Absconding of Coll<sup>r</sup> M<sup>r</sup> Grath

The following resolutions of a special meeting of the Finance Committee of the Council, held on the 12<sup>th</sup> May to consider the case of collector M<sup>r</sup> Grath, who had absconded, were read, and confirmed.

Proposed by M<sup>r</sup> Hearn, seconded by M<sup>r</sup> Walsh -

That we direct our Solicitor, M<sup>r</sup> R. M. Elgee to apply to the General Accident Assurance Corporation (Limited) Perth, for payment of £711 " 19 " 4. (being the amount ascertained

up to the present) as the default of Collector M'Grath, for whom the Corporation are sureties under a bond. That the Finance <sup>Committee</sup> reserve the right of making a further demand on the Corporation, provided further investigation discloses Mr M'Grath has left any other sum unaccounted for."

Extradition of M'Grath

Proposed by Mr Hearn seconded by Mr Cummins:-

"That we direct our solicitor, to inform the General Accident Assurance Corporation Perth, that if in the case of proceedings against collector M'Grath, it is necessary that he should be extradited, the Council will be favourably disposed to adopt this course, provided that the expenses of the Council will not exceed £50. and that the Corporation give an undertaking to be responsible for any further expense beyond this amount, as it is the mutual interest of the County Council and the Corporation that M'Grath should be made amenable to the law."

Mr Elger said he had received the following letters from the Accident Corporation Society

"I have your letter of the 3<sup>rd</sup> inst and note contents. I presume that you will forward us a certificate under the hand of the Auditor of the District, stating the amount of the default for sums proved to have been paid M'Grath, in the usual manner, after which the claim will be referred to my Board"

"I have your letter of the 3<sup>rd</sup> inst, which will be referred to my board at their next meeting on Monday. I may say however that I think there is no doubt they will be disposed to favourably consider

your suggestion, or some modification of it. I entirely agree with you as to the desirability of making M'Grath amenable to the law."

"At the request of the Chairman, M<sup>r</sup> Kelly District Inspector R. D. B. attended before the Council and explained that in the opinion of the police there was no doubt but M'Grath had absconded, and it was believed that he had gone to America. His description had been sent round Ireland, and published in the *Hue and Cry*. In cases of embezzlement, it was necessary, if the offender was to be extradited that all expence should be guaranteed by the person making the charge."

During the course of proceedings a telegram was received from the Accident Assurance Corporation Company that they were satisfied to contribute £50 to the cost of the extradition of M'Grath, if the county council would give a similar sum.

"On the motion of the chairman it was agreed that M<sup>r</sup> Elgee solicitor, to the Council be directed to give a guarantee to the police up to the sum of £100 for the expenses of M'Grath's extradition, of which the Council will contribute half, subject to the approval of the Local Government Board"

The following resolution from the county council of Carlow was read and ordered to be inserted on the minutes:—

Proposed by Col Vigors, seconded by Mr Patrick Hanlon - That a cordial vote of thanks be passed by this Council to the County Council of Wexford for the very successful manner in which they opposed the illegal order of the Local Government Board of Ireland with respect to the increased salaries directed to be paid to the Assistant County Surveyors of their County."

On the motion of the Chairman it was decided that the Secretary be instructed to acknowledge the receipt of the above resolutions, and return the thanks of the Wexford Co Council for their adoption.

Resolutions were read from the County Secretaries of Sligo, Clare, Wicklow, and Limerick, stating that their Councils had approved of the resolution of the Wexford County Council that payments by the Councils should be made half yearly instead of quarterly as at present.

On the motion of the Chairman the Secretary was directed to call the attention of the Chief Secretary for Ireland to the fact that four of the County Councils in Ireland, had up to the present, expressed their approval of half yearly payments.

*Half yearly Payments*

Kilmore Pier

Copy of report of the Engineer to the Board of Works (No 4715 01) under date April 26<sup>th</sup> as to his inspection of the groyne at Kilmore Pier was read. The report stated that the injury to the groyne occurred so far back as 1898, and should be attended to at once, as delay would lead to an extension of the injury. The funds at the disposal of the Board were intended for the construction of piers and not for their repair, and the Board did not discover any circumstances in this case to justify a grant for the repairs now necessary.

Mr Webster said that when the structure showed signs of falling he had had it repaired, but without any effect. It was the internal portion was bad, and for that reason outside repairs

were of no use."

The Secretary was directed to write to the Board of Works declining on behalf of the Council, to put the breakwater into repair, inasmuch as the work could not be efficiently carried out, and the defect was caused by the action of the Board of Works and not by the County Council, owing to the extremely bad material used in construction. So far as the County Council can see it is impossible to repair the groyne, and the Council consider that the Engineer should have inspected the Breakwater, which was the subject matter of correspondence with the Board

The recommendation was confirmed

### Rosbercon road

With regard to the application of the Dublin, Wicklow and Wexford Railway to be allowed to substitute a level crossing at Rosbercon road, instead of an overhead bridge as provided by the Act of Parliament, the Finance Committee recommended -

That the permission asked for be granted subject to the conditions contained in the following resolution of the New Ross Urban Council being observed.

That the railway Co. put up a foot-bridge for use of foot passengers whilst gates are closed for passing of trains; the railway gates to be of modern design, automatic working; that the level crossing be not used for shunting, nor the gates kept closed during shunting.

### County Bridges

With reference to the detailed report of Mr J. H. Ryan M. Inst. C.E. 22 Nassau St. Dublin, as to his inspection of the County Bridges, and the observations of Mr Webster thereon, the Finance Committee, which had considered the matter for a long time had made the following recommendation:-

That having regard to the fact that the County Bridges - viz, Deepo, Ferrycarrig and Wexford, have cost for the past five years £1106. 5/- for maintenance and to the report of Mr Ryan C.E. that Ferrycarrig

bridge would require an outlay of £500. to have it put in perfect order, and whereas Mr Webster at the meeting of the County Council on the 7<sup>th</sup> August last stated that £40. would make the bridge perfectly safe, and on the 6<sup>th</sup> November that it would take £216 16<sup>s</sup> 9. to do the same work, and also having regard to the fact that Mr Webster stated to the Committee of investigation that they would find the Weeford bridge in perfect order though Mr Ryan stated it would take an outlay of £105. to effect this, under above circumstances we are of opinion that he has shown incompetence and neglect of duty of such a character as deserves dismissal.

We consider he is not a fit servant for this Council, and would point to the fact that on the 6<sup>th</sup> August he admitted he was to blame for his neglect of Ferrycarrig Bridge, though he gave the futile reason that a great deal of extra work had been put on him for the previous six months, and in view of all these circumstances we recommend the Council to call upon Mr Webster to resign his position.

Mr Broune proposed that the discussion of this recommendation of the Finance Committee be postponed until the next quarterly meeting - Lord Stopford seconded - The motion was adopted.

#### Col<sup>l</sup> Mr Barden's Sureties

The names of Mr Andrew Barden of Corse and Mr John J. Kehoe Main St Weeford were submitted to the Council and unanimously approved as sureties for Mr John Barden.

#### Ferrycarrig Bridge

Capt Walker referred to the dangerous condition of Ferrycarrig bridge, and stated that if some of the repairs suggested by Mr Ryan, their expert Engineer,

were not carried out at once, and an accident would be very likely to occur, and the Council might find themselves in a very awkward position.

Mr Webster in reply to the Chairman said he believed if the bridge was left in the hands of the Contractor, it would be perfectly safe until the next quarterly meeting. He had seen heavy loads go over it recently.

Capt Walker proposed that a special meeting be held to consider the question of the repairs to Jubycarrig bridge and expressed his disappointment that such a very important matter was not brought on earlier in the day. He had raised the question some hours ago and he was told it would be better wait until the recommendation of the Finance Committee came on.

It was decided that the matter be considered at a special meeting, when the Council will be brought together for the appointment of a rate collector vice Michael McGrath, and that it be set down on the agenda paper as the first business to be transacted.

Mr Brown proposed that as most of the members of the Council had left and only something like a quorum remained he would propose that no other business be taken except the signing of the rate books and their sealing, the signing of the paying authorities, and the recommendations of the Finance Committee to transfer a sum of £250 to the subsidiary a/c. Mr Dempsey seconded the motion which was adopted.

Subsidiary a/c.

The recommendation of the Finance Committee to transfer a sum of £250 to the subsidiary account was then confirmed, and the paying authorities, and the rate book signed, and sealed. The warrants of the collectors were also signed and sealed.

Special Meeting May 22<sup>nd</sup> 1901.

A special meeting of the County Council was held in the Council Chamber, Court House, Beauford on Wednesday, the 22<sup>nd</sup> May 1901. at eleven o'clock.

Present:- In the Chair: Sir Thomas A. Grattan Esmonde B<sup>t</sup> Ch<sup>m</sup>  
Other Councillors- Messrs Edmond Hore vice-Chm. James Codd, G. H. Peacocke, Daniel Dempsey, P. O'Connor, James Donohoe, William Whitty, James A. Doyle, J. B. Hearn, Michael Browne, John Bolger, M. J. Redmond, P. Ryan, James E. Mayler, J. F. Walsh, and J. Cummins.

Capt. Pigott Secretary to the Council, Mr R. W. Elgee, Solicitor and Mr Webster County Surveyor, were also in attendance.

Ferrycrossing Bridge

With reference to the report of Mr Ryan C. E. as to Ferrycrossing bridge, and the observations of Mr Webster, the latter in reply to Mr Donohoe, said he did not consider the bridge was dangerous to traffic. He went twice to the bridge and failed to find the beam which Captain Walker said was broken across. He wrote to Captain Walker and asked him would he kindly tell him where this beam was, and he wrote to say that it was perhaps a transverse beam, but that whichever it was, the bridge was leaning down more to one side than another.

That had been the condition of the bridge so long as he could remember, and people before he came to the County could say the same. It did not effect the strength of the bridge, and only showed that when the piles were put down they were not put down regularly, and that in one case the cross head is not horizontal.

That was not due to a beam being broken or defective, but was simply due to the way the bridge was built, or the way the piles must have sunk after the bridge was built. The bridge was not dangerous to traffic and he had seen heavy loads of timber up to 20 cwt crossing the bridge.

Mr Healy Solicitor, on behalf of Martin McDonald, contractor asked that some arrangement should be made with his client for the future repairs of the bridge.

Mr Hearn proposed - That the question of making any arrangement with the Contractor or determining his contract be deferred for the present.

Mr Donohoe seconded. Passed.

The recommendations of the Finance Committee were then taken up.

*Sealed Orders* sealed orders from the Local Government Board increasing the salary of Mr Webster County Surveyor by £196. Mr Murphy Assistant County Surveyor by £65. Mr P. Leary, do. by £62 and Mr W. H. Jones, do. by £61 " were read."

The following recommendation of the Finance Committee was confirmed on the motion of Mr Hearn seconded by Mr Donohoe:-

"That we express our surprise and regret at the receipt of the sealed orders from the Local Government Board requiring the Council to increase the salary of the County Surveyor by £196 and that of the Deputy Surveyors by an aggregate sum of £188. in face of the decision of the Council that these officers are not entitled to an increment of salary, because there had <sup>not</sup> been, in the judgment of the Council, any increase in their duties, since the inception of the Local Government (Ireland) Act 1898. That we request the Local Government Board, to supply this Council with a copy of the report of their Inspector on which the increases of these salaries have been based; also an analysis of the items of the different increases with the money value of each. That we do not determine until the receipt of this report what course may be advisable to adopt to enable the Council to transact their own business in a manner reasonable and just."

The following recommendation of the Finance Committee was also adopted.

"That the Council take the opinion of Mr M. J. Dunne, B. L. on the legal question."

*Miss Proschwitzky's claim*

The following recommendation of the Finance Committee was adopted on the motion of Mr Donohoe seconded by Mr Redmond:-

"That we recommend the Council to agree to the resolution of the Managing Committee of the Asylum to grant Miss Proschwitzky

an annuity of £35 per annum in settlement of her actions against the Wexford County Council for wrongful dismissal and personal injuries.

Mr Elgee said he had received a letter from Mr Moffat Solicitor, to Miss Prochowitzky saying he would accept the amount proposed.

Poundage

The following recommendation was made by the Finance Committee, moved by Mr Peacocke, seconded by Mr Todd -

"That the poundage of the incoming Rate collector be fixed at the rate of 6<sup>th</sup> in the pound, and that the appointment be made at the annual Meeting."

Mr Hearn moved and Mr Cummins seconded that -

"The sum of 7<sup>th</sup> in the £ be allowed to the new collector"

On the amendment being put it was declared lost and subsequently the Chairman declared the recommendation of the Finance Committee carried after taking the opinion of the meeting.

Writ against Assurance Co.

The following recommendation of the Finance Committee was considered, - moved by the Chairman seconded by Mr Hearn

"That we instruct our Solicitor to issue a writ against the Assurance Corporation Ltd Perth, for the recovery of the default in Mr McGrath case"

On the motion of the Chairman the recommendation of the Finance Committee was altered so as to read:-

"That counsel's opinion having been read we instruct our Solicitor to issue a writ against the Assurance Corporation Ltd Perth, and that the Secretary of the Council be directed to communicate with the Local Government Board and ask them to send down their Auditor at once to examine Mr McGrath's accounts as the Corporation have expressed their willingness to pay on his certificate and that Mr Elgee make arrangements with the Assurance Corporation to pay the expenses of the Auditor in connection with the matter"

Half yearly contracts

Arising out of consideration of circular No 27612/1901. Miscellaneous from the Local Government Board with accompanying copy of Provisional Order for annulling and varying certain provisions of the Local Government (Procedure of Councils) Order 1899, the following Notice of Motion by Councillor Hearn was accepted by the Chairman:-

"That for the quarterly reports supplied to the District Councils by the County Surveyor half yearly reports in future be made in connection with the altered payments for contracts from three months to six months"

County Bridges

The following recommendation of the Finance Committee Meeting of the 7<sup>th</sup> May 1901 was moved for confirmation by Mr Hore, seconded by Mr Dempsey:-

Recommended:- "That having regard to the fact that the county bridges vizt Deeps, Ferrycarrig, and Wexford have cost for the past five years £1106. 0/- for maintenance and to the report of Mr J. H. Ryan B.C. that Ferrycarrig bridge would require an outlay of £500 to have it put in perfect order, and whereas Mr Webster at the meeting of the county council on the 7<sup>th</sup> August 1900 stated that £40 would make the bridge perfectly safe and on the 6<sup>th</sup> November that it would take £216. 16/- to do the same work and also having regard to the fact that Mr Webster stated to the Committee of Investigation that they would find that the Wexford Bridge was in perfect order, though Mr Ryan states it would take an outlay of £100 to effect this purpose; under above circumstances we are of opinion that he has shown incompetence and neglect of duty of such a character as deserves dismissal. We consider he is not a suitable servant for this Council, and would point to the fact that on the 6<sup>th</sup> August 1900 he admitted he was to blame for his neglect of Ferrycarrig Bridge, though he gave the futile reason that a great deal of

extra work had been put on him for the previous six months. And in view of all these circumstances we recommend the Council to call upon Mr Webster to resign his position."

Mr Webster said this matter had come very suddenly upon him because he understood this resolution had been postponed till the next quarterly meeting. He would like to refer to the minutes to see if that were the case or not. In consequence of that he had not done anything in the way of looking into the facts and figures. It was only on Monday morning he had received notice that this matter was to be discussed and he would have had time from then to go into it only that he had arranged with contractors to meet them to lay out new works, and had spent the whole of Monday and yesterday until late in the evening at this work, so that he was not prepared to go into any statement with reference to this resolution, it having come on so suddenly. However -  
"Mr Hearn -

I rise to a point of order. Unless Mr Webster is prepared to discuss this subject fully I think we should not have any statement from him."

The Chairman said that probably the situation was due to a misconception or to the way in which the discussion was concluded at last meeting. At the time the resolution was first brought forward he thought it unfair to Mr Webster that it should be discussed there and then as the hour was late and some members of the Council had to catch a train. In consequence it would have been impossible to do justice to the question and he suggested that it should be postponed to the next meeting. Some other councillors proposed that the question of Ferrycarrig Bridge should be postponed till the next quarterly meeting. He put his resolution that this question of Mr Webster's resignation should be postponed till the next meeting and it was carried but the two questions got mixed up and Ferrycarrig bridge discussion was put down as postponed to the special meeting of that day, and discussion affecting Mr Webster to the next quarterly meeting, whereas it should have been vice versa.  
Mr Broune - It was proposed that it should be postponed

till the quarterly meeting and I was defeated.

Chairman - However in view of all the circumstances of the case I certainly do not wish to treat Mr Webster with any harshness or unfairness and it would be only in justice to ourselves and Mr Webster that this question should be postponed inasmuch as he considered and quite justifiably considered that it was postponed till the quarterly meeting, and therefore made no preparation to deal with it. The resolution has been moved by Mr How and seconded by Mr Dempsey, and I move that any further discussion thereon should be postponed till the annual meeting on the 13<sup>th</sup> June.

Mr Webster said he would prefer the discussion should take place at a quarterly meeting when there would be a full attendance of members  
Mr Hearn seconded the Chairman's proposal.

Chairman - If Mr Webster is not ready by the 13<sup>th</sup> June and requires that the matter should be postponed to the quarterly meeting, I would <sup>not</sup> personally be against it.

It was then decided that the consideration of the resolution be postponed till the 13<sup>th</sup> June, and that it be put on the agenda paper immediately after the business prescribed by statute to be transacted at the annual meeting.

#### Ratepayers and Printed Receipts

On the motion of Mr Donohoe seconded by Mr Hearn the following resolution was adopted:-

"That a notice be inserted in the local papers that the Ratepayers be cautioned not to pay Poor Rates unless on receiving a receipt from the collector."

#### Checking Collectors' A/c's

With reference to the checking of the Rate Collectors Accounts the following minute of the Finance Committee was considered:-

A letter was read from Mr Owen Connolly Black Ennis-corthy Union, objecting to any change in the method of checking the collectors accounts. Letter No. 29492/1901 Wexford County, under date 17<sup>th</sup> May 1901 from the Local Government Board on the same subject was read.

The Finance Committee recommended -

"That this matter should be referred to Mr Elger and considered by them at a subsequent meeting"

The Chairman said that from representations which reached him it appeared they had acted in this matter without full consideration of the question and he moved that it be referred to the Finance Committee for a full investigation. That this meeting of the committee be held on May 29<sup>th</sup> and that the persons checking the accounts up to the present be invited to attend the meeting to be held at 2 o'clock

Sanction of Mr Jno Barden.

Letter No 29213:1901 (Wexford County) under date May 21<sup>st</sup> 1901 from the Local Government Board sanctioning the appointment of Mr John Barden as temporary Poor Rate collector was read.

The following notice of motion by councillor Cummins was ruled out of order by the Chairman as Mr Cummins had not complied with the terms of standing order 24. when giving it "That the resolution giving the contract for advertising to the Free Press and People be rescinded"

Subsequently Mr Cummins having obtained the requisite seven signatures for this Notice of Motion, handed it in for consideration at next quarterly meeting of the Council on the 6<sup>th</sup> August.

It was decided that the annual meeting of the Council be held at 2 o'clock on June 13<sup>th</sup> 1901.
