24th July 1877. It is most gratifying to state that there are only 4 Patients in Fever Hospital to-day, and that the Wards are in perfect order.

The Buttermilk which the children were using for Breakfast was very sour and bitter, and in my opinion not fit for them. The Medical Officer's attention should be called to it.

Resolved that the following answers be given to the queries of the Poor Law Union Commissioners

Query No 1. Whether having regard to the extent, population, necessities of the sick and destitute poor and proper administration of the Poor Law in the Union of Wexford, it would be expedient to dissolve such Union and amalgamate it with any of the adjoining Unions; and if so, what portions ought to be annexed to each of such adjoining Unions?

Answer. The Guardians of this Union do not consider it expedient to amalgamate it with any of the adjoining Unions.

Query No 2. In the event of query No 1 being answered in the negative would it be desirable to dispense wholly, or in part with the use of the existing Workhouse of the Union, and have

The destitute poor accommodated in the Workhouse of any adjoining Union, and if so, what Union or Unions.

Answer - It would not be desirable to dispense wholly, or in part with the existing Workhouse of this Union, having regard to the interests of the destitute poor and its convenient and central position.

Query No 3. Is any additional Workhouse or Hospital accommodation required in the Union for the adequate relief of the destitute poor, and especially the sick poor arising from any portion of the Union being too remote from the Workhouse, thereby entailing undue hardships on the poor.

Answer - There is no additional Hospital or Workhouse accommodation required in this Union, owing to a considerable and steady decrease in the number of inmates in both Workhouse and Hospital, and there is no portion

of the Union too remote to entail any undue hardships on the poor or their removal to the Hospital or the Workhouse.

The Clerk's Report of Vaccination was read—(this on the First Meeting in every month)—number of successful cases:—

The Report of the Visiting Committee was read, and orders were made thereon as follows:—

17th Sept. 1877.

I this day visited the Workhouse & Fever Hospital and found both Institutions in the very best order. I also visited the Workhouse on the 20th. I would recommend that the stove in the Shoemakers Shop be removed to the lower angle of the Shop where there is a flue it being in the middle of the Shop at present and occupies the space of 3 or 4 boys who might be learning the trade. The Cost will be very trifling.

(Signed) John Walsh.

Ordered, that the master of the Workhouse carry out the recommendations of the Visiting Committee

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

I have received from James Comerford £. 10 for one weeks maintenance in Workhouse Infirmary.

J. which recommends the Guardians to extend the Infirmary accommodation on the female side by connecting the Infirmary by a covered passage with the immediately adjoining Building in the Women's yard.

Proposed by John Walsh Esq. and seconded by Richd. Roche Esq and passed unanimously—

That Mrs. Mary St. Bernick Infirmary Nurse be elected to the Office of nurse to the Workhouse at a salary of £26 per annum with apartments fuel and light.

The Clerk reported that Geo W. Finlay Esq Audited the accounts of this Union for the half year ended 25th March 1877 on the 20 & 21st Inst. and made the following disallowances

Out Door Relief account.

I have struck out of this account and hereby disallow as illegal expenditure the sum of 30/- paid to John Sheyler as Out Door Relief for 10 weeks at the rate of 3/- per week. I make this allowance on the ground that the man was in Liverpool at the time the relief was afforded while the act 10. Vic. Cap. 31 Sec. 9 prohibiting relief from being given to any person not being within the Union at the time—Had this man been in the Workhouse Hospital instead of in a Hospital in Liverpool as alleged the Guardians could have afforded relief to his wife and family being destitute. 12th Nov 1877

Sir—
I beg to acknowledge the receipt of your letter of 8th instant, transmitting a copy of Local Government Board's letter of 5th inst, requesting me to furnish an explanation as to why I did not lodge the sum of £318 in the half-year ended March last which I had collected previously to the close of that half year. In reply thereto I came to inform the Board that the last payment made by me in that half year was on the 9th March—that I collected this sum between the 18th and 24th March; I gave up my books on the 24th March intending to have lodged this sum on that day and to have submitted my books for examination but it turned out so inconvenient that it was impossible for me to go to Wexford a distance of eight miles, the next day the 25th (the last day of the half year), was Sunday and I lodged the amount on the following day the 26th March.

To The Clerk
Wexford Union

Your obedient Servant
James Murphy
Poor Rate Collector

Ordered that we consider Mr Murphy's explanation satisfactory and the Clerk is hereby required to inform the collector that the Guardians will require him to be more particular in future to lodge all monies punctually each fortnight.

Resolved that the Local Government Board be informed in reply to their letter No 19393/77 dated 11th instant, transmitting copy of a Report which they have received from the Auditor in reference to the payment of the sum of £36.12.6 for the fencing of Melnamon farm yard, that the Board of Guardians accepted a Tender from John Browne on the 9th Sept 1876 for this work—that the three letters of Mr Murphy applying for instalment of the money for Browne—who is a working mason—shows that Mr Murphy merely objected Browne to enable him to complete his contract, that a Committee of the Guardians finally inspected the place and saw the work was well done—that the accepted Tender and Mr Murphy's letters be sent to Local Government Board—

The following letter was read,

Oct 13th 1877,

To The Board of Guardians of Wexford Union

Gentlemen—
In reply to letter of Local Government Board No 19394/77 dated 5th inst calling upon me to give in writing a specific explanation as regards each of the Auditor's statements affecting me, viz:—
"The Clerk does not examine the accounts of the Workhouse Master as to ascertain the correctness of every entry therein each week, &c."
The Clerk in some instances before the Board of Guardians for payment. Bills for articles supplied to the workhouse without being authenticated by the Master's signature.
"And in other cases pays accounts out of Petty Cash which require the Master's authentication without having been previously submitted to the Master."
I found a difficulty in obtaining receipts for collections, and the funds for enclosing the

the Burial Ground of Kilmunna, and there was
 in record of the latter on the Minutes " &c &c "
 They state that they have examined the Master's accounts
 carefully every week, and have assisted the Master
 in carrying those accounts, but have omitted to put
 my initials to some items, for instance - some Extraordinary
 Divisions occupy more than one folio of the Relief
 List, and in these Divisions I did not place my initials
 to the top of each folio believing it was fully sufficient
 to initial the total weekly work done, when I found
 they were correct with Glass Book Provision Book of
 admission and Discharge Book, I omitted
 initialing the total in of days in the half year
 I believe my omission in these cases
 were that I assisted the Master in closing his accounts
 for that half year, all of which were found
 correct by the Auditor, and all of which I had
 certified as to their accuracy at the foot of each.

The Bills placed before the Board of Guardians
 for Workhouse supplies were excepting a couple of
 instances for food supplies during the time shown
 attached, and were checked by the Board order
 and entered on the Workhouse accounts relating to
 them from

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was
Ditto, disallowed
The number of Applicants admitted to the Workhouse was
The number of cases of provisional Out-door Relief was
Ditto, ditto, in which Relief was continued by the Guardians
The number of other Applicants in the Relieving Officers' Books relieved by order of the Guardians was

as well as by me - The Master

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year).

Couple of cases which occurred in his time was
 on account of not understanding the Master's duties
 well, as he was then not long in office.

The accounts paid out of Petty Cash followed
 to pay the Auditor were weekly wages to the Porter
 Landress and Nurses of the Fever Hospital, and
 the Tailor, Shoemaker, Baker and Carpenter of the Workhouse.
 These persons called to my house on Sunday mornings for

PROCEEDINGS UNDER THE MEDICAL CHARITIES ACT, 14 & 15 VIC., CAP. 68.

An Estimate of Medicines, &c., required by the Medical Officer of the District, approved by the Committee of Management, was laid before the Board, with a requisition from the Committee for the supply of the same, and Directions were given thereon as follows:—

for their wages, and I obliged them by paying them
 there as they stated it would be an advantage to them
 to have it for the Market on Saturday morning instead
 of the evening, and as the vouchers, handed me by
 them, were made out in the handwriting of the Matron
 of the Fever Hospital, and that of a boy in the
 Master's office and as I knew these persons of my
 own knowledge were in the employ of the Guardians,
 I overlooked, or forgot, to obtain the Master's Signature
 These weekly payments were laid before the
 Finance Committee at each Meeting of the Board
 of Guardians and read to the Board and my
 Petty Cash was balanced each week.

An Invoice of Medicines forwarded by the Contractor, for the
 in pursuance of an Order of the Board in their Minutes of
 him, the Clerk laid the Invoice before the Board, and was directed to forward the same, or reported that he had
 forwarded the same, (as the case may be) to the Medical Officer of the District, retaining a Copy of the Invoice for the
 use of the Guardians.

Dispensary District
 having been received from

On application of the Committee of Management of the
 District, the following supplies of Books, Stationery, Forms, or other requisites, were ordered to be supplied:—

by the Finance Committee. I may remark
 that when the Auditor was checking payments made
 from Petty Cash, the Master was present and stated
 that the vouchers without his signature were
 nevertheless correct, and the Master, since authenticated
 by his signature the correctness of these payments.
 I have copied these & that they be submitted
 to the Board for the purpose of making out a copy
 to be attached to their Bonds, and thought that
 I mislaid it at my own house, where I had
 previously brought it for the purpose of making
 copies for the Medical officers of the Union.

I found Browne's Bonds to be attached to the
 first voucher for wages to Browne, and there is
 a record of its acceptance on the Minutes of your
 proceedings of 9th Sept. last, though I could not
 find such when reviewed by the Auditor.
 I regret that the Auditor has had any cause of
 complaint but these omissions occurred when I
 had not much experience of the Clerk's duties

The Clerk's Report of Vaccination was read—(this on the First Meeting in every month)—number of successful cases:—

The Report of the Visiting Committee was read, and orders were made thereon as follows:—

1st December 1877. I found the Fever Hospital on this day in the very best order—16 patients under treatment chiefly children. I also visited the Workhouse generally. The children in the Schools were clean and orderly. The children of the Female and Infant Schools very much improved under management of their Teachers (Signed) John Walsh

Clerks Report.

All the collectors with the exception of Mr Murphy, attended on yesterday and submitted their Books for examination. Mr Murphy last attendance was on the 16th ultimo. It is ordered that the Clerk write to Messrs Murphy and inform him that unless he submit his Books once at least each fortnight for examination the Guardians will take serious notice of the matter.

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

There is a stone in one of the female infirm wards the funnel of which is nearly burned out and is very dangerous. I would respectfully suggest to the Board the advisability of replacing it by a brick chimney flue similar to the one erected some time ago in the corresponding infirm ward at Male Side.

A Committee is wanted to examine and compare with samples some Blankets and Blankets supplied during past week by the contractors.

In compliance with order of Board I have got the hall of St. Mary's Church Yarn repaired.

It is ordered that the Visiting Committee is hereby requested to examine the Stone & Lime to and report to the Board on the 8th inst. what they may consider best to be done with it. That Messrs French, J. J. Roche and Callaghan a Committee of the Guardians appointed for the purpose having inspected the Blankets and Calico have declared them equal to sample.

The following Orders of the Local Government Board were laid before the Board, and directions given thereon as follows:—

No 22777/77 dated 29th November 1877 stating that they have received communication from the Secretaries to the Commissioners of National Education certifying the full amount of Results Fees which would accrue to the Teachers of the Workhouse School consequent upon the examination held on the 26th Sept last &c &c

Ordered that the Local Government Board have the goodness to inform the guardians if they can legally remunerate the Workhouse Teachers in lieu of Results Fees - this Union being non-contributory. -

No 22778/77 dated 29th Nov 1877 transmitting for the information of the Board of Guardians copies of communication which they have received from the Secretary to the Commissioners of National Education relating to their District Inspectors last report on the Workhouse School viz

Male School

I found the School in a very low state of proficiency

- "Writing very bad"
- "Spelling do"
- "Arithmetic do"
- "Grammar and Geography very weak"

As far as I can understand the full four hours combined instruction have been rarely given - It also appears that on many days "the Roll Call is the only School work done"

Female School

I found the proficiency of the majority of the children to be fairly good except in Grammar and Geography Arithmetic weak in the higher classes

Infant School

I found that the Infant class was moderately

efficient. Have suggested to the Teacher that she should use the Small Book frequently as well as the Tablet

Ordered that the Infant Teacher is hereby required to carry out the Inspectors suggestion,

No 23180/77 dated 30th Nov 1877 stating that they have had before them inquiries respecting Mr Michael Murphy's proposed appointment to the office of Workhouse Schoolmaster &c and stating that the education of children could not be properly entrusted to a person so recently convicted of the serious offence described in the Certificate of the Resident Magistrate and declining sanction his appointment, &c

Proposed by John Walsh Esq M.P. and seconded by Patrick Gallagher Esq that, as Mr Michael Murphy has been elected to the office of Schoolmaster of this Union by a large majority of the Board of Guardians and that as the alleged offence of which he was convicted was not attributable to him - the act having been that of his, Irish law and as he has been made a victim of circumstances and as we believe both from our personal knowledge of him and from his testimonials he would discharge the duties of the office efficiently we are also of opinion that as Mr Murphy has paid the penalty attached to his alleged offence it ought not afterwards be held against him and as he has resigned the National School of which he was in charge on his election by the Board of Guardians it would be a great hardship if his election were not approved. Considering all the circumstances we again respectfully request the Local Government Board may kindly afford their sanction if not permanently at least for three months during which he might prove to the Guardians and Local Government Board his fitness for the office

Moved as an

Amendment by Chas. P. Bacoche Esq and seconded by James Fortune Esq.

That we proceed to a new election to fill the vacant post of Schoolmaster as required by Local Government Board.

The Chairman called for a show of hands for and against and declared the Amendment carried.

Ordered that The Clerk advertise in the Local Newspapers and Tinslers Journal for a classed Teacher under the National Board of Education to fill the Combined Offices of Schoolmaster and Agriculturist of this Workhouse at a Salary of £3-10-0 per annum with a apartment and first class rating - the election to take place on the 15th instant.

No 23312/77 dated 30th Nov 1877 stating that the progress made by collector Murphy in his collection is most unsatisfactory and expressing the Guardians' call on him to proceed more diligently with his collection.

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

Ordered that the Clerk send a copy of this letter to Mr. Murphy and state to him the Guardians require him to use more diligence in collecting the rate of his Relief.

The number of Applicants for whom Relief was not ordered

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year).

Ordered that the Clerk advertise for a Cook for Fever Hospital at a salary of £4- per annum with an apartment and Rating.

Proposed by John Walsh Esq and seconded by James Fortune Esq.

That we adopt the following memorial to His Grace the Lord Lieutenant—

Resolved that the Board of Guardians of this poor Union respectfully request Your Excellency to use your influence to have the Cattle Disease Act repealed as far as Ireland is concerned inasmuch as the people of Ireland derive no separate benefit for the increased taxation it imposes on the several Poor Law Unions of this country, and further know it is liable to a very great abuse and imposition and is not calculated to stamp out the Disease of Cattle Pneumonia as intended.

An Invoice of Medicines forwarded by the Contractor, for the use of the Guardians, in pursuance of an Order of the Board in their Minutes of the 14th inst., was laid before the Board, and was directed to forward the same, or reported that he had forwarded the same, (as the case may be) to the Medical Officer of the District, retaining a Copy of the Invoice for the use of the Guardians.
