following suggestions in reference to the providing by the Guardians of some place for advanced cases of phthisis

I We wd suggest a cheaply built Cottage Hospital of say 10 or 12 beds be erected if possible outside the precincts of the Union premises.

II In the event of this proving inadequate an exchange might be made with the Fever Hospital that is the Fever Hospital might be used for tuberculosis and the Cottage Hospital for infectious diseases.

III As an alternative we suggest the renting of suitable premises for tuberculosis cases, and we think that portion of the Military Barracks now unused and advertised as to let, might be found suitable for the purpose, and trusting that the Guardians may see their way to adopt one or other of these suggestions.

The matter was very fully discussed by all the members of the Board present, and at length Mr. M. Doyle proposed & Mr. N. C. Murphy seconded a proposition to the effect that no action be taken on the Report.

On the motion being put from the Chair 8 voted for & 8 against so that it fell to the ground.

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (*or* Orders made on them respectively, as follows) :—

The Hon. Secty. National Hospital, for consumption Newcastle wrote in reply to the Clerk's letter stating that they regretted that it was impossible for them to admit a Union patient on any other terms than £1-1-0 per week, but that if the patient Grace was not a Union patient and that Lady Maurice Fitzgerald herself recommended him he would be admitted when a vacancy occured at the ordinary charge of 7/= per week provided he was medically suitable for admission.

It was decided that the Clerk inquire whether the Board could recommend a patient if they subscribed annually.

On the recommendation of Dr Oconnor Medical Officer of the Workhouse it was decided to send a Union patient named Stephen Prendergast to St Vincents Hospital Dublin for special treatment.

A man named John Clifford formerly an inmate of the Workhouse Hospital, and now residing at Tominearly Glonroche, wrote a long letter making charges against the Medical Officer, the Master and the Sisters as to his treatment in the Workhouse

A Committee of the Board interviewed Master and Sisters and came to the conclusion that there was no foundation to the charges of harsh treatment, but on the contrary these officers were specially kind to Clifford.

As the Doctor was not present it was decided to ask him to send in a written reply to the charges made against him.

Clerk's Office,
Wexford Union,
16th April, 1910.

The Board of Guardians and District Council.

It must be evident to all the Councillors that the work under the Council has largely increased. As already pointed out the number of cottages has doubled within the last 10 years.

Since the Council discarded the system of taking contracts for the repair of the cottages for a term of years and adopted the cheaper system of entering into special contracts for repairing specific houses. The new method entails a lot of work on me. From year's end to year's end there is a continual round of entering into contracts, opening individual accounts, paying them off and again entering into fresh contracts.

3. The Public Bodies Order, 1904, too brought its large toll of extra labour. It brought about a complete change in the procedure of recording the business of the Council of their half-yearly meetings. It prescribed several new and complex forms and shifted on to my shoulders the duty of preparing the Road Contractors' Ponds for which work the Solicitor to the County Council received special remuneration.

4. Under the Notification of Diseases Act, which was adopted by the Council in 1903 further work was cast on me. Under this Act reports of infectious diseases are made by the Doctors, printed, filled, paid for, and a return of the cases is sent to the L.G.B. 5. Some idea may be gleaned of the general growth of the correspondence of the office when I point out that my postage account has doubled within the last 10 years.

It is hard to embrace within the compass of a letter a record of the hundred and one extra things that I have had to do since I took office under your Board.

I think I have clearly proved that there has been a considerable increase of work and you will agree with me that a more extended reference to it is unnecessary.

Gentlemen,

As you are aware you have been called together by me to-day for the purpose of considering my application made to you on this day three weeks. My application is based on three grounds, viz:- Istly, on that of increase of work, 2ndly on the desirability of giving Mr O'Sullivan, my senior assistant, who has been years in the office and who has done his work well, well merited promotion, and 3rdly, on the grounds that I am the only officer occupying a position of the same importance who has had to pay his own assistants, on such a small salary.

The following are new duties imposed on me as Clerk of the Union since my appointment:-

I. On the abolition of the Dispensary Committees in 1899 there was transferred to me the business previously discharged by the six Hon. Secretaries, correspondence etc.

2. To receive from the Medical Officers samples of drugs for analysis and forward them to the analyst.

3, Minuting certificates of analysis of drugs and furnishing the L. G. Board with the originals after supplying the Doctors with copies of same.

4. I am now required to make two copies of the Drug Requisitions on a special form and am liable for the correct calculation of the prices of all the articles.

5. Under the Union Accounts Order, 1905, two new books were introduced, viz:- the Day & Requirement Books. In the former must be entered all invoices in the order of receipt of all goods and commodities. It must be referred to and checked by me on the examination of all accounts before they are paid. I have also to see that all goods have been ordered by the Board in the Requirement Book.

6. Under the Children Act, 1908 under Part I of which the Guardians are the local authority I am obliged to keep a Register of all persons receiving infants to nurse for hire or reward.

should not leave unrecorded).-

Seven or eight years ago we devised an improved method of

sparing the Parliamentary Register with the result that

wards of £20 or more were saved and a more accurate register

oduced. This system has since been followed elsewhere.

Again, in 1905, it was possible to save £40 a year in interest

y adopting the sinking fund system of repaying the loan required

or the Labourers Scheme of that year. This system was cheerfully

orked when it meant a saving to the District.

In conclusion, Ladies & Gentlemen, I desire to say that in

this office personal considerations have always been subversive

to those of the public good. No inconvenience was too

great or trouble too much to be undertaken if the interests of the

Union or District could be served.

Our desire has been to promote efficiency in our work and

to give the Council and Board active co-operation in the

management of their affairs.

I respectfully trust, Ladies & Gentlemen, you will appreciate

that to-day.

Resolved,

That we, the Members of the Joint Committee of the Board of Guardians of the Wexford Union and Wexford Rural Dsitrict Council having considered Mr KehOe's (the Clerk's) statement and having given the matter thorough consideration and being satisfied that in recent years there has been increase of work in the Clerk's Office and that that officer having had to pay Assistants out of his own pocket, we consider that it would be consonant with the best interests of the Union and District that both bodies should have a competent officially recognised Assistant Clerk, who in the authorised absence of the Clerk would be responsible for the proper discharge of the latter's duties.

We, therefore, recommend the Board and Council to appoint a capable person as Assistant Clerk to both bodies at an annual salary of £70 paybale jointly .. subject to the approval of the Local Government Board, and on same being forthcoming that applications be invited from persons who have a thorough knowledge of Union and District Accounts and the procedure under the various Acts etc administered by both bodies.

We also recommend that Mr O'Sullivan who has been I3 years the Clerk's senior Assistant be appointed to the position as we consider he is deserving of advancement.

The Clerk has undertaken to pay Mr O'Sullivan , if appointed the sum of £35 a year which will bring his salary up to £I05 a year.

the other £35 to go for any other assistance obtained by Mr Kehoe and passed by Board.

writing in reference to last wks minutes. Milk analysis Page 9, Mr John Mc Donald stated he had no reason to give for the Analysis of his milk not being up to the standard except that the Cows went out on fresh grass.
Mr Jones said he was out of meal that week of the analysis his Cows were out on grass and perhaps the boy who conveyed the milk might have tampered with it.
Mr Courtneys wrote as follows. The evenings milk was left in the Can in which it was to go to the Union. One night in Cold weather the mornings milk was mixed with the evenings and all sent in the one Can. About a fortnight before the Sample was taken the mornings milk was sent Separately in a larger Can, but owing to the bad of the Can in which the milk was kept overnight being in bad repair, some of the milk was poured into the larger Can holding the morning's milk, naturally the Cream being on top went in first leaving only skimmed from which the Sample must have been taken; Had the Sample been taken from the bulk of the Milk it must have proved up to the Standard if not over and Cannot understand why it was not so.
The Clerk stated the Contractors had been warned before in Nov 1908 -

Ordered "That the Contractors be written to informing them that if there be any further Complaints in reference to their milk Supply not being

up to the Standard that they will be prosecuted.

The Clerk was to apply for a Card of admission for a patient named John Doyle to the Royal Vict Eye & Ear Hospital on the recommendation of Dr O'Connor Med Offr of the WK House.
There were 4 notices of action received principally for house premises in Wexford.

An agenda Paper asking the Guardians to provide accommodation for advanced cases of Consumption, having been sent to each member of the Board was read by the Clerk at the meeting and the matter having been fully discussed the following was passed on the motion of Dr Denis O'Brien. Seconded by Mr Mich Maddock.
"That in view of having several beds in the WK House hospital at present available for Consumption cases and Considering the fact that the Wexford Rural District have very largely availed of the Labs Act in providing good sanitary houses for the working Population we Cannot see our way nor do we believe we are in any way bound to provide any further Accommodation in this respect.

We learned from Matthew Keating's Aunt - who takes Care of him, and also from his Teacher Mr Phillips that the boy improves in manners. as he grows older

Inspectors observations

(2, Kt. E. O'Connor 12½, was not clean in person and had not got a proper supply of underclothing. Miss Murphy stated she did not wish to keep this girl who is suffering from delicate eyes and short sight. I wd recommend that she be transferred to the Curracloe District as I am of opinion that the sea air there wd benefit her general health which is not however apart from her eyes bad

(3, Thomas Savage placed with Margt Kehoe is still delicate Margaret Kehoe does her best for him.

(4, Martha Corish boarded out with her aunt Mr Keenan needs treatment for her teeth.

Committee's observations

2. M. E. O'Connor — with Mrs Murphy Maylan suffers from weak eyes which require attention at present as she Came on the 4th inst to tell me that she Cd not see very well with the glasses she is now using — otherwise the Girl is in perfect health and has a very comfortable happy home from which it wd be a pity to remove her. It was decided to have the Child's sight tested again and that she get suitable glasses. — — —

3 Thos Savage a naturally delicate Child is being well taken Care of by his foster parent.

(4, Martha Corish is a constant sufferer from toothache and we found her health in such a bad state of decay that we Consider it absolutely necessary that they be seen to directly.
It was resolved that this Child be taken to the local doctor for examination of his teeth.

Inspectors Report

(5, Cath Radford 4½. Mary Perci 3½.
Miss Kenney did not find the foster parent Ellen White who works out by day and She recommended the 2 children be taken from her and placed if possible in the house where She found the Children

(6, Annie Raimond 5, and Mary Kate Duggan 12. —
Both these Children were in a very dirty state when inspected Children so roughly brought up as seriously handicapped for life by their personal habits of disorder and thriftlessness.
Mrs McGrath shd be Cautioned that if She does not keep both Children Cleaner they must be placed elsewhere.

Committee's Report

5, We found these 2 children pictures of health and they seemed in every way as if they Cd not be better attended to. Mrs White promised to be extra careful of them in future and never to leave them alone in her absence as occurred 2 or 3 times before; so under the Circumstances we decided to allow them to remain with her for the present.

6, The 2 girls with Mrs McGrath whom Miss Kenney inspected on a Saturday and reported as being dirty — were on our visit quite clean and tidy as they always are for school Saturday being house cleaning day in the Country accounted for their untidy appearance on the former occasion. The elder of the 2 M. K. Duggan who is 12 or 13 is quite Capable of taking Care of herself and the little Companion: With regard to the food. clothing. and general Care of these Children and Mutual Attachment between foster parents themselves we Came to the Conclusion that nothing Cd be found and that it wd be quite a mistake to think of removing them to another home.

"Inspectors Report"

I, John Dugan 9tr, Jas Murphy 9tr placed with Mrs Rafford do not appear to be sufficiently nourished. Mrs Rafford does what lies in her power for them but she is a very poor woman and for this reason cannot do what is necessary for children for whom the guardians are responsible

Yellow meal chiefly which forms a considerable portion of this diet is too poor a food for the Children

I think these boys and also the boys John Walsh Furlong placed with Eliza Bennett shd on the same grounds be transferred to other homes

"Committees Report"

"In the Case of the 2 boys John Dugan and James Murphy with Mrs Rafford Bally eapogue we found the former looking Quite well & healthy and the latter pale and delicate but neither of these children seem to thrive as well as their Companions in the District.

We recommended Mrs Rafford to take James Murphy to the Doctor, Inspector mention that a short time ago. Dr Blasset examined these children and declared them to be not badly nourished also substitute Cocoa for tea and oatmeal porredge for indian meal which she has been in the habit of giving them sometimes.

We 2 Furlong boys have been removed to a more satisfactory home.

As to the other children boarded out with Mrs Barnwell Philip Moran, Mr. Nolan. Mrs Hayes, Miss Murphy Ballyfoyle & Mr Foley the Committee stated that they had only to say that they are very happily provided for and Could not be better taken Care of. did they belong to the people themselves.

Lady Married City present Chairman, verbally Supplemented the Report read and had a Satisfactory account to give of the inspection

---

On the Recommendation of Dr Pierce Wexford and Dr Madden acting M.O. of W.H. House it was decided to send a patient in the Hospital named John Byrne to the Male Hospital for Surgical treatment.
