The Clerk's Report of Vaccination was read—(this in the first meeting in every month)—*number of successful cases* —

The Report of the Visiting Committee was read, and orders were made thereon as follows :—

Lord Maurice Fitzgerald visited on the 3rd of August and reported:—

I visited the house: Though a considerable time has elapsed since the erection of a bath and water closet was decided on by the Board, no move apparently towards carrying out the work has been made. I would suggest that the matter be not further delayed.

The Clerk stated that the cause of the delay was waiting to see if a supply of water, that would certainly give a sufficient quantity, could be found in the new pumps or well at which they were experimenting. They had come to terms with an experienced man about sinking the pump, and expected him every day to carry on the work: but as they could not finally decide until the end of September, (when the "Springs" would be at their lowest) there was no very great hurry.

He had heard that the man would commence his work on Monday next.

The Clerk also states that the Local Government Board Inspector (Mr Lynch Staunton) had mentioned this matter at his last visit and he had explained to him as above

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

LABOURERS ACTS.

From the Clerk of Works:- Stating that a portion of the wall at Knockhawlin cottage had fallen. The cause was that too many masons (4) were put at the work together. and being put up fresh could not stand the storm.

The Churchtown cottage was all right and was going on well and he would be most happy to show Major Irvine not only that the Mortar was good but that the stones were better than the specification required.

Mr O'Keeffe (Contractor) in reply to a complaint from Major Irvine, that some ~~the~~ of his men had jeered at him as he passed the road — wrote that the men denied that they insulted Major Irvine. One of the men, John Doyle, admitted that he asked him to inspect the work, but did not insult him.

The feeling of the Board was that Major Irvine was jeered at by those men.

Lord Maurice Fitzgerald proposed and Mr McClure seconded the following resolution which passed unanimously:-

"That we do not consider Mr O'Keeffes letter satisfactory and we are still of opinion that Major Irvine was insulted by those men; that we hope such a thing will not occur again and if it does serious notice will be taken of it.

It was directed that Major Irvine be sent a copy of this resolution.

I visited Shellbridge (Bellary" on last minutes) there are 11 families comprising 47 individuals concerned in this report they have no supply of drinking water except through the Kindness of your neighbours who allow them to enter the premises at all hours and draw water from their pumps:

Two families draw water from Mr. White's, Nicholas a distance of 400 yards.

Eight families from Miss Walsh Gilberpatrick most frequently a distance of 500 yards to 800 yards.

Seven families from Mr. Walsh the Pits occasionally a distance up to 700 yards,

Two families occasionally from Mr. Simotts Shellbridge,

The pump wells are in all cases sunk in the Farm yard and are liable to pollution by the surface water of those yards which are always saturated with manure: Miss Walsh's pump-well appears to be best protected from this pollution, the water and pump are better than either Mr. Walshes or Mr. Simotts and is therefore more used though further away, Mr. Simotts pump dries up sometimes as a stream, runs through the village and used for washing. The water is only surface and is frequented by seagulls, ducks, geese, and pigs. It is dry except in pools in Summer, do not consider the people are not supplied with drinking water on account of the distance and quality and having it only sufficient I think they should be supplied with drinking water far removed from pollution and with a public right of way.

The Guardians of Killag Division opposed the sinking of a well and produced a Memorial signed by 14 ratepayers which states it would be an unnecessary burthen on the rates that a quantity of good water was at all times available at a short distance from the village - which contains only 4 houses.

After a great deal of discussion it was resolved to refer the matter to a meeting of the Dispensary and ask them to visit, report, recommend:

The Contractor for Baldwinstown pump Mr. Saml. Browne, wrote to say that he had found the bottom stick in the well box. It is about 23 feet long and would require to be replaced: He would charge £4 extra for putting in the new stick.

Referred to local Committee

~~Ordered: Referred to the Local Committee (Bantown Bridewith Water)~~
Tenders were received for supplying ~~Bath~~ Bantown village with water but it was postponed for the following ~~meetings' Consideration~~ reasons:-

The Clerk stated that Mr. Cooper had met him and told him that the well from which they were going to draw their supply also supplied Bantown House (for which he was agreed) with water that our action would divert the natural run of the Stream from the well, and that he would be obliged to take legal proceedings to stop unless some arrangements were come to.

The matter was again referred to the Local Committee.

LABOURERS ACTS.

The Local Goverment Board Auditor attended here on Thursday and Friday last and audited the Union accounts for the half year ended 25 March 1895 He left the following remarks on the Ledger "The collection of the rents of the Labourers Cottages "in this Union is deserving of the Guardians. "Consideration. There is a considerable sum out. "Standing in Collector Devereux ~~Devereux~~ district "though I am quite ready to believe that it is not "any fault on ~~the~~ part of the Collector. I do not "think the system of paying the Collectors an "Annual Salary will ever be found to work "Satisfactorily and I think if the Guardians "fixed a fair poundage to be paid to the Collectors "on the Amount collected up to the close of each "half year, that an improvement probally would "take place in the amount collected ~~i~~ the Salary "now paid. viz £12.10 - per. ann & £2.10 - for making "out monthly ~~reports~~ returns appears to me inadequate "bearing in mind the number of tennants there now "are and the long distance the Collectors have to "travel. The question will be considered at a special meeting of the Board to be held on Saturday the 14 instant

LABOURERS ACTS.

The following notice of motion was considered
I hearby give notice that I will on the 2nd Nov. move the following resolution:.
That the resolution passed on Oct. 12th be hearby rescinded & the letting of the cottage be again advertised for
James Stafford

The arguments used in behalf of the resolution were
(1) That Foley was not the specific instance and did not apply for a house until this was built
(2) That the occupier of the land by influence procured Foley got the house gave every opposition to the house being built.
(3) That the specific instance (who applied) could not attend the inquiry but employed a solicitor who attended in his behalf

Against the resolution were.
(1) That it would be a great inconvenience to Power who ought to have a strong voice in the selection of a tenant who was going to become a near neighbour for life
That Foley was in Powers employ for the past 26 years & that Power occupied the site formerly
Mr Stafford proposed his resolution & Mr Jas Codd seconded it.
Mr Joyce proposed a direct negative and this was seconded by Mr. R. Murphy
Those voted in favour of the resolution
Lord M. Fitzgerald & Messrs Peacocke, J. Codd, Furlong, Barry, Fortune, Burke Rossiter Stafford Jas Codd, Murphy Brien & Scallon.
Against it. Messrs Mernagh Joyce Goodall Rd. Fortune, Murphy & Byrne
The resolution was accordingly carried and it was ordered that steps be taken to take up the house

Rent Collector Devereux reported that Philip Moran Tenant of Cottage No 68 River town Killag E.D. owed 30/s. rent. Ordered :- That the case be left in the hands of the Rent Collector- he to take any action which he thinks needfull.

At the usual monthly meeting of the Budgetown Dispensary Committee held on the 2nd Ult the following Resolution with regard to the Ledgate Cottage, was passed unanimously :-

"That there is not the slightest foundation
" for the statement made by Mr Joyce at the
" Wexford Board of Guardians, that the
" Dispensary Committee suggested Mr Power's
" for a site for a cottage. The rules were
" suggested by the men themselves & the Disp.
" committee acting on the instruction of the
" Board of Guardians filled the representation
" form for the Dispensary District impartially
" & carefully & we therefore protest against
" slanderous statements of the kind and other
" insinuations of a political nature which are
" also without foundation

The letter related altogether to the well sunk in the yard of the newly erected Dispensary Residence at Barnow and fault was found because the lining was completed with loose stones and closed with a Concrete cover. Dr Byrne appeared to think that the well was not sufficiently protected from pollution and recommends that the lining be taken out and the well re-lined either with concrete or bricks set in hydraulic cement.

Ordered. The Guardeans believe that every well in the County Wexford is lined in the same manner as the one referred to. and they are quite satisfied that when Dr. Byrne has become some little practical experience in this matter he will find the well to work all right.
