The following Letters from the Poor Law Commissioners, and others, were read by the Clerk and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):—

No. 12305/59 dated 27th May 1859 expressing their approval of the proposed increase in the quantity of Oatmeal used in the Soup provided for the Inmates of the Workhouse.

A Letter dated this day from William. C. Ryan Esq. M.D. Coroner (who was in attendance) acknowledging receipt of Clerks communication of 25th Instant enclosing a Report from the Master of the Workhouse relative to the interment of certain bodies in the Union Cemetery on the 19th Instant and stating in reply that these bodies were conveyed in coffins from the wreck of the Pomona by direction of William Colquhoun Esq.

Collector of Customs that he the coroner held an Inquest on them same date after which it became necessary to have them immediately interred and that he entrusted the burial to persons who were represented to him by the Constabulary as being trustworthy and competent — that several respectable inhabitants of the town represented to him their strong objections to having the remains interred in any of the intra-mural grave yards and suggested the propriety of selecting the Union Cemetery as being so little occupied and so remote that he agreed as to the advisability of this but made no order on the subject as his duty was fulfilled when he had given over the bodies for interment that he need not say that he never contemplated that the men who undertook the burial would not apply for the key of the Cemetry as he never anticipated that there would be any difficulty in obtaining it, and that neglect in this particular appears to him to be the only impropriety they were guilty of that in explanation of this the men informed him that they asked an Ex. Officio Guardian residing in the town for an order to obtain the key that he desired them to convey the bodies over the wall.

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this is the second Meeting after the Annual Election in every year)

as the day was so advanced and there was no time to be lost, — that with regard to that portion of the Master's Report in which he alleges that the parties burying them disfigured the place very much by digging "sods to cover the graves" that he believes the bodies were buried very little below the surface" that he regrets to say that it is not only substantially ~~but~~ litterally incorrect, and that he is indisposed to apply any stronger expressions — that he inspected the Cemetery on Yesterday and had (one of the graves (selected by himself) opened and found more than one foot and six inches of earth over the coffin exclusive of the mound on the surface — that he observed a space not more than a square yard in extent stripped of sods to cover the graves, and no other damage or irregularity whatever, that he found a considerable extent of surface in that portion of the Cemetery which is occupied by deceased paupers stripped of sods and their graves recently banked up, and covered with them, and that he was informed by persons living in the Vicinity, that this had been done since the Master made his inspection of the Cemetery on which he founded his report alluded to.

Next Meeting of the Guardians to be held on Saturday, the day of 18

Clerk of the Union.

[Wexford: Printed at "The Independent" Office.]

that the act 9 & 10 Vic Cap 37 invests the Coroner with a power which is purely discretionary to make provision for the interment of destitute strangers that he begged to refer the Board to the Nuisance Removal and Diseases Prevention act (1848) and to a regulation of the Commissioners of Health appointed under that act, which "Orders and requires that in case the interment of any person deceased not otherwise provided for that the Guardians of the Poor in which the death has occurred shall speedily provide for the interment such person" — that he shall be glad to leave the interment of all destitute persons in the hands of the Guardians as it would appear that the present arrangements are not agreeable to some members of the Board, that in conclusion he begged to say that he was ready to accompany any of the Guardians to the Cemetery to inspect the alleged trespass, and that he trusted the Guardians would give this letter the same publicity as the discussion on the subject on Saturday last obtained.

Moved by Mr Patrick Lambert and seconded by Mr John Cogley

That the Master in the Opinion of this Board was justified in making the entire report he laid before the Guardians

No Report from the Visiting Committee this week

The following requisities were ordered for the use of the House viz 20 feet long Bar Iron, 6 Small Paint Brushes, 2 Gallons Raw Oil, 2 Gallons Boiled Oil, 1 Stone Whiting and 200 Yards Bleached Calico @ 3½ p yd.

The Report of the Master and other Officers were read, and Orders made thereon as follows:—

The Medical Officer says it would be well to allow the boys to bathe.

I received the 30 Stone of Wool which Mrs Fortune contracted to supply, I wish a Committee of the Guardians to inspect it.

Two men named Thos Doyle & Thos Hughes buried a body from the wreck of the Pomona yesterday in the grave yard at Ardcavan They did not apply for the key but put the body in over the wall and buried it about 20 or 9 inches below the surface, They had just finished covering the grave when I saw it. I told them it was too light, they then said they would take it up this morning and put it down deeper. I sent a man to see that it be put down 6 feet, they made the grave 3½ feet deep and told the man I sent, that if I wanted it deeper I should send men to do it.

A notice dated 8th May 1859 from W. Francis. J. Davis requiring his name to be inserted in the Rate Books of Wexford Electoral Division as the occupier of premises in Town parks in said Division in which the name of George A. Craig now appears as occupier

Ordered that the alteration required in the Rate Books by Mr Davis be made by the Clerk.

The Report of the Committee to whom the above was referred, laid before the Guardians by the Clerk, together with this Report thereon, as follows: (The Chairman of the Committee, Mr. Edward Elsgood, Esq., J.P., in the Chair.)

Roche and recommend after a careful investigation that the sum of £92.5.6 assessed on Premises unoccupied on the day the last Rate was made and consequently not liable to rate, and a sum of £102.0.2½ arrears which have been years accumulating making a total of £194.15.8½ be cancelled

We find that Mr. Roche had on his warrant of collection arrears of previous rates to the amount of £370.8.7 out of which he collected and lodged with the Union Treasurer £212.8.5 that a sum of £102.10.2½ due on premises occupied by parties not legally responsible for payment or persons unable to pay the sums they now owe and on sums of Houses must necessarily be remitted and that the balance £55.10.4½ the collector states he has every hope of recovering previously to or at the next General Quarter Sessions of the Peace to be held here in January next. It appears that out of a sum of £920 the amount of the current rate exclusive of arrears but £ to be collected the whole of which is to be brought into the new Rate, the collector having informed us that he will be able to recover if not the entire the greater portion of it Your committee have much pleasure in bearing testimony to the satisfactory manner in which Mr. Roche has discharged his duty in the collection of the rate,

Next Meeting of the Guardians to be held on Saturday, the day of 18

[Wexford: Printed at "The Independent" Office.]

Ordered that the sum of £194.15.8½ be cancelled as advised by the foregoing Committee that all the Collectors Warrants be taken up by the Clerk and that the new Rate Books be laid before the Guardians for signature on Saturday the 2nd September next

The Report of the Visiting Committee was read, and orders were made thereon as follows:—

The Report of the Master ~~and other Officers~~ was read, and Orders made thereon as follows:—

Miss Harper Schoolmistress discovered in the Infirmary Kitchen on Monday last two of the children belonging to her school knitting stockings for a pauper named Eliza Cahill who up to Monday was cook in the Infirmary Kitchen

Cahill when charged acknowledged that the children were knitting for her and after I had discharged her from the office of Cook for this irregularity she informed me that a Nurse in the Infirmary named Mary English had also knitted stockings and sent them out to be sold by Mr Charles Holbrook brother of the Barber of this Workhouse and further stated that the Head Nurse Mrs Williams had employed Mary English to make clothes for her (Mrs Williams) and children and had misappropriated the food given to her for the patients under her care

Mrs Williams has expressed a wish to have the complaint against her investigated by the Board.

The following Letters from the Poor Law Commissioners were laid before the Board and directed to be entered on the Minutes respectively, viz the following Letters were read and directed to be entered on the Minutes respectively as follows:—

Two schoolboys named John Moran and James Walsh absconded on Thursday last. Walsh came back yesterday, but Moran has just now returned,

A pauper named Maria White has a shift which she says is her own but I believe it to be the property of the Union

I have to request that a Committee may be appointed to take Stock of Clothing, Clothing Materials &c early next week.

Ordered that the Master is hereby directed not to permit Mr Charles Holbrooke to enter this House again, and to require that Mr John Holbrooke who is paid by the Guardians for shaving the paupers will in future attend in person to discharge that duty,

The following Letters from the Poor Law Commissioners were laid before the Board by the Clerk and directed to be entered on the Minutes respectively, viz the following Letters were read and directed to be entered on the Minutes respectively as follows:—

Moved by Mr Patrick Lambert & seconded by Mr William Davis passed,

That having investigated the complaints made by Mrs Cahill it is the opinion of this Board that Mrs Williams, Head Nurse of the Infirmary of this House, has been guilty of some slight irregularities and that she be therefore called before the Board and reprimanded and cautioned by the Chairman to be more particular in future in the discharge of her duty and that the pauper English be also cautioned against doing work of any sort on her own account whilst an Inmate of this House.

Mrs Williams, and the Pauper English were then called before the Board reprimanded, and cautioned by the Chairman accordingly

Ordered that the pauper boy Walsh be pardoned for absconding from the House it being his first offence and that Moran be flogged by the School Master in presence of the Master of the Workhouse, having repeatedly been guilty of the same offence.

That the master make further inquiries respecting the shift found with White supposed to be the property of the Union and report the result of his enquiries

on this day week.

And that Messrs Robert Clifford & John Rogers are hereby appointed to take stock of Clothing &c on Thursday next at 11 o'Clock.

Moved pursuant to Notice by Mr Patk Lambert & seconded by Mr Peter Roville,

That Patrick Shilong Master of this Workhouse having refused & declined to comply with a Resolution of the Guardians directing that the foundling called Patk Porter be registered a Roman Catholic and he having by such refusal bid defiance to the authority of this Board (which if tolerated would form a very bad precedent indeed) is deserving not only of the severest censure of this Board but also the forfeiture of his situation and that we only refrain from calling for his resignation because we apprehend he acted under a misconception of his duty after the opinions, admonitions, and threats, which he got from some of the Guardians,

Moved by Mr Nicholas Cowman and seconded by Mr John Rogers

That it is the opinion of this Board that the Master has acted properly in reference to the registry of the child Patk Porter.

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was	7
Ditto, disallowed	
The number of Applicants admitted to the Workhouse was	9
The number of cases of provisional Out-door Relief was	7
Ditto, ditto, in which Relief was continued by the Guardians	
The number of other Applicants in the Relieving Officers' Books relieved by order of the Guardians was	16
The number of Applicants for whom Relief was not ordered
