LABOURERS (IRELAND) ACTS.

From the Local Government Board :- No 25,456. 8 July 1892.
Stating that Michael Larkin had sent them a letter (enclosed) relative to an application he made for a cottage under the Labourers (Ireland) Acts and asking for the Guardians observation on the letter.

Larkins letter stated that he made application to the Guardian of the Division and the Clerk, telling the latter he wished to have the house placed on John Devereux of Ballyminaun Little. He also stated, he did not see his name in any of the local papers although there were eleven applications. The Clerk stated that his recollection of Larkin was that he called one day and asked for a Representation Form. It was given to him, the Second Schedule under which he came being ~~scored out~~ filled in as requested and the other Schedules scored out. Larkin brought back the Form (which was one for use by Ratepayers only) purporting to be signed by twelve labourers. The signatures were all in the one handwriting with perhaps one exception. He pointed out the informalities to Larkin who appeared to threaten and bully a great deal - that he would make the Guardians do their duty &c. The Clerk further added that Larkin's name had been included in the Representation Form brought before the Guardians, that his case was brought into the Inquiry but that he did not know the result.

The following Orders of the Local Government Board were laid before the Board, and directions given thereon as follows:—

The following Letters from the Local Government Board and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):—

No39.603 12 October 1892. The Enquired into the charges made by ~~him~~ Byrne, a pauper inmate into the conduct of several officers was continued to-day. The following is a summary of the statements made by the several persons examined:— Byrne (inmate) saw the master drunk in June, & July. The master did no duty for the past three weeks missed him going through the wards. I charged the Schoolmaster with being drunk before July last, but cannot specify dates, I saw the Schoolmaster pay money to a pauper named Michael Furlong. (ammount 2/6) This was over 12 months ago. Pat Doran told me that he lent money to mr. Mc Grath. Doyle & Nolan (schoolchildren) told me that mr. Mc Grath told a boy named Kelly, that he came out of his mothers belly, down there pointing to his own belly, and the Tailor was present, I saw a boy named Whitmore comming from the schoolroom his face & hands were blue looking. The Tailor asked him what ailed him, and Whitmore said he was under a cold water-tap. The Carter James murphy told me that he threw 3 loads of oats into the manure heap, I dont know it of my own knowledge. Pat Doran stated ~~that~~ he never at any

time lent money to mr. Mc Grath, and also denied having told Byrne &c. michael Furlong (pauper inmate) never lent money to mr Mc Grath and denied all about the 2/6.

Nolan (pauper boy) could prove nothing.

Doyle (" ") saw the Schoolmaster drunk over 4 months ago also heard him tell Kelly that he came out of his mother's fork. mr. Mc Grath was sitting on the table & fell off on his face. This was in the school.

Whitmore (school boy) denied all knowledge of the cold water tap. and never heard the schoolmaster use immoral language,

James Nolan (school boy) saw the schoolmaster under the influence of drink one Saturday evening.

Peter Dempsey Tailor, heard some of the children saying one day in his workshop, that mr Mc Grath told one of them that he came from his mothers-pointing to his belly.

The matron came before the Committee to-day (Saturday) and stated referring to the charges made by Byrne against her. viz not reporting the master. There is no rule obliging her to report the master, There is for reporting other officers. She would look on it as a piece of Insubordination to report another officer to the master, whom the master appointed to do a duty. I have often seen the master under the influence of drink. while doing his duty. I thought I saw him under the influence of drink yesterday I was called on several times during the week to give out the meals. Edward Dimott (pauper inmate produced by Byrne) refused to make any statement without being sworn - when he would tell the whole truth.

The boy Doyle came forward and stated that he wished to withdraw the statements he made on this day week, that he heard mr Mc Grath tell Kelly, that he came out of his mothers belly he never heard mr Mc Grath say so, he only heard Murphy telling it in the Tailors shop. Mr McGrath stated that he only wished to say it was a foul lie against him using immoral language and also the other charges and was prepared to produce evidence.

Mr McGrath said he often saw the Master under the influence of drink, but he appeared capable of doing his duty.

Nicholas Murphy (School boy) denied that he ever told the story about coming out of his Mothers ~~shop~~ belly, in the tailors shop

Copyright: Wexford County Archive

Mr McGrath did ask him where was he before he was born and he then told him in Gods memory.

Proposed by Mr Peacocke
Seconded by Mr Devereux as passed unanimously

That the statements made above are of a contradictory nature in some instances and believing that a fuller investigation is necessary – so that other witnesses may be examined, we think a Sworn Inquiry is necessary and therefore we beg to ask the L.G. Board to hold a Sworn Inquiry into the different charges as soon as convent

The Workhouse Register was produced, examined, and authenticated, from No. 2223 *to No.* 2258 *both inclusive, by the signature of the Chairman, and counter-signature of the Clerk.*

The Out-door Relief Register was produced, examined and authenticated, from No. ~~~ *to No.* ~~~ *inclusive, by the signature of the Chairman, and counter-signature of the Clerk.*

The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:—

"That he had complied with the orders given him by the previous Board.

"The Auditor attended on Wednesday. "Thursday & "Friday and audited the accounts of the Union for the half year ending 25th march last. He left the following remarks on the Ledger re. In Rent Collectors Dillons (Labs act) Book the Auditor wrote as follows :— The sum of £1:14 has been lost to the Union in the case of John Murray, I cannot allow the Union to suffer loss in consequence of the want of energy on the part of the Collector. I therefore surcharge "J. Dillon £1:14:0. I have again to draw attention to the arrears of rent due by this Collector during the half year ending September 1892 I observe some of the Tenants have been allowed to fall heavily into arrears with their rents though it might reasonable have been expected, that during the summer months the ammount outstanding would have been reduced. I do not consider Mr. Dillon can effecientaly discharge the duties of Rent Collector & Relieving Officer.

A stove has been erected in the Workhouse and it will be necessary to acquaint the insurance Company of the fact.

Mr. Colfer has received £300 in payment of his Bills of cost which have been running for some years have not been taxed, I have looked through them and I do not consider them by any means excessive, But I think it would be more regular in future to have all such Bills duly taxed by a proper official.

I wish to draw attention to a very large Bill paid to Mr Ennis chiefly for timber :- £94:6:0 : This Bill does not include the timber supplied from another House for the new Ward and it seems that some explanation is necessary to account for the large ammount of timber supplied I think it would be well to get the tenants Pass Book sent into the Clerk of the Union occasionally for comparison with the Rent Books kept by the Collectors. (For Boards order see page 6)

The Ledger was produced by the Clerk, posted up to the last day of Meeting, with the proper Debits and Credits as ordered on that day.

The Treasurer's Book of Receipts and Payments was produced, by which it appeared that there had been received during

The Weekly balance-sheets of the several Collectors were laid before the Board their accuracy having been first ascertained and authenticated by the Clerk.

The following Orders of the Local Government Board were laid before the Board, and directions given thereon as follows:—

No 43.639 21st November 1892 Enclosing copies of an order made by them revoking their order of the 19th ultimo containing regulations with reference to Ships from Denmark having on Board Bales of Rags &c

The following Letters from the Local Government Board and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):—

No 46,323 25th November 1892 Relating to a communication on last minutes from Mr John Irwin resigning the office of master of the Workhouse, and with reference to the arrangements made by the Guardians, for the temporary discharge of the duties of office in question and the election of successor to Mr Irwin, drawing the attention of article 28 of the General Regulations from which it would appear that notice of the appointment should be given at one of the two ordinary meetings next before that at which the election is to take place.

Adding that the master & his son should at once leave the Workhouse and that some person be appointed master who will be able to keep the Books and discharge all the duties of the office, and requesting the Guardians to take this course as they cannot sanction any expenditure incurred by the Guardians in carrying out the temporary arrangements proposed by them.

Ordered:— That the master & his son leave the Workhouse this day.

It was found that Mr Thomas OBrien discharged his duties most efficiently during the week and that the regularity & discipline of the house was never better carried out. It would be quite impossible to get any person who would be acquainted with keeping the Books, and discharging all other duties connected

G

the Guardians must again appoint Mr Thomas OBrien for the incomming week, the Clerk's son having promised to assist Mr OBrien in keeping the Books. The person appointed Baker James Bergon - for the two weeks pending the appointment of master, gave every satisfaction during the week, & he was re appointed. The Guardians could not possibly make any other appointments than the ones they made on the last Board day, and hope the L. G. Board will sanction the arrangements made that is:— Mr Thomas OBrien Baker to act as master until the new master take up office at a salary @ £0:10:0 (& rations) Mr James Irwin to assist Mr Thos OBrien in keeping the Books for one week only @ 15/- ; Mr James Bergon to act as substitute for Baker during the latters time acting as master @ £1:6: per week as wages. With regard to Rule 28 which need not apply to persons appointed temporarily to act as an officer, or Assistant, the Guardians were under the impression that the following extract from last minutes complied with that Rule "That advertisements be issued for his (masters) successor the election to "take place on 3rd December"; However as this notice do not appear to be "sufficient the Guardians hereby give notice that the appointment of Wexford Union Workhouse Master will be made on Saturday next the 3rd December 1892. Advertisements were issued on the 23rd November & again on 26th November inviting applications for the appointment at a salary of £50 per year rations and furnished apartments.

No 46.141 25 November 1892 Transmitting minutes of evidence taken at the late Inquiry into charges preferred against by an Inmate named Pat. Byrne, against the master, matron & schoolmaster. The charges against the master were drunkness & neglect of duty & the charges have been sustained. The master did not attend the Inquiry but sent a letter to the Inspector purporting to come from him (Mr Irwin) admitting being guilty of intemperance & neglect of duty. The L. G. Board observes:— If the master had not tendered his resignation to the Guardians on the 12th inst. they would have issued a seal order removing him from office & they request he may no longer be permitted to remain in the Workhouse.

Charges against matron:— Not reporting the master for drunkness, permitting the schoolmistress to discharge the masters duties, allowing men's wards in a dirty & filthy state, not searching inmates, the last charge was withdrawn. Observations of L. G. Board:— It is obvious that her failure to report drunkness was equivalent to connivance on her part with such conduct, and was incompatible with the proper discharge of the responsible duties of her office. She should be warned that if she neglected to bring before the Guardians serious breaches of discipline on the part of the master, she cannot escape responsibility for disorganisation inefficiency & irregularity in the Workhouse. Though the schoolmistress on account of being the masters wife had acted as deputy in such matters as given out Bread &c the matron should know that she must act in such matters for the master.

when he is ~~on~~ unable to attend. The Guardians should caution the matron to be more careful in future to discharge duly all her duties as required by the Workhouse Rules. Charges against the schoolmaster:- using immoral language to the children, cruelty, borrowing money from inmates having the farm in an uncultivated state, destroying crops & drunkness. Schoolmaster admitted having borrowed money from inmates to the extent of a few shillings & being under the influence of drink two or three times, the other charges were not sustained, but in regard to washing the boy Whitmore by putting him under the tap, the Board consider a less objectionable method of cleaning on similar occasions in future. It is necessary that the conduct of the ~~m~~ schoolmaster should bear the strictest scrutiny and the L. G. Board, request the Guardians to reprimand this officer & warn him that if any well grounded complaint be brought against him his conduct will be seriously dealt with. The letter concludes:- "They consider the great laxity has been for some "time past shown in the management of the Workhouse and the suggest "to the Guardians the propriety of the Visiting Committee making more "regular & careful examination of the Institution, with a view of "checking in time any tendency to carelessness or neglect on the part of "the officers. The schoolmaster & matron were called before the Board and the portions of the report referring to them was read, and as suggested the were reprimanded & cautioned by the Chairman on behalf of the Board.

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.
