As required the Medical Officer submitted the following explanation

"On Monday 3rd October last I attended as usual to submit my Books &c to the Committee whom I expected to hold their Ordinary Meeting on that day there were present only two Members one of whom (Mr Cronnan) peremptorily refused to act stating "the Meetings were only Humbugs" several times He preferred to the Prescription Book & repeated the expression which he held in his hand and required how often I attended a Patient entered in that Book 9 or 10 months ago of course I could not satisfactorily answer without making reference to the entry of my attendance in that Book which he continued to hold half closed in his hand

[This to be made at the end of each half-year, in pursuance of Articles 28 and 29 of the General Rules for Dispensary Districts, dated 16th December, 1853.]

[This to be entered on the occasion of every appointment of a new Committee, after the Annual Election of Guardians, and on the occasion of any election to fill any vacancies in a Dispensary Committee.

Dispensary District, &c.

"I never said I was unable to state the number of visits I paid to each patient or that I considered that I was entitled to record a visit on any occasion that I sent Medicine to a Patient I had previously visited but this I admit has occurred (when at first the Books &c required by the Medical Charities were not easily understood) that entries of Prescriptions have been inadvertently placed in the wrong column but which was never intended to show more than the actual work done nor to mislead the Committee in any particular from which I could derive nothing

"To my attendance on the sick Poor and the performance of my entire duties as your Medical Officer I respectfully and confidently refer.
Dispensary 7 Nov 1859 Signed
D. O Connor

Wexford March 1st 1860

To The Board of Guardians of Wexford Union

Gentlemen

I beg to acknowledge the

receipt of your letter of 29th Ultimo, together with a copy of a letter received by you from the Relieving Officer, and in reference to certain statements contained therein, I beg to submit you the following remarks. Mr. Cowish states that Biddy McGrath was frequently prescribed for by me at the Dispensary. Now it is impossible for me to recollect every person prescribed for by me at the Dispensary, where several thousand people apply for Medical Relief during the year, but on referring to my medical Relief Register, I find a person named Biddy McGrath, applied at the Dispensary in the Month of September last, but of course her application there at the Dispensary, had nothing whatever to do with sending her to the Workhouse Hospital several months afterwards, for I believe it was in December last, she was sent there. It was relative to her transmission to Hospital, the Commissioners letter to me referred, and the particulars of her case at this period, I have therefore again to repeat, that I did not attend this person, at this period, nor did I directly or indirectly advise her transmission to the Workhouse,

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was	18
Ditto, disallowed	
The number of Applicants admitted to the Workhouse was	9

The number of cases of provisional Out-door Relief was	
Ditto, ditto, in which Relief was continued by the Guardians	
The number of other Applicants in the Relieving Officers' Books relieved by order of the Guardians	
The number of Applicants for whom Relief was not ordered	1

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows:- (this on the second Meeting after the Annual Election in every year.)

With respect to Joseph Harris, I beg to state that this person was seen by me, at the time I saw him he had Phthisis (consumption) he informed me it was his wish to be removed to Hospital, as he was in a destitute state at the time, and in a locality unfitting for a person in his state. There was no appearance of immediate death, at the time I saw him, and under these circumstances, I told the Relieving Officer, I did not see any objection to his transmission to Hospital. In conclusion, I would respectfully remind you that death sometimes unexpectedly supervenes in those kind of cases under peculiar circumstances which it is impossible always to foresee.

I have the honor to be
Gentlemen
your obedient Servant
Robert. J. Hurley

As this was the first time I examined the boys I cannot speak of their improvement but their answers shewed the pains the Master takes in explaining their business. so that they may understand what they learn. There has been an evident progress in the Girls, since my former examination, and I cannot say how much pleased I am with their proficiency, for which the greatest praise is due to their Teachers.
