The Windows of Drying Room not in yet.
The steps are narrow for women carrying down clothes It would be well for the Boys to get a Bath all round the year, as formerly. If the mens' Bath Room was left vacant one day for the Boys it would do. At present they can bathe.

The Infirmary ward can be made tidier by new oilcloth where the old is worn out.

The house is in good order.

George Le Hunte J.P.

June 15th 1887

Ordered - The Contractor sent word that the windows were being glazed and would be put in at once & another week was allowed to have them in. The steps to be widened, the Boys to get baths as recommended, and the oilcloth for the Infirmary Ward to be procured.

The Reports of the Master and other Officers were read, and Orders made thereon, as follows :—

MASTER'S REPORT :— Ryan

Cream per centage :—Mr. ~~Boggan~~, 12 ; Mr. Cleary, 11 ; Mr. Hayes, 11 ; Mr. Maddock, 15 ; Mr. Malone, 11

Lodged on the 13th £6:5 for Pigs.

The Matron Miss Bridget Scallan wrote as follows :— I beg to state that since the 4th. I have only searched the women seen by the Master on their admission as I believe that is the Poor Law as there are too many questions to be asked and answered for any one to guess at them. I for one could not though bound by my rules to do so in the Masters absence and must bring them up for to admit them. With your permission I now also wish to know are there any particular time or circumstance at or by which night lodgers or others in the Bath Room should not get their suppers as it sometimes happens and some women ask often what it was for and I cannot tell.

Gentlemen. I most respectfully ask the Board to grant me an inquiry as to what I am doing or not doing as the Master has altogether put down my priveleges as Matron here and for why I know not unless for being too hard on myself and wishing to uphold Poor Law if possible so far as my duty required. If I am in the fault as I may be I now ask to be told so by hoping for the Consideration of the Board and trust whatever is best for me will be the result.

Ordered :- Having heard some statements from the Master and Matron the following committee were appointed to meet (after the proceedings of the Board) on next Saturday to Inquire into the subject of the letter and other matters which Miss Scallan stated she would lay before them in writing :- Messrs.- J. Kehoe, Brennan, J. Codd, Patrick Codd, Scallan Michael Sinnott, E. Hore, Chandler, Roche, Coghlan and Pettit.

Ordered :- That the agriculturist get the meadow cut during the ensuing week.

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

The Consideration of Circular No. 18,702. and dated the 2nd August 87 was further postponed to the 27th. August 87.

No. 33. 897 12 August 87. Applying to the Guardians request to pay Mr Keating Poor Rate Collector his full poundage fees, and stating that they did not see sufficient reason for altering the terms on which the Collector was appointed

Ordered – That the further consideration of this letter be postponed until Mr Keating has finally closed on the 27th Inst.

Ordered:– That the Local Government Board be requested to approve of the Guardians paying a sum not exceeding £2:0:0 to give the schoolchildren a holiday at the sea.

The following resolution was proposed by Mr Peter Sherlock seconded by Mr Nichs Codd and passed unanimously –

That we the Guardians of the Wexford Union, beg to ask the Local Government Board to take into consideration the propriety of dispensing with the services of the Vice Guardians in the neighbouring Union of New Ross, and for the following Reasons.

(1) That the Fethard evicted Tenants having left the Workhouse the original cause for their necessity has ceased.

(2) That a large meeting of the Elected Guardians and representatives of the different National Leagues in the Union held on the 11th Inst. advised the people to pay the outstanding rates.

(3) That the late Elected Guardians showed themselves a most competent body, as the great reduction in the rate and the improved tone of the house, from the time they had full control of the Union (about 4 years) have fully proved.

(4) That we think it would tend to allay dissatisfaction and create a kindly and better feeling in the District. if the Local Government Board who have now fully asserted their power would comply with the request without further delay.

There were two tenders for supplying Books and Stationary from Messers Dollard Dublin and Hughes Wexford.

Mr Hughes was lower in nearly all – but in a few things Mr Dollard was lower, and it was ordered – That the lower in each tender be accepted.

Ordered - The Guardians have found the carrying out of this resolution has had a very good effect a Large proportion of this class having left the house. Read Letter from _____ *dated* _____

stating that

No. 46,340 16th Nov 87. In compliance with the request contained therein. Dr Pierse reports:—
The cases of Measels are all convalescent and the disease is declining. Scarlatina prevails in the Town of Wexford to an alarming extent and the disease is spreading rapidly. It has found its way into families of the better classes, and at least one death has occurred from it. The principal causes of its spreading are.

1. Sending children to school before complete recovery.
2. Refusal of parents or guardians of children affected, to send them to the Fever Hospital in the early stage of the disease.
3. The careless admixture of healthy children with those in whom the disease is well developed
4. Neglect to notify cases as they occur.

The first of these causes has been the most efficient. Ignorance of the fact that a mild attack in one person may originate a severe or even fatal attack in another, appears to be very prevalent. The Sanitary Sub-Officers under the control of the Wexford Urban Sanitary Authority are endeavouring to arrest the disease and I hope after a short time to be able to report its disappearance

The clerk stated that they had a number of placards giving the 146th Section of the Public Health act and cautioning the public against its infringement printed and it was ordered that these placards be posted throughout the Schools. It was also ordered that

[These Report are to be made up and forwarded by the Medical Officers to the Board of Guardians quarterly, viz., on the 31st March, 30th June, 30th September and 31st December.]

Reports (Form P containing the names of Children born in the District who are over three months of age and have not been vaccinated) from the Medical Officers of the following Dispensary Districts, viz.:—

Dr Pierse's attention be drawn to the powers of the Sanitary Authority under the 141 st Section and not to hesitate to have them put in force if required.
Dr Pierse to report again in a fortnight.

were laid before the Board, and directions given thereon, as follows:—
