the house in Summery Lane was Whitewashed.

I procured straw, to replace the bedding destroyed from Joseph Reilly, to Comply with the Sanitary Officers directions, as there was none in the Haughton Fever Hospital.

As Fever appeared in six different parts of the Town, with the approval of the Sanitary Officer, I sent for two Gallons of Disinfecting Fluid to Whites in Waterford.

The other reports of the Sanitary Officer were attended to as by him directed.

It will be necessary to provide two large tubs for steeping infected Clothing in disinfecting fluid.

A quantity of Lime and some Lime-washing Brushes will be required. Also some good straw to replace beds destroyed.

November 27th 1874.

Dear Sir,

Will you be good enough to get me the Comrs Cheque for the costs furnished so long It is scarcely fair I should have to apply for payment so often.

Yours truly
Thos Boyd

To John Tobin.

Ordered — That Mr Boyd be informed that the Commissioners will pay his Bill of law Costs when they have funds to do so, that his Commencing to

to Collect the second half years rent of their Corporate Rents, to pay Mr Tottenhams Trinity Hospital Law Costs, though the first half years rent would be more than sufficient to do so, appears to be unnecessarily preventing the Commissioners from receiving some of their income which would be used to pay his own Bill of Costs, due to him as their Solicitor.

An Application was read from William Doyle for an increase of Wages from 24/6 to 30/- per week for himself and horse and Car employed at the Streets, as taking the expense of Keeping his horse from the amount he received left very little for his own Remuneration.

Ordered — That the Consideration of the application be defered to next Meeting.

Clerks Report — Mr W. W. Carr Ceased to be a Town Commissioner on the 25th ultimo not having attended for Six Months after his Election.

The laws passed during last Session of Parliament have been supplied to the Town Commissioners by Mr Dunbar M.P. They require to be bound.

Ordered — That the Clerk get the Statutes supplied by Mr Dunbar M.P. bound in one Volume — and also Moores Edition of the Towns Improvement (Ireland) Act to be rebound, on the Cheapest terms he Can.

omission — Ordered — That the members be noticed to attend next Meeting to elect a Commissioner in place of Mr Carr

The Inspectors Report was produced and refered to next Meeting.

Ordered — That the Inspector procure flaggs on best terms to to repair Sewer in William Street or Jones Hill.

last Petty Sessions at Rosbercon County Kilkenny, to inform you, that the Magistrates at next Rosbercon Petty Sessions to be holden on the 12th Inst. will require your attendance at Petty Sessions at 12 o'clock noon on that day, as Complainant in Offences under the Licensing Acts of 1872 & 1874.

William Munro
C. P. S.

The Clerk of the
Town Commissioners
New Ross.

The Clerk reported that he had attended the Rosbercon Petty Sessions as required on the 12th Inst.. On the first Case being Called the Magistrates directed him (Clerk) to proceed with the Cases entered in his name, and he (Clerk) replied that he had no knowledge of the Cases, further than that he had received a Communication on the previous day from the Clerk of the Petty Sessions requiring his attendance as plaintiff in Cases under the Licensing Acts 1872 & 1874.

The Bench, after Consultation, agreed to adjourn the hearing of the Cases until next Petty Sessions, and directed him (Clerk) to inform the Town Commissioners that it would be necessary that they should be properly represented in Court as plaintiffs in the Cases under the Acts referred to. — Also that the Commissioners Consider the question as to Whether the Summonses in such Cases be Served by the Constabulary or by the Commissioners.

The Consideration of the report was deferred.

Clerk's Report — In reference to the Order passed at last Meeting requesting the Solicitor to the Commissioners to attend the Petty Sessions on Friday last, to represent the Commissioners respecting the Summonses issued against persons for leaving their horses and cars in the Streets while transacting their business — I beg to state that W. Boyd not being at home, W. Hinson, Solicitor, appeared in Court on the part of W. Boyd, and applied for an adjournment of the hearing of the Cases until next Court day, when W. Boyd Could be present to represent the Commissioners.

The Bench was about to accede to the request, but on finding by examination that the Commissioners were not parties Concerned in any of the Cases decided on having the Cases heard and Ruled on the merits.

The Cases in which it appeared that the Owners of horses were transacting business in Shops opposite which their horses were left standing and did not shew any wilful negligence were dismissed.

Some Cases, in which it appeared that the

The following was read.

Circular to Town Commissioners, Harbour Comrs and Magistrates in Petty Sessions throughout Ireland

Dublin Castle 4th January 1875.

Gentlemen,

I am directed by the Lord Lieutenant to Call your attention to the power possessed by you under Section 9 of the Petroleum Act 1871 (34 and 35 Vic. Cap 105) of attaching to any Licence for keeping Petroleum to which the Act applies Conditions as to the nature of the Goods with which it is to be stored, and as to the Mode of Carrying it within the District over which your power extends as the Local Authority; and I am to point out to you that any Licensee violating the Conditions of the Licence is to be deemed an Unlicensed person.

I am to Suggest for your Consideration

looking

looking to the reckless way in which these goods are now frequently conveyed, the advisability of your using the above mentioned section of the Act to make Conditions that such Petroleum should not be Carried together with Gunpowder.

With the view of preventing any doubt as to the jurisdiction of Local Authorities I am to add that, as regards Ireland they are defined in the 8th Section of the Act as follows:-

Sub-Section

(3) In any Borough (a) except as hereafter mentioned, the Mayor, Aldermen and Burgesses acting by the Council.

(4) In any place within the jurisdiction of any Trustees or Improvement Commissioners appointed under the provisions of any local or general Act of Parliament, and not being a Borough, or Comprising any part of a Borough -&c. the Trustees or Commissioners

(8) In any Harbour within the jurisdiction of a Harbour Authority, whether situate or not within the jurisdiction of any Local Authority before mentioned, the Harbour Authority, to the exclusion of any other authority.

In any place in which there is no Local Authority as before defined, the justices in Petty Sessions assembled.

I am

Gentlemen

Your Obedient Servant

T. H. Burke.

(a) i. e. any place subject to the provisions of the Act 3rd & 4th Vic. C. 108, for the Regulation of Municipal Corporations in Ireland.

Clerks Report— I attended in the Court of Petty Sessions this day, respecting the Order from the Urban Sanitary Authority at last Meeting in reference to Hartly.

I was Called as plaintif in a case of Gambling brought by the Constabulary. I told the Bench that I had no Knowledge of the Case, when asked if I was the Plaintif, as I had not heard anything of it until the time I was entering the Court.

The Case was dismissed as there was no special Order for the prosecution.

I was Called as Plaintif in some cases brought under the Licencing Act 1874. In reply to the Bench I stated that I had no Knowledge of the Cases, also.— that there was no special Order made by the Commissioners respecting the Cases.

The Cases were dismissed without prejudice

At the Conclusion of the Court I asked the Clerk of Petty Sessions to request instructions from the Bench as to the necessity of any order being made by the Com^rs in Order to have the Cases brought legally, and not liable to objection into Court, and he informed me that the Bench Ruled that the Cases, in future should be brought in the name of the Constabulary, and that half the Fines inflicted would be handed over to the Town Commissioners.

This arangement gives the same portion — half — of the fines that will be inflicted for Drunkenness, to the Town Commissioners, same as had been awarded before today, which is an advantage as the Commissioners will not be liable to a Ruling Ordering them to get the Summonses Served, which if done would in some instances be very expensive.

New Ross

Local Government Board
Dublin, 26th January 1875.

Sir,

The Local Government Board for Ireland have had their attention drawn to the Statement recorded in the Minutes of Proceedings of the New Ross Urban Sanitary Authority at their Meeting on the 23rd ultimo as having been made by you to the effect that Dr Mullin is a Sanitary Officer under the Provisions of the 10th Section of the Public Health Act, as well as Consulting Sanitary Officer, Roscrea, which is within his Dispensary District being part of the Urban Sanitary District of New Ross; and in reference thereto, the Board request that they may be informed whether any additional Salary has been Voted for Dr Mullin as Sanitary Officer

for the portion of the Urban Sanitary district in question. The Resolution of the Sanitary Authority of the 15th of December appears to relate only to the portion of the Urban Sanitary District which is in the new Rop Dispensary District.

By Order of the Board

B. Banks

Secretary.

To Dr Mullin Esqr
Executive Sanitary Officer
New Rop.

Ordered — That the Local Government Board be informed that Dr Mullin having been appointed Consulting Sanitary Officer to this Sanitary Authority, and that as the portion portion of the Dyaertmoon Dispensary district within the Urban Sanitary District is so very small it was not considered necessary to name a portion of Salary for him as Sanitary Officer.

The following which was refered from the Meeting of the Town Commissioners to this Meeting was read.

Waterford Union

Clerk, Office, 9th January 1875

Sir

At a Meeting of the Sanitary Authority of the above union held on the 6th Inst.

Sir R. J. Raul, Bart., Chairman of the union in the Chair;

The following Petition to the Lords Commissioners of Her Majesty's Treasury was adopted and I am directed to request that you will have the Goodness to Submit it to your Sanitary Board, and request their Co-operation in

1875 — Friday 29th January — Minutes Continued

accordance with the Resolution appended thereto.

By Order
L Mackey,
Executive Sanitary Officer

The Presiding Chairman
Each Sanitary Authority
in Ireland.

(Copy of Petition).

To the Right Honorable the Lords Commissioners of Her Majesty's Treasury.

The Memorial of the Sanitary Authority of the Poor Law Union of Waterford.

Sheweth:

That this Board, Composed of Ex-Officio and and Representatives of the Ratepayers, desire to submit to your Lordships Certain proceedings of the Local Government Board, by which they feel aggrieved because they are of opinion that they are unconstitutional.

That the Local Government Board have, as your Memorialists think, usurped the powers of this Board, by a letter in which they dictate to this Board the Salaries to fix for the Sanitary Officers under the Public Health Act of 1874 which this Board submits they had not the Power to do, because they did not wait, as the Act directs, until the Board had decided on the amount of Salaries, but took the initiative, Contrary to the Act.

That when this Board received the letter requiring us to fix the said Salaries, we at once appointed a Committee, Consisting of our Chairman and Some of our most experienced

Copyright: Waterford County Archive

Members, to Consider and report on the matter.

That their Report and scale, so recommended after Careful Consideration of recent advances and additions to the Medical Salaries, were adopated by this Board.

That the Local Government Gentlemen wrote back to say the Sums allotted were inadequate, directing us to reconsider the subject and threatening us with a Sealed Order if we did not Comply, which they subsequently issued.

That without any Concert with any other Boards, this Board finds that the Salaries they fixed on were almost identical with those adopted by a great many other Boards throughout the Country and they may add, that when pressed to fill up the situation of Consulting Rural Sanitary Officer, they had an application from one of their Medical Officers, Offering to perform the duties gratis, or for a mere nominal addition to his Salary, and that this Officer has been appointed.

That this Board, Consisting of some of the most inteligent influential and respectable members of the Community, discharging a great public duty Gratuitously, Cannot submit to be Coerced and Controlled in this, as they think, illegal and unconstitutional Manner, by these highly paid Officials, without, at least bringing the matter under the notice of Your Lordships, and asking for redress, believing as this Board does, that it has the power, under the Constitution, and even under the Act to fix those Salaries.

That this Board, as the representatives of the Ratepayers

Copyright Wexford County Archive

1875 — Friday, 29th ~~January~~ — Minutes Continued —

Ratepayers, lay on the rates and should have the appropriation of them, subject only to a Veto as to excessive amount.

That the Laws for relief of the Poor do not give a Right to the Local Government Board to raise taxes, except in Certain extreme and express Cases, such as on failing to support the poor in

That their Conduct which this Board Considers arbitrary, has created a ferment throughout the Country which is greatly to be deplored, and that for other special reasons to be found in the Resolution forwarded to the Local Government Board by this Board, it may be seen that this Board have acted faithfully to the Ratepayers, whilst fairly and liberally to the Medical Officers and other Sanitary Officers repose to.

That your Memorialists hope your Lordships will take the foregoing into Consideration, and give such directions as in your Wisdom may seem fitting to prevent the exercise of such an exhibition of arbitrary power not Contemplated by the Acts of Parliament, and which, if continued must prove disheartening and offensive to the Representatives of the People, who give their time and attention alike to the interests of the Ratepayers and of the Poor.

And your Memorialists will ever pray

Resolved on the Motion of Mr Clampett
Seconded by Mr O'Shea
"That the Clerk be directed to have the Memorial from this Board to the Lords of the Treasury printed and a Copy sent to each Sanitary Authority in

The following Report was submitted —

Report of the Committee appointed to inspect the Irishtown Street, with the view of having footpaths made there

We have inspected the Irishtown street and find that footpaths and water Channels are very much required at each side of the street from the Lamp at the Good Shepherds down to Donovans Corner.

We Consider the footpaths aught to be ten feet wide and Curbed, and paved Water Channels to be made close to the curbstones of the footpaths. Also that a small line of paving close to the houses be made to preserve the footpaths.

We recommend that some trees be planted at each side of the Fair ground — About Twelve at each side

Dear Sir,

Adverting to my note of yesterday as to the Petition in favour of Sunday Closing, I have had a Conversation with my respected fellow Member and friend, Mr Dunbar, and am glad to find that the fact of his not agreeing with the object of the Petition in no way would affect his Cheerful readiness to present it. I assured him that on your part as well as my own, a misconception on this point, Caused it to be forwarded to and undertaken by me. As I have not yet formally presented the Petition, I beg you to have the matter put right by obtaining authority from the Commissioners to have it forwarded for presentation to Mr Dunbar as Your Borough Member

The clerk Submitted the following petition in accordance with Order passed at Meeting held on the 24th ultimo.

To

The Right Honourable and Honourable the Knights Citizens and Burgesses of the United Kingdom of Great Britain and Ireland in Parliament Assembled.

The

Humble Petition of the Town Commissioners of Swords.

Sheweth:-

That Your Petitioners observe with regret that a Bill is now before Your Honourable House entitled "A Bill to reform and assimilate the Systems of Local Self Government in force in certain Cities and Towns in Ireland"

Copyright: Wexford County Archive

That Your Petitioners believe that if this Bill be passed into Law the Members of the Municipal Institutions in Ireland, will be elected and assembled together more in a Spirit of Class antagonism than in a Spirit of Cooperation for the discharge of duty for the General public Benefit.

That Your Petitioners believe that if the Power of Electing half the Members of the Municipal Institutions in Ireland be given to Owners it will be the means of indirectly, but Virtually disfranchising the People in very many Towns in Ireland, Where the Ownership is vested in a very small number of persons — in some instances from one to four. In Towns so circumstanced the "Owners Representatives" fully one half the Members would, in all likelyhood, attend Meetings, and Carry out the behests of their Constituent or Constituents, on Public questions against the representatives of the General Population of said Towns, who Could not Carry any Popular measure against such a Compact Body as the nominees of the Landlords would be, under such Mode of Election

That Your Petitioners believe this Bill is now introduced on account of the accidental Political Composition of your Honourable House, with the intention of trying to hand over the Representation of the People of Ireland into the hands of a few persons, and by such retrogression undo the beneficial Reforms obtained after many years of Painful Political Strife and agitation for their obtainment

That Your Petitioners also firmly believe that if this Bill be passed into Law it will be used as a Precedent in the introduction of other restricting aggressions on

on the Liberties and Franchises of the People in Ireland, and ultimately in Great Britain; and also, in having the same principle applied to the Election of Parliamentary Representatives.

Your Petitioners therefore Humbly Pray, that Your Honourable House will reject said Local Government (Ireland) Bill as being retrogressive in principle and as likely to be productive of much mischief to the Empire, in practice and result.

And Your Petitioners will ever Pray

A Copy of a Petition received from Waterford Corporation on same subject was submitted to the Meeting.

The Assistant Inspectors Report stated - That the hose of the Fire Engine leaked in several parts, and required to be repaired. That two hemp Ropes each fifteen yards long with three yards of Chain attached to each rope were required for drawing the Engine; Also a Rope for facilitating the use of the nozzle when used in extinguishing a fire. That the boundary wall leading from Mrs Walsh's house, Fair Gate to the Bowling Green was broken down at the Bowling Green Gate. That Children passed in and out there under a dropping wall that is liable to fall at any moment. The Boundary wall requires to be rebuilt up to protect the lives of Children and to prevent persons from entering into the yard of Mrs Walsh (Tenant to the Corp.) which often occurs to her great annoyance.

Ordered - That the Assistant Inspector get the boundary wall referred to in his report, properly built up.

Ordered - That the Assistant Inspector get the watering cart painted dark blue by one of the men in the Commissioners employment

Priory Street New Rop, 19th April 875

Gentlemen

By desire of the Committee of New Rop Choral Society, I have to request you will be so good as to undertake the expense of putting up and maintaining the Gas Lamp now fixed at the lower entrence to the Hill School House. It is a public thoroughfare, and other than it, there is no lamp shewing direct light into the lane at all; the light from the lamp at the School House door being obstructed by projections.

The Members of the Society, numbering some 30 Odd, are obliged to traverse the opening once, sometimes twice and even thrice a week; and on dark nights it is positively impossible to avoid tramping through dirt and filth of all sorts, and the ascent to the School House is rendered actually dangerous through the absence of light.

The position of the lamp as it now stands is Considered most advantageous, but, Should you wish to move it, any site would be most acceptable

I am Gentlemen
your obedient Servant
Nat. C. H. Hunter

Dear Sir,

I received your note of the 17th Inst. this morning. I have presented the Petition as requested. As to the printing— the printing of Petitions is a matter entirely within the discretion of the Select Committee on Public Petitions. I have spoken on the Subject to the Chairman of that Committee Sir Charles Foster Bart and requested that (if possible) the Petition of the Town Commissioners of New Ross may be printed and Circulated. I shall speak again on the Subject. When the Bill Comes on I will give it all the opposition in my power and I believe all the Irish Liberal members have Come to the same determination. I note What you say about the Parliamentary Papers, and shall be glad to Comply with the wishes of the Commissioners

Believe Me
Yours Very faithfully
John Dunbar.

Public Lighting
report from Lamp Comm.tee

The following Report was submitted from the Lamp Committee assembled to Consider Mr Hunters application respecting the Lamp near the Hill School. viz

The Committee recommend that the Lamp at present fixed at Mr Hutchinsons corner be removed to the opposite side of the street in South street, so as to throw light in the best manner down Lady Lane, and over South street.

The Committee recommend that the Lamp fixed by

Clerks Report— About half past three Oclock P. M. on Saturday 8th May 1875 Mr John Joseph Dee, the Schoolmaster elected by the Town Commissioners for the Endowed School, John Street New Ross, Came to the Commissioners Office and stated that he wished to hand me his resignation as such Master, and he wrote a resignation I believe addressed to me. He also requested that I would proceed immediately to take possession of the School and premises.

I told him the proper way to resign would be to address his resignation to the Town Comrs and then I could act on their directions.

He stated that he was desirous of giving up the possession of the place immediately, and I replied that I could not say anything further to him on the subject until I Consulted the Solicitor to the Commissioners and that I would do so immediately. Mr Dee then left, and did not leave his resignation.

I Called forthwith on Mr Boyd, Solicitor to the Commissioners, and stated the foremention Circumstances to him and asked his advice, and he informed me that I had no authority to do anything in the matter except to take a resignation and submit it to a Meeting of the Commissioners.

On Monday 10th May 1875, at 10 Oclock A.M. Mr Dee Called again, and stated that he

he wanted to give me his resignation
I told him I could not receive a
resignation from him unless it was
directed to the Town Commissioners; that
if he would direct his resignation to the
Town Commissioners I would notice the
Members to attend next weekly Meeting
to Consider it and act on the instructions
I would receive at such Meeting. He then
left me the annexed resignation.

About a quarter to 12 Oclock noon same
day Mr Dee Called again and said he came
to give me the Key of the School. I told
him I would not take it. Mr Dee then
left a Key (which I submit) on the desk
and left the Office

Stones in a heap to themselves for the benefit of the Charity ——

And as Mr. Roche is working nearly all the Quarry, Kindly ask him to define what part he might allow You to sell to me—

I would be glad to pay You — per load for Rubbish — at the same rate Mr. Graves pays Mr. Roche — This arrangement might be better.

An Answer will much oblige.

I am, Gentlemen
Your Obedient Servant
W. M. Howlett.

Ordered — That the Town Commissioners have not given any authority to Mr Roche, or to any other person to quarry stones at the Endowed School Grounds, nor are they aware by whose authority Mr Roche is quarrying there. That further Consideration of the Subject be refered to next meeting the members to be noticed to attend.

Ordered — That Mr Smith Assistant Inspector inspect the Endowed School premises, and ascertain what has been doing there for some time past without the knowledge of the Commissioners, and report the result of his inspection to a meeting of the Town Comrs.

Clerks Report – On the 18th Inst. Constable McCarthy called to the Office and Shewed me Summonses, which had been taken out by the Constabulary in accordance with Order made by the Town Commissioners on the 14th Instant., respecting Joseph Doyle, for Gambling.

On examining the Summonses I found they were brought under the Towns Improvement (Ireland) Act, instead of, as had been stated by Head Constable Kennedy, to be his intention, under the 14th and 15th Vic. Cap. 92, when before the Town Commissioners Meeting on the 14th Inst.

I found the Summonses were for hearing in a Borough Court to be held in this Town.

I informed Constable McCarthy that I could not appear legally, as Plaintiff in that Court. and informed him that if they were brought in the Petty Sessions Court, I could appear legally, as Plaintiff and would do so, and give any aid or assistance possible for one, to give in having the

Order, of the Commissioners Carried out- respecting the prosecution.

Subsequently Head Constable Kennedy Called to the Office respecting the Case, and I repeated my statement of- reasons for not- being able to appear, legally, as Plaintiff in the forementioned Borough Court.—

That- I had been appointed by the Commissioners as Clerk to their Court-, and would be acting illegally, if- I, without authority recognised or Condoned, the Usurpation of the office of- Clerk to the Town Commissioners Court, which I thought I would be doing if- I went as Plaintiff- before the Court- for which the Summonses had been issued.

I referred to the Report- of- the Auditor, who enquired Minutely into the matter, in the presence of- Mr. Munro, (who acts as the Clerk to the Borough Court, and issued the Summonses before mentioned), and reported that he Could not- recognize Mr. Munro's right- to retain Costs of- Court- as remuneration, as he had not- been formally appointed to the Office.

I also Shewed Head Constable Kennedy, from "Humphrey's Justice of the Peace", that- the primary Jurisdiction for hearing of- Cases under the Town's Improvement (Ireland) Act- 1854, was in Petty Sessions, and stated that if- the Case was brought- before that Court- I could legally, and with Safety to myself- appear there as Plaintiff-; that there was no authority vested in me as Clerk to be Plaintiff- in Such Cases except- when acting in accordance with the Orders or Resolutions of- the Commissioners, and Municipal law.

I also stated that a Meeting of the Town Commissioners had been Called for 12 O'clock.

first towns in Ireland to adopt all the provisions of the Act of 1854, immediately after it received the Royal Assent.

All offenders against the Town Act have been prosecuted at the Petty Sessions Court in the name of the Commissioners, and the amount of all fines were awarded to the Commissioners with the Knowledge and approval of the Registrar of Fines and Penalties. In 1872, the Licensing Act transferred all penalties to the Crown, although the prosecutions were still carried on in the name of the Commissioners. In 1874, Parliament repealed the provisions of the Act 1872, and permitted the penalties to revert to their former destination, but the Registrar of Fines and Penalties declines to abide by the decision of Parliament, and claims one half the Town fines for the benefit of his Clerks and the Clerks of Petty Sessions.

You will see by the paper I sent you that the matter comes before our Magistrates on Tuesday (1st. June), and may probably go to the Court of Queens Bench. As the Question is one affecting the interests of all the Towns in Ireland under the operation of the Acts of 1828 and 1854, I take the liberty of Calling your attention to the Subject, and will feel much obliged by your Supplying me with any information You can give.

Is there a separate Court in Your town for Town Cases?

If so, are Petty Sessions Stamps used, and do the Police bring their Drunkenness Cases into it, and attend as Witnesses?

Do the Magistrates award the entire of the Penalty in

in each to the Commissioners?

If you have not a separate Court and that all your Cases are heard in the ordinary Petty Sessions Court, will you Kindly say, what is the mode of procedure?

Local Government Board
14th May 1875.

Proceedings of Sanitary Authority.

Sir,

The Local Government Board for Ireland are desirous of obtaining more precise and definite information than the current Correspondence of the Office

Office affords of the nature and extent of the Sanitary Operations of the several Urban Sanitary Authorities and their Officers during a specific period.

The mode in which the minutes of the Proceedings of those Authorities are prepared for transmission to the Board varies considerably — in some cases a very brief abstract only is given, while in others, though the proceedings are given at great length and in much detail, the Minutes contain only one stage of the Proceedings, and the entire circumstances of many individual cases can only be ascertained by reference to previous Minutes.

The Board would feel obliged, therefore, by your furnishing them with a statement of the actual Sanitary Work performed during a period of one month ending on the day of meeting of the Urban Sanitary Authority next before the receipt of this Circular

The Board enclose a Copy of a Summary which is furnished weekly in one of the largest Urban Sanitary Districts and they will feel obliged by Your furnishing them with the return above asked for as nearly in the Form of that Statement as the Circumstances will admit.

The Board do not Contemplate the Continuance of such a Return; they merely require it for the present occasion; but it is probable that the Sanitary Authority may deem it advisable to have such a statement laid before them at each of their meetings, showing what has been done since the preceding meeting.

The Town Hall, Lurgan, 8th June 1875.

Dear Sir

I am directed to acquaint you that since the issue of my Circular of last month, the

Copyright Wexford County Archive

The Commissioners have received a large number of Communications from Town Clerks throughout the Country, and the information thus Kindly Supplied discloses a Surprising want of uniformity in the mode of awarding penalties under the Towns Improvement Act.

While it appears to be the practice in all the Townships for the Police to attend and act as witnesses, in Some towns the Commissioners are awarded the <u>whole</u> of the Penalty, and in other towns only <u>half</u> each penalty, and in Several Townships <u>no</u> portion of the Penalty is awarded, this last-mentioned state of things being due, probably, to the apathy of the Commissioners, and to the fact that the Clerks of Petty Sessions treat all "unclaimed" Sums as revertible to the Crown.

This state of things exists, too, in places where there is a Township Court, or a Township Order Book, as well as in places where the cases are all disposed of in the ordinary Petty Sessions Court.

I herewith send You a newspaper in which you will find a report of the proceedings at Petty Sessions on the 1st. instant. The Magistrates, you will observe, are in favour of awarding the whole of each penalty under the Statute to the Commissioners; but they, on the 1st. Instant, allocated the penalties in accordance with the directions of the Registrar of Fines, Solely that the point might be decided by the Queens Bench.

The question is now ready for discussion in the Superior Court, and the result is anxiously looked for. Should the Case be too late for hearing during the present Term (which expires on the 15th. instant), it will, of course, be

1875 – Friday 11th June – Minutes Continued –

be early on the list for November.

No matter what the decision of the Superior Court may be the Town Commissioners of Lurgan are satisfied that their exertions to have the question settled beyond dispute, and to have the practice as to the allocation of fines made uniform, will meet with the approval of all the Town Commissioners throughout Ireland.

If you have not already written to me on the Subject, will you kindly favour the Commissioners with a note as to the mode of procedure in Your town, and let me have a Copy of any legal opinion Your Commissioners may have procured in reference to the allocation of fines.

Thomas Lutton
Town Clerk.

To the Town Clerk
Newross.

Ordered – That replies be sent to the queries contained in the Circular received from the Lurgan Town Commissioners dated May 1875 – read at our previous Meeting; that we tender our best thanks to the Lurgan Town Commissioners for the very intelligent and spirited Course adopted by them to maintain their own right, and that of the other Municipal bodies in Ireland, to the Fines inflicted under the Towns Improvement (Ireland) Act 1854 and also for Offences Committed within Town boundaries under the Intoxicating Liquours (Ireland) Act 1874; that We pledge ourselves, in the interest of the Ratepayers of this Town, to support the Lurgan Town Commissioners by

The following Petition was Submitted by the Chairman –

Waste Lands (Ireland) Bill.

Petition in favor.

To the Honorable the Commons of the United Kingdom of Great Britain and Ireland in Parliament Assembled.

The Humble Petition of

of

Sheweth:

That according to the Registrar Generals Returns

Returns more than one fifth of the Soil of Ireland is lying wholly waste and unproductive

That such a waste of agricultural resources is a great public loss.

That according to the Registrar Generals Returns more than one fifth of the Soil of Ireland is lying wholly waste and unproductive.

That such a waste of agricultural resources is a great public Loss.

That the loss is rendered peculiarly great by the fact that Ireland is almost exclusively dependent on its agriculture.

That while these lands lie waste some of the best of the Agricultural population are emigrating for want of Land

That the consequent loss in productive area and in industrial population is injurious not only to Agricultural interests but to Cities, Towns and Villages, and the Commerce of the Country.

That the Climate of Ireland is deteriorated by vast tracts of wastes partially covered with stagnant waters.

That the land under cultivation is injured by the weeds generated in these wastes.

That the experience of every locality proves that a large proportion of these wastes is capable of profitable reclamation by Cottiers and Small Farmers.

That it is proposed by the above Bill to purchase waste lands from proprietors willing to sell and having constructed roads, fences, houses and main drains to resell them in small allottments to Cottiers and Small Farmers who may by industry and energy become Owners of the

land they reclaim

That Landlords would be served by exchanging unproductive land for productive Capital

That tenants would be served by lessening the present excessive competition for Land.

That the whole Country would be served by increasing its Agricultural resources productive area and industrial population.

That Social Order would be served by the introduction into Irish Society of that class of Farmer Proprietors who in every Country where they exist are the staunchest friends of Order.

That while no interest or class in the Community would be injured all would be more or less benefited by the proposed measure.

Your Petitioners therefore humbly pray Your Honorable House to pass this Bill as an obviously desirable means of promoting the material improvement of Ireland.

And Your Petitioners will ever pray.

Ordered – That the foregoing Petition now read be adopted, Signed by the Chairman of this Meeting Sealed with our Corporate Seal Countersigned by the Clerk and forwarded to Mr Dunbar M.P. our Borough Representative, and that he be requested to support the Prayer of the Petition.

The Subject of Mr Bowletts letter – quarrying at Endowed School Ground – adjourned from

previous Meeting, was Considered.

A Communication was received from Mr W.M. Hawlett, Containing Copies of other letters which were not formally read at the Meeting.

The following Order was made – That We have no authority whatever to sell anything belonging to the Endowed School.

Ordered – That the Inspector ascertain against next meeting, the price or rate at which Mr Hinson will sell the paving stones.

A Communication was read from Miss M. Mullin Drion Street – saying – In reference to the Water Rent I think you should only ask us to pay what the Barrister allowed Mr Fallon. We got even less accommodation as the water Came to us only about four months in each year.

I also think it most unfair of you to put us to law expense, as we frequently asked your Collector to have it settled, to lay the case before the Commissioners, and let us know their answer or Cut away the pipes, as they were of no use to us.

At the Sessions time, we were out of Town, so did not know of the Law proceedings in time to stop them.

New Rop. 25th June 1875.

Sir,

In reference to the Commissioners Resolution relative to the Endowed School, it is quite impossible for me to tell the Commissioners what is their position in Connexion with it at present, as I do not know to what extent they may have involved themselves in respect to it.

I do however Know this that if they had merely followed my advice and not interfered with the *possession* of the School or meddled in any way with its *Occupation* which they had no more right to do than with any other property in the Kingdom, their responcibility would not be either embarrassing or Serious,

I may however add that I am at a loss to See how one of the Commissioners, as I understand from Your Communication, can justify his taking away building Stones from the School Premises as no one was authorized to Sell them to him unless under the direction of the Court of Chancery.

No 38 — I hereby report to you that on a Notifi-cation from the Sanitary Sub-Officer received June 15th I visited on the 19th the house of Catherine Stanton, Michael Street and found a Cesspool in the back yard in such a state as to be a nuisance, and I recommend the Cesspool to be filled up to a level with a drain which runs from the yard

19th June 1875

Thomas Rossiter M.D.
Sanitary Officer.

Ordered — That Notices be served on William Rockie, Michael Street, and on Catherine Stanton, Michael Street, requiring them to abate the Nuisances, Complained of, in accord-ance with the Recommendations Contained in the Sanitary Officers Reports.

Sub-Sanitary Officers Report — I have to state that the Inhabitants of Mary Street are Complaining of the water in the Tank at Bunn-icen well; that something like moss Comes through the Fountain Cock, that when some of the water is left in a Vessel during the night, there appears in the morning, on the bottom of the

the vessel, a large quantity of sediment. I mentioned the matter to Dr Rossiter, and he states the water is impure.

I have to state, that at present the place excavated for water in McCarthys Yard, Mary street offers to give a good supply.

25th June 1875. James Smith.

Ordered — That the four men employed by the Commissioners, be employed on tomorrow morning to pump out the water in the Bunnicen Well Tank, with the pump now in use at the rere of McCarthys House; that the Tank be cleaned out and the sides limewashed, if the Sanitary Officer considers desirable to do so, to Cleanse away any vegetable growths or slime that may be on the sides. That the Tank be examined carefully, to see if there be any fissures in the sides that might admit any liquid from the Sewer that passes from the hospital by the East and down by the south side of the Tank. That the result be reported at next meeting.

New Rds

Local Government Board
Dublin 16th July 1875

Sir,

The Local Government Board for Ireland
have

1875 Thursday 22nd July — Minutes Continued —

have had before them a Minute of the Town Commissioners of New Ross, at their Meeting as an Urban Sanitary Authority on the 2nd Inst. in which they request to be informed whether by the 32nd Section of the Public Health Act 1874, or by any other authority they Can superannuate Mr James Maher late their Inspector of Nuisances, Inspector of Lodging Houses, Superintendent of the Water Supply Officer of Health, and Local Surveyor of the Town as he has been removed by the operation of the Public Health act from the discharge of more than two thirds of those duties, and if So the steps the Town Commissioners Should take to give him Superannuation and in reference thereto the Board desire to State that the 32nd Section of the Public Health Act does not provide for Superannuating Officers, but only for Compensation by way of annuity or otherwise to Officers of the body constituted the Sanitary Authority who by or in pursuance of the Act are removed from office or deprived of the whole or part of the emoluments of their office.

The compensation is to be awarded by order of the Local Government Board, and if the Sanitary Authority Should desire the Board to issue such an Order it will be necessary for them to furnish the Board with full particulars of the Case, showing the age of the person on whose behalf the application is made how long he has held the Office of which he was deprived, the amount of the emoluments of the Office and what were the Circumstances which prevented his being continued in the Service of the Sanitary Authority

The Board desire at the Same time to add that the Local officers Superannuation (Ireland) Act 1869 Authorizes the granting of Superannuation allowances by Town Commissioners with the Consent of the Lord Lieutenant to any officer in their Service whose whole time has been devoted to the Service and who has become incapable of discharging his duty by reason of permanent infirmity of mind or body or of old age.

Ordered – That our Clerk draw out a statement of Mr Makers services, in accordance with the Local Government Board Letter of the 16th Inst. and Submit it to next meeting.

No 14,296. – 1875
New Ross

Local Government Board
Dublin 16th July 1875.

Sir

The Local Government Board for Ireland transmit herewith to be laid before the Town Commissioners of the Borough of New-Ross a Copy of a letter which has been addressed to them by the Revd. Boles Reeves. Vicar of the parish of Rosbercon, and also a Copy of a letter which they have received from Wm. Richard Cherry, drawing attention to the overcrowded state of the Church Yard of Rosbercon parish

It appears to the Board from the statements contained in these letters that the question of issuing an Order for the discontinuance of burials in Rosbercon Church Yard is one which may properly be taken into Consideration, in pursuance of the provisions of the 5th. Section of the Burial Grounds Act; and the Board would be glad to receive the observations of the Town Commissioners as the Burial Board, on the subject; and they wish to be informed as to what provision exists or could be made in the District, for the Burial of persons who, but for such Order, if issued, would have the right of burial in the Church Yard.

1875 - Thursday, 22nd July — Minutes Continued —

Newross was called upon by the police to interfere in the exposure of a Coffin, and an interment, which would have left only a few inches of earth over the remains, in this Church Yard which is in the borough of Newross, the area of the Church Yard is about 150 feet by 80 feet. It contains the parish C.Y. Church Yard in use, is overloaded with graves, and in most interments the remains even lately deposited are disturbed bodily, or thrown piecemeal to the Surface, and the air rendered pestilential to a fearful degree; in fact, there not being room for fresh interments without displacing former ones, over which the Cover is in most Cases merely nominal, I would request of the Local Government Board to take such steps as may be deemed necessary for the preservation of the Public Health in this neighbourhood.

I would mention that Years ago this Church Yard was Condemned on Medical Certificate by the then Sanitary Authorities as unfit for interments, but want of Power in the law rendered all efforts to prevent them abortive.

Since which matters have grown worse, and as a last resource (having long since appealed to the Burial Board in vain to provide a fresh burial Ground). I would now invoke the ample powers of the Sanitary Authorities to prevent probably an outbreak of disease during this intensely warm weather.

The Church Yard May be said to be surrounded by dwellings, the Glebe House to the North, Mr. Cherrys House to the South across the Street, Mr. Graves Castle to the east immediately under the Church Yard, and the Schoolhouse and Village Houses to the west.

I have the honor to remain, Gentlemen
Your Obt. Servt.
Boles Reeves
Vicar of Roberton Parish.

Sir.

I beg leave to inform you that the Grave Yard in this Parish is in a very overcrowded state. so much so, that now the warm weather has set in the effluvia from it at times is intolerable – a few days ago when a grave was opened the stench was frightful. So much so, that we were obliged to shut up all the windows in the house (being nearly opposite the Grave Yard). I called on the Revd. Mr. Reeves this morning with reference to it, who told me he was in correspondence with You, and was in hopes steps would be taken to have it immediately closed, all I can say is that there is not a moment to be lost to effect that object, and trust that those who have the power of closing the overcrowded grave Yards will take action in this case at once.

Sanitary Officers Report —

New Rop. July 25th 1875.

Gentlemen,

On this day in Compliance with Your Order, accompanied by the Sub-Sanitary Officer, I visited Rosbercon Church Yard. The air in it is perfectly pure and free from any exhalation of an offensive character.

I beg to add, for a period of Eighteen years I Cannot remember a Single Case of Fever or other epidemic disease in the immediate surroundings of the Church Yard, but regret to state, I Cannot say so much of other localities not far removed from the Grave Yard, but too far distant to have

Sub-Sanitary Officers Reports

I have to state that on the 25th Inst 1875 — I was Called on by the Sanitary officer. I accompanied him ~~[illegible]~~ to the Grave Yard at Rosbercon as I understood at the time it was for his inspection of said Grave Yard as to its Sanitary state. We examined every part of the Grave Yard and found nothing offensive, and if the like did exist there it would be discovered on that day as it was exceedingly Sultry.

Auditors Report.

of the

Accounts of the Town Commissioners of New Ross — Year ended 15th May 1875.

I have audited and examined the Accounts of the Town Commissioners of New Ross, for the Year ended 15th May 1875. and in Conformity with the provisions of the Local Government Ireland Act 1871.

I annex hereto for the information of the Town Commissioners an Abstract of the Accounts shewing the Receipts and Expenditure under the Several heads during that period.

It will be Seen from the Abstract there was a Balance standing to the Credit of the Town Commissioners on the 16th May 1874, amounting to £7-2-11 that the receipts from all Sources between

that-

Copyright: Wexford County Archive

that- date, and the 15th. May 1875, amounted to £855-14-1 the expenditure during same period £1052-7-1, and that there was a Balance due by the Commissioners at the close of the Year amounting to £189-10-1.

The Expenditure during the Year has been duly brought- to Charge, and has upon the whole been vouched satisfactorily. With regard to the receipts, I have examined the Accounts relating to the "Borough Rate", and the "Pipe Water Rents", and the Sums received under those heads appear to have been placed to the credit of the Town Commissioners. The Sums realized in respect of the Sale of Manure, Grand Jury Presentments. Fines under Towns Improvement and Licensing Acts, So far as I have been able to ascertain, been lodged with the Treasurer. It will be observed that- there is a falling off in the amount- lodged in respect of Corporate Rents, owing to the fact that a Sum of £115-12-6, was Collected under a Writ of Sequestration issued by the Court of- Chancery, and appropriated to the payment of costs incurred in the legal proceedings Connected with Trinity Hospital.

The Statements placed before me in reference to Corporate Rents, continue to be very unsatisfactory. They were not- furnished to the Clerk until it was too late to admit of his checking them previously to the Audit, they Contain obvious errors, and I am again Compelled to decline to Certify their accuracy.

It would appear that there was a Sum of- £85-17-9 outstanding on the 15th. May last, in respect of- Rents due on the 29th. September 1874, a result which is not Creditable to the diligence of the Collector. The present financial position of the Town Commissioners is far from being a Satisfactory one, and I think that the Collector should be required to use more energy than he has displayed hitherto

in

Copyright: Wexford County Archive

1875— Thursday 29th July — Minutes Continued —

in getting in the Corporate Rents, and the public Rates.

I called attention in former Reports to the large Sum owing by the Collector, on account of Rent of the Weigh-bridge, and Fish-House, of which he is Tenant, the arrear, notwithstanding the promises of the Collector has not been reduced since the last Audit. It amounted to £27, in the month of July 1874; It now amounts to £30. I think it desirable that this arrear should be paid in without further delay. It must be obvious that if the person to whom the Collection of the Commissioners revenue is entrusted is allowed to remain so much in arrear, the Ratepayers, and the Tenants of the Corporate Estate will not be slow to claim a similar indulgence.

In the Report which I Submitted to the Town Commissioners at the close of the last Audit, I urged the propriety of establishing some Sort of Check over the Sale of Manure, and the receipts in respect of Grand Jury Presentments, and I beg to direct the attention of the Town Commissioners to the Suggestions made in that Report, with the View of establishing some Sort of Supervision and Check over those transactions.

I have not failed to observe the large payments made during the past Year, on account of Law Costs — a Sum of £188.9.6 was paid directly from the Town Funds, and a Sum of £115.12.6, was collected under the Writ of Sequestration, from the Corporate Estate. These Costs relate, for the most part, to the proceedings in which the Commissioners involved themselves Some Years ago in the matter of Trinity Hospital, and Judging from what is before me on the Subject I must Say that, I have grave doubts as to the legality of the expense incurred in Connexion with them as a Charge upon the Town Funds. The proceedings were entered upon, and concluded before

the.

the Local Government, Ireland, Act- was passed, and I am not unwilling to extend to the payments made in respect of- them, the immunity which I extended to other questionable transactions which took place before that Act came into Operation. I think it right however, to point out that whilst the action taken by the Town Commissioners in this matter entailed a very Considerable Charge upon the Local Rates, it resulted in no advantage whatsoever to the Rate-payers, and it is right, also, that I should warn the Town Commissioners, which I now do, that I shall examine rigidly into Matters of this Nature in future, and I shall not hesitate, should Circumstances render such a Step necessary to resort to the powers Conferred upon me by the Local Government Act- for the purpose of- protecting the Town Funds from illegal Charges.

In Conclusion, I have to State, that the Accounts have been prepared with accuracy, have been Submitted to me in good form, and the duties of the Clerk, Mr. Tobin, in relation to them, appear to have been discharged in an efficient Manner.

Dated this 23rd. day of July 1875.

38 John Leary - For work, raising William street pump as per statement of agreement with Mr Mayce —— —— —— £3.0.0

" "

The following was read.

To the Chairman Town Comm^rs New Ross

Sir.

We raised the pump on Jane's Hill. It was a very difficult job, it having Cost us for labour and drink for six men 30/-. We Carried away two new straps and broke a block. We asked £4. but Mr Mayce said £3. was quite enough. After all the trouble and labour we think £3.10.0 little enough. The pump was full of gravel and Should have been raised. The box is too small for the depth and at any time would take two men to pump it. There is fourteen feet of water in the well but it is even so hard for home use. Some of the people say it is good and others say it is bad

Clerks Report

On Case heard in Court for Violation of Bye Laws for regulation of Markets.

The following was read.

In accordance with Order passed at last Meeting I beg to Submit the following statement respecting the hearing of the Complaint for breach of the Bye Laws.

On the 30th July last I attended at New Rd Petty Sessions as Complainant, representing the Town Commissioners against James Lacy High street Waterford for purchasing Fowl on the Morning of the 3rd July last. Contrary to the Bye Laws for the regulation of the Markets within this Borough.

There was but one Magistrate on the Bench – E.T. Byrne Esqr. Rosemount.

The defendant was represented by Mr. Howlett Solicitor

Sub-Constable Whittaker proved that the defendant purchased the Fowl from Mary Kelly of Coolhill, County Kilkenny before the hour allowed by the Bye Laws for the opening of the Market.

Mrs. Kelly the Seller of the Fowl gave evidence also, and admitted the Correctness of the Sub-Constables evidence – that she had sold the Fowl to defendant, and had received earnest to confirm the sale.

an Case heard in Court for violation of Market Bye Laws

In reply to a question put by the Magistrate Mrs. Kelly said she might have sold sold the fowl afterwards if offered a better price.

The Case was dismissed on the merits.

I was Sworn as Complainant and Cross examined by the Solicitor for the defence, as to the preliminary steps taken by the Commissioners respecting the Bye Laws before they became law within this borough.

During part of the time I was trying to ask the second witness questions, the solicitor for the defence put questions to myself as witness, and otherwise interrupted and prevented me from putting questions to the witness that I thought necessary.

I felt this so embarrassing that I was obliged to say — "I beg your worships protection as If I am not protected from the interruptions I cannot have evidence properly submitted to the Court". I heard no response from the Bench.

During most of the time a man named Kenny who was under the influence of drink nearly under the Bench and close to me was allowed to continue to interrogate me in such a manner as to provoke the risibility of persons in Court one of the constabulary stepped across the witness table and told Kenny that if he would not conduct himself he should be put out of Court. Kenny continued to interrogate and address me until the Case was dismissed, when he left the Court proclaiming that it was his interrogation and advocacy that got the case dismissed.

From the result of the hearing of this case, I believe it will be useless for the Commissioners to bring a case for the violation of the market Bye Laws before the same Court unless they be represented by a Solicitor. I believe many of the Auditors in Court are of the same opinion.
