That he thinks it is only fair to inform the Guardians of this and also to take the opportunity of expressing his most heartfelt and grateful thanks, for the uniform and most kind friendship that he received from every member of the Board, during the many years he was honoured by being elected Chairman of the Board.

Moved by Mr Thomas Walsh and seconded by Mr Alexander Ruden Esq. J.P. and passed unanimously;—

Moved by Mr. John Walsh, J.P. and seconded by Mr. Patrick Connelley, and passed.

That the Clerk convey on the part of the Board their thanks to Doctor Naddy for the humane considerations which influenced him in making this communication to the Board, and for the trouble he has taken in bringing the subject under the notice of the Guardians with a view to have interments of bodies cast ashore on the shores of the Union decently and properly made, that he be also informed that the relieving officer is prepared to carry out the provisions of the Law in reference to such Burials whenever any case is brought under his notice, but that the difficulty which presents itself to him and the Board with regard to the carrying out of the Law is the impossibility of him being cognizant of the period at which his services in such cases would be required, that if the Constabulary who is the opinion of the Board who always report such cases to the Coroner, or any other person living in the neighbourhood where an occurrence of the sort takes place would report to the relieving officer, the Guardians think that the merciful intention of the Legislature would be carried into effect, and that a scene such as that described by Doctor Naddy would not again occur.
