On the 12th January last the Guardians resolved to defend this action but their Solicitor wrote on to day informing them that they had no defence and it was ordered that Mr Elgee be paid

---

The following is from the Ledger, written by the Auditor:– Some of the tenants of the labourers cottages are very considerably arrears with their rents and I think the Guardians should take the subject into consideration I would suggest that no tenants should be allowed to be more than 2 months in arrear. With respect to Mr Dillons Collection I am of opinion he cannot discharge the duties of Relieving officer as well as Collector of rents. It came under my notice in one instance where Mr Dillon took off the name of a woman on Lady's Island in mistake for a woman of the same name chargeable to Kilscoran. He admitted not having visited in the cases at all but simply left the money with a girl to be given by her to the persons entitled to it – a most irregular proceeding which I have cautioned him about. I am convinced that the tenants of the cottages would not be so much in arrear if a more energetic Collector than Dillon was appointed.

Ordered:– That Mr Dillon prepare a list of all tenants whose rents have not been paid to the end of November last and that he be prepared to explain in each case why the rent was not collected.

MASTER'S REPORT:

Cream per centage :—Mr. Cleary, 12 ; Mr. Hayes, 12 ; Mrs Maddock, 12 ;
Mr. Malone, 12 ; Mr. Ryan, 12 .

I had Isaac Noy summoned before the Magistrates on the 24th Inst – they sentenced him to six weeks Imprisonment with hard labour for refusing work and being insubordinate.

E. Bourke, Esq. Local Government Board Inspector visited and examined the Workhouse and Fever Hospital on 25th Feby. last.

Lodged on this day £3=10=4 – rent of Fever Hospital field and 5/10 for Half-ton Turnips.

Ordered – That the linen be sent back and the Contractor be requested to supply material equal to sample.

On Wednesday last a man, named Wm O'Neill struck me with a spade for asking him to work.
He also broke the regulation tablet in day room and burned it. I had him arrested. I got a dangerous wound.

The following Orders of the Local Government Board were laid before the Board, and directions given thereon as follows:—

The business of the Board being over the following Resolution was passed and Copies ordered to be sent to the M. P's for the County and the Irish Chief Secretary :-

"That we condemn the law as iniquitous under
"which a Minister of Religion is treated as a Criminal
"for having discharged a Christian and Patriotic duty
"in protesting against what he himself characterized as
"a heartless and merciless eviction".

The following Letters from the Local Government Board and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):—

No. 8.223. 1 March 1889. Stating that they had received Mr Bourke's half-yearly report on the Union - the financial condition of which he regards as Satisfactory:

Extracts :- "The flooring Boards in the Main body of the
"House, especially in the Male aged and infirm dormitories
"should be kept cleaner. The pillow cases too in some
"instances were very dirty; as these had only been put on clean
"four days previous to the day on which I inspected the
"house, it is evident that more care should be taken to ensure
"the personal Cleanliness of the Inmates. In all other respects I have
"no fault to find under this heading

"The Classification is strictly preserved with the exception
"that twelve Idiots sleep in the main body of the house amongst
"the aged or infirm or able-bodied classes. This is objectionable
"and these twelve persons should I think be transferred to the
"Quarters allotted to Idiots and Lunatics.

"Before making any alteration I would suggest
"that the Guardians get the Medical Officers opinion
"on the subject".

"The report is of a generally favourable Character as regards the management of the Workhouse in other respects and as to the efficient discharge of their duties by the several officers of the Establishment.

Ordered - That the attention of the Master be directed to that portion of the report regarding the personal cleanliness of the men and that he see after them in future: that the matron be directed to pay more attention to the Wards alluded to. That a Committee consisting of Messrs Coghlan, Chandler, Hore and the Chairman be appointed to meet and consult with the Medical Officer on the 9th Inst and to afterwards report to the Board relating to Mr Bourke's observations on the Idiots and Lunatics

---

No. 8162. 1 March 1889. Requesting to be informed what order was made on the observations of the Auditor on last minutes.

The Clerk stated that he was suddenly called away on Monday evening when the Minutes were advanced as far as they were sent. On his return, when he intended to write in the orders, he found that the Minutes were pasted.

The Board's Orders were :- That Mr Colfer be written to enclosing him copies of the Auditors remarks and inviting his observations. For remainder of Board's Orders see Labourers' Acts Minutes.

Mr Colfer wrote to say, regarding the rates due on unoccupied farms, that he had got Counsels opinion on the matter and he said in cases "residing permanently "out of the jurisdiction, no proceeding can be taken, as "I am of opinion no power is given by the Poor Law "Acts to proceed by action in the Superior Courts against "the occupier, and the proceeding by Civil Bill must "be taken in the County in which the person liable "to pay resides". The Clerk stated that on receipt of this letter he wrote to Mr Colfer asking him could the Guardians proceed by Civil Bill against the owner and occupier in the Isle of Wight where such occupier resides - and Mr Colfer has replied that "the Guardians "could not". He further wrote that in case where the owner resided within the County there would be

no difficulty

Ordered – That the Clerk get the Rate Collectors to make out a list of the rates due on occupied farms whose owners resids in Ireland, and that proceedings be taken against them to recover the rates due.

Mr Colfer wrote regarding the Labourers Act, that he had completed in the first scheme except in three instances and there was some difficulty in those on account of their being in Chancery and about being sold, but he had them ready now and would finish in a few days.

He added – "I hope to have all the schemes closed by "the 25th March next, or very nearly so".

Ordered – That he be requested to make every effort to close by the 25th March next.

The following Orders of the Local Government Board were laid before the Board, and directions given thereon as follows:—

The following Letters from the Local Government Board and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):—

No. 9,190. Pointing out that it was not stated on last minutes what order was made with reference to the Auditor's report as to the sum of £3-6-8- due by Mr Ryan. Also observing that the Clerk had not recorded a surcharge which the Auditor made against him and requesting that omission might be explained.

The Guardians ordered that Mr Ryan be requested to pay over the money at once.

The Master stated that he had received a Cheque from Mr Ryan for the amount and that he would lodge it next week.

The Clerk explained that the omission of the surcharge against himself from the Minutes was caused by the fact that he was called away at 2.30 o'clock on urgent private business – immediately after Mr Rourke's half-yearly visit – the Minutes not being complete though nearly so. On his return at 6.30 o'clock to finish them, he found that his office boy had thought they were finished and had actually

85

posted them. The order the Guardians made on this part of the auditors report was that the Clerk should get back the money (£4-10-0) and lodge it. He quite forgot the matter on the minutes of the 2nd inst. but had made a note to report on the 9th that he had received back the money and lodged it.

The Guardians ordered that the above explanation (which they considered satisfactory) be placed on the Minutes for the information of the Local Government Board.

The Committee appointed to meet the Medical Officers and consult regarding Mr Rourkes report on some lunatics in the body of the House reported:-

That they inspected the different lunatics and found them of a very harmless class, and very useful for work at the pumps and recommended that no change be made. They also recommended that the Master visit the lunatic ward daily and exercise a strict supervision over the superintendence of the Lunatics

Ordered- That the recommended of the Committee be carried out.

by the master for not removing murphy to the baths room was that she had told him on leaving the Bath Room a month ago that if he would ever send her there again she would go with the prostitutes. He admitted that he should have attended at once and have had her removed and he was very sorry he had not done so.

The Medical Officer and some of the Guardians called for an order that was made some time ago with reference to some Differences between the Medical Officer and the Master. The Clerk after a great deal of searching found the minute and read it after which the Medical Officer and the Master retired.

The Guardians then took the matter into consideration and finally the following resolution was passed:—

"That we Desire to Direct the Master's attention to the "following resolution which was passed by the Guardians on "the 25th October 1881:— 'The Guardians are of opinion "'that the Doctor's Orders should be carried out in this house "'and that they will insist that the Master shall in future "'facilitate in every possible manner the Doctor in the "'discharge of his duties!'"

"That in case the master should fail to carry out this "resolution rigidly it will become the duty of the Board "to take into consideration the advisability of calling on "him to resign."

The Reports of the Master and other Officers were read, and Orders made thereon as follows :—

MASTER'S REPORT:

Cream per centage :—Mr. Cleary, 11 ; Mr. Hayes, 12 ; Mr. Maddock, 12 ;
Mr. Malone, 12 ; Mr. Ryan, 12.

an inmate named Sara Murphy broke 13 panes of Glass in the Surgery window and threatened the Medical Officer on the 15th Inst. She also refused the matron to do any work and took tea from the dinner Hall on the 15th.

Ordered - To be prosecuted at next petty Sessions.

The Medical Officer came before the Board and made the following statement:- "On Wednesday last at the Dispensary "here, a girls named Sara Murphy came before me and asked me "and asked for Infirm Diet. I told her I would not give it to her "and asked her to retire. She said she would not and kept "walking about before the Dispensary door. I noticed something "in her hand which I believed to be a shoe or boot and I ask- "ed the Sister (Nurse in Infirmary) to get a woman or two to "remove her, but she would not go when the women came. "I went to the door and saw her take up an empty wine bottle "which I succeeded in taking from her with the assistance "of the Sister and a girl and removed her outside the door. "She then smashed the windows. On my visit on Thursday "I wrote to the Master to have her removed to the Probationary ward "and he replied that she would not leave the yard. I again "wrote to him and this time he replied "Did I want to have "his eyes knocked out". She has not yet been removed. "On the violence occurring the Sister sent for the Master "but he never went near the place until the following "morning. On this evening week the girl abused one of "the sisters. The Matron's attention was called to it and I "understand that she told the master who took no notice of "it. This is the case I want to lay before the Board and "what I want to ask is":- "To whom am I to make application "should a similar occurrence take place? I got a call to a "case of confinement at 4 o'clock and when I wrote to "know if this person was secured, he would not con- "descend to answer it".

The Master stated in reply that the person who brought up the note at 4 o'clock he told to leave it as he was engaged at the time but he took it up almost immediately afterwards and sent down word that she was secured. The reason assigned

---

The ordinary business of the Board having been finished the following resolutions were proposed by Mr E Hore and seconded by Mr M Sinnott and passed unanimously

1 That we emphatically protest against the insufficency of the reductions given in this Union at the last Sessions of the Irish Land Commission Court here.
We find that the reductions avaraged only 25 per cent and if this scale continue it will become absolutely necessary for the tennants who have applications pending to take into consideration the propriety of withdrawing their cases from hearing

2 That in this Union between the 1st of September and the 1st of November 1887 about 800 applications were lodged with the Irish Land Commissioners to fix fair rents. Of these up to the present 233 cases fair rents were fixed. So that it would

1887

take over six years from now to finish the cases lodged within those last two months. The applications were mostly from leaseholders and in many cases the landlords are still insisting on the old rent been paid. We look on this as a very great grievance and we direct our clerk to send a copy of this resolutions to Messrs Barry. Redmond. and T M Healy. M Ps with a view of having the Irish Land Commissioners urged to proceed with more dispatch as regards this Union.

3 That we record our emphatic protest against the large proportion of listed cases that have been dismissed through mere technicalities such applicants having been evicted after they had served notices cases in which the alienation clauses in leases have been infringed once and we hope to see the present act amended on a broader basis of admission

4 That in many instances where applicants had three or four cases under the same landlord only one was heard the remainder not been listed We look on this as a grievance that might be remedied by a little attention from the Irish Land Commissioners.
