A letter dated 28<sup>th</sup> December 1867, from the Clerk of Kildare Union, forwarding Extract from Minutes of proceedings of Board of Guardians of that Union in reference to the property of absentee Landlords, &c.  
In order made by the Board on this letter,

A letter dated 15<sup>th</sup> January 1868, from the Clerk of Galway Union forwarding Copy of Resolutions adopted by the Board of Guardians of that Union, in reference to the distribution of the Parliamentary Grant, in aid of expenses under the Medical Charities Act, &c.

The Board made in order on this letter,

Ordering that Margaret Langanagh be admitted into the Infirmary of the Workhouse, and that her husband be charged 1/- per week to defray in part the cost of her maintenance whilst she remains an inmate of this Workhouse,

The Committee appointed to inquire into the question of substitution of a drying closet for the present stove in the Workhouse, visited the yard and found the drying closet there very superior to the stove in the Workhouse, and consuming a very much smaller quantity of coals. The consumption per week in winter in the yard is one cart and a half of coals, the consumption in the stove of the Workhouse is 2 1/2 carts.

It appeared to the Committee that the cost of the drying stove would be saved in the course of a very few years, while the work of drying would be well done, and add to the health of the inmates. The clothes of the House are at present never perfectly dried in winter. The Committee recommended that a drying closet be formed in the present drying house, and that Mr. Price be requested to send in a detailed Estimate of the cost on this day week.

25 January 1868 (Signed) George Langanagh  
Thomas Langanagh  
John Hunter

P. 5266/68, dated 5th March 1868, subject "accommodation for Lunatics"

No 52 P. 68 dated 7th March 1868, subject "Small Pox,"

A letter dated 12th March 1868, from Mr. George Sumner, J.P. stating that, a sudden summons to London prevented his presence at the Board - that he hopes other persons will take up the motions of which he gave notice, - that the first refers to out door Relief, that the fact is we are forced to put our shoulders to some effort to keep down our local taxation, that four shillings in the pound on mesjor of with a prospect of heavy taxation from our Sanitary Reform and New Water Pipe are enough to make us look narrowly into the possibility of reducing our burdens without injury to others, that we are our own

which steadily increasing, while it encourages a sort of cunning, which is very demoralising - that the best course as it strikes him is to draw a line which shall guide our Board in the distribution of this Relief - that if he were present he should have proposed that as a general rule out door relief should be given only when heads of families are prevented for a time from earning wages by illness - that the only exceptions to the Rule being exceptional cases of individuals upon a doctor's certificate of inability to remove to the Workhouse - that these exceptions should, he thinks, be cautiously admitted - that Private Charity might be encouraged - that it would be a happy thing if a systematic Union among all shapes could be formed to meet cases of sick people without families, now all of them moved to the Infirmary, that to check the present gorming habit of Relief without sudden inquiry he has intended to propose that a Committee should take each case into consideration that the Committee should meet every Saturday at half past 10 o'clock, and he attended by the Relieving Officers and report to the Board by that day - Motion is that £20 per year shall be given to our late Master as a superannuation allowance, that it is a mistake, & think that the Master was well off and that he & the family should always act on the principle that it is economical and just to deal liberally with ones servants - that the Master performed his duties with respect to the Ratepayers, and that Mr. Sumner would with confidence
