No 12255/72. dated 8th May 1872.

Requiring Returns relating to the Consumption of Wine and Spirits and ale in the several Unions in Ireland &c &c.

A report from the Committee appointed to inquire into the cause of the increase in the Average Cost in this Union since 1853. to the present time. Stating that the increase was attributable to the Superior diet at present allowed to the inmates and to the increase in the price of articles consumed in the Workhouse, that it would not be at all advisable to diminish the present dietary as the healthy classes of the inmates especially the children are strong and robust and favourably contrast with these classes in the house in 1853. whose diet at that period was very poor indeed when compared with that at present allowed. that the Workhouse so far as the Committee could observe was well conducted; and that in considering the question of Out Door Relief which has so much increased in the Union, the Committee recommend that all the cases be struck off the Books, and the persons who may again apply for it be brought before the Board for examination.

Moved by Mr Charles Cole and seconded by Mr Patrick Hayden and passed:—

That the Report of the Committee be adopted by this Board, that all the cases of Out Door Relief be struck off the Books this day; and that the thanks of the Board be given to the Committee especially to Mr Flood M.P. for the Report laid before them on this day.

A letter dated 15th April 1872. from the Secretary to the County Meath Club forwarding copy of Petition praying for an alteration in the Grand Jury Laws.

Moved by Mr John Roche and seconded by Mr Charles Cole:—

That the Petition be adopted by this Board. the words "while the cess collected has been extravagantly expended" being expunged therefrom and that it be entrusted to Mr D. Price M.P. for presentation to the House of Commons, and that the Clerk write to the other Members of the County to support its prayers.

Moved as an amendment by Mr Tatt. Codd and seconded by Mr John Sinnott:—

That the Petition be adopted in its entirety. 10 voted for the original motion and 7 for the amendment. The Chairman declared the Resolution carried.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his report thereon, as follows: (this on the second Meeting after the Annual Election in every year).

Moved as on by Mr Patrick Codd and seconded by Mr John Linneth and passed:-

That it is the unanimous opinion of this Board: that it is desirable that two Infermarian Nuns should be appointed, and in conformity with the Rules and Regulations of the Commissioners to take charge of the aged, and infirm and sick inmates of the Workhouse; and that accommodation be provided for them in that portion of the "New Building" adjoining the Hospital which was inspected by Captain Robinson for Law Inspectors a few days since; that the Guardians request the Commissioners to sanction the necessary alterations which the master is hereby directed to make in the portion of the Building referred to - so as to render it suitable for the Nuns, the work to be executed as economically as possible but the alterations not to be commenced till the Commissioners sanction shall have been obtained, and also the approval of the Nuns, if the accommodation proposed to be given them.

The following Orders of the Poor Law Commissioners were laid before the Board and directions given thereon as follows:—

The following Letters from the Poor Law Commissioners, and others, were read and directions given to answer them respectively, to the following effect (or, Orders respectively as follows):—

Subject Series Act Amendment Ireland.

A letter dated 5th July 1842 from Mr M Mahan M.P.
Stating that ~~the~~^{he} would support the prayer of the Petition forwarded from this Board for Amendment in the Grand Jury Laws, but would not support the prayer of the Petition for portion of the Salaries of Clerks of the Union to be paid out of the Consolidated Fund &c &c.

The Clerk reported that the accounts of the Union for the half year ended 25th March 1842. were Audited during the week by Mr M Dermott, and found correct, excepting an item respecting which the Auditor made the following remark:—
"A Bill of 200 Yards of Twilled Calico paid for during the half year ended 25th March 1842. has not been entered

on the Clothing Materials Book and has not been accounted for. The Master admits that this Calico was received but he is unable at the present moment to offer any explanation as to what became of it, he states it is very probable that in the hurry of business he omitted to enter it, I have no alternative under the circumstances but to debit him with the Cost of the Calico in question viz £ 6. 13. 4 and I accordingly surcharge him with that amount."

11th July 1842. (Signed) W^m M Dermott.

Ordered that this Board of Guardians are satisfied that the Bale of Calico referred to by the Auditor was received into the House and was used in the making up of the Clothing—that it was only a clerical error on the part of the master in omitting to enter it on the Clothing Materials Book, and that under the circumstances the Board of Guardians do not wish to charge him with the Amount, that the Board have cautioned the Master to be more particular in distributing the Calico for the repairs of the Clothing in the House, and have directed the Clerk to bring this minutes under the notice of the Auditor when he next visits this Workhouse in the hope that he will not ask the Guardians to require the Master to pay the cost of the Calico surcharged to him.

6. Whitewash Brushes. 10 Scraping Brushes & 5. Black Seal Brushes.

The following Orders of the Poor Law Commissioners were laid before the directions given thereon as follows:—

The following Letters from the Poor Law Commissioners, and others, were read and directions given to answer them respectively, to the following effect (or, Orders respectively as follows):—

No 22288/72. dated 13 August 1872.
Requesting particulars respecting the proposed Emigration of Margaret Ryan and her three Children &c &c.

No 21734/72 dated 14 August 1872.
Acknowledging receipt of Copy of the Estimate of Rates required to meet the expenses of the Union for the year ending 29th September 1873. &c &c.

Ordered that the Commissioners be informed that the Board of Guardians have proposed to assess on the Union for the year commencing 29th September next a sum of nearly £2000 in excess of that levied for the year ending that day and that they do not wish even should the Union be in debt to some extent on the 29th September 1873 to further increase the rates this year. The Commissioners need not be in the least afraid that the Guardians will permit any inconvenience to result to the Union by levying inadequate Rates—they can at any time during the year make a supplemental rate but they do not consider it will be

necessary as they reckon on an diminution of pauperism there being during the Autumn and Winter months of last year in consequence of the unusual inclemency of those seasons from 80 to 100 paupers more in the House than in the preceding year.

The expenses also incurred by the small pox visitation the Guardians hope will not be required this year nor do the Guardians contemplate that Out Door Relief to the same amount will be afforded. If the expenses be curtailed in the ensuing year to the extent the Guardians anticipate the Commissioners will find that the debt in the Union at the end of September 1873, will not be very considerable. The Guardians have up to this managed the financial affairs of the Union without in the least embarrassing it. They trust therefore that the Commissioners will permit them to continue to exercise their judgement in the levying of the rates and they will find that the Credit of the Union will be kept in a sound state without further unnecessary pressure on the Ratepayers.

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was	13
Ditto, disallowed
The number of Applicants admitted to the Workhouse was	11

The number of cases of provisional Out-door Relief was
Ditto, ditto, in which Relief was continued by the Guardians
The number of other Applicants in the Relieving Officers' Books relieved by order of the Guardians was	579
The number of Applicants for whom Relief was not ordered

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with thereon, as follows: (this on the second Meeting after the Annual Election in every year).

Resolved that the following Tenders are accepted for 12 Months and the Securities named in each approved by the Board viz—
