Resolved that the following Petition be transmitted to our  
 Representative Chas. Leigh Esq. that he present the same to  
 Parliament

To the Right Hon<sup>ble</sup> Right Hon<sup>ble</sup> Members the Lords  
 Spiritual, & Temporal and Commons in Parliament Assembled

The humble Petition of the Sovereign Recorder  
 Burgesses Bailiffs & Freeman of the Borough of New Ross in  
 Ireland - Sheweth That your Petitioners have seen with equal

regret & surprise an attempt made in the last Session of  
 Parliament to carry through the form of Legislation which

imposing heavy pains & Penalties upon the Chief Magistrate  
of Corporations who should not within a prescribed time limited  
prior to the preclusion of all other Corporate Business  
however important proceed to adjudge & determine all  
Claims of Freedom however Ideals & to grant all such  
as by the mere letter of the Law should appear founded  
without regard to Character or any virtual Disqualification.

Your Bill tenderly offers as their Opinion that  
under the Terrors of so severe an Infliction if any man  
properly qualified could be found independent enough to  
execute the functions of Chief Magistrate which is  
much to be doubted his Year of Office would be an  
interval of Torment Embarrassment and Intimidation  
while his entire time would be necessarily occupied in  
the investigation of Claims frequently perhaps opened  
for the purpose of harassing him under shelter of  
such a Law many persons would eventually be admitted  
to the Liberties of Corporations whose Principles Political  
& Moral might happen to be such as would infect them  
for any sort of Confidence or credit from a full  
<sup>conviction</sup>~~conviction~~ that such would be the tendency of the  
Bill is question if supposed to pass into a Law  
that it would amount to an utter subversion of the  
Chartered Rights of Corporations or to a general  
and is criminal disfranchisement that it is at the  
best needless the Laws already in force being

fully Competent to any worthy purpose such a Bill  
We humbly presume to deprecate the threatened introduction  
of it in the ensuing session. We hope for such Relief  
in the case as to your Wisdom shall seem meet

And your Pet<sup>r</sup> as bound will pray -

Edw. K. as bound will pray -

Resolved that <sup>the following</sup> address shall be presented by the Recorder  
to the Lord Lieutenant - viz<sup>t</sup>

To his Grace the Duke of Richmond

May it please your Grace

We the Sovereign Recorder Burgess and other Freeman  
of the Corporation of New Ross ~~in the year~~ beg leave to assure your  
Grace that we contemplate with poignant regret your Grace's  
Departure from our Country and the termination of that mild &  
temperate but at the same time firm and wise Government which  
you have during an unusually extended period exercised over it

We conceive that we owe it to ourselves & to that  
Country to express thus publicly our Concern that any of our  
Countrymen should be capable of pronouncing a censure on  
that Government of whose Clemency an innumerable proof is  
the dignified Temper with which your Grace has  
disregarded the published effusions of factious Spleen -

disappointed Ambition or Stationing Policy - Effusions wholly  
originating in the personal purposes of a Few and neither  
directed towards the Political Interests, or (we are persuaded)  
sanctioned by the private approbation of that great and  
respectable Portion of our Fellow Subjects whose Cause they  
propose to Advocate -

We assure ourselves that this uninfluenced and  
disinterested declaration from Sentiments on the Occasion is in  
perfect Unison with the Voice of many candid Men in this  
Portion of the United Empire -

That Your Grace may live long to enjoy  
the Consciousness of having Honorably and ably executed  
the great Trust reposed in Your Hands by our beloved  
and Venerated Sovereign and his August Representatives in the  
British Empire is the cordial and fervent Wish of your  
Grace

Obedient and

Humble Servants

Sir

New Ross Council Room August 9<sup>th</sup> 1837

As Guardians of public property, and bound by the most  
sacred obligation, to use due diligence in the protection of that property so  
confided to our care, and in the application of its Resources to the public  
benefit, We feel ourselves called upon again to draw your attention to the subject  
on which we lately addressed you, under the persuasion that you would not  
forget yourself of, or continue to hold any property, which you did not  
conscientiously believe you were justly entitled to. We therefore beg to state  
some facts which we believe have not come to your knowledge respecting the  
lot of ground, on which the Ball Alley now stands, and which is held by your  
Tenant & Moffat - We find an entry in the Original Books of the  
Corporation dated 30<sup>th</sup> Sept 1732 of which we annex a copy agreeing to  
let to John Cliffe & John Leigh for the Term of 99 years, the premises in question  
for the purpose of a house at the yearly Rent of 2 shillings & six pence - John Cliffe  
name is signed at the foot. The term agreed for has expired, and a similar  
lot of ground, let under the same conditions precisely, and for the same term  
has been duly surrendered by the Tenant at the expiration of the term  
agreed for.

As there cannot be a shadow of doubt that the premises in question are the property of the Corporation (being part of the Town Wall itself), we cannot believe that you would find a claim on the right of the person from whom you derive, to fulfil his contract with the Corporation or his duty as Guardian of the property committed to his care - or that you would permit that by any act of his as a public officer holding a situation of Trust, that any property so situated should be turned from its proper and legitimate purpose.

We beg to add that we address you under an imperative sense of duty and impregnated with a belief and assurance, that on properly investigating the subject - you will be guided by the same high and honorable principles by which you have ever been so eminently distinguished.

We have the honor to be

Sir
