The following was read

Report from Charles A. Cameron, M.D. F.R.C.S.I. Professor of Chemistry and Hygiene, Royal College of Surgeons in Ireland; Analyst for the Cities of Dublin, Limerick, Waterford, Kilkenny, Galway the Royal Agricultural Society, &c.; Medical Officer of Health and Analyst for Dublin

1133. Royal College of Surgeons Stephen's Green
Dublin, 3rd day of July 1877.

Composition of a Specimen of Ripe Water, submitted to me for the purpose of Analysis by the Town Commissioners of New Ross.

An Imperial Gallon (70,000 Grains weight) Contains the following in Grains:—

	Grains
Total Solid Matters	22.406
including:—	
Albuminoid Nitrogen	0.015
Ammonia	0.008
Nitrous Acid	none
Nitric Acid	traces
Calcic Sulphate	2.750
Chlorine	3.296

The amount of Albuminoid Nitrogen is is rather high in this Water though the total amount of Nitrogen is not very excessive The Water is not up to the Standard of Purity; though it is not a very bad Water by any means, Yet it is of doubtful quality to say the least of it.

Clerks Report — On the 30th ultimo Captain Hamilton P. L. I., Called to the Office, to inquire for particulars respecting the application for a loan for building the Market House. He said the Local Government Board Could not take steps in furtherence of the loan unless it was for sanitary purposes. I shewed him the large Room, the present Fish house and Weigh-bridge, and the place where the intended Market House would probably be erected.

He also examined the Minutes, Correspondence &c and took notes which he Considered necessary on the Subject.

Mr De Vine Called and requested that I would bring his Communication, read at Meeting held on the 14th June last, asking for the Deed Connected with the loan from the Haughton Fever Hospital, before the next Meeting of the Commissioners.

Auditors Report.

I have audited and examined the Accounts of the Town Commissioners of New Ros for the year ended the 19th May 1877, and in Conformity with the provisions of the Local Government Act of 1871, I annex hereto for the information of

of the Town Commissioners, an Abstract of the Accounts, shewing the Receipts and Expenditure under the General Heads during the period mentioned.

An examination of the Abstract will shew that there was a balance standing to the Credit of the Town Commissioners on the 18th May 1876 amounting to £24.7.11, that the Receipts from all sources between that date and the 19th May 1877 amounted to £872.1.9, the Expenditure during the same period to £854.8.8 and that there was a balance to the Credit of the Commissioners at the Close of the year amounting to £42.1.0

I have examined the Accounts relating to the various sources of Revenue from which the Town Commissioners derive their income and so far as I have been able to ascertain, the sums received under the General heads appear to have been duly lodged to the Credit of the Town Commissioners. Upon the other hand the payments made during the year have been brought to Charge and have upon the whole been vouched satisfactorily.

The Statements submitted to me in reference to the Corporate Rents, still continue to be very unsatisfactory. The Rental sheets placed before me at the present Audit do not appear to have been subjected to any Check and I must again decline to Certify their accuracy.

I have Complained of the imperfect nature of the information supplied to me in

reference to this portion of the Town Commissioners income at every audit held by me during the last four years without any good result, and I fear there is little prospect of improvement so long as the duty of Collecting and accounting for the Corporate Rents is left in the hands of the present Collector.

The Accounts in the Charge of the Town Clerk have been prepared in good form and have, upon the whole been written up accurately, but they were not in as forward a state of preparation for Audit as I had a right to expect. Mr Tobin I believe has recently been much occupied with other matters, and I assume, from the willingness evinced by him to carry out any suggestions made to him that there will be no ground for Complaint in this respect in future.

Office of the Commissioners of Rathmines and Rathgar. 71 Rathmines Road July 30th 1877.

Dear Sir,

In reply to your letter of the 28th last we do not supply water Meters. It is only in the Cases of special supplies for Manufacturing purposes, that we require a Meter put on, and then it has to be purchased and put up at Cost of applicant. The best meters are made by Messrs Ipsen and Chrunis Rotterdam works and 37 Southampton Street London.

We have no extra Rate for water. It is included in our general Rate. When a special supply is required it is Charged for at the rate of 6 per 1000 Gallons, the Minimum supply being 80,000 Gallons per annum.

New Ross, August 9th 1877.

The Directors of the New Ross Gas Company – Limited propose to the Town Commissioners New Ross to supply Gas to the Public Lamps for eight months from Sept 1st 1877, at Six Shillings and three pence per 1000 Cubic feet, ascertained by Meter average. Lamps at the Pholsed to be charged for at the rate of Five Pounds per annum.

The Directors also propose to supply Lamps, light and extinguish same, supplying Cocks burners piping and do all the necessary repairs as heretofore at fifteen shillings per lamp.

The Directors also propose to light the ~~Three~~ Public Lamps for same period, same five nights each moon, that is the two nights before the two after and the night of the full moon, at Three Pounds Seven Shillings and Six pence per lamp. If any lamps be extinguished at 11 Oclock, the Charge to be half this Sum. I would beg the Commissioners attention to this proposal as it will give a reduction of 6/6 per Lamp, assuming the Consumption to be the same as last season besides having the Lamps lighted five additional nights each month.

Local Government Board
Dublin, 10th August 1874

Sir,

The Local Government Board for Ireland have had before them a Resolution of the Board of Guardians of New Ross Union of the 4th Instant in reference to the Sanitary Rate made on the Borough of New Ross, in which the Guardians request to be informed whether, under the Circumstances, they should recoup the rate Charged to the Borough, and that the Borough should refund the Sum of £18. paid as salaries to Urban Sanitary Officers.

In reply, the Board desire to state, that they do not think that the Board of Guardians can properly hand over to the Urban Sanitary Authority, or any other authority the proceeds of the rate in question.

The Local Government Board desire, at the same time, to point out, that the Sum Realised by the extra penny in the Pound levied off the Borough of New Ross will go to the Credit of the Electoral Division of New Ross, and will relieve that portion of the Union by an equivalent amount in the next Estimate.

Sub Sanitary Officers Report — I have to state that on the 14th instant I found Michael Cahill opening a sewer at Redmonds Hoth (Back Lane). I asked him who ordered him to do this work. He did not answer me. I asked him a second time and to this he replied in a defiant and stubborn manner, that he did not know, but to go and try. I then went to Mr Maher and asked did he send Cahill to the sewer at Redmonds Hoch. He said he did not. I returned again to Cahill and asked him to give me the name of the person who ordered him there. He would not. I asked him a second time and a third time. Each time he told me to go to Mr Molloy. I again asked him was it Mr Baldwin or any of the Commissioners sent him there. His answer was go to Mr Molloy, in a most determined manner, and in a way that persons at a distance could hear him, as if he did not care for those in Authority.

I went to Mr Baldwin to ascertain had he his authority for working there, and he said not. I told him Cahill would not inform me, or give the names of the persons who ordered him there. Mr Baldwin came to where he

was, and asked Cahill questions same as I asked. He would give him no satisfaction, nor answer his questions. His Conduct was most disrespectful to Mr Baldwin and the Commissioners, which I think Mr Baldwin will explain

In Reference to the Sub Sanitary Officers Report at previous Meeting, Michael Cahill was Called before the Meeting. He was told by the Meeting he might go to work, but would be dismissed by the Street Committee if any such Conduct would be exhibited by him in future.

Report of the Committee of the Sanitary Authority, appointed to inquire respecting the imposition of One Penny in the Pound for General Sanitary Expenses by the Board of Guardians in Poor Rates made in September 1875, and December 1876.

expenses, in his Poor Rate, brought the subject before the Town Commissioners at their meeting held on the 5th July. last, and that at said meeting the Commissioners passed the following Order: —

"That the Clerk write to the Board of Guardians, asking
"why one penny in the Pound has been Charged, and
"collected by the Poor Rate Collector for General expenses
"under the Sanitary Acts on the property within the portion
"of the Electoral Division of NewRoss, that Comprise the

"though the Urban Sanitary District of NewRoss, is
"stated on the back of each Receipt to be exempt from
"such Rating of One penny in the Pound."

The letter was sent by the Clerk in accordance with the foregoing Order and was discussed by the Board of Guardians on the 7th July, as we see by a report of the proceedings in the NewRoss Reporter and also, that an Order was passed at the Board

"That the NewRoss Town Commissioners be informed

Not receiving a reply from the Board of Guardians respecting a matter of importance to the Ratepayers of the Town, as might have been expected from any intelligent Public body, the Commissioners acting as Urban Sanitary Authority on the 19th July, directed their Executive Sanitary Officer to repeat the inquiry by sending another Communication to the Board of Guardians, asking a Reply to their Communication sent on the 6th July.

Your Committee Cannot Comprehend the intention, by the action, of the Board of Guardians in Reference to the simple question sent them on the 7th July last, as inserted at Commencement of

Thursday 23rd August — Minutes Contin.d

of this Report by first according to the Newspaper Report referred to passing an Order — "that the new Rdp Town Commissioners be informed that the Rate made was Correct" and after again being asked for a Reply, directing that a Communication be sent to the Town Commissioners stating that their question asked on the 7th July, would have the attention of the Board, and next on the 7th August transmitting Copy of a Report in which they make a statement that they paid £18 as Salaries to the Medical Sanitary Officers for the Urban District and ask ~~and ask~~ the Local Government Board if they (Guardians) should Recoup the Rd Sanitary expenses to the Borough and that the Borough should Refund the £18 paid as Salaries to the Urban Sanitary Officers.

The Commissioners asked a question easy to answer — Why one penny in the pound had been Collected in two Rdr Rates made on the property within the portion of the Electoral division of new Rdp that Comprise the Sanitary Authority, for "General Expenses" under the Sanitary Acts, though it would appear by the Receipt that the Urban Sanitary district was to be exempt as it should be, from such Rating.

The Commissioners we believe expected an answer — either that the amounts in the two Rates had been Collected in error, and a Mode of Correcting the error in a future Estim-ate of a Rate Mentioned — or, that the amount —

Copyright: Wexford County Archive

amount was legally imposed, and some authority for doing so quoted.

It needed no very high Order of intelligence on the Subject to give the first answer.

On making examination as to the Salaries of the Sanitary Officers, we find, that by the 10th Section of the Public Health Act 1874 — "that every such "Salary, or additional Salary so determined, shall be "payable from such Local Fund as the Local Govern- "ment Board shall indicate as properly Chargeable "therewith, and such part thereof as Parliament shall from "time to time determine, shall be recouped to such "Local Fund, out of moneys to be voted by Parliament"

As empowered and directed by this Section of the Public Health Act 1874, we find that the Local Government Board in their Circular dated 8th October 1874 on "Additional Salaries", made the following Statement — that — "the Medical Officers "such of them as Officiate in Towns which are not under "the Jurisdiction of Boards of Guardians, will have additions "to their Salaries, like the Rest, and inasmuch as such "Officers are appointed by the Guardians, as their "successors also will be, and the Salaries are subject "to final adjustment by the Local Government "Board, it is not the present intention of the Board "to cause the additional Salary to be Charged on "any other than the Poor Rate, on which the existing "Salaries are Charged".

After Considering the Section of the Public Health Act and the paragraph in the Circular from the Local Government Board just quoted we are of opinion that the £ 18. for Salaries of the Sanitary Officers should be Charged in the "Amount of Rate for the Relief of the Poor" as for "Ordinary Expenditure", and we believe it was

so Charged, and paid by the Borough of New Ross in the Ordinary Poor Rate Collected; and that the Charge of One Penny in the Pound for "General Expenses under the Sanitary Acts" on the portions of the Electoral Divisions of New Ross and Rosbercon that Comprise the Urban Sanitary Authority was an erroneous Charge that should not have been made.

The Valuation of the Urban Sanitary District of New Ross is as follows — New Ross £7277.10.0 — Rosbercon £531.5.0 — Total £7708.15.0

A Rate of One penny in the Pound would give on this Valuation £32.10.0 and this doubled for the Rates made in 1875 and 1876, would give the Sum of £65 the amount Charged on property within the Borough that should not have been Charged.

Of the £18. mentioned by the Committee of the Board of Guardians, as having been paid to the Sanitary Officers, it would appear that they did not remember that half that amount was recouped by the Treasury, leaving only £9. per annum actually expended, even if the Salaries were to be Charged (as supposed by the Guardians) in the "General expenses under the Sanitary Acts" and to pay which they levied £32.10.0 on the property within the Borough in each Rate. They might just as well, in principle, we believe, Charge the Salaries of the Dispensary Doctor on the Borough of New Ross, as make the Charge for the Sanitary Salaries.

We believe the £65 Collected for Sanitary

Sanitary Expenditure, belong to the Ratepayers within the Borough of New Rop who paid it, and we would recommend that the opinion of the Local Government Board be asked as to how they Consider the Ratepayers will be recouped the amount they paid.

After your Committee had agreed to the foregoing Report the following was received from the Board of Guardians.

(See Letter from Board of Guardians entered in Minutes of Meeting held on the 17th Inst. page 38)

After reading the foregoing letter from the Local Government Board, your Committee feel desirous of knowing the statement contained in the "Resolution" sent by the Board of Guardians, upon which the Local Government Board gave the reply to the effect — that the £65. paid by New Rop and Rosbercon should go to the Credit of the whole of the Electoral Division of New Rop, as if so done, nearly the half of it would go to the Credit of Ratepayers, in the Electoral Division of New Rop, outside the Borough, who did not pay it, and none of the Ratepayers in Rosbercon, who did pay their part of it.

the amount of One Penny in the Pound, Collected for Sanitary Expenses in with the two Poor Rates made in 1875 and 1876; that the Local Government Board be requested to State, how the Rate payers within the Borough, in Newry and Rosbercon Wards, are to be returned the £65 which they were obliged to pay with their Poor Rate, for General Expenses under the Sanitary Acts, within the Borough, they having also paid the Cost of General Expenses under the Sanitary Acts to the Urban Sanitary Authority, who were legally authorized to receive and expend it. that the Local Government Board be requested to take such steps, or give such directions as will, in future Cause the Estimates for Poor Rate to be Correctly made and the Collectors Books out by the Board of Guardians, and to protect the Ratepayers within the Borough, who are already taxed heavily enough, from being Compelled to pay a Taxation for which they are not liable. We make this Request, seeing that the detection of the imposition of the Tax was accidental, and that the Guardians had passed an Order asserting that they were Correct in imposing it.

Sir

The Local Government Board for Ireland acknowledge the receipt on the 14th Instant of a Copy of the Minutes of Proceedings of the Urban Sanitary Authority of New Rop at their Meeting held during last Month, and in reference to the minutes on the subject of the rates for General Sanitary expenses having been levied on the entire Union instead of on the Rural Sanitary District only. Local Government Board

Dublin 12th September 1877.

Sir

With reference to the Letter addressed to you on the 10th ultimo, on the Subject of the last two Rates made for General expenses under the Sanitary Acts, the Local Government Board for Ireland desire to state that their attention has been again drawn to the subject by the Town Commissioners of New Ross, and as they now understand the Case, those rates instead of being limited to those parts of the Union which Constitute the Rural Sanitary District have been levied upon the entire Union, the provisions of the 5th and 6th Articles of the Accounts Order of the 22nd March 1875, having been disregarded.

If this is the Case, the Ratepayers in that part of the Union which Constitutes the Urban Sanitary district have been overcharged to the extent of the additional poundage Charged for general Sanitary expenses, and the fact that ~~that~~ such overcharge will be placed to the Credit of the Electoral Divisions will not adjust the matter, those Electoral

Divisions

Divisions and the Urban Sanitary District not being Coterminous.

With the information at present before them, it appears to the Board, that the only mode in which the Ratepayers of the Urban Sanitary District can be recouped will be by reducing the Poundage of the next Rate on that part of the Union which Comprises the Urban Sanitary District by an amount equivalent to the overcharge.

The Board however will be glad to receive Your observations on this point ~~and~~ and Your explanation of the Circumstance of the Rate for general Sanitary expenses having been levied on the entire Union Contrary to the General Sanitary Accounts Order

By Order of the Board

B. Banks

The Clerk

A Copy of the Sanitary Accounts Order To the Guardians of each of the Unions named in the Shedule to the Order; To the Clerk and other paid Officers ~~Officers~~ thereof; and to all whom it May Concern, dated Twenty-Second day of March, One thousand Eight Hundred and Seventy Nine, was received with the foregoing letters.

Ordered — That the Consideration of the letters received from the Local Government Board, respecting the Sanitary Rate be adjourned until we receive the explanations to be given by the Clerk of the Union to the Local Government Board on the Subject referred to therein.

Ordered — That the Clerk write to Mr W. W. Carr Agent to the Sun Fire Insurance office in New Ross, drawing his attention to a Communica-tion sent from this Office on the 2nd September 1875 addressed to Sidney J. Fletcher Esqr. Secretary to the Sun Fire Insurance Office London, applying for the Sum of £3.0.5, which the Commi-ssioners had paid to men employed by them in extinguishing the Fire at Cloth Hall (a building we believe that had been insured in the Sun Office), which occured on the 24th December 1874 — Which Communication

Opr

Mr Carr received from the Sun Office and produced at a meeting of the Town Commissioners held on the 16th September 1875 and at said meeting Mr Carr asked for the particulars of the expenditure of £3.0.5 and which particulars were fully supplied, two days afterwards to Mr Carr by our Clerk. — Also to a letter sent from this Office on the 23rd March 1876 to the Secretary, Sun Fire Insurance Office London, drawing attention to and asking a Reply to the Communication sent on the 2nd September 1875. That as the Commissioners have not received a Reply to either of the Communications that the Clerk ask Mr Carr as the Agent to the Sun Fire Insurance Office in New Ros, if he Can inform us Why the Sun Office in Which for many Years past Our Hotsel building has been insured, would not at least have the Courtesy to favour us with a Reply to either of the foremention[illegible] Communications

The Clerk stated that Acting Constable Lonergan, who was a Witness in Nine Cases Which were to be heard in the Town Commissioners Court on Tuesday, had been transferred to Kilgate, and asked if the Commissioners would pay his expenses that would be incurred by his attendance at the Court.

Ordered - That Acting Constable Lonergan's expenses from Kilgate to New Ros be paid in Order that he may attend as Witness on behalf of the Town Commissioners

Sir,

In reference to your Communication of the 24th Instant as to granting rewards out of the Rates in Cases of Fire under the 73rd Section of the Towns Improvement Act, I entertain so much difficulty in advising the Commissioners as to what interpretation might be put on that Section that I cannot take upon myself without the aid of Counsel to advise them, although personally I would rejoice to see the exertions of the Military recognised to whose assistance so much is due for their gallant exertions at the fire on the night of the 15th of October and I may add that I have not myself failed to recommend that the efforts of the Military and some others shall be acknowledged

Dear Sir,

I have to acknowledge the receipt of Your letter of the 26th Instant returning the Sheet of Queries with some answers thereto.

As these were necessarily written down rather hastily they are incomplete and I shall be obliged if you will get them given more fully. Therefore return the Form for that purpose.

Probably Mr Colvin, the Clerk to the Commissioners would be best able to do this and you may be able to apply to him, without any Offence to the Chairman, who inserted the present answers.

We require to know which public Act is in force (1), particulars of water supply (7) of what description is the Town Engine, apparently a small one (9) what sum is now required (10) with some replies to Queries Nos 14, 15 & 16.

The Managers always Consider that a Community should find a fair proportion of any Sum required for Fire Extinction appliances

1877 — Thursday 27th December — A Meeting of the New Rop Urban Sanitary Authority held this day at ½ Oclock P. M. to transact Ordinary business pursuant to the Public Health (Ireland) Act 1874

Also — To Consider and decide on steps to be taken to have the Ratepayers within the Borough Reimbursed the three pence in the Pound illegally imposed on them for General Sanitary Expenses by the New Rop Board of Guardians in the Poor Rates made in 1875, 1876, and 1877.

In Reference to the Sanitary Rate imposed by the Board of Guardians —

Ordered — That the Executive Sanitary Officer request the attention of the Local Government Board to the fact, that the New Rop Board of Guardians have not, in Making their last Poor Rate — on the 24th November 1877 — Complied with the instructions given in a letter sent them from the Local Government Board dated 12th September 1877 — N° 17.910 — 77, respecting the Rate for Sanitary purposes, illegally imposed on the part

part of the Union which Comprises the Sanitary District of New Rop.

The Local Government Board in their letter to the Board of Guardians stated:— "That the "only mode in which the Ratepayers of the Urban "Sanitary District can be recouped will be by "reducing the Poundage of the next Rate on the "part of the Union which Comprises the Urban "Sanitary District by an amount equiva- "lent to the overcharge."

We find that the Board of Guardians have not only disregarded the directions of the Local Government Board to recoupe the Ratepayers within the Borough of New Rop in the next Rate, the amounts illegally Collected from them in the Poor Rates made in 1875 and 1876, but have also Continued the illegal Charge of one penny in the Pound in the Rate made in November 1877.

From Correspondence had on this subject with the Board of Guardians, we were left under the impression that there was a remarkable absence in that body of the very Ordinary Capacity required to enable them to make an intelligent arrangement about it and we appealed to the Local Government Board thereon. In response to our appeal the Local Government Board sent the Board of Guardians plain and simple instructions shewing them how to make their next Rate legally and Clerically Correct, and so as to recoupe the Rate payers in New Rop and Rosbercon for the previous Rates illegally

illegally and unjustly levied on and Collected from them.

As the Board of Guardians, on account of their unchanged administrative Capacity, or of some other cause, have not Carried out the plain instructions of the Local Government Board we, before taking any other step, wish again to appeal to the Local Government Board and hereby request that the Local Government Board will kindly state for our information the best means that we Can adopt to have the Ratepayers within our District recouped the Rates illegally taken from them and to protect them in future against a repetition of the illegal imposition

The Meeting was adjourned to Thursday 3rd day of January 1878.

The following is the Copy petition referred to.

To the Honorable the Commons of Great Britain and Ireland in Parliament assembled.

The Humble Petition of the Board of Town Commissioners of New Ross in the County of Wexford.

Sheweth,

That your Petitioners believe that Drunkenness in Ireland with all its manifold attendant evils is largely caused by Sunday Drinking

That your Petitioners believe that the traffic in Intoxicating Liquors on Sunday in Ireland is Carried on against the Wishes of a large Majority of all sections of the Irish People.

Your Petitioners therefore humbly pray your Honorable House to pass a Bill under the provisions of which the traffic

Rockstown, January 3rd 1878

Sir,

I was so unfortunate (I suppose for my sins) as to renew my Contract on the Road from Greywell to Maudlin bridge &c

I had provided rather more than the quantity of materials that was sufficient in former years from my own quarry. I am sorry to say tis all used now and yet the Road is in a bad state on account of all the extra traffic it had to bear – Viz:- all the Ballyanne traffic for ten days, while that road was stopped and the immense quantity of building materials used and using at the Convent of the Good Shephard &c I must therefore keep the lower parts of the Contract in repair with Limestone at heavy expense.

I took the liberty of breaking a boat of limestones on the upper end of the south side-walk of the College Road, it being I thought the safest Convenient place I could find, and most out of everybodys way, being ignorant that I was. Will you grant me that liberty a little longer, and I promise not to abuse it and I fear nery Grateful

I am obedient Servant

Bodies desirous of severing their Connexion with the Grand Jury System through the intervention of the Local Government Board.

The Consideration of the New Bill is referred to a Committee. In its present stage it affords Your Parliamentary Representatives an Opportunity of placing a most important increase of Public authority within the reach of Municipal Towns. The Commissioners feel assured that for the personal influence of Your Representatives can be used with great advantage in impressing on the Chief Secretary the absolute necessity for a Change in the present System.

May I request that you will take the earliest opportunity of bringing the Subject under the notice of your Board

Resolutions referred to in the Communication.

Resolved — "That the means of seperating Towns from the Grand Jury System proposed in Section 205 of the new Public Health Bill are, in the opinion of this Board, rendered inoperative by the Clause making the Consent of the Grand Jury a necessary Condition, and we Hereby request the Chief Secretary to limit such a restriction — at least not to impose it upon Towns having a population of more than Six thousand inhabitants — but to invest the Local Government Board with full power both to issue and Confirm Provisional Orders relating to the matter."

Resolved — That a Copy of the foregoing Resolution be sent to the Several Municipal Bodies and that we invite early assistance, through their

"Provided that no such Provisional Order shall be granted unless a previous application has been made to the Grand Jury or Grand Juries affected thereby, and unless such Grand Jury or Grand Juries shall Consent to the making of such Provisional Order, such Consent being testified by a presentment or presentments to that effect."

Proposed by Mr Dunn
Seconded by Mr Baldwin —

That we adopt the Resolution passed by the Town Commissioners of Dundalk in reference to the Clause in the Section 205 of the Public Health (Ireland) Bill, making the Consent of the Grand Jury a necessary Condition for having Towns seperated from the Grand Jury System. That we request the influence of our Borough Member, the Member for Wexford and also of our County Members to use their best efforts with the Chief Secretary for Ireland, and also in Parliament to have the Clause struck out.

The Clerk produced a Rough Estimate of a Borough Rate for the ensuing Year, of which the following is the Summary.—

Town Commissioners.

Expenditures —	649-5-0	
Claims for payment	116-0-9	£765-5-9

Sanitary Authority

Expenditures —		101-15-0
Total amount of Expenditures and Claims		£867-0-9

Assets — Town Commissioners	£656-17-6	
Assets — Sanitary Authority —	24-7-6	£681-5-0
Balance, for which Rate will be required —		£185-15-9

By the Summary it appeared that the sum of £185-15-9 would be required to be supplied by a Borough Rate

On the Net Assessable Valuation of the property within the Borough, as appears by the new Rate Book — £7427-16-6, it appeared that a Borough Rate of Six pence in the Pound would give a Borough Rate amounting to £185-13-6

Proposed — by Mr Magee
Seconded by Mr Fowler —

That the Estimate of a Borough Rate now before us be adopted, that our intention to proceed & make a Rate in accordance with said Estimate on Thursday 4th April 1878, be advertised in the manner prescribed by the Towns Improvement (Ireland) Act 1854, by Placard

1878 —
March 28th

Thursday 28th March — Minutes continued

The Clerk reported that he went to John Keeleys house in accordance with Order at previous meeting—

About Six or eight Slates were off. The Rain penetrates in each side of the Roof in different parts when the wind blows against either side. The Roof Requires to be painted. The Gable and adjoining Walls house is not Completed to the top and a strong draught Comes down over the bed where Keely and family sleep

The partition required would be about ten feet long and seven high.

Believed that about three days work would be sufficient time for pointing the Roof effectually.

The partition Could be of brickwork or boarding. Did not ascertain the Cost of either Kind of partition.

Ordered — That John Brien be employed to Complete the repairs required on John Keeleys House.

The following was read.

Tramore 23rd March 1878

Gentlemen,

In Reference to the Circular from Ennis Killeen Commissioners I would recommend a Respectful Memorial to be addressed to the Inspector General requesting him to give instructions to the Constabulary to bring all Cases of Drunkenness into

into the Town Court — Where as the law stands the option lies with him, how can it improve the aspect of affairs to approach the Lord Lieutenant on the subject — Will he go out of the beaten track or be likely to give an Order running Counter to the various acts bearing on the Case. So far as Rip is Concerned I have found the police Authorities most Ready to help in every way, and I dont suppose Sub Inspector Dobbyn would have the Smallest objection to bring all drunken Cases into our Court, if so instructed from Head quarters.

The Only Other Cause that I presume that Could be pursued beside the one of memorialising the Inspector General would be to get a Clause inserted in Some Act making it imperative upon the Constabulary to bring all Cases into Town Courts where they existed as well as Petty Sessions, but would it pass — I think not for I believe the Government think it is in the interests of Justice, and of maintaining Order that the Police Should have the option to go to either Court —

I remain Gentlemen

Local Government Board
Dublin 3rd April 1878

Parliamentary Order.

Sir,

The Local Government Board for Ireland have received an Order of the House of Commons, dated the 21st March 1878, a Copy of which is annexed, Calling for a Return showing the appointments of the General Medical Sanitary Officers of Health now acting in Ireland under the Public Health (Ireland) Act, 1874, with various other Particulars, and the Board have to request therefore, that in Order to enable them to make the required Return you will be so good as to fill up the enclosed form with the particulars required and return it to this Office with the least possible delay.

The form is sent in duplicate in Order that you may retain a Copy of your Return if you desire to do so.

Ordered — That the Executive Sanitary Officer fill up the Return and transmit same to the Local Government Board.

The following Circular and Petition received from the Town Clerk Waterford Adjourned from the meeting held 28th March were Considered.

Public Health Bill.

Waterford March 1878

Sir

I am directed by the Council of the City of Waterford to forward for the Consideration of your Board the Annexed Copy of a Petition with reference to the anomaly now existing, and which it is proposed to Continue under the public Health Bill.

You are doubtless aware that the expenses of the Rural Sanitary Deitricts are levied under the Poor Law and divided between the Owner and the Occupier; While in the Cities and Towns the Urban Sanitary Districts the expenses are thrown entirely on the Occupiers who pay Borough Rate.

My Board suggests that after the Accounts of the Urban Sanitary Districts are Audited by the Auditor the amount shall be repaid to the Borough or Town Fund by the Board

Board of Guardians, and be by them included in the Poor Rate of the Urban Sanitary Authority by which means the owners and occupiers will Contribute to these expenses, which, ought, if right were done, to fall exclusively on the Owners.

My Board looks for a successful issue if the movement will be general, and if the Urban Sanitary Authorities will follow its example and present a Petition to Parliament, and also instruct its Parliamentary representatives to give the proposed amendment their support, and I am instructed to ask you to Convene your Board as soon as possible to Consider the Subject.

I shall be glad to hear at your Convenience what action you have taken in the matter.

Sam, Sir,
Yours &c
Joseph W. Howard
Town Clerk

To
The Executive Sanitary Officer
New Ross Urban S. Authority.

Petition.

To the Honorable the Knights, Burgesses, and Commons of the United Kingdom of Great Britain and Ireland in Parliament Assembled

The Petition of

Sheweth—

That a Bill is now pending in Your Honorable House, entitled The Public Health (Ireland) Bill, in which it is proposed that in Rural Sanitary districts the general expences of the Act shall be paid out of a Common fund Raised out of the Poor Rate of the Electoral Division or parts thereof. That by this provision the owners as well as the Occupiers will each

each Contribute towards the expenses under this Act but that it also provides that in Urban Sanitary Districts the expenses shall be met out of the Borough Fund or Borough Rate, which is Contributed solely by the Occupiers.

That Your Petitioners find by experience that the principal portion of the General expenses are incurred in Superviseing the Conduct of owners and in Compelling them to make drains and to put and Keep their Houses in Habitable repair and order.

That it appears to Your Petitioners unreasonable that the expense of the Urban Sanitary Authorities should be levied in an exceptional manner and they would ask that the same rule which applies to the rest of Ireland should be extended to the Cities and Towns.

Your Petitioners beg to submit to your Honourable House that the accounts of the Urban Sanitary Authorities are audited by the auditors of the Local Government Board and while they do not object to advancing from the Borough Fund from time to time such sums as may be necessary to carry out the Public Health Act they think such advances when vouched and certified by the Auditor should be repaid to them by the Board of Guardians and included in the Poor Rate levied on the Urban Sanitary District.

Your Petitioners pray that Clause 224 of the said Bill

may

may be amended by adding to it a proviso that the money advanced out of the Borough Fund for Sanitary purposes shall be repaid to it by the Board of Guardians and added to the Charges under the Laws for the Relief of the Poor in Ireland

And your Petitioners will ever Pray

Ordered – That the Petition be adopted engrossed by the Executive Sanitary Officer and Submitted to next meeting to be Signed.

Re Sub — Sanitary Officer reported that Johanah Hennessey, and Mary Hale of Rowley Street had Complied with the Sanitary Notices.

That John Miskella Cross Lane had not Complied with the Sanitary Notice by opening the Sewer and filling the Cesspool. It is difficult for him to do so as the Sewer passes at the end of his House to Cross Lane. He (Miskella) handed the Notice to Mr Boyd Junior Agent for the property. Miskella Could not afford the expense of opening the Sewer.

The Commissioners Yard is in a most filthy State and open to every one to Commit Nuisance there. I fear from its present state it will be most Offensive in warm weather

Ordered —

to the sewers on 2nday.

I am Gentlemen
Your obt. sert.
James Kearns
Secretary

To
Town Commissioners
New Rop.

Ordered – That the Executive Sanitary Officer write to the Harbour Commissioners, stating that if the Harbour Commissioners allow £2. per annum, part of the Cost of Keeping the Outlets of the sewers Clear, the Urban Sanitary Authority will engage to have the work done; that if the Harbour Commissioners decline to make such a Reasonable arrangement, the Urban Sanitary Authority will feel obliged to take the usual proceedings, which the law directs to be taken against Owners and Occupiers, to ensure the abatement and prevention of nuisance on their premises.

The Sub- Sanitary Officers Report suggested that Landlords should afford their tenants the means to lime wash their houses, as many of them were in a fearful filthy state; that Mr Baldwin had visited and inspected the sewer where broken down in Robert Street.

The Chairman explained the result of his inspection of the sewer.

Ordered – That 100 Copies of the public Notice respecting lime washing of houses, issued 28th June 1876, be printed and Circulated amongst the Landlords of houses in Town.

Ordered – That the Sub- Sanitary Officer get the sewer at the back of the Meeting House in Robert Street repaired at once.

The Meeting was adjourned to
Thursday 29th June 1878.

~~both~~ the Sanitary Notice.

That he had been informed on the night of the 20th Instant that a dead pig had floated in at Rosbercon side, that he ordered Walsh and M. Freeman to have the pig buried on the following (Sunday) Morning. They went to search for the pig but could not find it. Will they be allowed anything for their trouble at that hour in the Morning.

That on the 23rd Instant he found a quantity of beef in a barrell at the house of Philip Carty Bewley street, which his wife stated was the property of John Healey. Dr Mullins inspected the meat and pronounced it unfit for human food. After receiving Dr Mullins testimony respecting the meat J. E. Galavan Esqr J.P. Chairman of the Town Commissioners Ordered the meat to be destroyed Which was accordingly done on the 24th Instant.

That on this date (25th July). He caused a large pig which was found at the Rosbercon side of the River in a very decomposed state to be buried.

Ordered – That M. Freeman and J. Walsh be allowed 1/- each for having attended on Sunday morning 21st Instant to bury the pig at Rosbercon side of the river.

Auditors Report.

I have audited and examined the Accounts of the Town Commissioners of New Ross for the Year ended the 18th day of May last and in Conformity with the provisions of the Local Government (Ireland) Act I annex hereto for the information of the Commissioners an Abstract of the Accounts, shewing the Receipts and Expenditure under the several heads during the period mentioned.

It will be seen from the Abstract that there was a Balance standing to the Credit of the Town Commissioners on the 18th day of May 1877 amounting to £42.1.0; that the Receipts from all sources between that date and the 18th May 1878 amounted to £784.0.0; the Expenditure to £758.8.6 and that there was a Balance to the Credit of the Town Commissioners at this last mentioned date of £67.12.6.

I have examined the Accounts shewing the revenue derivable from the Borough Rates, Corporate Rents, Pipe water Rents, and from other Miscellaneous Sources, and the Receipts under the various heads appear I have been duly lodged to the Credit of the Town Commissioners. On the other hand the payments made during the year I have been brought to Charge and I have upon the whole, been touched Satisfactorily.

There is little if any improvement in the mode in which the Corporate Rents are accounted for. I would suggest that the Clerk should be required to Check

the

the Rental sheets and Certify their accuracy before producing them at the Annual Audit

The Mode in which the Fines levied in the Commissioners Court were accounted for, was far from being satisfactory, no proper Return of the Sums received having been submitted to me. I have directed the Clerk to prepare an accurate statement of the fines received and produce it to me at the next Audit.

With the exception of the foregoing the Accounts have been prepared with accuracy and the duties of the Clerk in relation to them appear to have been discharged in a Creditable Manner.

Dated this 12th day of July 1878.

I have observed several payments made in the Months of December last amounting on the whole to £3.7.6, and which I am informed were made as gratuities to Officials and workmen employed by the Town Commissioners. There is no Statutory Authority for Charging such allowances upon the Local Rates, and should any payments of a like nature Come before me upon a future Occasion, I shall strike them out of the and debit them to the Commissioners by whose Signatures they shall have been authorized.

Ordered — That the Clerk Check the Rental Sheets of the past Year, the Collector to attend when they are being Checked, and produce the Vouchers for the Rates as allowed, & the Clerk to be used in the Examination of the Rental Sheets. Also — That the Collector when returning the Rental Sheets in future, produce the Vouchers for the Rates as allowed on each Rental Sheet and attend with the Clerk when they are being Checked.

The Clerk produced the Account of the Borough Court fines, and Stated that he had told the Auditor on the 12th that he would have the Account of the Borough Court fines ready on the morning of the 13th, as he (Clerk) believed the Auditor would be auditing on the third day, as at previous Audit. The Auditor said he would have the Audit finished on the 12th. The Clerk requested the Members to examine the Account.

The Consideration and examination of the Account was Referred to next Meeting, the Members to be Noticed to attend.

The following Report was read from the Inspector —

With reference to Mr W. Hawletts application requiring a stop Cock at the East end of the Bridge street, near Mr Shanahans or John Thorpe's, I am of opinion that the Cock is required in Order to give a better supply of water to the four persons in John Street who have the water in presently — Namely — William Hawlett, Mr Breen, John Maddock and Thomas Cusack — particularly this season

season of the year when the Springs are low and the water scarce. Because by having the stop Cock placed where required, it would prevent the water going down Bridge Street for some time until John Street would get the Supply

Mr Meadows Priory Street ordered one & have the pipe water Cock Cut-off as he does not require the water any longer.

With reference to Mr M Doyles notification respecting the Street Contracts, they state that there are only two Contracts, namely No 112 and 141 No 141 is out and requires to be renewed, and No 112 will be out in Twelve months. In No 141 Contract there are 934 perches which require to be renewed presently. Mr M Doyle suggested to me that it would be well to renew 141 for twelve months and then No 112 will be out and then to renew both, and put them in one sum.

By referring to the County presentment Book No 112 there are 171 perches at 9d per perch and 2/6 per perch for 934 perches.

They respectfully state that I have been for the last two weeks ordering and endeavouring to make them go over on the new 2way with the potatoes, but when they are not weighing it is with the greatest Reluctance they would agree to go. But notwithstanding I hope to make them all go to the new 2way where required

With reference to attending Mr John Tobin and producing vouchers for Checking the Rental I shall do so much as is in my power

Sir — The Post Master General having had

had before him the Memorial which you forwarded, asking for an extension of the delivery of letters at New Ross to Rosbercon, has directed me to express His Lordships regret that the Circumstances of the case will not justify the expense which would have to be incurred.

I am to explain that it is not the practice to grant an additional daily delivery unless the produce of the letters to be accellerated is sufficient at 1/4 per letter to Cover Cost of the new service.

It appears that the produce of the letters for Rosbercon which would be benefited would not even at 1/2 per letter cover the additional Cost.

Public Health (Ireland) Act 1878.

Local Government Board, Dublin
17th September 1878

Sir

In relation to the Copy of the Public Health (Ireland) Act. 1878, forwarded to you for the use of the Sanitary Authority on the 28th ultimo, the Local Government for Ireland have now to state that a Digest and Index is being prepared by their Assistant-Secretary, Mr Woodsworth, for publication on his own account, together with a Copy of the Act itself.

This Act, which Consolidates the Contents of twenty previous Acts now almost wholly repealed, Contains also many amendments of the Sanitary Law and many additions to it. for a full Knowledge of which reference must be

1878— Thursday 19th September— Minutes Continued
September 19th

be made to the Act itself, but it will be right to specify a few of the Changes in the Organization of the Districts, the incidence of taxation, and some other of the more material Changes effected; and this it is now proposed to do in the Order in which they occur in the Statute.

Sanitary Districts.

The first Change to be noticed is that in the Construction of future Urban Sanitary Districts by Provisional Order of the Government Board, the limitation of places having 6000 inhabitants is no longer maintained and a place having "Town or Township Commissioners Contained in a Rural Sanitary District may, after petition to the Local Government Board, and due inquiry by them be created an Urban Sanitary District Whatever the amount of the population may be. On the other hand, any existing Urban Authority may in like manner be added to the Rural Sanitary District in which it is situate (see section 7).

Filth Removal.

The 44 and following sections are devoted to the Subject of Water Closets, privies &c, and the first of these enactments imposes a penalty of £20. for building or rebuilding a House without both privy and Ash pit.

Section 47 which will probably be Carried out Sooner or later by the Sanitary Authorities of many large towns, Contemplates the establishment of some one general uniform system

Copyright Wexford County Archive

of domestic Scavenging and removal of filth and rubbish by the Officers or Servants of the Sanitary Authority "at short and regular intervals".

One of the systems referred to in this section is, without doubt, that of the Pail and Ash Ash-Tub. which has been adopted in Manchester, and Birmingham and other English Towns, and which, after long and mature deliberation, it has recently been determined to adopt at Glasgow. This system is fully described in the Circulars and Memoranda of the Local Government on the subject of the Removal of filth of Towns. (See Annual Reports, 1876, 1877, and 1878.)

Removal of Patients by Order of Justice to Hospital.

This may now be done in Cases of dangerous infectious disease where the patient is without proper lodging or accommodation, or lodged in a room with other persons not so suffering, by Order of any justice, on a Certificate signed by a legally-qualified Medical practitioner, and any such patient who is lodged in a Common lodging-house may, on a like Certificate, be removed by Order of the Sanitary Authority. (See Sec. 141.)

Prohibition of Wakes in Cases of Death from Infectious Disease.

The Offence above described has been placed under a penalty of £5. together with a number of other Offences described in the 142nd Section, the prohibition and punishment of which has been pronounced by Parliament to be necessary for the protection of the Public against the Spread of infectious disease

1878 — Thursday 19th September — Minutes Continued
September 19th

disease

Burial Grounds.

General important Changes have been made in the laws relating to Burial Grounds which are now vested universally in the Sanitary Authorities of the Districts in which they are respectively situate, excepting only where the Sanitary Authority is a Board of Town or Township Commissioners under a Local Act and in these Cases the Board of Guardians of the Union in which the Town or Township is situate is made the Burial Board. (See Sections 160 and 161.).

Secondly;— In every Rural Sanitary District all expenses arising in Relation to Burial ~~Boards~~ grounds will no longer be raised by a Seperate Assessment, but be Charged on the Poor Rates, and thus the long-vexed question Whether the Owner is liable to half the Burial ground expenses is decided in the affirmative by the new Act (See Section 234.)

Thirdly;— Loans from the Board of Works not Heretofore obtainable in Relation to Burial Grounds will be henceforth available on Certain Specified terms and Conditions as for other Sanitary purposes (See Section 247)

Defaulting Sanitary Authorities.

The power of the Local Government Board to dissolve a Board of Guardians for default in the execution of the Poor-Laws

is

is extended to the case in which a Board of Guardians makes default in the performance of its duty as a Rural Sanitary Authority in neglecting to obey an Order of the Local Government Board.

Urban Sanitary Authorities making similar default are liable to be proceeded against by Mandamus for the enforcement of similar Orders of the Local Government Board (See Section 211.)

Portions of Townlands may be made Contributory Places.

In the Law as it previously stood no locality less than a whole Townland could be included in an area of Charge for Sanitary purposes; and much inconvenience and injustice has resulted in certain places from that imperfect state of the law which has now been amended (See Section 232.)

Other Changes in the Law.

Improvements in the process for Removal of Nuisances, and in operations for Sewerage and Water Supply, in the Regulation of Buildings, and in other matters, are too numerous to be specified here, and must be looked for in the Act itself.

Such improvements have been for the most part adopted *mutatis mutandis* from the English Sanitary Law.

The Local Government Board trust that the facilities which they have endeavoured to afford for obtaining a knowledge and understanding

1878 — Thursday 19th September — Minutes Continued —
September 19th

understanding of the new Code of Health Laws will be Responded to on the part of the Sanitary Authorities both Urban and Rural by a vigilant and unremitting attention to their duties in regard to the Public Health.

By Order of the Board

Secretary.

No 20,689 – 178 – Miscellaneous.

Local Government Board, Dublin
9th October 1878.

Sir,

The Local Government Board for Ireland
forward

Copyright: Wexford County Archive

1878 — Thursday 17th October — Minutes Continued —
October 17th

forward herewith for the information of the Town Commissioners of New Ross, a Copy of the 11th Section of the Public Works Loans (Ireland) Act 1877, from which it will be seen that every intending Borrower is required to send to the Commissioners of Public Works in Ireland, on or before the 31st day of December in every year, a statement of the new Loan, or Instalments of a Loan already granted, which the Sender will probably apply to borrow during the then ensueing financial year, Commencing on the 1st April.

These statements are to be submitted to the Treasury by the Commissioners of Public Works, with such information as may be necessary for enabling the Treasury to lay before the House of Commons an Estimate of the amount required to be granted for the purpose of Loans by the Commissioners of Public Works, who will not have power, except with the Special permission of the Treasury, to decide upon Complying with an application for a Loan, or advance any Instalment of a Loan, which has not been included in such a statement as above mentioned.

The Local Government Board think it right to Call attention to this subject in order that where any application to the Commissioners of Public Works for a Loan is contemplated, the required statement may be sent to those Commissioners in due time, that is to say, not later than the 31st December next, and any failure of the application owing to noncompliance with the provisions of the Act, be prevented.

The Board desire at the same time

to

to draw the particular attention of intending borrowers to the necessity of stating how much of any Loan will be required in the year ending March 1880 (the period of the credit to be taken for the proposed loans), in order that the Commissioners of Public Works may limit the demand for the year, as far as possible, to the requisitions which will actually be made on them.

By Order of the Board.

B. Banks
Secretary.

To
Each Board of Guardians
and each Governing Body
of a Town in Ireland

Here was annexed the 11th Section of the Public Works Loans (Ireland) Act, 1877, 40 & 41 Vic. C. 47.

Chairman
Town Commissioners

Sir,

As the question of Fire Escapes is now occupying so much attention, I beg to say that I have taken up the matter of Water supply, Fire Engines, and Fire Escapes, and am prepared to advise on same or to supply the Engines and Escapes. I have now a working Model of the Clayton Fire Escape 15 ft long representing the three ladders telescopic machine of 60 feet. This Model is being exhibited to the Town Commissioners and other persons in this Town for the purpose of shewing them how the machine works. No person looking at the model can fail to see the advantage of the "Clayton" machine so much thought of in Dublin, Where the old Fly ladder style so signally failed Causing the death of a Whole house hold. I will be glad to exhibit the model in question and to explain its working by merely having my fare paid and the Carriage of the model by goods train it weighs, Case and

96 Ds daily.

There is another point to which I beg to refer. Engines and Escapes are apt to get out of Order for want of proper Care. I am about to arrange with some Towns for the Inspection of these Matters and to report on them for a small Yearly Sum which I can do with other business. I have given nearly 20 Years to the practical working of pumps Machinery, and Hydraulics.

Your obedient Servant
D. Hickie.

Ordered — That the Consideration of M.r Hickie's Communication be Refered to next Meeting the Members be Noticed to attend and Consider same.

Communications were read from Town Clerks &c respecting the Remuneration given for Services of the Clerk, to Town Commissioners or Borough Courts.

No 1 From the Town Clerk — Rathkeale — Saying — the Clerk of the Town Court gets no Salary from the Commissioners, but a Sum of one Shilling on each Summons.

No 2 From the Town Clerk Carlow — We have no Borough Court. The Cases you refer to are brought by the Police before the Petty Sessions Court. The Commissioners get one half of the fines imposed for drunkenness at Petty Sessions. Neither the Clerk of Petty Sessions nor I receive any remuneration for such Cases. The Summons used is the Ordinary

Ordinary form in Police Cases.

No 3 From the Town Clerk, Dungarvan - My Remuneration is One Shilling for each Case where the Fine is paid, and if Committed I get no fees There is no other Salary paid me for this work

No 4 From the Town Clerk Lisburn — There is no Town Court here. All the Cases are brought into the Petty Sessions Court in the name of the Constabulary. I get no remuneration on this head

There are Town Courts held in Newry, Ballymena and Banbridge, the Town Clerks of which places Could give you the information you desire.

No 5 From the Town Clerk Banbridge — I get £20 per Year for transacting the business in the Town Commissioners Court and all the Costs which amount to about £30. per Year.

No 6 From the Town Clerk, Ballymena — I am Registrar of the Town Court and receive all the Costs as Compensation for my trouble. I have a Summons Server who receives 6d for each. This is included in the Costs awarded.

Costs are — Entry 6d, Summons 6d, Service 6d Warrant 6d, 2nd if necessary 6d — 2/6

paid a Salary of £175, which Covers all my duties I have payment for Voters Lists and £20 as Executive Sanitary Officer. Previous however to the present arrangement I was paid 1/- out of the recoverable Costs in each Case. The Costs were 1/6 and I paid the Summons server 6. Of Course the Commissioners paid for the Cases of Summons served, in which the fine and Costs were not paid. In arranging my Salary £20 was Calculated. In many Small Towns about here the Petty Sessions Clerk is also Town Clerk and I understand the arrangement is, he gets recovered Costs. By this arrangement the Town Commissioners get all the fines, less Cost of Cases where no Costs are recovered.

No 8. From the Town Clerk Ballinasloe — The remuneration is 1/6 per Case where it is productive, but if a Warrant has to be issued there is six pence additional. If non productive, there are no fees, though in a neighbouring town (Athlone) the Clerk is allowed on all Cases, which I think should be the Case as he has quite as much, and often more trouble with the non productive ones, and Athlone has been allowed by the Auditor.

All parties who Commit offences in the Township and reside outside the Boundary are brought before Petty Sessions, and a Moiety of the fines Come to the Town Commissioners. The Petty Sessions Clerk gets no remuneration.

No 9 From the Clerk of Petty Sessions Enniscorthy — In Reply to your queries respecting the disposal of Cases under the "Towns Improvement Act" and the

the Licensing Act. The arrangements of the Court are as follows — There being no Borough or Town Commissioners Court set apart for the transaction of the business. As soon as the Petty Sessions business is disposed of, the Justices assembled then proceed to hear the Cases brought under the Towns Improvement Act, in which I also act as Clerk to the Town Commissioners and receive a Salary for so doing of £10 per annum, and the recoverable Costs.

Cases of Drunkenness occurring within the boundary of the Town are heard in the Petty Sessions Court "half of the fine being awarded to the Town Commissioners, and "half to the Informer".

The Constabulary prosecute in their own name. This is done as petty Sessions business, business for which there is no Remuneration to be expected from the Town Commissioners.

No 10 From the Petty Clerk Surrey — In all Cases in Town Commissioners Court no stamps are used but the Court, in whose discretion the matter of Costs rest, have always allowed Costs in each Case at the same Rate as if stamps had been used, to meet the trouble of preparing documents &c From the passing of the Licensing Act 1872. I had an arrangement with the Commissioners here as Clerk of their Court (all drunken Cases within the limits of the Town being then brought into the Commissioners Court, and prosecuted in the

the name of the Commissioners) to receive a Salary of £10.10.0 including Stationary and also to get all Costs paid, but not to Charge them with unpaid Costs, but subsequently to the passing of the Licensing Act 1874, the 30th Section of which directs the fines to be disposed as directed by the 92nd Section of the Towns Improvement Act, in Consequence of decisions made by the Superior Courts, that the Constabulary have a right to prosecute drunken Cases in their own Names. All such Cases are now into Petty Sessions Court but them and not into Town Commissioners Court. All other Cases under the Town Act are of Course to be prosecuted in the Commissioners Court. The Commissioners here have no Officer to look after Offences under the Act and the Police take Notice only of such Cases as they Can proceed against in Petty Sessions. I may tell you that when the Commissioners here Ceased to have the Cases for Drunkenness prosecuted in their Court by the Police, at the end of last Year refused to pay me my Salary and wrote to tell me that my Services had ended a a Year previously. However, I have given my Solicitor instructions to sue them for it. That letter I received in January last and no Case has been prosecuted here under the Town Act since then. All Cases for offences against the provisions of the Town Act are to be proceeded with in the name of the Town Clerk, who sues for and on behalf of the Town Commissioners, except such Cases as are brought by persons

grieved

1878 — Thursday 14th November — Minutes Continued
November 14th

Grieved, who have a full right to proceed in their own name. If the Commissioners Officer prosecutes for Drunkenness in Petty Sessions the Clerk will stamp the Cases and he paid the Same as if any private private individual prosecuted. In all such Cases however, it is more likely that the Comrs Officer will take the Complaint to the Commissioners Court.

Half the fines for Drunkenness within the Limits of the Town, under the Towns Improvement Act, even where the Police Prosecute is payable to the Town Commissioners — the other half to the Informer. See 35 & 36 Vic Cap 94 Sec 12 — 37 & 38 Vic Cap 69 Sec 30 & 17 & 18 Vic Cap 103 Sec 92.

I dont know how the Commissioners here intend to Carry out the provisions of their Act. The Town Clerk it appears will not do the Court business, and as they split with me I wont on any terms return to do so.

I send you a Summons and Warrant, such as we used here.

If I have missed any of your points, let me know and I shall be happy to give you any information I Can

No 11 From the Town Clerk Grey — I must apologize for not replying to your letter of inquiry sooner, as I have been from home I may say for the past month.

The Town Commissioners here have no Borough Court and until the passing of the

the new Licensing Act all Cases within the Township were heard by the Magistrates after the usual business of the Petty Sessions Court was over. These Cases were entered in a Seperate "Order Book".

The Petty Sessions Clerk acted as Clerk to the Court and he received as remuneration the Costs in each Case, which was 1/-, and in some instances 1/6 each. During the year 1876 the business was so much increased that the Comrs allowed him £10.10.0 for Stationary, and in lieu of unpaid Costs. Since the passing of the above named Act the Police ceased to bring the Town Cases under the "Towns Improvement Act" and the Petty Sessions Clerk is obliged under the "Licensing Act" to hand over one half the fines for Drunkenness within the Township to the Commissioners.

The Auditor objected to the payment of Salary, for such duties, to the Clerk of Petty Sessions, in Case he is awarded all the Costs. It has since been discontinued, and the Clerk here has refused to act except he is paid a Salary, but as the duties now are so trifling the Commissioners have not yet made any arangement in the matter.

Under the "Towns Improvement Act" it is the duty of the Town Clerk, for which of Course he will receive additional Salary for these services, and lodge both Fines and Costs to Credit of the Rates.

The warrants which were used here were the same as those in the Ordinary Petty Sessions Court. The Name of the Town Clerk as the prosecuter

1878 — Thursday 14th November — Minutes Continued

prosecutor in each Case.

The Commissioners here are about to arrange with me for like duties and I shall be happy to advise you of the result.

No 12 From the Town Clerk Carrick-on Suir — Carrick on Suir & Carrickbeg Towns District Court — Costs allowed — Summons 6, Service (when not by police) paid to Summons Server 6, Order of Court 6, Warrant 6. Information in Drunken Cases When defendant does not appear (but When he does, not used — 1/- When defendant Committed in default of payment of fine and puts in time in jail, the Clerk the Clerk gets nothing in that Case Receive the Whole of the Costs as My remuneration.

Ordered — That the subject of the Correspondence and the fixing of the remuneration of the Clerk to the Borough Court, if any, be referred to next Meeting, the members to be noticed to attend.

The Meeting was adjourned to Thursday 21st November 1878.

Sir

The Local Government Board for Ireland transmit to you herewith to be laid before the Sanitary Authority, a Copy of a General Order

Copyright Wexford County Archive

Order which they have issued in pursuance of that portion of the 258th Section of the Public Health Act 1878 which provides that if a Medical Officer of the Sanitary Authority shall attend and assist in any prosecution instituted by such authority. On receipt of an Order from such authority, he shall be entitled to Remuneration from the Sanitary Authority at such rate as the Local Government Board shall approve, unless it shall have been agreed that the duty of affording such attendance and assistance shall be included in his Salary, or that his whole time shall be occupied in the discharge of the duties of his Office.

As the Circumstances of each Case in which the Medical Officer's attendance and assistance may be required, will no doubt vary both as to the time occupied and the distance travelled, and it is desirable that the amount of the remuneration, which it will be observed is recoverable as part of the Costs of the prosecution, may be at once determined at the Close of the proceedings, the Board have thought the most Convenient and Satisfactory way of discharging the duty imposed on them by the Section referred to is to prescribe Certain limits within which they approve such Rate of Remuneration as may be fixed by the Sanitary Authority in each Case falling within the provisions of the Section.

These limits it will be seen are not less than One Guinea or more than two Guineas per day or part of a day, and the Officer Conducting the proceedings for the Sanitary Authority in

Secretary

To the Sanitary Authority of each of the Urban Districts, and to the Sanitary Authority of each of the Rural districts in Ireland, and to all persons whom it may Concern:

Whereas, under the "Public Health (Ireland) Act 1878," Ireland is divided into Urban Sanitary Districts and Rural Sanitary Districts, as described in the said respectively:

And Whereas with respect to the Appearance of Sanitary Authorities in Legal proceedings it is provided in the said Act as follows:—

Sec 257— "Any Authority may appear
" before any Court or in any legal proceeding
" by their Clerk, or by any officer or Member
" authorised generally or in respect of any speci
"-al proceeding which the Sanitary Authority
" is authorised to institute and carry on
" under this Act"

Sec. 258— Every Officer of a Sanitary Authority shall attend and assist in any prose-cution instituted by such Authority on receipt of an Order from such authority so to attend; Provided always, that if a Medical Officer of the Sanitary Authority shall so attend and assist he shall be entitled to remuneration from the Sanitary authority at such rate as the Local Government Board shall approve unless it shall have been agreed that the

duty

duty of affording such attendance and assistance shall be included in his salary, or that his whole time shall be occupied in the discharge of the duties of his office; and such payment shall be deemed to be expenses incurred by the Sanitary authority under this Act, and may be recovered as part of the costs of the prosecution".

Now therefore, we the Local Government Board for Ireland do hereby, in any case falling within the provisions recited approve of such rate of remuneration not less than one Pound and one Shilling, and not exceeding Two Pounds and Two Shillings per day or part of a day, as may be fixed by the Sanitary authority in each Case of legal proceedings as aforesaid

Sealed with our Seal this Eleventh day of November in the Year of Our Lord One Thousand Eight Hundred and Seventy Eight

Town Clerk's Office, City Hall Dublin.

11th December 1878.

Sir

In pursuance of the annexed Resolution of the Municipal Council of Dublin, I have the honour to enclose a Copy of a Petition for presentation to Parliament, praying that the Franchise, Municipal and Parliamentary, in Ireland may be assimilated to that in England, and that the provisions of the 32 and 33 Vic. Cap 41 (the Poor Rate Assessment and Collection Act 1869) may be applied to this Country, and also those of the 41 and 42 Vic. Cap 26 (the Parliamentary and Municipal Registration Act 1878).

With a view to securing the Co-operation of the representative Bodies Specified in the latter part of the Resolution, I am to request you will, at your earliest Convenience, bring the Subject under the Consideration of your Board

I am, Sir,

The Chairman

Your obedient Servant

John Beveridge

and Parliamentary in Ireland may be assimilated to that in Egland and that the provisions of the 32 & 33 Vic Cap 41 (the Poor Rate Assessment and Collection Act 1869) ~~may~~ may be applied to this Country; that it be signed sealed and transmitted to our M.P. Col. Tottenham for presentation to Parliament and that he be requested to support the prayer of the Petition.

Passed Unanimously.

The following is a Copy of the Petition adopted by the Resolution.

"To the Honourable the Commons of the United Kingdom of Great Britain and Ireland, in Parliament assembled.

The Humble Petition of the Right Honorable the Lord Mayor, Aldermen and Burgesses of Dublin, in Common Council assembled, and under their Common Seal.

Sheweth

That by reason of the existing laws, granting and regulating the various Franchises in Ireland and the practice of the Revision Courts, many persons are deprived of Votes who if they resided in England would be entitled to possess them.

That this Can be clearly seen from the following Comparison between the Laws which regulate the Franchise and Registration in both Countries:—

In Counties in Ireland persons possessed

by

of a 40/- freehold by inheritence or life estate are not returned for the Franchise, Whereas in England such persons have a Vote.

In Ireland possessors of an estate for life Valued at £5. per annum have no vote unless they be rated at the annual Value of £5. per annum, Whereas in England possessors of such an estate have a Vote Whether they are rated or not at £5. per annum.

In Ireland original Lessees for a term of 60 years must have a beneficial interest of £10 per annum, Whereas in England the beneficial interest required is only £5.

In Ireland occupiers of land at a rent of £50 per annum have no Vote unless rated at £12 per annum, Whereas in England such occupiers have a Vote Whether they be rated or not.

In Ireland a Valuation of more than £4. is required for the Parliamentary Borough Franchise, Whereas in England occupiers of a dwelling-house rated at any value have the Franchise.

In Ireland there is no provision for giving the Franchise to the occupiers of flats in Working Men's dwellings, Whereas in England such provision exists.

In Ireland tenants paying their rents by the month or week are not rated, Whereas in England tenants so paying their rents are returned for the Franchise.

In Ireland an occupier claiming to be rated must pay all rates due, past and current in respect of the premises at the time of making such claims, Whereas in England the qualifying rates of the previous year are deemed sufficient.

In Ireland Where owners of houses pay the Rates

1878 — Thursday 26th December — Minutes Continues

December 26th

Rates, neither the owners nor the Collector of Rates are Compelled under any penalty to return the names of Occupiers, it being in the discretion of the Collector What names he shall put leave on or off Whereas in England such Owners and Collectors (Overseers) are bound, under a penalty of £2. for each name omitted to return Correctly names of Occupiers for the purpose of the Franchise no Matter who pays or is liable for the Rates.

In Ireland no abatement is granted to owners who pay rates themselves for paying qualifying rates before 5th June, Whereas in England owners so doing get an abatement of from 15 to 25 per Cent thereby securing the Franchise to the Occupier.

In Ireland no notice of Rates being unpaid by the Landlord is served upon the tenant, Whereas in England a Notice must be served, under a penalty, on every occupier on or before 20th June of any qualifying rates being unpaid, although the Owner may be liable for such Rates.

In Ireland no person has the Municipal Franchise in any town, except Dublin, unless occupying a House rated at the annual Value of £10. Whereas in England the occupier of any House rated at any Value has the Municipal Franchise.

In Dublin although any Value is sufficient Yet a residence of nearly three years is Required, and Occupiers rated at and under £4 are not put on the rate Book, no matter

Copyright Wexford County Archive

matter how long resident. Whereas in England only one year's residence is required, and all Occupiers are returned.

In Dublin Occupiers of premises rated at £4. and under by not being put on the rate book loose their Poor Law Franchise. In England all such Occupiers being returned on the rate book under a penalty enjoy the Poor Law Franchise.

In Ireland objections are served on very large numbers, even where objectors know that there are no grounds whatever for their objections, but Counting on the probability of the person objected to, and on whom the onus of proof is thrown, not being able to attend, whereas in England any person other than the owner objecting must state the grounds of objection and sustain them, or be mulcted in Costs.

In Ireland nearly all lodgers are objected to, and those already on the list must attend in person or by substitute to prove their Claim, which they are often unable to do, as Revision Courts rise as early as 5 P. M. and hold no evening sittings. Whereas in England the declaration of Lodger annexed to his notice of Claim is held the prima facie evidence of his qualification; and, furthermore, should personal attendance be necessary, Revision Courts in all towns over 10,000 inhabitants hold evening sittings from 7 P. M to 10 P. M. for the convenience of those who cannot attend during the day.

Your Petitioners wish to point out from the following figures that the result of the foregoing disabilities is that the number of Voters in proportion to population is in Counties in Ireland only half what it is in England,

Whilst

1878 — December 26th — Thursday 26th December — Minutes Continued

Whilst in Boroughs it is only as one to four, and in Municipal towns as one to ten

Your Petitioners therefore Pray that the Franchises now existing in England may be granted to Ireland and that the law affecting the Registration of Voters in both Countries may be assimilated and that the provisions of the Parliamentary and Municipal Registration Act 1878, may be extended to Ireland; and that as many small holders of Land in Ireland have no Franchise any Act enlarging the County Franchise in England may be extended to Ireland

And your Petitioners as in duty bound will ever Pray.

New Ross January 6th 1879

Sir

In answer to your inquiry on the part of the Town Commissioners as to whether they would be justified in applying any of the Surplus rates in their hands for the purpose of building houses on the Corporate property, I am Clearly of opinion they would not

The Commissioners are not authorized to raise money by Rates except for the several purposes mentioned in the "Towns Improvement Act" and the Other Acts refered to therein, upon an Estimate duly prepared for such several purposes, and I do not find in any of those Acts that the Commissioners are empowered to erect buildings on the Corporate property for private purposes and by way of profit.

The Corporate rents, after deducting the Charges and expenses are to be applied in aid or reduction of Whatever Rate may be necessary for the objects specified in the Acts I refer to. And should the residue of the Rents or any other funds available be sufficient for the purposes, then a Rate in my opinion ought not to be made at all.

Yours faithfully
Thos Boyd

The following was read.

Report of the Committee appointed to Consider the question of retaining, limiting, or extending the present boundary of the Borough.

We regret that the time at our Command has not permitted us to give the question adequate ~~a~~ Consideration. It appears that in November last the Municipal Boundaries Commissioners issued for the guidance or assistance of the Municipal and Borough Authorities, a Sheet of Numbered queries; that their Secretary despatched in due Course a Copy to the Town Clerk, but it failed to reach him and that the Copy now before You Came to hand only a few days since, so that not having had earlier notice, We Cannot supply details information on the various branches of the Inquiry.

Without anticipating the Views of the Rate payers on the Subject, generally, it must, we think, be admitted that the area of the Borough, is fixed at the Smallest possible limit, and that an

extension

extension of the Boundary would be desirable, as adding to the importance and influence of the Borough, and affording enlarged scope for the exercise of the powers vested in the Town Commissi-
-oners. Still, we regret that for the following reasons, we cannot recommend you to apply for an extension.

1. Because the subject has not engaged the attention of the Ratepayers.

2. Those persons outside the Borough who enjoy the advantages derivable from proximity to its Fairs, Markets &c without contributing to its Taxation, and who might be affected by an alteration of the existing boundary, have not had an opportunity of expressing their opinions on the matter.

3. Taking the difference between the present area and a larger one - for instance, that of the New Rop Poor Law Electoral Division on this side of the River - and assuming that land would, as at present, pay but one fourth rate, the amount payable on the added valuation would be not more than £50. An enlargement of the area would naturally involve an addition to the working staff, and increased expenditure under the general heads of lighting, Cleansing, and Sanitary purposes. An extension at the other side of the river would not materially affect our Calculations, and on the whole, we do not Consider that the increased income would more than Counterbalance the increased expenditure. We may assume that this reason alone would not ~~alone~~ deter the Commissioners from the under-
-taking new responsibilities and an enlarged sphere of usefulness, were other Circumstances favourable

favourable, but from the information now avail-

Franchise - Parliamentary and Municipal

Letter from Col. Tottenham respecting Petition for assimilation of the Irish with the English Franchise.

The following was read.

House of Commons Feb. 14th 1879

Dear Sir

I this evening received the Petition of the Town Commissioners of New Ross in favour of the assimilation of the Franchise Municipal and Parliamentary in Ireland with that of England and had intended to present it at once. Unfortunately the questions occupied so much time that I was not sworn till after five o'clock, when the time for presenting Petitions ceases for the day. I will however present it at the first opportunity.

With regard to the Town Commissioners request that I should support its prayer I have personally a sympathy with those who desire the extension of the Borough Franchise but as the question may also involve the much larger one of the Redistribution of seats I trust the Commissioners will feel that I am right in standing up for the political existence of the Borough should it appear to be threatened

I am dear Sir

but the latter part of the Section which requires returns to be made to the Registrar of the District - is more general and appears to apply to all Burial Grounds whatever Authority may have Charge of them.

The provision relating to these returns which is Contained in the Section above referred to, is as follows; —

"The Clerk, or Secretary, or Registrar to every Burial
" Board and Cemetery Company, or other Authority having Charge
" of any Burial Ground, shall make or cause to be made
" at such times and in such manner as the Local Govern-
"-ment Board may direct, a return of the names, addresses,
" dates of death, and Causes of death, so far as ascertained
" by him, of the persons whose bodies have been interred
" in such Burial Ground to the Registrar of the District
" in which such persons resided at the dates of their
" deaths respectively, and such Clerk, Secretary, or Registrar
" of each such Cemetery Company shall be paid therefor
" by the Sanitary Authority during the period he is
" required to perform such duty such sum as
" the Local Government Board may direct, not
" being more than three pence for each separate
" entry of death."

For the purpose of preparing and issuing such directions as may be necessary under this provision of the Law, the Board are desirous of obtaining a Return of every Burial Ground within each Sanitary District in which Burials take Place. Whether under the Charge of the Sanitary Authority or not and with that View they request that you will be so good as to furnish them with a Return Containing so far as may be in your power the General particulars described in the accompanying form.

Sir

In Reply to your letter of the 21st Instant I Cannot do better than send you Copies of my letters dated 23rd June 1875, and 15th January 1875 on the Subject of the New Rop Endowed School, and to add that it was with much persuasion the Master of the Rolls was induced not to give the Costs Connected with the entire proceedings against the Town Commissioners. Indeed at one time during the discussion I thought he would Certainly make an Order to pay them. There was no excuse Whatever for the Town Commissioners acting as they did

Thos Boyd

The Town Clerk
New Rop.

(Copy) New Rop 23rd June 1875

Sir,

In reference to the Commissioner's Resolution relative to the Endowed School, it is quite impossible for me to tell the Commissioners what is their position in Connexion with it at present as I do not know to what extent they may have involved themselves in respect to it. I do however know this that if they had merely followed my advice and not interfered with the possession of the School or meddled in any way with its occupation (which they had no more right to do than with any other property in the Kingdom) their responsibility would not be either embarassing or serious.

I may however add that I am at a loss to see how one of the Commissioners (as I understand from Your Communication) can justify his taking away building stones from the School premises, as no one was authorised to sell them & him unless under the direction of the Court of Chancery.

Your obt. Servant

To the Town Clerk. Thos Boyd.

Dublin, January 15th 1876.

Dear Sir,

The Chancery proceedings in relation to the Endowed School was on today before the Master of the Rolls, who directed that a scheme should be submitted to him by the Attorney General, Rev. Francis Le Hunte, and

and Mrs Neville. His Lordship decided the Town Commissioners had nothing to do with the management of the School, and was very near making an Order against them for the Costs of the proceedings they will however have only to pay their own Costs.

Yours truly
Thos Boyd

Wm McGuinn
Town Clerk
New Ross

Proposed by Mr Pope
Seconded by Mr Murphy —

That as the Scheme for the Management of the Endowed School has been passed through the Rolls Court without any official notification having been given to the Town Commissioners with regard to the nature of that Scheme, We Hereby protest against the manner in which this body has been treated, and especialey against the offensive distinction drawn in the Sixth Clause between the Chairman of this body and the other Trustees; but not being now in a position to dispute the Scheme, We leave our Chairman free to attend and act according to his own judgment at the meetings of the Endowed School Trustees.

April 25th 1879.

The Resolution was put to the Vote and passed, the Chairman stating that he declines to vote.

Chilcomb, New Ros. June 4th 1879

Sir

In answer to your letter of the 3rd Instant I beg to inform you for the Information of the Town Commissioners that the action brought by them against Mr Neville for Borough Rate in respect of half the Rent received by him for the Union Workhouse, was dismissed by the Chairman at the April Sessions 1877, His Worship being of opinion that Mr Neill was not an "Occupier" within the meaning of the Towns Improvement Act. The other Acts to which I refered him on that Occasion were the 17th Vic Chap 8. The 12th & 13th Vic Chap 104, the 1st & 2nd Vic Chap 56, the 19th. 20th Vic Cap 93. the 15th & 16th Vic Chap. 63.

The main point however was as to Whether Mr Neville should be deemed an "Occupier" under any of those acts. I must say that I do not think the Case is at all free from doubt and it is quite open to the Commissioners if they so desire to have the point still determined by a judge on appeal.

Your faithful servant

8 The Sanitary Weekly Bill amounted to £1.10.2

The Sub-Sanitary officer's Report stated, — The Cause of the Sewerage from French's Court has been Changed and will no longer be a pretext for D. Boyd to Say it was the Cause of overflowing his manure ~~Yard~~ pit with Water, and Causing a nuisance. To abate this nuisance, in my opinion it must be the total removal of the manure and manure pit.

That the nuisance Complained of by defective Sewerage in the yard, of D. Larkin and Mary Flemming in Conduit Lane had been abated by the Landlord, Mrs Doyle.

The Sub-Sanitary Officer was Called before the Meeting in reference to the Order passed at previous Meeting

1879 — Friday 13th June — Minutes Continued —
June 13th

Meeting respecting the Sewerage at the rears of the houses in South Street.

Ordered — That the Sub-Sanitary Officer draw the attention of the Officer of Health to the State of the Sewerage at the rere of the houses in South Street from that occupied by Mrs Walsh, Mr Armstrong, Dr Boyd, Mr P. Doyle, and Mr Kelly, to inspect and report as to whether it will be necessary, in Order to prevent nuisance or danger to health, to have separate branch drains from the houses to the Main sewer or not.

A Bill was presented from John Carl, Contractor for Keeping the Pumps and Fountains in repair for labour in putting in two new stays for the Dristetown Pump.

John Carls Contract was read.

The Meeting Considered the work done was part of J. Carls Contract, and payment was refused.

A Communication was read from M. Murphy and James Walsh Conduit-Lane — Stating that during the times of heavy rain their houses had been and were likely to be flooded — That they had to remain for two hours an Some Nights to try to prevent their houses being flooded. They requested that the Cause of their Complaint would be remedied.

Proposed by Mr Pope and Seconded by Mr Murphy — That the question referred to in the letter of Messrs Murphy and Walsh be referred to Mr Moffatt, with the view of ascertaining if he Can recommend an effectual

effectual remedy; and that the untrapped openings at the foot of Mary Street (at Mrs Laffe's) and at the foot of Quay Street (at Mrs Murphy's) be trapped.

Passed Unanimously.

Mr P Mullin — A Communication was read from Mr P A C. Mullin dated June 6th Tramore — acknowledging the receipt sent by the Executive Sanitary Officer on the 2nd Inst. — and stating that she would have everything necessary done to remedy the defective Sewerage at the house Occupied by the Rev. J Kirwan in Priory Street as speedily as possible.

Sent D.S. — The Meeting was adjourned to Friday 20th June 1879.

July 3rd 1879. was read from Miss Mary A. Mullin saying— In reference to your Communication, I beg to state, that the work on the premises would have been already done long since. The fact is this. When the man was going to work at the defective Sewerage, the Rev W Kirwan prefered to have it done when he should be on retreat as there would be a great deal of unpleasant-ness attending on it. The disappointment was as much trouble to me as to the Gentlemen of the Town Commissioners.

I remain Yours Sincerely
Mary A. Mullin

Ordered — That the Sub- Sanitary Officer, ascer-tain when the Rev W Kirwan will go on retreat with the view that the Sewerage can then be adjusted.

A Communication was read from W. P. Moffatt dated 2nd July 1879 — saying — I have attended to the subject of your note relative to the flooding occasioned by heavy rains, to those houses off Quay street. I find there are five ample Sewer Gratings in the locality of which Complaint is made, any one of which would take down an Ordinary River. If those Sewers and Gratings were properly Cleansed out, and Carefully attended once or twice each week, it would prevent the Great annoyance of those dwellings being flooded. Should the Cleaning of the Catch pits not be found sufficient to Check the evil I would suggest two Catch pits with Gratings to be made at both Sides of the street near McGormans dwelling House Which would

Mr. P. Maher Street Inspector respecting the payment of 19/- in the Weekly Bill passed 20th June last to Edward Sheehan.

It appeared, that a portion of the Boatload of Limestones had, up to the date of Meeting, remained unbroken.

The Inspector stated that Sheehan went to work to the Country, and that he (Inspector) had retained the 19/-

The Inspector was directed to refund the 19/-, and he subsequently produced it at the meeting and handed it to the Clerk to be kept until the Stones would be broken by Sheehan.

The Clerk Submitted a Rough Estimate of a Borough Rate, particulars of which were as follows: —

Expenditures — Town Commissioners — — —	£595. 10. 0
Claims for Payment — do — — —	130. 4. 5
Expenditures — Sanitary Authority — — —	87. 15. 0
Claims for Payment — do — — —	8. 6. 8
Total — Expenditures and Claims — Town Cond^rs & Sanitary Authority	£821. 16. 1
Assets — Town Commissioners — — —	£607. 0. 7
do. — Sanitary Authority Half Salaries —	24. 7. 6
Total Assets — Town Commissioners & Sanitary Authority — — —	£631. 8. 1
Balance for which Borough Rate will be required —	£190-8-0

It appeared that on the Net Assessable Valuation

Copyright: Wexford County Archive

Valuation of the Borough - £7536.4.3, a Rate of 6 in the Pound would give £188.8.2, being £1.19.11 less than the amount required

The Estimate was to provide for a period of fifteen months - as the last Rate was made on the 4th April 1878.

Proposed by Mr Armstrong
Seconded by Mr Rope ——— That the Estimate of a Borough Rate now before us be adopted, that the Ratings be entered in the Rate Book at Six pence in the Pound - Net Assessable Valuation; that our intention to make a Rate, in accordance with the Estimate, on Friday 18th day of July 1879, be advertised in the manner required by the Act, by placards posted within the Borough, and by Notices in a Newspaper; that the Members be Noticed to attend at a Meeting to be held on the forementioned 18th day of July 1879, at 7 o'clock P.M. to make said Rate.

Town Clerks' Office Wexford 10th July 1879

Dear Sir,

I have only just now found your letter of the 24th June last which I had unfortunately

1879 — Friday July 11th Minutes Continued —
July 11th

Unfortunately mislaid. Our Union Workhouse is outside the Boundary of the Borough and as to Half Annual Rents we receive no Borough Rate from them for the last two Years until a few days ago. The Landlords refused to pay on those Half Annual Rents of premises that are free from Rating and the Corporation proceeded one of them about two Years ago, but the illness of the Chairman of Quarter Sessions, or one thing or another prevented any decision until the Sessions before the last. When Mr Andrews gave his decision in favour of the Corporation. The parties then expressed an intention to appeal but they have abandoned the Appeal and are now paying Borough Rates on those Half Annual Rents.

I regret very much the delay in replying to your letter.

I should add that the Grounds alleged for non payment were that the premises were leased long before the Poor Law Act, or the Act for exempting Occupiers of Certain premises

Dear Sir

Yours very truly

aforesaid, or in default thereof the said Chairman of the Quarter Sessions will proceed as to justice shall appertain

Dated this 28th day of December in the year 1876.

Signed on behalf of the Plaintiff
Thos Boyd Attorney.

Ordered — That the Clerk wait on Mr Boyd, our Solicitor, and state that the Commissioners believe that all Immediate Lessors entered in the Copy of the Valuation of the Borough of New Ross, received from the Commissioner of Valuation, are liable to pay Borough Rate on their Half Annual Rents, and that the Commissioners find that in all the neighbouring Towns Borough Rate is paid on Half Annual Rents and believe they (Commissioners) are bound to take legal steps to Recover Borough Rate on all Half Annual Rents entered in the Valuation of the Borough of New Ross. That the Clerk ask Mr Boyd if he will act as the Solicitor to the Commissioners in seeking the recovery of all sums of Borough Rate Claimable on the Half Annual Rents.

Proposed by Mr Pope, Seconded by Mr Magee —

That the Collector prepare a Statement in the usual Form, of all Borough Rate due, setting forth the sums that have been Cancelled by the Commissioners, any other sums that may be legally irrecoverable, and the amounts that may be Collectable with the new Rate. That the Statement be submitted at the Meeting of the Commissioners to be held at ½ oclock P. M. Tuesday 15th July 1879. That this Meeting be adjourned to that date. Passed Unanimously

Mr Sullivan, Bridge Street informed me on the 13th Instant that he would report a nuisance arising out of Mr Armstrong's Ashpit which is a small one. I examined the Ash pit and the Side nearest Mr Sullivans Yard and from the bottom of the Ash pit there appeared a seep which I did not find offensive. This seep was on a level with the foundation of a new wall which is building at present. Mr Sullivan informed me that the Doctor saw this nuisance he Complained of.

Being Ordered at last meeting to amend My report relative to Mr Sullivans premises Bridge street. I have now to state that I have nothing to add further as the Doctor has made his report.

The Main Sewer in Mary street, near the Dispensary, Which had given way has been repaired and newly flagged.

The following was read.

New Rop 13th August 1879.

To the Chairman of the Town Commissioners, New Rop.

Sir

In Mr Armstrong's Yard at the rere of the Bridge Hotel, there is a manure pit where Vegetable and other filthy Matters are deposited and which is now evidently in a decomposed State. I trust You will Compel him to remove his own nuisance, which it appears is the Cause of the unfounded Statement he made of his neighbour last week.

Miscellaneous

Local Government Board
Dublin 14th August 1879.

Sir.

The Local Government Board for Ireland desire to call your attention to their Circular letter of the 3rd March last requesting you to furnish them with a Return of the General particulars described in the form annexed to the Circular relating to Burial Grounds in which Burials take place within the New Rop Urban Sanitary district.

No reply to that Circular has yet been received from you, and I am to request that the required particulars may be furnished without any further delay.

By Order of the Board
W D Wodsworth
Assistant-Secretary

To the Executive
Sanitary Officer of the
New Rop Urban Sanitary District.

The Return Form referred to, read at Meeting 26th March last was produced. At the Meeting held in March it was Considered that as the Urban Sanitary Authority had not been formally Constituted a Burial Board, that the Circular did not apply to the New Rop Urban Sanitary District.

Salaries of Medical Officers of Health.

Sir,

The Local Government Board for Ireland have reason to believe that some misapprehension exists as to the purport and effect of that part of their Circular letter of the 15th instant. Which relates to the Salaries of the Medical Officers of Health under the 11th section of the Public Health Act 1878, and as to the information required to be given in the form of Return which accompanied their letter of the 19th Instant.

It appears to be supposed in some Cases,

that

Copyright: Wexford County Archive

that the additional Salaries to be determined by the Sanitary Authorities and paid to the Dispensary Medical Officers as "Medical Officers of Health" under the 11th Section of the Public Health Act 1878 are to be in addition to the Salaries hitherto paid to them under the 10th Section of the Act of 1874 as "Sanitary Officers".

This however is not the case; the Dispensary Medical Officers held the Office of Sanitary Officer not by appointment of the Sanitary Authorities or of the Local Government Board, but they were so Constituted directly by the Act of 1874 — and the effect of the repeal of that Act and the simultaneous re-enactment in the Act of 1878 of the same provisions with merely a change in the title of the Officer from "Sanitary Officer" to "Medical Officer of Health" is that they now hold their Offices under the Act of 1878 and it consequently becomes necessary to consider the question of the Salary which under the 11th Section of that Act is to be in place of and not in addition to the Salary paid under the Act of 1874

In filling up the Return therefore which accompanied the Boards Circular letter of the 19th Instant You should enter in the first Column the Salary paid to the Medical Officers of Health as Dispensary Medical Officers in the second Column the Salaries hitherto paid to them as Sanitary Officers and in the third Column the Salaries now proposed to be paid to them as Medical Officers of Health in lieu of the Salaries previously

Board shall have the same powers with regard to the qualification, appointment, duties, regulation of salary, and tenure of office of every Sanitary Officer, as they have in the case of the Medical Officer of a Dispensary District.

Now We, the Local Government Board for Ireland, do hereby order and direct, with respect to each of the towns and Townships named in the said Schedule, as follows:—

Appointment of Sanitary Officers, and Tenure of Office.

1. The Sanitary Authority shall appoint so many sanitary Sub-Officers as the Sanitary Authority shall with the Consent of the Local Government Board determine.

2. The Sanitary Authority shall, when directed by the Local Government Board, appoint one Sanitary Officer or one Medical Superintendent Officer of Health - who shall be a duly qualified Medical Practitioner, and shall also appoint an Executive Sanitary Officer with such qualification as the Sanitary Authority shall with the Consent of the Local Government Board determine.

3. Every Officer appointed by the Sanitary Authority shall continue to hold office for such period as the Sanitary may, with the approval of the Local Government Board determine, or until he die, resign, or be removed by such Sanitary Authority, with the assent of the Local Government Board, and the Sanitary Authority shall, upon the occurrence of any vacancy in any of the offices mentioned herein cause the same to be reported to the Local Government Board, and shall, unless otherwise directed by the said Board, proceed

Authority, at each Meeting the duplicates of the Reports which he has made to the Medical Officer of Health since the previous Meeting, or an abstract thereof, and he shall also report to the Sanitary Authority any other matter affecting or threatening to affect injuriously the Public Health within his District.

2. Every Medical Officer of Health who shall have been apprized officially by the Sanitary Sub-Officer, or shall otherwise become Cognizant of any matter demanding his attention as aforesaid, shall, as soon as practicable, visit the place, and if, after due inspection, he finds such matter to involve danger to public health, he shall report thereon to the Sanitary Authority, in the Form (B) in the said Schedule B. showing the Source from which he received the information, and the date thereof, and the date of the Case, and the remedy which he recommends to be adopted, and shall preserve a duplicate of every such Report.

3. Every Medical Officer of Health shall inform himself, as far as practicable, respecting all influences affecting or threatening to affect injuriously the public Health within the District in his Charge, and shall, from time to time, as occasion may require, report on the subject to the Sanitary Authority, and recommend the measures which in his opinion, should be adopted for the protection or improvement of the public health in such District.

4. Every

1878, relating to the provisions of the Public Health (Ireland) Act, 1878, the Local Government Board for Ireland now transmit to the Sanitary Authority Copies of the Sanitary Order which the Local Government Board have issued under that Act, and the Board request that the Special attention of each Officer employed in the Sanitary District may be directed to the provisions of the Order, and to the duties imposed upon him thereby.

The Board desire to point out that under the 11th Section of the Act every Medical Officer of a Dispensary District is now a Medical Officer of Health, and is entitled to receive such additional Salary as the Sanitary Authority may determine with the approval of the Local Government Board. The second Clause of that Section further provides that with regard to the Salaries or additional Salaries whereof any portion is to be recouped to any local fund from moneys Voted by Parliament the amount of any new Salary and the proportion between any existing Salary and the addition thereto shall be approved by the Commissioners of Her Majesty's Treasury.

The Local Government Board are advised that Medical Officers of Health are not included among the Officers of the Sanitary Authorities appointed under the Public Health Act 1874 and who are referred to in the 280th Section of the Public Health Act 1878 as entitled to Continue to hold their General Offices and employments

On the Same terms and Subject to the Same Conditions as they would have held them if the Act of 1878 had not been passed. It will therefore be necessary for the Sanitary Authority to take the Subject of the Salaries of the Medical Officers of Health into Consideration, and to State the amount of additional Salary which they think should be paid to each Dispensary Medical Officer within the Sanitary District, for the duties imposed upon him as Medical Officer of Health by the Public Health Act 1878, and the Order of the Local Government Board made thereunder.

All the other Sanitary Officers who were employed under the Public Health Act 1874, Continue to hold Office in pursuance of the 280th Section of the Public Health Act 1878, above referred to.

Salaries of Medical Officers of Health.

Sir

The Local Government Board for Ireland have reason to believe that some misapprehension exists as to the purport and effect of that part of their Circular letter of the 15th Inst. which relates to the Salaries of the Medical Officers of Health under the 11th Section of the Public Health Act, 1878, and as to the information required

required to be given in the Form of Return which accompanied their letter of the 19th Instant.

It appears to be supposed in some Cases that the additional Salaries to be determined by the Sanitary Authorities and paid to the dispen-
-sary Medical Officers as "Medical Officers of Health" under the 11th Section of the Public Health Act 1878, are to be in addition to the Salaries hitherto paid to them under the 10th Section of the Act of 1874 as "Sanitary Officers."

This however is not the Case; the dispensary Medical Officers hold the office of Sanitary Officer not by appointment of the Sanitary Authorities, or of the Local Government Board, but they were so Constituted directly by the Act of 1874 — and the effect of the repeal of that Act, and the simul-
-taneous re-enactment in the Act of 1878 of the same provisions with merely a change in the title of the Officer from "Sanitary Officer" to "Medical Officer of Health" is that they now hold their Offices under the Act of 1878, and it consequently becomes necessary to Consider the question of the Salary, which, under the 11th Section of that Act is to be in place of, and not in addition to the Salary paid under the Act of 1874.

In filling up the Return therefore which accompanied the Boards Circular letter of the 19th Instant you should enter in the first Column the Salary paid to the Medical Officers of Health as Dispensary Medical Officers, in the Second Column the Salaries hitherto

Your Memorialists would respectfully and
earnestly urge on the Government the
necessity of taking immediate and adequate
steps to meet a Crisis which is beyond
the reach of private effort.

That the Public Works most required,
and for which we hope Government will
during the Coming winter, give financial
facilities, are Arterial drainage, Recla-

be brought under the Consideration of the Town Commissioners at the earliest opportunity.

The Resolution was as follows:-

That in the opinion of this Council, the Agricultural and General Commercial depression now prevalent throughout Ireland intesified as its effects must be in many districts by the failure of the potatoe Crop and of the usual supply of fuel, Cannot but result in such widespread distress as to involve large numbers of the population in absolute destitution during the Coming Winter, and that Government should make timely provision to meet. So grave an emergency. That, in the opinion of this Council, the means of discharging this primary duty of Government, without pauperizing and demoralising large numbers of the industrial population of the Kingdom, is by the prompt institution on an adequate Scale of Reproductive works, by which employment will be provided for the people. I have the honour to report for the information of the Local Government Board, that I have audited the Accounts of the Town Commissioners of New Ross for the year ended 17th May 1879; and I forward herewith an Abstract of the Accounts shewing the Receipts and Expenditure under the several heads of Account during that period.

At the Commencement of the year there was a balance in hands of the Treasurer to Credit of the Town Commissioners of £67.12.6, and of the Rate made in the previous Month of April a sum of £158.7.5 was Collected and Lodged; the Rents of the Corporate property produced £306.9.5; and the other various Sources of Income £276.2.0; making a Total of £808.11.4 — The Expenditure during the year amounted to £698.14.4 leaving a balance in hands of the Treasurer of £109.17.0

The Accounts have been very Carefully and accurately Kept by the Town Clerk, Who produced to me adequate Vouchers for each item of Expenditure.

I have the honour to be
Sir
Your obedient Servant
Edward J. Browne
Auditor

To
The Secretary
Local Government Board
Custom House.

Proposed by Mr Kelly
Seconded by Mr Browne — That the Abstract of the

the Accounts received from the Auditor be advertised in One issue of the Wexford Redpale.

Passed

The Abstract is entered in page 756.

Mr Magee stated that he had been informed that the Harbour Commissioners would have a Meeting next day — Saturday 8th November — to Consider the advisability of taking steps to get an Act passed to enable them to tax the Commodities entering and leaving the Town, to over £1100. for Harbour Funds.

Mr Armstrong produced a Document — "Schedule of Rates for the Port of New Ross" in which the different articles and their average number intended be taxed were set forth, with the estimated amount that would be derivable on each Class, amounting on the Whole to £1169. 9. 2 per annum.

Ordered — That 200 Copies of the Schedule of Rates be printed forthwith with the following as heading or introduction: —

To the Merchants, Traders, and Inhabitants of New Ross.

An attempt is now about to be made to impose grievous and vexatious Taxation on every article such as Corn, Timber, Coal, Tea, Sugar, Butter, Tobacco, Beer, Ale &c either Imported or exported. This project fraught with most injurious Consequences to the already dropping Trade of the Town is about being pressed forward at a Meeting of the Harbour Commissioners to be held this day (Saturday November 8th). The people should at once protest by every means in their power against

against such a scheme and ~~Petition~~ the Harbour Commissioners to abandon it.

Ordered — That the Assistant Inspector distribute Copies of the printed heading and Schedule of Rates before mentioned to the Shop-Keepers and Traders of the Town, as soon as they are printed in the morning.

The following form of ~~Petition~~ to the Harbour Comrs was adopted and signed by the Commissioners present except Messrs Browne and Armstrong — they being Harbour Commissioners — and Mr Fowler who had left before the subject was introduced at the meeting: —

To the Harbour Commissioners, New Ross.

We the undersigned Ratepayers of New Ross having heard that the Harbour Commissioners intend promoting a Bill in Parliament to enable them to Tax Imports and Exports Hereby respectfully request that the Harbour Commissioners will not take any steps to apply for such power, so unfair and injurious to the Trade of this Town.

New Ross 7th November 1879.

Ordered — That, as soon as the Assistant Inspector has distributed Copies of the printed Schedule of the intended Rates amongst the Shopkeepers and Traders, the Clerk proceed with the petition to the Town Commissioners, who are not Harbour Commissioners

Commissioners, and who have not been present at this Meeting, and to the Shopkeepers and Traders of the Town, and ask them to sign it, and present same to the Meeting of the Harbour Commissioners, which is to be held at 12 Oclock noon on tomorrow.

The following form was agreed on to have printed and posted as large placards in the morning — 50 Copies to be prepared and Posted.

To the Merchants, Traders, and Inhabitants of New Ross

An attempt is now about being made to impose grievous and most vexatious Taxation on every Article such as Corn Timber, Coal Tea, Sugar, Butter, Tobacco, Beer Ale &c either imported or exported.

This project fraught with most injurious Consequences to the already drooping Trade of the Town is about being pressed forward at a Meeting of the Harbour Commissioners to be held this day, (Saturday November 8th) The People should at once protest by every means in their power against such a scheme and petition the Harbour Commissioners to abandon it. It is Computed that the Scheme of Rates about to be imposed would amount to a Tax of £1169. 9. 2 Yearly on the Town.

The Meeting was adjourned to Friday 14th November 1879.
