The following Orders of the Local Government Board for Ireland were laid before the Board directions given thereon as follows:—

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):—

No 31.734. 1896. 14 August 1896. } Local Government Board enclosing reference to Dr Stafford's visit relative to the management of the Maternity ward. Dr Stafford went minutely into the whole matter, mentioning that the Medical Officer of the Workhouse gave particulars of a case in which it would appear probable that loss of life occurred last year from haemorrage owing to the absence of a trained nurse subsequent to the delivery of the patient.

He also drew attention to defects in lighting and ventilation and objected to the proximity of the itch ward.

The Local Government Board state that one of two courses is open to the Guardians — (1) to obtain the services of the two sisters to take charge of the maternity ward and be responsible for the patients from the time that the midwife hands them over after

delivery or (2) to appoint a certificated midwife resident in the Workhouse.

(A Committee of the Guardians was appointed to wait on the sisters who expressed their willingness to take charge of the Maternity ward as suggested by the Local Government Board. The Committee recommends some structural alterations which would be of convenience to the sisters and the cost of which would be trifling. These alterations would remedy the defects in light and ventilation and bring the Maternity ward within full control of the Sisters.)

Ordered — That the Master be directed to have the recommendations of the Committee carried into effect

With reference to Local Government Boards letter relative to the Churchyards in the Broadway Dispensary District the Medical Officer sent in the following report:-

"Broadway Dispensary
"19th August 1896

"Sir,

"I beg to report as follows regarding the "burial grounds in my district -

—"St Iberius - The Rev Mr Killingley stated "that the remains of a man's son were cast up in this "Burial Ground to make room for his Father's interment, "and that only three feet of earth was placed on the coffin. "He added that dwelling houses surround the yard. I "have examined this Burial Ground and recommended "that the wall should be repaired. This has been done. "There appears to me to be plenty of room available for "future interments and I could not certify that it "should be closed or partially closed. Regarding the alleged "disinterment it must have occurred some considerable "time ago and it is now impossible to investigate. I "don't consider that the Graveyard is sufficiently near the "surrounding dwelling houses to be dangerous

—"Churchtown - Tagrath - This Burial Ground "is rather crowded but as very few interments take "place in it I cannot certify that it is dangerous "to the Public Health or the maintenance of Public "decency or the respect due to the remains of deceased "persons - nor do I considered it necessary to "have it closed.

—"Ballybrennan - The same remarks apply to "Ballybrennan Burial Ground as to the last one (Churchtown)

—"St Vans's Churchyard. This burial "Ground is practically closed for the past years. There "is no danger to Public Health or the maintenance of "Public Decency or the respect due to the remains "of deceased persons by this graveyard remaining "in its present Condition.

"I am
"Your obedient Servant

The Clerk stated that no final settlement had been come to regarding the nuisance at Byrnes house in Taghmon. The Solicitor had visited the place, and gave it as his opinion, that in as much as it was a sewer made by the Guardians for the cottages which rendered this unsanitary, the Guardians should remedy the evil at their own Cost.

Ordered :- That the Clerk of Works and a committee consisting of Messrs Ryan and Keating be appointed to visit and report as to what is best to be done to remedy the ~~it~~ evil.

Saunderscourt Burial Ground. The following report was read from Mr Peacocke and the Clerk of the Union :- We visited Saunderscourt Burial Gd. on yesterday. It is fenced by a Stonewall 4½ feet high and a gateway. The Burial Gd is about 4 feet higher than the surrounding land. The latter is considerably burrowed on the sth and east sides, and in two ~~or~~ or three cases the holes can be traced under the wall and into the Burial Ground near the wall. There are a very large number of graves burrowed into inside the Burial Gd - some of them as deep as three feet or perhaps more.

We recommend that a trench 1½ or 2 feet deep be dug round the wall, and as close as will be safe, and that a wire netting right round be sunk in the trench, so as to prevent Rabbits leaving the Burial Gd. by burrowing; that the gateway be properly secured to keep the rabbits out. When this work is completed we recommend that all the rabbits in the Burial Gd be killed and that the Owner of the surrounding land be written to, to destroy the rabbits near the Burial Gd

Ordered :- That the report of the Committee be Carried out.
